2B. Recipient Performance

Instructions:

The selections made on this screen by completing all of the mandatory fields marked with an asterisk (*), will provide information on capacity of the project applicant. The screen asks the Project Applicant questions about capacity performance as a HUD grant recipient; in terms of: timely submission of required reports, quarterly eLOCCS drawdowns, addressing HUD monitoring and/or OIG audit findings and the recapture of any funds from the most recently expired grant term of the project.

APR Submission: Select "Yes" or "No" from the dropdown menu to indicate whether you have successfully submitted the APR on time for the most recently expired grant term related to this renewal project request. If "No" is selected, an additional question will appear, in which you must provide an explanation in the textbox; as to why the APR was not submitted in a timely manner.

HUD Monitoring Findings: Select "Yes" or "No" from the dropdown menu to indicate whether your organization has any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request. If "Yes" is selected, two new questions will appear, in which the applicant will enter the date of the oldest unresolved finding(s) and explain why the findings remain unresolved in the textbox provided.

Quarterly Drawdowns: Select "Yes" or "No" from the dropdown menu to indicate whether your organization maintained consistent Quarterly Drawdowns from eLOCCS for the most recent grant terms related to this renewal project. If "No," is selected, one new question will appear in which the applicant must explain, in the textbox provided, as to why the recipient has not maintained consistent Quarterly Drawdowns for the most recent grant terms related to this renewal project request.

Recaptured Funds: Select "Yes" or "No" from the dropdown menu to indicate whether any funds have been recaptured by HUD for the most recently expired grant term related to this renewal project request. If "Yes," is selected, one new question will appear, in which the applicant must explain why HUD recaptured funds from the most recently expired grant term.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? Yes

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? Yes
Explain the circumstances that led HUD to recapture funds from the most recently expired grant term related to this renewal project request.

The unspent funds are largely due to the fact that this is a rental assistance grant. In rental assistance grants, our budget is essentially a formula – the number of units multiplied times the Fair Market Rent times 12 months. When the FMR is $1,000, our subsidy budget would be 9 units x $1,000 x 12 months, or $108,000. However, we must subtract from what we bill to HUD the contributions that participants make toward their rent. With the example above, if tenants contribute on average $150 per month to their rent, that would result in under-spending of $16,200 ($150 X 9 units X 12 months). We must allow for some cushion when budgeting, in the event that participants do not have income and cannot contribute toward rent.

In a scattered-site program, we might be able to use some excess funds to over-lease an additional unit, but Lorenzo Creek is a site-based program and there are no additional, un-subsidized units there. In other words, we do not have great means to address modest under-spending with this contract.
3A. Project Detail

Instructions:

The selections made on this screen will determine which additional forms will need to be completed for this project application.

Expiring Grant Number: This field is pre-populated with the expiring grant number entered on Screen “1A. Application Type.”

CoC Number and Name: Select the number and name of the CoC to which the project application will be submitted for the local competition review process. This is the CoC that will submit the CoC Consolidated Application to HUD by the designated submission deadline. Applicants with projects that do not belong to a CoC should select “No CoC.”

CoC Collaborative Applicant Name: Select the name of the CoC Applicant, also known as the Collaborative Applicant, from the dropdown. In most cases, there will only be one name from which to choose. The project applicant should choose the name of the CoC Applicant to which they intend to submit this project application.

Project Name: This is pre-populated from the “Project” Form and cannot be edited.

Project Status: The default selection is “Standard,” indicating that the applicant is submitting the application to the Collaborative Applicant for consideration in the FY 2016 CoC Program competition. The selection should only be changed to “Appeal” in the event that the project application is rejected by the Collaborative Applicant (either formally in e-snaps or outside of e-snaps) and the project applicant wants to appeal this decision directly to HUD by submitting a solo application. For additional information on the appeal process, see Section X of the FY 2016 CoC Program Competition NOFA. A full explanation of the process is provided on Screen “8A. Notice of Intent to Appeal.”

Component Type: This is a required field. Select the component type that identifies the renewal project application type. This can be either a PH, SH, TH, SSO or HMIS. The selection of component type will have an affect on what question on subsequent screens are asked of the user.

Title V: This field is required. Select “Yes” or “No” to indicate if one or more properties being served by this project were acquired under Title V.

Additional Resources can be found at the HUD Resource Exchange:

1. Expiring Grant Number: CA0099L9T021508
   (e.g., the "Federal Award Identifier" indicated on form 1A. Application Type)

2a. CoC Number and Name: CA-502 - Oakland, Berkeley/Alameda County CoC

2b. CoC Collaborative Applicant Name: Alameda County

3. Project Name: Alameda County Shelter Plus Care - Lorenzo Creek
4. Project Status: Standard

5. Component Type: PH

6. Does this project use one or more properties that have been conveyed through the Title V process? No
3B. Project Description

Instructions:

ALL PROJECTS

Provide a description that addresses the entire scope of the proposed project: This is a required field. The project description should address the entire scope of the project, including a clear picture of the target population(s) to be served, the plan for addressing the identified needs/issues of the CoC target population(s), projected outcome(s), and coordination with other source(s)/partner(s). The narrative is expected to describe the project at full operational capacity. The description should be consistent with and make reference to other parts of this application.

Does your project have a specific population focus: This is a required field. Select “Yes” if your project has special capacity in its facilities, program designs, tools, outreach or methodologies for a specific subpopulation or subpopulations. This does not necessarily mean that the project exclusively serves that subpopulation(s), but rather that they are uniquely equipped to serve them. If “Yes” is selected, select the relevant checkbox(s) to identify the project’s population focus.

PH, SH, TH and SSO PROJECTS ONLY

Does the project follow a “Housing First” approach: This is a required field for PH, TH and SSO projects only. Select all applicable checkboxes that indicate whether or not the project currently follows a housing first approach that ensures that participants are not screened out based on barriers such as income, sobriety, etc. Select “none of the above” if the project does not follow a housing first approach.
- Does the project quickly move participants into permanent housing?: This is a required field. Select “Yes” to this question if your project will quickly move program participants into permanent housing without additional steps (e.g., required stay in transitional housing first) before moving to permanent housing. If you are a domestic violence (DV) program you should select “Yes” if you will quickly move program participants into permanent housing after immediate safety needs are addressed (e.g., a person who is still in danger from a violent partner and would move into PH once the dangerous situation has been addressed). Select “No” if the project does not work to move program participants quickly into permanent housing.
- Does the project ensure that participants are not screened out based on the listed reasons? (Check all that apply): This is a required field and at least one option must be selected. Multiple checkbox selections are provided.
- Does the project ensure that participants are not terminated from the program for the listed reasons? (Check all that apply) Multiple checkbox selections are provided.
- Does the project follow a “Housing First” approach? This is auto-scored based upon the responses to the questions above and “Yes” or “No” will indicate if the project is using the Housing First approach to house program participants.

PH PROJECTS ONLY

Does the PH project provide PSH or RRH: This is a required field. Select “PSH” if the project will operate according to a permanent supportive housing model as defined by 24 CFR 578. Select “RRH” if the project will operate according to a rapid rehousing model as defined by 24 CFR 578.

PH AND TH PROJECTS ONLY:

Does the project request costs under the rental assistance budget line item?: This is a required field. If requesting rental assistance, select “Yes” from the dropdown menu. If not requesting rental assistance in this project application, select “No”.

RENTAL ASSISTANCE PROJECTS ONLY

Is this a CoC Program leasing or SHP project that had been approved by HUD to change the renewal project budget from leasing to rental assistance? (This change must have been listed on
the final HUD-approved FY 2016 GIW. See 24 CFR 578.49(b)(8)): This is a required field. “Yes” should only be selected if HUD approved a change from leasing to rental assistance during the FY 2016 GIW process.

FOR SSO PROJECTS ONLY

Please select the type of SSO Project: Four options are given; Street Outreach; Housing Project or Housing Structure Specific; Coordinated Entry; Standalone Supportive Service. Only Coordinated Entry will have follow up questions.

FOR SSO COORDINATED ENTRY PROJECTS ONLY

Will the coordinated entry process funded in part by this grant cover the COC’s entire geographic area: This is a required field. Yes/ No dropdown question.

Will the coordinated entry process funded in part by this grant be easily accessible: This is a required field. Yes/No dropdown question.

Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance. This is a required field. Explain the outreach strategy of the CE.

Does the coordinated entry process use a comprehensive, standardized assessment process: This is a required field. Yes/No dropdown question.

Describe the referral process and how the coordinated entry process ensures that participants are directed to appropriate housing and/or services: This is a required field. Explain the referral process.

If the coordinated entry process includes differences in the access, entry, assessment, or referral for certain populations, are those differences limited only to the following four groups: Individuals, Families, DV, and Youth: This is a required field. Yes/No dropdown question.

1. Provide a description that addresses the entire scope of the proposed project.

Lorenzo Creek Apartments is a 27-unit affordable housing program in Castro Valley, serving households from the Central, Eastern, and Southern areas of Alameda County. The building is managed by Resources for Community Development, which whom Abode Services has a strong collaborative partnership. Nine (9) of the units are designated for homeless households with disabilities and served by the Lorenzo Creek Shelter Plus Care (now CoC) rental assistance program. Lorenzo Creek S+C is a Housing First program targeting households with barriers to housing – including mental health disabilities, substance use disorders, histories of domestic violence, and other challenges.

Lorenzo Creek’s Service Coordinator provides an array of services designed to address each household’s barriers to housing, and to connect them to the requisite services, all of which are focused on increasing long-term housing stability and increasing self-sufficiency. In the last contract year, 100% of participants either maintained stable housing or exited the program to permanent housing.

Some of the services to which Lorenzo Creek Shelter Plus Care participants have access through Abode’s resources include: life skills, education, food,
health care, children's programs, mental health services, financial skills, and other programs. Our community partners include Alameda County Behavioral Health Care, various mainstream employment centers, Tri-City Health Center, as well as local community colleges like Chabot and Ohlone. Each participant's service plan is updated and modified at least monthly to track progress according to goals, adjust as needed, and ensure connection to resources and participants' needs change.

ALL PROJECTS EXCEPT HMIS

For all supportive services available to participants, indicate who will provide them, and how often they are provided. This field is required and at least one value must be entered. Complete each row of drop down menus for supportive services that will be available to participants, using the funds requested through the application, and funds from other sources. If more than one Provider is relevant for a single service, please select the provider that corresponds to the highest frequency.

- Provider: select one of the following: “Applicant” to indicate that the applicant will provide the service directly; “Subrecipient” to indicate that a subrecipient will provide the service directly; “Partner” to indicate that an organization that is not a subrecipient of project funds but with whom a formal agreement or MOU has been signed will provide the service directly; or, “Non-Partner” to indicate that a specific organization with whom no formal agreement has been established regularly provides the service to clients. If more than one provider offers the service at the same frequency, choose the provider according to the following: Applicant, then Subrecipient, then Partner, and lastly, non-Partner.

