Every two years, during the last 10 days of January, communities across the country conduct comprehensive counts of the local homeless populations in order to measure the prevalence of homelessness in each local Continuum of Care.

The 2017 Alameda County Point-in-Time Count was a community-wide effort conducted on January 30, 2017. In the weeks following the street count, a survey was administered across Alameda County. In the city of Oakland, 457 unsheltered and sheltered homeless individuals were surveyed, in order to profile their experience and characteristics.
Oakland County will release a comprehensive report of The EveryOne Home 2017 Homeless Count and Survey in Summer 2017. For more information about EveryOne Home and effort to address homelessness in Alameda County please visit www.EveryOneHome.org
