THEY ALL HAVE ONE THING IN COMMON: HOUSING NAVIGATION

- Smaller caseloads
- Work focused on housing support
  - Housing plan
  - Housing documents
  - Housing search
There is not enough housing to serve everyone

That equals 216 HUD COC units over 12 months.

In year 1, Home Stretch was notified of 61 HUD COC openings, which is an average of 5 units per month.
WHAT INFORMATION IS MISSING?

• How many are FSPs?
• How many are PSH services without subsidies?
  • i.e. RISE / HHISN
• How many of these programs / units do not have formal agreements with Home Stretch in place?
HOME STRETCH AND COORDINATED-ENTRY

Things to come:

- Home Stretch will adopt the Coordinated Entry System’s (CES) new assessment tool and continuous prioritization method

- Providers will no longer need to complete additional high need documentation

- Home Stretch will participate in HMIS