- Frequency: Select the most common interval of time for which the service is accessible to participants. If two frequencies are equally common, choose the interval with the highest frequency.

Applicants may leave dropdown menus as “—select—” when services are not applicable.

Please identify whether the project includes the following activities:
- Transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs? Select “Yes” or “No” from the dropdown menu.
- Use of a single application form for four or more mainstream programs? Select “Yes” or “No” from the dropdown menu.
- At least annual follow-ups with participants to ensure mainstream benefits are received and renewed? Select “Yes” or “No” from the dropdown menu.
- Do project participants have access to SSI/SSDI technical assistance provided by the applicant, a subrecipient, or partner agency? Select “Yes or “No” from the dropdown menu. If “Yes” is selected the following question will become visible:

- Has the staff person providing the technical assistance completed SOAR training in the past 24 months. Select “Yes” or “No” from the dropdown menu.

4B. Housing Type and Location Detail

Instructions:

ALL PROJECTS EXCEPT HMIS

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

PH-PSH PROJECTS ONLY

How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project’s grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as “CH Beds” on a CoC’s Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter “0.”

How many of the total beds entered in "2b. Beds" are not dedicated to the chronically homeless? This is a required field, but it is Auto calculated. The number that is calculated is the difference between 3a and 2b.

How many of the total beds entered in "3b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number of beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the projects grant agreement for FY 2016 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter “0.”

How many of the beds listed in question “3c.” above will be prioritized for use by the chronically homeless? This is a required field. Use the number of turnover beds that are not dedicated to the chronically homeless and that you estimated in field c to estimate and enter the number of those beds that will be prioritized for the chronically homeless as soon as they do turnover.

ALL PROJECTS EXCEPT HMIS

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

5A. Project Participants - Households

Instructions:

ALL PROJECTS EXCEPT HMIS

In each non-shaded field list the number of households or persons served at maximum program capacity. The numbers here are intended to reflect a single point in time at maximum occupancy and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Households: Enter the number of households under at least one of the categories: Households with at least One Adult and One Child, Adult Households without Children, or Households with Only Children.

Households with at least One Adult and One Child: Enter the total number of households with at least one adult and one child. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Households without Children: Enter the total number of adult households without children. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Households with Only Children: Enter the total number of households with only children. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Characteristics: Enter the total number of homeless that fall under one of the characteristics listed.

Persons in Households with at least One Adult and One Child: Enter the number of persons in households with at least one adult and one child for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Persons in Households without Children: Enter the number of persons in households without children for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children: Enter the number of persons in households with only children for each demographic row. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Totals: All fields in the “Total Number...” and “Total Persons” rows will automatically calculate when the “Save” button is clicked.

5B. Project Participants - Subpopulations

Instructions:

ALL PROJECTS EXCEPT HMIS

*This screen can only be completed once Screen “5A. Project Participants – Households” has been completed and saved.

In each non-shaded field enter the number of persons served at maximum program capacity according to their age group, disability status, and the extent in which persons served fit into one or more of the subpopulation categories. The numbers here are intended to reflect a single point in time at maximum capacity and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Complete each of the three charts on this screen according to household types.

Persons in Households with at least one Adult and One Child chart: Enter only persons in households with at least one adult and one child. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and at least one person under the age of 18.

Persons in Households without Children chart: Enter only persons in adult households without children. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children chart: Enter only persons in households with only children. To be listed on this chart, a person must be part of a household with no persons at or above the age of 18, and only persons under the age of 18.

Total Persons: All fields in the “Total Persons” rows will calculate automatically when the “Save” button is clicked.

Describe the unlisted subpopulations referred to above: This field is visible and mandatory if a number greater than 0 is entered into the column “Persons not represented by listed subpopulations.” Enter text that describes the person(s) identified in this column and explains how they do not fall under the other categories in columns 1 through 9.

5C. Outreach for Participants

Instructions:
ALL PROJECTS EXCEPT HMIS

Enter the percentage of project participants that will be coming from each of the following locations: This is a required field. Enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:
- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens (persons coming from TH are not considered to be chronically homeless)
- Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (only applicable to TH and SSO projects)
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the “Save” button is clicked. A warning message will appear if the total is greater than 100%.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

6A. Funding Request

Instructions:

ALL PROJECT APPLICATIONS

The fields that must be completed on this screen will vary based on the project type, program type, and component type selected earlier in the project application.

Do any of the properties in this project have an active restrictive covenant?: This is a required field. Select "Yes" or "No" to indicate whether or not one or more of the project properties are subject to an active restrictive covenant. As a reminder, any project awarded capital cost funds (new construction, acquisition, or rehabilitation) has a 20 year or if initially awarded under the CoC Program (FY 2012 capital costs and beyond) a 15 year use restriction.

Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project?: This is a required field. Indicate if this project previously received funds under either the Samaritan Housing or Permanent Housing Bonus initiative. If yes, then the project must continue to meet the requirements of the initiative, as specified in the Homeless Assistance Grants NOFA for the year in which funds were originally awarded, in order to continue to receive renewal funding under the CoC Program Competition.

Are the requested renewal funds reduced from the previous award as a result of reallocation?: This is a required field. Select "Yes" or "No" to indicate whether the renewal project is reduced through the reallocation process. The response will be compared to the CoC’s Reallocation Forms.

Does this project propose to allocate funds according to an indirect cost rate?: This is a required field. Select ‘Yes’ or ‘No’ to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult 2 CFR Part 200.56, Part 200.413 and Part 200.414, FY 2016 NOFA and contact your local HUD office. The following questions become visible if “Yes” is selected:

- Please complete the indirect cost rate schedule below: Must complete at least one row.
- Has this rate been approved by your cognizant agency?: Select “Yes” or “No” from the dropdown menu.
- Do you plan to use the 10% de minimis rate? Select “Yes” or “No” from the dropdown menu.

Renewal Grant Term: This field is pre-populated with a one-year grant term and cannot be edited.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budget for which funding is being requested. The choices available will depend on the component and project type selected on Screen “3A Project Detail.” The following eligible costs may be listed: leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities listed on the CoC’s final HUD-approved FY 2016 GIW.

If you do not see the funding budgets that you expected, you may need to return to Screen “3A. Project Detail” to review the “Component Type” and/or “3B. Project Description” to review the type of project selected. See the FY 2016 CoC Program NOFA for additional guidance.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Do any of the properties in this project have an active restrictive covenant? Yes
2. Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project? No

3. Are the requested renewal funds reduced from the previous award as a result of reallocation? No

4. Does this project propose to allocate funds according to an indirect cost rate? No

5. Renewal Grant Term: 1 Year

## Rental Assistance Budget Detail

### Instructions:

- **Type of Rental Assistance:** Select the applicable type of rental assistance from the dropdown menu. Options include tenant-based (TRA), sponsor-based (SRA), and project-based assistance (PRA). Each type has unique requirements and applicants should refer to the 24 CFR 578.51 before making a selection.

- **Metropolitan or non-metropolitan fair market rent area:** This is a required field. Select the FY 2016 FMR area in which the project is located. The list is sorted by state abbreviation. The selected FMR area will be used to populate the rents in the chart below.

- **Does the applicant request rental assistance funding for less than the area's per unit size fair market rents:** In the FY 2016 CoC Program Competition, eligible renewal projects requesting rental assistance are permitted to request a per-unit amount less than the Fair Market Rent (FMR). If the project applicant wants to request less than the FMR, select “Yes” from the dropdown for this question. The project applicant will then have the ability to enter an amount in the “HUD Paid Rent (applicant)” field that is less than the amount listed in the “FMR Area (applicant)” field. The following question is visible when PRA is selected:

- **Are you requesting a 15 year renewal per the FY2015 CoC Program NOFA?** This request is only available for PH PRA rental assistance projects and 1 year of funding according to the relevant section of the FY 2016 CoC Program Competition NOFA.

- **Size of units:** These options are system generated. Unit size is defined by the number of distinct bedrooms and not by the number of distinct beds.

- **# of units:** This is a required field. For each unit size, enter the number of units for which funding is being requested. The number(s) listed should match the CoC’s HUD-approved FY 2015 GIW.

- **FMR:** These fields are populated with the FY 2016 FMRs based on the FMR area selected by the project applicant. The FMRs are available online at [http://www.huduser.org/portal/datasets/fmr.html](http://www.huduser.org/portal/datasets/fmr.html).

- **HUD Paid Rent:** For each unit size, enter the rent to be paid by the CoC program grant. This rent cannot exceed the FMR amount in the previous column; however, project applicants may request less than the FMR. Once funds are awarded recipients must document compliance with the rent reasonableness requirement set forth in section 578.51(g) of the CoC Program interim rule. (If the applicants select “No” above, this column will not be available for edit). In the GIW, HUD Paid Rent is known as “Actual”.

- **12 Months:** These fields are populated with the value 12 to calculate the annual rent request.

- **Total Request:** This column populates with the total calculated amount from each row based on the number of units multiplied by the corresponding “HUD Paid Rent” and by 12 months. If the applicant selected “No” above, the automatic calculation will be based on the FMR and not the “HUD Paid Rent”.

- **Total Units and Annual Assistance Requested:** The fields in this row are automatically calculated based on the total number of units and the sum of the total requests per unit size per year.

- **Grant Term:** This field is populated with the value “1 Year” and will be read only.

- **Total Request for Grant Term:** This field is automatically calculated based on total annual assistance requested multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Total Value of Cash Commitments: $0  
Total Value of In-Kind Commitments: $43,213  
Total Value of All Commitments: $43,213
Sources of Match Detail

Instructions:
Match (cash or in-kind) must be used for eligible program costs only and must be equal to or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs Please review 24 CFR Part 578, the FY 2015 CoC Program NOFA for more detailed information concerning Match.

Will this commitment be used towards Match? Yes is automatically selected and this is a field that cannot be edited.

Type of Commitment: Select Cash ($) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

Type of source: Select Private or Government to denote the source of the contribution. The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of written commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match/ screen will populate the Screen “6I. Summary Budget.” The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Will this commitment be used towards Match? Yes
2. Type of Commitment: In-Kind
3. Type of Source: Private
4. Name the Source of the Commitment: Resources for Community Development (Be as specific as possible and include the office or grant program as applicable)
5. Date of Written Commitment: 10/14/2015
6. Value of Written Commitment: $43,213
6I. Summary Budget

Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to field “7. Admin (Up to 10%).”

Admin (Up to 10%): Enter the amount of requested administration funds. The request should match the amount identified on the CoC’s HUD-approved FY 2016 GIW. HUD will not fund greater than 10% of the request listed in the field “Sub-Total Eligible Costs Request.” If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is the total amount of funding the project applicant will request in the FY 2016 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field “Total Eligible Costs Request” minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen “6H. Sources of Match” to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.

Subrecipient Nonprofit Documentation: Documentation of the subrecipient's nonprofit status must be uploaded, if the applicant and project subrecipient are different entities, and the subrecipient is a nonprofit organization.

Other Attachment(s): Attach any additional information supporting the project funding request. Use a zip file to attach multiple documents.

If indicated on Screens 3A and/or 3B, the following additional attachment screens may be visible that should be used instead of Screen 7A. Attachments:

CoC Rejection Letter: Projects that are applying for CoC funds and that have been rejected for the competition by their CoC (Solo Projects) must submit documentation from the CoC verifying and explaining why the project has been rejected.

Certification of Consistency with Consolidated Plan: Each applicant that is not a State or unit of local government is required to have a certification by the jurisdiction in which the proposed project will be located confirming that the applicant's application for funding is consistent with the jurisdiction's HUD-approved consolidated plan. The certification must be made in accordance with the provisions of the consolidated plan regulations at 24 CFR part 91, subpart F. For projects that selected “No CoC” on Screen 3A, a form HUD-2991 must be obtained and signed by the certifying official for the applicable jurisdiction, indicating that the proposed project will be consistent with the Consolidated Plan. If the Solo Applicant is a State or unit of local government, the jurisdiction must certify that it is following its HUD-approved Consolidated Plan.

Document Description:
A. For all projects:

Fair Housing and Equal Opportunity

It will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000(d)) and regulations pursuant thereto (Title 24 CFR part I), which state that no person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives Federal financial assistance, and will immediately take any measures necessary to effectuate this agreement. With reference to the real property and structure(s) thereon which are provided or improved with the aid of Federal financial assistance extended to the applicant, this assurance shall obligate the applicant, or in the case of any transfer, transferee, for the period during which the real property and structure(s) are used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

It will comply with the Fair Housing Act (42 U.S.C. 3601-19), as amended, and with implementing regulations at 24 CFR part 100, which prohibit discrimination in housing on the basis of race, color, religion, sex, disability, familial status or national origin.

It will comply with Executive Order 11063 on Equal Opportunity in Housing and with implementing regulations at 24 CFR Part 107 which prohibit discrimination because of race, color, creed, sex or national origin in housing and related facilities provided with Federal financial assistance.

It will comply with Executive Order 11246 and all regulations pursuant thereto (41 CFR Chapter 60-1), which state that no person shall be discriminated against on the basis of race, color, religion, sex or national origin in all phases of employment during the performance of Federal contracts and shall take affirmative action to ensure equal employment opportunity. The applicant will incorporate, or cause to be incorporated, into any contract for construction work as defined in Section 130.5 of HUD regulations the equal opportunity clause required by Section 130.15(b) of the HUD regulations.

It will comply with Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701(u)), and regulations pursuant thereto (24 CFR Part 135), which require that to the greatest extent feasible opportunities for training and employment be given to lower-income residents of the project and contracts for work in connection with the project be awarded in substantial part to persons residing in the area of the project.

It will comply with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended, and with implementing regulations at 24 CFR Part 8, which prohibit discrimination based on disability in Federally-assisted and conducted programs and activities.

It will comply with the Age Discrimination Act of 1975 (42 U.S.C. 6101-07), as amended, and implementing regulations at 24 CFR Part 146, which prohibit discrimination because of age in projects and activities receiving Federal financial assistance.
It will comply with Executive Orders 11625, 12432, and 12138, which state that program participants shall take affirmative action to encourage participation by businesses owned and operated by members of minority groups and women.

If persons of any particular race, color, religion, sex, age, national origin, familial status, or disability who may qualify for assistance are unlikely to be reached, it will establish additional procedures to ensure that interested persons can obtain information concerning the assistance.

It will comply with the reasonable modification and accommodation requirements and, as appropriate, the accessibility requirements of the Fair Housing Act and section 504 of the Rehabilitation Act of 1973, as amended.

Additional for Rental Assistance Projects:

If applicant has established a preference for targeted populations of disabled persons pursuant to 24 CFR 582.330(a), it will comply with this section's nondiscrimination requirements within the designated population.

B. For non-Rental Assistance Projects Only.

20-Year Operation Rule.

For applicants receiving assistance for acquisition, rehabilitation or new construction: The project will be operated for no less than 20 years from the date of initial occupancy or the date of initial service provision for the purpose specified in the application.

1-Year Operation Rule.

For applicants receiving assistance for supportive services, leasing, or operating costs but not receiving assistance for acquisition, rehabilitation, or new construction: The project will be operated for the purpose specified in the application for any year for which such assistance is provided.

C. Explanation.

Where the applicant is unable to certify to any of the statements in this certification, such applicant shall provide an explanation.

Dear Applicant:

This modifies our letter of the above date in which we stated that you would be treated as an organization that is not a private foundation until the expiration of your advance ruling period.

Your exempt status under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3) is still in effect. Based on the information you submitted, we have determined that you are not a private foundation within the meaning of section 509(a) of the Code because you are an organization of the type described in section 509(a)(1) and 170(b)(1)(A)(vi).

Grantors and contributors may rely on this determination unless the Internal Revenue Service publishes notice to the contrary. However, if you lose your section 509(a)(1) status, a grantor or contributor may not rely on this determination if he or she was in part responsible for, or was aware of, the act or failure to act, or the substantial or material change on the part of the organization that resulted in your loss of such status, or if he or she acquired knowledge that the Internal Revenue Service had given notice that you would no longer be classified as a section 509(a)(1) organization.

If we have indicated in the heading of this letter that an addendum applies, the addendum enclosed is an integral part of this letter.

Because this letter could help resolve any questions about your private foundation status, please keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number are shown above.

Sincerely yours,

[Signature]

District Director

Letter 1050 (DO/CG)
Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2016 Continuum of Care (CoC) Program Competition. For more information see FY 2016 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2016 CoC Program NOFA and the FY 2016 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2015 Project Application will be imported into the FY 2016 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the FY 2015 post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2016 CoC Program Competition NOFA.

2B. Recipient Performance

Instructions:

The selections made on this screen by completing all of the mandatory fields marked with an asterisk (*), will provide information on capacity of the project applicant. The screen asks the Project Applicant questions about capacity performance as a HUD grant recipient; in terms of: timely submission of required reports, quarterly eLOCCS drawdowns, addressing HUD monitoring and/or OIG audit findings and the recapture of any funds from the most recently expired grant term of the project.

APR Submission: Select “Yes” or “No” from the dropdown menu to indicate whether you have successfully submitted the APR on time for the most recently expired grant term related to this renewal project request. If “No” is selected, an additional question will appear, in which you must provide an explanation in the textbox; as to why the APR was not submitted in a timely manner.

HUD Monitoring Findings: Select “Yes” or “No” from the dropdown menu to indicate whether your organization has any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request. If “Yes” is selected, two new questions will appear, in which the applicant will enter the date of the oldest unresolved finding(s) and explain why the findings remain unresolved in the textbox provided.

Quarterly Drawdowns: Select “Yes” or “No” from the dropdown menu to indicate whether your organization maintained consistent Quarterly Drawdowns from eLOCCS for the most recent grant terms related to this renewal project. If “No,” is selected, one new question will appear in which the recipient must explain, in the textbox provided, as to why the recipient has not maintained consistent Quarterly Drawdowns for the most recent grant terms related to this renewal project request.

Recaptured Funds: Select “Yes” or “No” from the dropdown menu to indicate whether any funds have been recaptured by HUD for the most recently expired grant term related to this renewal project request. If “Yes,” is selected, one new question will appear, in which the applicant must explain why HUD recaptured funds from the most recently expired grant term.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request?
   Yes

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request?
   No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request?
   Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request?
   Yes
Explain the circumstances that led HUD to recapture funds from the most recently expired grant term related to this renewal project request.

The unspent funds are largely due to the fact that this is a rental assistance grant. In rental assistance grants, our budget is essentially a formula – the number of units multiplied times the Fair Market Rent times 12 months. When the FMR is $1,000, our subsidy budget would be 9 units x $1,000 x 12 months, or $108,000. However, we must subtract from what we bill to HUD the contributions that participants make toward their rent. With the example above, if tenants contribute on average $150 per month to their rent, that would result in under-spending of $16,200 ($150 X 9 units X 12 months). We must allow for some cushion when budgeting, in the event that participants do not have income and cannot contribute toward rent.
3A. Project Detail

Instructions:

The selections made on this screen will determine which additional forms will need to be completed for this project application.

   Expiring Grant Number: This field is pre-populated with the expiring grant number entered on Screen “1A. Application Type.”

   CoC Number and Name: Select the number and name of the CoC to which the project application will be submitted for the local competition review process. This is the CoC that will submit the CoC Consolidated Application to HUD by the designated submission deadline. Applicants with projects that do not belong to a CoC should select “No CoC.”

   CoC Collaborative Applicant Name: Select the name of the CoC Applicant, also known as the Collaborative Applicant, from the dropdown. In most cases, there will only be one name from which to choose. The project applicant should choose the name of the CoC Applicant to which they intend to submit this project application

   Project Name: This is pre-populated from the “Project” Form and cannot be edited.

   Project Status: The default selection is “Standard,” indicating that the applicant is submitting the application to the Collaborative Applicant for consideration in the FY 2016 CoC Program competition. The selection should only be changed to “Appeal” in the event that the project application is rejected by the Collaborative Applicant (either formally in e-snaps or outside of e-snaps) and the project applicant wants to appeal this decision directly to HUD by submitting a solo application. For additional information on the appeal process, see Section X of the FY 2016 CoC Program Competition NOFA. A full explanation of the process is provided on Screen “8A. Notice of Intent to Appeal.”

   Component Type: This is a required field. Select the component type that identifies the renewal project application type. This can be either a PH, SH, TH, SSO or HMIS. The selection of component type will have an affect on what question on subsequent screens are asked of the user.

   Title V: This field is required. Select “Yes” or “No” to indicate if one or more properties being served by this project were acquired under Title V.

   Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Expiring Grant Number: CA0083L9T021508
   (e.g., the “Federal Award Identifier” indicated on form 1A. Application Type)

2a. CoC Number and Name: CA-502 - Oakland, Berkeley/Alameda County CoC

2b. CoC Collaborative Applicant Name: Alameda County

3. Project Name: Alameda County Shelter Plus Care - PRA
4. Project Status: Standard

5. Component Type: PH

6. Does this project use one or more properties that have been conveyed through the Title V process? Yes
3B. Project Description

Instructions:

ALL PROJECTS

Provide a description that addresses the entire scope of the proposed project: This is a required field. The project description should address the entire scope of the project, including a clear picture of the target population(s) to be served, the plan for addressing the identified needs/issues of the CoC target population(s), projected outcome(s), and coordination with other source(s)/partner(s). The narrative is expected to describe the project at full operational capacity. The description should be consistent with and make reference to other parts of this application.

Does your project have a specific population focus: This is a required field. Select “Yes” if your project has special capacity in its facilities, program designs, tools, outreach or methodologies for a specific subpopulation or subpopulations. This does not necessarily mean that the project exclusively serves that subpopulation(s), but rather that they are uniquely equipped to serve them. If “Yes” is selected, select the relevant checkbox(s) to identify the project’s population focus.

PH, SH, TH and SSO PROJECTS ONLY

Does the project follow a “Housing First” approach: This is a required field for PH, TH and SSO projects only. Select all applicable checkboxes that indicate whether or not the project currently follows a housing first approach that ensures that participants are not screened out based on barriers such as income, sobriety, etc. Select “none of the above” if the project does not follow a housing first approach.
- Does the project quickly move participants into permanent housing?:This is a required field. Select “Yes” to this question if your project will quickly move program participants into permanent housing without additional steps (e.g., required stay in transitional housing first) before moving to permanent housing. If you are a domestic violence (DV) program you should select “Yes” if you will quickly move program participants into permanent housing after immediate safety needs are addressed (e.g., a person who is still in danger from a violent partner and would move into PH once the dangerous situation has been addressed). Select “No” if the project does not work to move program participants quickly into permanent housing.
- Does the project ensure that participants are not screened out based on the listed reasons? (Check all that apply): This is a required field and at least one option must be selected. Multiple checkbox selections are provided.
- Does the project ensure that participants are not terminated from the program for the listed reasons? (Check all that apply) Multiple checkbox selections are provided.
- Does the project follow a “Housing First” approach? This is auto-scored based upon the responses to the questions above and “Yes” or “No” will indicate if the project is using the Housing First approach to house program participants.

PH PROJECTS ONLY

Does the PH project provide PSH or RRH: This is a required field. Select “PSH” if the project will operate according to a permanent supportive housing model as defined by 24 CFR 578. Select “RRH” if the project will operate according to a rapid rehousing model as defined by 24 CFR 578.

PH AND TH PROJECTS ONLY:

Does the project request costs under the rental assistance budget line item?: This is a required field. If requesting rental assistance, select “Yes” from the dropdown menu. If not requesting rental assistance in this project application, select “No”.

RENTAL ASSISTANCE PROJECTS ONLY

Is this a CoC Program leasing or SHP project that had been approved by HUD to change the renewal project budget from leasing to rental assistance? (This change must have been listed on
the final HUD-approved FY 2016 GIW. See 24 CFR 578.49(b)(8)): This is a required field. “Yes” should only be selected if HUD approved a change from leasing to rental assistance during the FY 2016 GIW process.

FOR SSO PROJECTS ONLY

Please select the type of SSO Project: Four options are given; Street Outreach; Housing Project or Housing Structure Specific; Coordinated Entry; Standalone Supportive Service. Only Coordinated Entry will have follow up questions.

FOR SSO COORDINATED ENTRY PROJECTS ONLY

Will the coordinated entry process funded in part by this grant cover the COC’s entire geographic area: This is a required field. Yes/No dropdown question.

Will the coordinated entry process funded in part by this grant be easily accessible: This is a required field. Yes/No dropdown question.

Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance. This is a required field. Explain the outreach strategy of the CE.

Does the coordinated entry process use a comprehensive, standardized assessment process: This is a required field. Yes/No dropdown question.

Describe the referral process and how the coordinated entry process ensures that participants are directed to appropriate housing and/or services: This is a required field. Explain the referral process.

If the coordinated entry process includes differences in the access, entry, assessment, or referral for certain populations, are those differences limited only to the following four groups: Individuals, Families, DV, and Youth: This is a required field. Yes/No dropdown question.

1. Provide a description that addresses the entire scope of the proposed project.

Alameda County S+C PRA Project provides rental subsidies and support services to fourteen formerly homeless persons disabled by chronic substance abuse and/or serious mental illness and/or HIV, and their families. Housing is provided by non-profit housing developers/operators at three project sites while support services are provided by Alameda Point Collaborative Multi-Service Center and other community-based agencies as part of the HUD required in-kind service match.

Applicants access the program by submitting an application through one of our community partner agencies and are required to select an agency to provide ongoing service coordination to assist them with meeting personal goals and maintain their housing.

2. Does your project have a specific population focus? No

3. Housing First
3a. Does the project quickly move participants into permanent housing  
Yes

3b. Does the project ensure that participants are not screened out based on the following items? Select all that apply.

4A. Supportive Services for Participants

Instructions:

ALL PROJECTS EXCEPT HMIS

For all supportive services available to participants, indicate who will provide them, and how often they are provided. This field is required and at least one value must be entered. Complete each row of drop down menus for supportive services that will be available to participants, using the funds requested through the application, and funds from other sources. If more than one Provider is relevant for a single service, please select the provider that corresponds to the highest frequency.

- Provider: select one of the following: “Applicant” to indicate that the applicant will provide the service directly; “Subrecipient” to indicate that a subrecipient will provide the service directly; “Partner” to indicate that an organization that is not a subrecipient of project funds but with whom a formal agreement or MOU has been signed will provide the service directly; or, “Non-Partner” to indicate that a specific organization with whom no formal agreement has been established regularly provides the service to clients. If more than one provider offers the service at the same frequency, choose the provider according to the following: Applicant, then Subrecipient, then Partner, and lastly, non-Partner.

- Frequency: Select the most common interval of time for which the service is accessible to participants. If two frequencies are equally common, choose the interval with the highest frequency.

Applicants may leave dropdown menus as “—select—” when services are not applicable.

Please identify whether the project includes the following activities:

- Transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs? Select “Yes” or “No” from the dropdown menu.
- Use of a single application form for four or more mainstream programs? Select “Yes” or “No” from the dropdown menu.
- At least annual follow-ups with participants to ensure mainstream benefits are received and renewed? Select “Yes” or “No” from the dropdown menu.
- Do project participants have access to SSI/SSDI technical assistance provided by the applicant, a subrecipient, or partner agency? Select “Yes” or “No” from the dropdown menu. If “Yes” is selected the following question will become visible:

- Has the staff person providing the technical assistance completed SOAR training in the past 24 months. Select “Yes” or “No” from the dropdown menu.

4B. Housing Type and Location Detail

Instructions:

ALL PROJECTS EXCEPT HMIS

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

PH-PSH PROJECTS ONLY

How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project’s grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as "CH Beds" on a CoC’s Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter “0.”

How many of the total beds entered in "2b. Beds" are not dedicated to the chronically homeless? This is a required field, but it is Auto calculated. The number that is calculated is the difference between 3a and 2b.

How many of the total beds entered in "3b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number of beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the projects grant agreement for FY 2016 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter “0.”

How many of the beds listed in question “3c.” above will be prioritized for use by the chronically homeless? This is a required field. Use the number of turnover beds that are not dedicated to the chronically homeless and that you estimated in field c to estimate and enter the number of those beds that will be prioritized for the chronically homeless as soon as they do turnover.

ALL PROJECTS EXCEPT HMIS

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

### 5A. Project Participants - Households

**Instructions:**

ALL PROJECTS EXCEPT HMIS

In each non-shaded field list the number of households or persons served at maximum program capacity. The numbers here are intended to reflect a single point in time at maximum occupancy and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

- **Households:** Enter the number of households under at least one of the categories: Households with at least One Adult and One Child, Adult Households without Children, or Households with Only Children.

- **Households with at least One Adult and One Child:** Enter the total number of households with at least one adult and one child. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

- **Adult Households without Children:** Enter the total number of adult households without children. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

- **Households with Only Children:** Enter the total number of households with only children. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

- **Characteristics:** Enter the total number of homeless that fall under one of the characteristics listed.

- **Persons in Households with at least One Adult and One Child:** Enter the number of persons in households with at least one adult and one child for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

- **Adult Persons in Households without Children:** Enter the number of persons in households without children for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

- **Persons in Households with Only Children:** Enter the number of persons in households with only children for each demographic row. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

- **Totals:** All fields in the “Total Number...” and “Total Persons” rows will automatically calculate when the “Save” button is clicked.

5B. Project Participants - Subpopulations

Instructions:

ALL PROJECTS EXCEPT HMIS

*This screen can only be completed once Screen “5A. Project Participants – Households” has been completed and saved.

In each non-shaded field enter the number of persons served at maximum program capacity according to their age group, disability status, and the extent in which persons served fit into one or more of the subpopulation categories. The numbers here are intended to reflect a single point in time at maximum capacity and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Complete each of the three charts on this screen according to household types.

Persons in Households with at least one Adult and One Child chart: Enter only persons in households with at least one adult and one child. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and at least one person under the age of 18.

Persons in Households without Children chart: Enter only persons in adult households without children. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children chart: Enter only persons in households with only children. To be listed on this chart, a person must be part of a household with no persons at or above the age of 18, and only persons under the age of 18.

Total Persons: All fields in the “Total Persons” rows will calculate automatically when the “Save” button is clicked.

Describe the unlisted subpopulations referred to above: This field is visible and mandatory if a number greater than 0 is entered into the column “Persons not represented by listed subpopulations.” Enter text that describes the person(s) identified in this column and explains how they do not fall under the other categories in columns 1 through 9.

Describe the unlisted subpopulations referred to above:

The persons on the unlisted subpopulations above are comprised of persons in a S+C household who are not chronically homeless, who are not veterans, and/or do not have a disability.
5C. Outreach for Participants

Instructions:

ALL PROJECTS EXCEPT HMIS

Enter the percentage of project participants that will be coming from each of the following locations: This is a required field. Enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:
- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens (persons coming from TH are not considered to be chronically homeless)
- Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (only applicable to TH and SSO projects)
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the “Save” button is clicked. A warning message will appear if the total is greater than 100%.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

6A. Funding Request

Instructions:

ALL PROJECT APPLICATIONS

The fields that must be completed on this screen will vary based on the project type, program type, and component type selected earlier in the project application.

Do any of the properties in this project have an active restrictive covenant? This is a required field. Select “Yes” or “No” to indicate whether or not one or more of the project properties are subject to an active restrictive covenant. As a reminder, any project awarded capital cost funds (new construction, acquisition, or rehabilitation) has a 20 year or if initially awarded under the CoC Program (FY 2012 capital costs and beyond) a 15 year use restriction.

Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project? This is a required field. Indicate if this project previously received funds under either the Samaritan Housing or Permanent Housing Bonus initiative. If yes, then the project must continue to meet the requirements of the initiative, as specified in the Homeless Assistance Grants NOFA for the year in which funds were originally awarded, in order to continue to receive renewal funding under the CoC Program Competition.

Are the requested renewal funds reduced from the previous award as a result of reallocation?: This is a required field. Select “Yes” or “No” to indicate whether the renewal project is reduced through the reallocation process. The response will be compared to the CoC’s Reallocation Forms.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select ‘Yes’ or ‘No’ to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult 2 CFR Part 200.56, Part 200.413 and Part 200.414, FY 2016 NOFA and contact your local HUD office. The following questions become visible if “Yes” is selected:
- Please complete the indirect cost rate schedule below: Must complete at least one row.
- Has this rate been approved by your cognizant agency?: Select “Yes” or “No” from the dropdown menu.
- Do you plan to use the 10% de minimis rate? Select “Yes” or “No” from the dropdown menu.

Renewal Grant Term: This field is pre-populated with a one-year grant term and cannot be edited.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budget for which funding is being requested. The choices available will depend on the component and project type selected on Screen “3A Project Detail.” The following eligible costs may be listed: leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities listed on the CoC’s final HUD-approved FY 2016 GIW.

If you do not see the funding budgets that you expected, you may need to return to Screen “3A. Project Detail” to review the “Component Type” and/or “3B. Project Description” to review the type of project selected. See the FY 2016 CoC Program NOFA for additional guidance.

Additional Resources can be found at the HUD Resource Exchange:

Rental Assistance Budget Detail

Instructions:

Type of Rental Assistance: Select the applicable type of rental assistance from the dropdown menu. Options include tenant-based (TRA), sponsor-based (SRA), and project-based assistance (PRA). Each type has unique requirements and applicants should refer to the 24 CFR 578.51 before making a selection.

Metropolitan or non-metropolitan fair market rent area: This is a required field. Select the FY 2016 FMR area in which the project is located. The list is sorted by state abbreviation. The selected FMR area will be used to populate the rents in the chart below.

Does the applicant request rental assistance funding for less than the area's per unit size fair market rents: In the FY 2016 CoC Program Competition, eligible renewal projects requesting rental assistance are permitted to request a per-unit amount less than the Fair Market Rent (FMR). If the project applicant wants to request less than the FMR, select “Yes” from the dropdown for this question. The project applicant will then have the ability to enter an amount in the “HUD Paid Rent (applicant)” field that is less than the amount listed in the “FMR Area (applicant)” field. The following question is visible when PRA is selected:

Are you requesting a 15 year renewal per the FY2015 CoC Program NOFA? This request is only available for PH PRA rental assistance projects and 1 year of funding according to the relevant section of the FY 2016 CoC Program Competition NOFA.

Size of units: These options are system generated. Unit size is defined by the number of distinct bedrooms and not by the number of distinct beds.

# of units: This is a required field. For each unit size, enter the number of units for which funding is being requested. The number(s) listed should match the CoC’s HUD-approved FY 2015 GIW.

FMR: These fields are populated with the FY 2016 FMRs based on the FMR area selected by the project applicant. The FMRs are available online at http://www.huduser.org/portal/datasets/fmr.html.

HUD Paid Rent: For each unit size, enter the rent to be paid by the CoC program grant. This rent cannot exceed the FMR amount in the previous column; however, project applicants may request less than the FMR. Once funds are awarded recipients must document compliance with the rent reasonableness requirement set forth in section 578.51(g) of the CoC Program interim rule. (If the applicants select “No” above, this column will not be available for edit). In the GIW, HUD Paid Rent is known as “Actual”.

12 Months: These fields are populated with the value 12 to calculate the annual rent request.

Total Request: This column populates with the total calculated amount from each row based on the number of units multiplied by the corresponding “HUD Paid Rent” and by 12 months. If the applicant selected “No” above, the automatic calculation will be based on the FMR and not the “HUD Paid Rent”.

Total Units and Annual Assistance Requested: The fields in this row are automatically calculated based on the total number of units and the sum of the total requests per unit size per year.

Grant Term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based on total annual assistance requested multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.
Type of Rental Assistance: PRA

Metropolitan or non-metropolitan fair market rent area: CA - Oakland-Fremont, CA HUD Metro FMR Area (0600199999)

Does the applicant request rental assistance funding for less than the area's per unit size fair market rents? No

Sources of Match Detail

Instructions:
Match (cash or in-kind) must be used for eligible program costs only and must be equal to or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs. Please review 24 CFR Part 578, the FY 2015 CoC Program NOFA for more detailed information concerning Match.

Will this commitment be used towards Match? Yes is automatically selected and this is a field that cannot be edited.

Type of Commitment: Select Cash ($) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

Type of source: Select Private or Government to denote the source of the contribution. The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of written commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match/ screen will populate the Screen “6I. Summary Budget.” The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

6I. Summary Budget

Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to field “7. Admin (Up to 10%).”

Admin (Up to 10%): Enter the amount of requested administration funds. The request should match the amount identified on the CoC’s HUD-approved FY 2016 GIW. HUD will not fund greater than 10% of the request listed in the field “Sub-Total Eligible Costs Request.” If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is the total amount of funding the project applicant will request in the FY 2016 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field “Total Eligible Costs Request” minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen “6H. Sources of Match” to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.

7A. Attachment(s)

Instructions:

Subrecipient Nonprofit Documentation: Documentation of the subrecipient's nonprofit status must be uploaded, if the applicant and project subrecipient are different entities, and the subrecipient is a nonprofit organization.

Other Attachment(s): Attach any additional information supporting the project funding request. Use a zip file to attach multiple documents.

If indicated on Screens 3A and/or 3B, the following additional attachment screens may be visible that should be used instead of Screen 7A. Attachments:

CoC Rejection Letter: Projects that are applying for CoC funds and that have been rejected for the competition by their CoC (Solo Projects) must submit documentation from the CoC verifying and explaining why the project has been rejected.

Certification of Consistency with Consolidated Plan: Each applicant that is not a State or unit of local government is required to have a certification by the jurisdiction in which the proposed project will be located confirming that the applicant’s application for funding is consistent with the jurisdiction’s HUD-approved consolidated plan. The certification must be made in accordance with the provisions of the consolidated plan regulations at 24 CFR part 91, subpart F. For projects that selected “No CoC” on Screen 3A, a form HUD-2991 must be obtained and signed by the certifying official for the applicable jurisdiction, indicating that the proposed project will be consistent with the Consolidated Plan. If the Solo Applicant is a State or unit of local government, the jurisdiction must certify that it is following its HUD-approved Consolidated Plan.

7B. Certification

A. For all projects:

Fair Housing and Equal Opportunity

It will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000(d)) and regulations pursuant thereto (Title 24 CFR part I), which state that no person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives Federal financial assistance, and will immediately take any measures necessary to effectuate this agreement. With reference to the real property and structure(s) thereon which are provided or improved with the aid of Federal financial assistance extended to the applicant, this assurance shall obligate the applicant, or in the case of any transfer, transferee, for the period during which the real property and structure(s) are used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

It will comply with the Fair Housing Act (42 U.S.C. 3601-19), as amended, and with implementing regulations at 24 CFR part 100, which prohibit discrimination in housing on the basis of race, color, religion, sex, disability, familial status or national origin.

It will comply with Executive Order 11063 on Equal Opportunity in Housing and with implementing regulations at 24 CFR Part 107 which prohibit discrimination because of race, color, creed, sex or national origin in housing and related facilities provided with Federal financial assistance.

It will comply with Executive Order 11246 and all regulations pursuant thereto (41 CFR Chapter 60-1), which state that no person shall be discriminated against on the basis of race, color, religion, sex or national origin in all phases of employment during the performance of Federal contracts and shall take affirmative action to ensure equal employment opportunity. The applicant will incorporate, or cause to be incorporated, into any contract for construction work as defined in Section 130.5 of HUD regulations the equal opportunity clause required by Section 130.15(b) of the HUD regulations.

It will comply with Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701(u)), and regulations pursuant thereto (24 CFR Part 135), which require that to the greatest extent feasible opportunities for training and employment be given to lower-income residents of the project and contracts for work in connection with the project be awarded in substantial part to persons residing in the area of the project.

It will comply with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended, and with implementing regulations at 24 CFR Part 8, which prohibit discrimination based on disability in Federally-assisted and conducted programs and activities.

It will comply with the Age Discrimination Act of 1975 (42 U.S.C. 6101-07), as amended, and implementing regulations at 24 CFR Part 146, which prohibit discrimination because of age in projects and activities receiving Federal financial assistance.
It will comply with Executive Orders 11625, 12432, and 12138, which state that program participants shall take affirmative action to encourage participation by businesses owned and operated by members of minority groups and women.

If persons of any particular race, color, religion, sex, age, national origin, familial status, or disability who may qualify for assistance are unlikely to be reached, it will establish additional procedures to ensure that interested persons can obtain information concerning the assistance.

It will comply with the reasonable modification and accommodation requirements and, as appropriate, the accessibility requirements of the Fair Housing Act and section 504 of the Rehabilitation Act of 1973, as amended.

**Additional for Rental Assistance Projects:**

If applicant has established a preference for targeted populations of disabled persons pursuant to 24 CFR 582.330(a), it will comply with this section’s nondiscrimination requirements within the designated population.

**B. For non-Rental Assistance Projects Only.**

**20-Year Operation Rule.**

For applicants receiving assistance for acquisition, rehabilitation or new construction: The project will be operated for no less than 20 years from the date of initial occupancy or the date of initial service provision for the purpose specified in the application.

**1-Year Operation Rule.**

For applicants receiving assistance for supportive services, leasing, or operating costs but not receiving assistance for acquisition, rehabilitation, or new construction: The project will be operated for the purpose specified in the application for any year for which such assistance is provided.

**C. Explanation.**

Where the applicant is unable to certify to any of the statements in this certification, such applicant shall provide an explanation.

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2016 Continuum of Care (CoC) Program Competition. For more information see FY 2016 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2016 CoC Program NOFA and the FY 2016 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2015 Project Application will be imported into the FY 2016 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the FY 2015 post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2016 CoC Program Competition NOFA.

2B. Recipient Performance

Instructions:
The selections made on this screen by completing all of the mandatory fields marked with an asterisk (*), will provide information on capacity of the project applicant. The screen asks the Project Applicant questions about capacity performance as a HUD grant recipient; in terms of: timely submission of required reports, quarterly eLOCCS drawdowns, addressing HUD monitoring and/or OIG audit findings and the recapture of any funds from the most recently expired grant term of the project.

APR Submission: Select "Yes" or "No" from the dropdown menu to indicate whether you have successfully submitted the APR on time for the most recently expired grant term related to this renewal project request. If "No" is selected, an additional question will appear, in which you must provide an explanation in the textbox; as to why the APR was not submitted in a timely manner.

HUD Monitoring Findings: Select "Yes" or "No" from the dropdown menu to indicate whether your organization has any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request. If “Yes” is selected, two new questions will appear, in which the applicant will enter the date of the oldest unresolved finding(s) and explain why the findings remain unresolved in the textbox provided.

Quarterly Drawdowns: Select "Yes" or "No" from the dropdown menu to indicate whether your organization maintained consistent Quarterly Drawdowns from eLOCCS for the most recent grant terms related to this renewal project. If "No," is selected, one new question will appear in which the applicant must explain, in the textbox provided, as to why the recipient has not maintained consistent Quarterly Drawdowns for the most recent grant terms related to this renewal project request.

Recaptured Funds: Select "Yes" or "No" from the dropdown menu to indicate whether any funds have been recaptured by HUD for the most recently expired grant term related to this renewal project request. If "Yes," is selected, one new question will appear, in which the applicant must explain why HUD recaptured funds from the most recently expired grant term.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? Yes

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? Yes
Explain the circumstances that led HUD to recapture funds from the most recently expired grant term related to this renewal project request.

The unspent funds are largely due to the fact that this is a rental assistance grant. In rental assistance grants, our budget is essentially a formula – the number of units multiplied times the Fair Market Rent times 12 months. When the FMR is $1,000, our subsidy budget would be 9 units x $1,000 x 12 months, or $108,000. However, we must subtract from what we bill to HUD the contributions that participants make toward their rent. With the example above, if tenants contribute on average $150 per month to their rent, that would result in under-spending of $16,200 ($150 X 9 units X 12 months). We must allow for some cushion when budgeting, in the event that participants do not have income and cannot contribute toward rent.
3A. Project Detail

Instructions:
The selections made on this screen will determine which additional forms will need to be completed for this project application.

Expiring Grant Number: This field is pre-populated with the expiring grant number entered on Screen “1A. Application Type.”

CoC Number and Name: Select the number and name of the CoC to which the project application will be submitted for the local competition review process. This is the CoC that will submit the CoC Consolidated Application to HUD by the designated submission deadline. Applicants with projects that do not belong to a CoC should select “No CoC.”

CoC Collaborative Applicant Name: Select the name of the CoC Applicant, also known as the Collaborative Applicant, from the dropdown. In most cases, there will only be one name from which to choose. The project applicant should choose the name of the CoC Applicant to which they intend to submit this project application.

Project Name: This is pre-populated from the “Project” Form and cannot be edited.

Project Status: The default selection is “Standard,” indicating that the applicant is submitting the application to the Collaborative Applicant for consideration in the FY 2016 CoC Program competition. The selection should only be changed to “Appeal” in the event that the project application is rejected by the Collaborative Applicant (either formally in e-snaps or outside of e-snaps) and the project applicant wants to appeal this decision directly to HUD by submitting a solo application. For additional information on the appeal process, see Section X of the FY 2016 CoC Program Competition NOFA. A full explanation of the process is provided on Screen “8A. Notice of Intent to Appeal.”

Component Type: This is a required field. Select the component type that identifies the renewal project application type. This can be either a PH, SH, TH, SSO or HMIS. The selection of component type will have an affect on what question on subsequent screens are asked of the user.

Title V: This field is required. Select “Yes” or “No” to indicate if one or more properties being served by this project were acquired under Title V.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Expiring Grant Number: CA0084L9T021508
   (e.g., the "Federal Award Identifier" indicated on form 1A. Application Type)

2a. CoC Number and Name: CA-502 - Oakland, Berkeley/Alameda County CoC

2b. CoC Collaborative Applicant Name: Alameda County

3. Project Name: Alameda County Shelter Plus Care - SRA
4. Project Status: Standard

5. Component Type: PH

6. Does this project use one or more properties that have been conveyed through the Title V process? No
3B. Project Description

Instructions:

ALL PROJECTS

Provide a description that addresses the entire scope of the proposed project: This is a required field. The project description should address the entire scope of the project, including a clear picture of the target population(s) to be served, the plan for addressing the identified needs/issues of the CoC target population(s), projected outcome(s), and coordination with other source(s)/partner(s). The narrative is expected to describe the project at full operational capacity. The description should be consistent with and make reference to other parts of this application.

Does your project have a specific population focus: This is a required field. Select “Yes” if your project has special capacity in its facilities, program designs, tools, outreach or methodologies for a specific subpopulation or subpopulations. This does not necessarily mean that the project exclusively serves that subpopulation(s), but rather that they are uniquely equipped to serve them. If “Yes” is selected, select the relevant checkbox(s) to identify the project’s population focus.

PH, SH, TH and SSO PROJECTS ONLY

Does the project follow a “Housing First” approach: This is a required field for PH, TH and SSO projects only. Select all applicable checkboxes that indicate whether or not the project currently follows a housing first approach that ensures that participants are not screened out based on barriers such as income, sobriety, etc. Select “none of the above” if the project does not follow a housing first approach.
- Does the project quickly move participants into permanent housing?: This is a required field. Select “Yes” to this question if your project will quickly move program participants into permanent housing without additional steps (e.g., required stay in transitional housing first) before moving to permanent housing. If you are a domestic violence (DV) program you should select “Yes” if you will quickly move program participants into permanent housing after immediate safety needs are addressed (e.g., a person who is still in danger from a violent partner and would move into PH once the dangerous situation has been addressed). Select “No” if the project does not work to move program participants quickly into permanent housing.
- Does the project ensure that participants are not screened out based on the listed reasons? (Check all that apply): This is a required field and at least one option must be selected. Multiple checkbox selections are provided.
- Does the project ensure that participants are not terminated from the program for the listed reasons? (Check all that apply) Multiple checkbox selections are provided.
- Does the project follow a “Housing First” approach? This is auto-scored based upon the responses to the questions above and “Yes” or “No” will indicate if the project is using the Housing First approach to house program participants.

PH PROJECTS ONLY

Does the PH project provide PSH or RRH: This is a required field. Select “PSH” if the project will operate according to a permanent supportive housing model as defined by 24 CFR 578. Select “RRH” if the project will operate according to a rapid rehousing model as defined by 24 CFR 578.

PH AND TH PROJECTS ONLY:

Does the project request costs under the rental assistance budget line item?: This is a required field. If requesting rental assistance, select “Yes” from the dropdown menu. If not requesting rental assistance in this project application, select “No”.

RENTAL ASSISTANCE PROJECTS ONLY

Is this a CoC Program leasing or SHP project that had been approved by HUD to change the renewal project budget from leasing to rental assistance? (This change must have been listed on
the final HUD-approved FY 2016 GIW. See 24 CFR 578.49(b)(8)): This is a required field. “Yes” should only be selected if HUD approved a change from leasing to rental assistance during the FY 2016 GIW process.

FOR SSO PROJECTS ONLY

Please select the type of SSO Project: Four options are given; Street Outreach; Housing Project or Housing Structure Specific; Coordinated Entry; Standalone Supportive Service. Only Coordinated Entry will have follow up questions.

FOR SSO COORDINATED ENTRY PROJECTS ONLY

Will the coordinated entry process funded in part by this grant cover the COC’s entire geographic area: This is a required field. Yes/No dropdown question.

Will the coordinated entry process funded in part by this grant be easily accessible: This is a required field. Yes/No dropdown question.

Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance. This is a required field. Explain the outreach strategy of the CE.

Does the coordinated entry process use a comprehensive, standardized assessment process: This is a required field. Yes/No dropdown question.

Describe the referral process and how the coordinated entry process ensures that participants are directed to appropriate housing and/or services: This is a required field. Explain the referral process.

If the coordinated entry process includes differences in the access, entry, assessment, or referral for certain populations, are those differences limited only to the following four groups: Individuals, Families, DV, and Youth: This is a required field. Yes/No dropdown question.

4a. Does the project request costs under the rental assistance budget line item? Yes

4b. Is this a CoC Program leasing or SHP project that had been approved by HUD to change the renewal project budget from leasing to rental assistance? No
4A. Supportive Services for Participants

Instructions:

ALL PROJECTS EXCEPT HMIS

For all supportive services available to participants, indicate who will provide them, and how often they are provided. This field is required and at least one value must be entered. Complete each row of drop down menus for supportive services that will be available to participants, using the funds requested through the application, and funds from other sources. If more than one Provider is relevant for a single service, please select the provider that corresponds to the highest frequency.

- Provider: select one of the following: “Applicant” to indicate that the applicant will provide the service directly; “Subrecipient” to indicate that a subrecipient will provide the service directly; “Partner” to indicate that an organization that is not a subrecipient of project funds but with whom a formal agreement or MOU has been signed will provide the service directly; or, “Non-Partner” to indicate that a specific organization with whom no formal agreement has been established regularly provides the service to clients. If more than one provider offers the service at the same frequency, choose the provider according to the following: Applicant, then Subrecipient, then Partner, and lastly, non-Partner.

- Frequency: Select the most common interval of time for which the service is accessible to participants. If two frequencies are equally common, choose the interval with the highest frequency.

Applicants may leave dropdown menus as “—select—” when services are not applicable.

Please identify whether the project includes the following activities:

- Transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs? Select “Yes” or “No” from the dropdown menu.
- Use of a single application form for four or more mainstream programs? Select “Yes” or “No” from the dropdown menu.
- At least annual follow-ups with participants to ensure mainstream benefits are received and renewed? Select “Yes” or “No” from the dropdown menu.
- Do project participants have access to SSI/SSDI technical assistance provided by the applicant, a subrecipient, or partner agency? Select “Yes” or “No” from the dropdown menu. If “Yes” is selected the following question will become visible:

- Has the staff person providing the technical assistance completed SOAR training in the past 24 months. Select “Yes” or “No” from the dropdown menu.

4B. Housing Type and Location Detail

**Instructions:**

ALL PROJECTS EXCEPT HMIS

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

**Housing Type:** This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

PH-PSH PROJECTS ONLY

How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project’s grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as “CH Beds” on a CoC’s Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter “0.”

How many of the total beds entered in "2b. Beds" are not dedicated to the chronically homeless? This is a required field, but it is Auto calculated. The number that is calculated is the difference between 3a and 2b.

How many of the total beds entered in "3b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number of beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the projects grant agreement for FY 2016 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter “0.”

How many of the beds listed in question “3c.” above will be prioritized for use by the chronically homeless? This is a required field. Use the number of turnover beds that are not dedicated to the chronically homeless and that you estimated in field c to estimate and enter the number of those beds that will be prioritized for the chronically homeless as soon as they do turnover.

ALL PROJECTS EXCEPT HMIS

**Address:** This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

PH-PSH PROJECTS ONLY

How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project’s grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as “CH Beds” on a CoC’s Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter “0.”

How many of the total beds entered in "2b. Beds" are not dedicated to the chronically homeless? This is a required field, but it is Auto calculated. The number that is calculated is the difference between 3a and 2b.

How many of the total beds entered in "3b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number of beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the projects grant agreement for FY 2016 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter “0.”

How many of the beds listed in question "3c.” above will be prioritized for use by the chronically homeless? This is a required field. Use the number of turnover beds that are not dedicated to the chronically homeless and that you estimated in field c to estimate and enter the number of those beds that will be prioritized for the chronically homeless as soon as they do turnover.

ALL PROJECTS EXCEPT HMIS

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

4B. Housing Type and Location Detail

Instructions:

ALL PROJECTS EXCEPT HMIS

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

PH-PSH PROJECTS ONLY
How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project’s grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as “CH Beds” on a CoC’s Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter “0.”

How many of the total beds entered in "2b. Beds" are not dedicated to the chronically homeless? This is a required field, but it is Auto calculated. The number that is calculated is the difference between 3a and 2b.

How many of the total beds entered in "3b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number of beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the projects grant agreement for FY 2016 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter “0.”

How many of the beds listed in question "3c." above will be prioritized for use by the chronically homeless? This is a required field. Use the number of turnover beds that are not dedicated to the chronically homeless and that you estimated in field c to estimate and enter the number of those beds that will be prioritized for the chronically homeless as soon as they do turnover.

ALL PROJECTS EXCEPT HMIS

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

5A. Project Participants - Households

**Instructions:**

ALL PROJECTS EXCEPT HMIS

In each non-shaded field list the number of households or persons served at maximum program capacity. The numbers here are intended to reflect a single point in time at maximum occupancy and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Households: Enter the number of households under at least one of the categories: Households with at least One Adult and One Child, Adult Households without Children, or Households with Only Children.

Households with at least One Adult and One Child: Enter the total number of households with at least one adult and one child. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Households without Children: Enter the total number of adult households without children. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Households with Only Children: Enter the total number of households with only children. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Characteristics: Enter the total number of homeless that fall under one of the characteristics listed.

Persons in Households with at least One Adult and One Child: Enter the number of persons in households with at least one adult and one child for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Persons in Households without Children: Enter the number of persons in households without children for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children: Enter the number of persons in households with only children for each demographic row. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Totals: All fields in the “Total Number…” and “Total Persons” rows will automatically calculate when the “Save” button is clicked.

5B. Project Participants - Subpopulations

Instructions:

ALL PROJECTS EXCEPT HMIS

*This screen can only be completed once Screen “5A. Project Participants – Households” has been completed and saved.

In each non-shaded field enter the number of persons served at maximum program capacity according to their age group, disability status, and the extent in which persons served fit into one or more of the subpopulation categories. The numbers here are intended to reflect a single point in time at maximum capacity and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Complete each of the three charts on this screen according to household types.

Persons in Households with at least one Adult and One Child chart: Enter only persons in households with at least one adult and one child. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and at least one person under the age of 18.

Persons in Households without Children chart: Enter only persons in adult households without children. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children chart: Enter only persons in households with only children. To be listed on this chart, a person must be part of a household with no persons at or above the age of 18, and only persons under the age of 18.

Total Persons: All fields in the “Total Persons” rows will calculate automatically when the “Save” button is clicked.

Describe the unlisted subpopulations referred to above: This field is visible and mandatory if a number greater than 0 is entered into the column “Persons not represented by listed subpopulations.” Enter text that describes the person(s) identified in this column and explains how they do not fall under the other categories in columns 1 through 9.

Enter the percentage of project participants that will be coming from each of the following locations: This is a required field. Enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:
- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens (persons coming from TH are not considered to be chronically homeless)
- Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (only applicable to TH and SSO projects)
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the “Save” button is clicked. A warning message will appear if the total is greater than 100%.

Instructions:

ALL PROJECT APPLICATIONS

The fields that must be completed on this screen will vary based on the project type, program type, and component type selected earlier in the project application.

Do any of the properties in this project have an active restrictive covenant: This is a required field. Select “Yes” or “No” to indicate whether or not one or more of the project properties are subject to an active restrictive covenant. As a reminder, any project awarded capital cost funds (new construction, acquisition, or rehabilitation) has a 20 year or if initially awarded under the CoC Program (FY 2012 capital costs and beyond) a 15 year use restriction.

Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project: This is a required field. Indicate if this project previously received funds under either the Samaritan Housing or Permanent Housing Bonus initiative. If yes, then the project must continue to meet the requirements of the initiative, as specified in the Homeless Assistance Grants NOFA for the year in which funds were originally awarded, in order to continue to receive renewal funding under the CoC Program Competition.

Are the requested renewal funds reduced from the previous award as a result of reallocation?: This is a required field. Select “Yes” or “No” to indicate whether the renewal project is reduced through the reallocation process. The response will be compared to the CoC’s Reallocation Forms.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select ‘Yes’ or ‘No’ to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult 2 CFR Part 200.56, Part 200.413 and Part 200.414, FY 2016 NOFA and contact your local HUD office. The following questions become visible if “Yes” is selected:
- Please complete the indirect cost rate schedule below: Must complete at least one row.
- Has this rate been approved by your cognizant agency?: Select “Yes” or “No” from the dropdown menu.
- Do you plan to use the 10% de minimis rate? Select “Yes” or “No” from the dropdown menu.

Renewal Grant Term: This field is pre-populated with a one-year grant term and cannot be edited.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budget for which funding is being requested. The choices available will depend on the component and project type selected on Screen “3A Project Detail.” The following eligible costs may be listed: leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities listed on the CoC’s final HUD-approved FY 2016 GIW.

If you do not see the funding budgets that you expected, you may need to return to Screen “3A. Project Detail” to review the “Component Type” and/or “3B. Project Description” to review the type of project selected. See the FY 2016 CoC Program NOFA for additional guidance.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Do any of the properties in this project have an active restrictive covenant? Yes
2. Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project?  No

3. Are the requested renewal funds reduced from the previous award as a result of reallocation?  No

4. Does this project propose to allocate funds according to an indirect cost rate?  No

5. Renewal Grant Term:  1 Year

6. Select the costs for which funding is being requested:
   - Leased Units
   - Leased Structures
   - Rental Assistance  X
   - Supportive Services

## Rental Assistance Budget Detail

### Instructions:

Type of Rental Assistance: Select the applicable type of rental assistance from the dropdown menu. Options include tenant-based (TRA), sponsor-based (SRA), and project-based assistance (PRA). Each type has unique requirements and applicants should refer to the 24 CFR 578.51 before making a selection.

Metropolitan or non-metropolitan fair market rent area: This is a required field. Select the FY 2016 FMR area in which the project is located. The list is sorted by state abbreviation. The selected FMR area will be used to populate the rents in the chart below.

Does the applicant request rental assistance funding for less than the area's per unit size fair market rents: In the FY 2016 CoC Program Competition, eligible renewal projects requesting rental assistance are permitted to request a per-unit amount less than the Fair Market Rent (FMR). If the project applicant wants to request less than the FMR, select “Yes” from the dropdown for this question. The project applicant will then have the ability to enter an amount in the “HUD Paid Rent (applicant)” field that is less than the amount listed in the “FMR Area (applicant)” field. The following question is visible when PRA is selected:

- Are you requesting a 15 year renewal per the FY2015 CoC Program NOFA? This request is only available for PH PRA rental assistance projects and 1 year of funding according to the relevant section of the FY 2016 CoC Program Competition NOFA.

Size of units: These options are system generated. Unit size is defined by the number of distinct bedrooms and not by the number of distinct beds.

# of units: This is a required field. For each unit size, enter the number of units for which funding is being requested. The number(s) listed should match the CoC’s HUD-approved FY 2015 GIW.

FMR: These fields are populated with the FY 2016 FMRs based on the FMR area selected by the project applicant. The FMRs are available online at http://www.huduser.org/portal/datasets/fmr.html.

HUD Paid Rent: For each unit size, enter the rent to be paid by the CoC program grant. This rent cannot exceed the FMR amount in the previous column; however, project applicants may request less than the FMR. Once funds are awarded recipients must document compliance with the rent reasonableness requirement set forth in section 578.51(g) of the CoC Program interim rule. (If the applicants select “No” above, this column will not be available for edit). In the GIW, HUD Paid Rent is known as “Actual”.

12 Months: These fields are populated with the value 12 to calculate the annual rent request.

Total Request: This column populates with the total calculated amount from each row based on the number of units multiplied by the corresponding “HUD Paid Rent” and by 12 months. If the applicant selected “No” above, the automatic calculation will be based on the FMR and not the “HUD Paid Rent.”.

Total Units and Annual Assistance Requested: The fields in this row are automatically calculated based on the total number of units and the sum of the total requests per unit size per year.

Grant Term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based on total annual assistance requested multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Sources of Match Detail

Instructions:

Match (cash or in-kind) must be used for eligible program costs only and must be equal to or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs. Please review 24 CFR Part 578, the FY 2015 CoC Program NOFA for more detailed information concerning Match.

Will this commitment be used towards Match? Yes is automatically selected and this is a field that cannot be edited.

Type of Commitment: Select Cash ($) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

Type of source: Select Private or Government to denote the source of the contribution. The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of written commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match/ screen will populate the Screen “6I. Summary Budget.” The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

Sources of Match Detail

Instructions:

Match (cash or in-kind) must be used for eligible program costs only and must be equal to or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs. Please review 24 CFR Part 578, the FY 2015 CoC Program NOFA for more detailed information concerning Match.

Will this commitment be used towards Match? Yes is automatically selected and this is a field that cannot be edited.

Type of Commitment: Select Cash ($) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

Type of Source: Select Private or Government to denote the source of the contribution. The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of written commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match/ screen will populate the Screen “6I. Summary Budget.” The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

6I. Summary Budget

Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to field “7. Admin (Up to 10%).”

Admin (Up to 10%): Enter the amount of requested administration funds. The request should match the amount identified on the CoC’s HUD-approved FY 2016 GIW. HUD will not fund greater than 10% of the request listed in the field “Sub-Total Eligible Costs Request.” If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is the total amount of funding the project applicant will request in the FY 2016 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field “Total Eligible Costs Request” minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen “6H. Sources of Match” to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.

7A. Attachment(s)

Instructions:
Subrecipient Nonprofit Documentation: Documentation of the subrecipient's nonprofit status must be uploaded, if the applicant and project subrecipient are different entities, and the subrecipient is a nonprofit organization.

Other Attachment(s): Attach any additional information supporting the project funding request. Use a zip file to attach multiple documents.

If indicated on Screens 3A and/or 3B, the following additional attachment screens may be visible that should be used instead of Screen 7A. Attachments:

CoC Rejection Letter: Projects that are applying for CoC funds and that have been rejected for the competition by their CoC (Solo Projects) must submit documentation from the CoC verifying and explaining why the project has been rejected.

Certification of Consistency with Consolidated Plan: Each applicant that is not a State or unit of local government is required to have a certification by the jurisdiction in which the proposed project will be located confirming that the applicant's application for funding is consistent with the jurisdiction's HUD-approved consolidated plan. The certification must be made in accordance with the provisions of the consolidated plan regulations at 24 CFR part 91, subpart F. For projects that selected “No CoC” on Screen 3A, a form HUD-2991 must be obtained and signed by the certifying official for the applicable jurisdiction, indicating that the proposed project will be consistent with the Consolidated Plan. If the Solo Applicant is a State or unit of local government, the jurisdiction must certify that it is following its HUD-approved Consolidated Plan.

Document Description:
A. For all projects:

Fair Housing and Equal Opportunity

It will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000(d)) and regulations pursuant thereto (Title 24 CFR part I), which state that no person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives Federal financial assistance, and will immediately take any measures necessary to effectuate this agreement. With reference to the real property and structure(s) thereon which are provided or improved with the aid of Federal financial assistance extended to the applicant, this assurance shall obligate the applicant, or in the case of any transfer, transferee, for the period during which the real property and structure(s) are used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

It will comply with the Fair Housing Act (42 U.S.C. 3601-19), as amended, and with implementing regulations at 24 CFR part 100, which prohibit discrimination in housing on the basis of race, color, religion, sex, disability, familial status or national origin.

It will comply with Executive Order 11063 on Equal Opportunity in Housing and with implementing regulations at 24 CFR Part 107 which prohibit discrimination because of race, color, creed, sex or national origin in housing and related facilities provided with Federal financial assistance.

It will comply with Executive Order 11246 and all regulations pursuant thereto (41 CFR Chapter 60-1), which state that no person shall be discriminated against on the basis of race, color, religion, sex or national origin in all phases of employment during the performance of Federal contracts and shall take affirmative action to ensure equal employment opportunity. The applicant will incorporate, or cause to be incorporated, into any contract for construction work as defined in Section 130.5 of HUD regulations the equal opportunity clause required by Section 130.15(b) of the HUD regulations.

It will comply with Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701(u)), and regulations pursuant thereto (24 CFR Part 135), which require that to the greatest extent feasible opportunities for training and employment be given to lower-income residents of the project and contracts for work in connection with the project be awarded in substantial part to persons residing in the area of the project.

It will comply with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended, and with implementing regulations at 24 CFR Part 8, which prohibit discrimination based on disability in Federally-assisted and conducted programs and activities.

It will comply with the Age Discrimination Act of 1975 (42 U.S.C. 6101-07), as amended, and implementing regulations at 24 CFR Part 146, which prohibit discrimination because of age in projects and activities receiving Federal financial assistance.
It will comply with Executive Orders 11625, 12432, and 12138, which state that program participants shall take affirmative action to encourage participation by businesses owned and operated by members of minority groups and women.

If persons of any particular race, color, religion, sex, age, national origin, familial status, or disability who may qualify for assistance are unlikely to be reached, it will establish additional procedures to ensure that interested persons can obtain information concerning the assistance.

It will comply with the reasonable modification and accommodation requirements and, as appropriate, the accessibility requirements of the Fair Housing Act and section 504 of the Rehabilitation Act of 1973, as amended.

**Additional for Rental Assistance Projects:**

If applicant has established a preference for targeted populations of disabled persons pursuant to 24 CFR 582.330(a), it will comply with this section's nondiscrimination requirements within the designated population.

**B. For non-Rental Assistance Projects Only.**

**20-Year Operation Rule.**

For applicants receiving assistance for acquisition, rehabilitation or new construction: The project will be operated for no less than 20 years from the date of initial occupancy or the date of initial service provision for the purpose specified in the application.

**1-Year Operation Rule.**

For applicants receiving assistance for supportive services, leasing, or operating costs but not receiving assistance for acquisition, rehabilitation, or new construction: The project will be operated for the purpose specified in the application for any year for which such assistance is provided.

**C. Explanation.**

Where the applicant is unable to certify to any of the statements in this certification, such applicant shall provide an explanation.

**Name of Authorized Certifying Official**

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2016 Continuum of Care (CoC) Program Competition. For more information see FY 2016 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2016 CoC Program NOFA and the FY 2016 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2015 Project Application will be imported into the FY 2016 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the FY 2015 post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2016 CoC Program Competition NOFA.

2B. Recipient Performance

Instructions:
The selections made on this screen by completing all of the mandatory fields marked with an asterisk (*), will provide information on capacity of the project applicant. The screen asks the Project Applicant questions about capacity performance as a HUD grant recipient; in terms of: timely submission of required reports, quarterly eLOCCS drawdowns, addressing HUD monitoring and/or OIG audit findings and the recapture of any funds from the most recently expired grant term of the project.

APR Submission: Select "Yes" or "No" from the dropdown menu to indicate whether you have successfully submitted the APR on time for the most recently expired grant term related to this renewal project request. If "No" is selected, an additional question will appear, in which you must provide an explanation in the textbox; as to why the APR was not submitted in a timely manner.

HUD Monitoring Findings: Select "Yes" or "No" from the dropdown menu to indicate whether your organization has any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request. If "Yes" is selected, two new questions will appear, in which the applicant will enter the date of the oldest unresolved finding(s) and explain why the findings remain unresolved in the textbox provided.

Quarterly Drawdowns: Select "Yes" or "No" from the dropdown menu to indicate whether your organization maintained consistent Quarterly Drawdowns from eLOCCS for the most recent grant terms related to this renewal project. If "No," is selected, one new question will appear in which the applicant must explain, in the textbox provided, as to why the recipient has not maintained consistent Quarterly Drawdowns for the most recent grant terms related to this renewal project request.

Recaptured Funds: Select "Yes" or "No" from the dropdown menu to indicate whether any funds have been recaptured by HUD for the most recently expired grant term related to this renewal project request. If "Yes," is selected, one new question will appear, in which the applicant must explain why HUD recaptured funds from the most recently expired grant term.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

| 1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? | Yes |
| 2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? | No |
| 3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? | Yes |
| 4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? | Yes |
Explain the circumstances that led HUD to recapture funds from the most recently expired grant term related to this renewal project request.

The unspent funds are largely due to the fact that this is a rental assistance grant. In rental assistance grants, our budget is essentially a formula – the number of units multiplied times the Fair Market Rent times 12 months. When the FMR is $1,000, our subsidy budget would be 9 units x $1,000 x 12 months, or $108,000. However, we must subtract from what we bill to HUD the contributions that participants make toward their rent. With the example above, if tenants contribute on average $150 per month to their rent, that would result in under-spending of $16,200 ($150 X 9 units X 12 months). We must allow for some cushion when budgeting, in the event that participants do not have income and cannot contribute toward rent.
3A. Project Detail

Instructions:
The selections made on this screen will determine which additional forms will need to be completed for this project application.

Expiring Grant Number: This field is pre-populated with the expiring grant number entered on Screen “1A. Application Type.”

CoC Number and Name: Select the number and name of the CoC to which the project application will be submitted for the local competition review process. This is the CoC that will submit the CoC Consolidated Application to HUD by the designated submission deadline. Applicants with projects that do not belong to a CoC should select “No CoC.”

CoC Collaborative Applicant Name: Select the name of the CoC Applicant, also known as the Collaborative Applicant, from the dropdown. In most cases, there will only be one name from which to choose. The project applicant should choose the name of the CoC Applicant to which they intend to submit this project application.

Project Name: This is pre-populated from the “Project” Form and cannot be edited.

Project Status: The default selection is “Standard,” indicating that the applicant is submitting the application to the Collaborative Applicant for consideration in the FY 2016 CoC Program competition. The selection should only be changed to “Appeal” in the event that the project application is rejected by the Collaborative Applicant (either formally in e-snaps or outside of e-snaps) and the project applicant wants to appeal this decision directly to HUD by submitting a solo application. For additional information on the appeal process, see Section X of the FY 2016 CoC Program Competition NOFA. A full explanation of the process is provided on Screen “8A. Notice of Intent to Appeal.”

Component Type: This is a required field. Select the component type that identifies the renewal project application type. This can be either a PH, SH, TH, SSO or HMIS. The selection of component type will have an affect on what question on subsequent screens are asked of the user.

Title V: This field is required. Select "Yes" or "No" to indicate if one or more properties being served by this project were acquired under Title V.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Expiring Grant Number: CA0747L9T021507
   (e.g., the "Federal Award Identifier" indicated on form 1A. Application Type)

2a. CoC Number and Name: CA-502 - Oakland, Berkeley/Alameda County CoC

2b. CoC Collaborative Applicant Name: Alameda County

3. Project Name: Alameda County Shelter Plus Care - SRO
4. Project Status: Standard

5. Component Type: PH

6. Does this project use one or more properties that have been conveyed through the Title V process? No
3B. Project Description

Instructions:

ALL PROJECTS

Provide a description that addresses the entire scope of the proposed project: This is a required field. The project description should address the entire scope of the project, including a clear picture of the target population(s) to be served, the plan for addressing the identified needs/issues of the CoC target population(s), projected outcome(s), and coordination with other source(s)/partner(s). The narrative is expected to describe the project at full operational capacity. The description should be consistent with and make reference to other parts of this application.

Does your project have a specific population focus: This is a required field. Select “Yes” if your project has special capacity in its facilities, program designs, tools, outreach or methodologies for a specific subpopulation or subpopulations. This does not necessarily mean that the project exclusively serves that subpopulation(s), but rather that they are uniquely equipped to serve them. If “Yes” is selected, select the relevant checkbox(s) to identify the project’s population focus.

PH, SH, TH and SSO PROJECTS ONLY

Does the project follow a “Housing First” approach: This is a required field for PH, TH and SSO projects only. Select all applicable checkboxes that indicate whether or not the project currently follows a housing first approach that ensures that participants are not screened out based on barriers such as income, sobriety, etc. Select “none of the above” if the project does not follow a housing first approach.
- Does the project quickly move participants into permanent housing?: This is a required field. Select “Yes” to this question if your project will quickly move program participants into permanent housing without additional steps (e.g., required stay in transitional housing first) before moving to permanent housing. If you are a domestic violence (DV) program you should select “Yes” if you will quickly move program participants into permanent housing after immediate safety needs are addressed (e.g., a person who is still in danger from a violent partner and would move into PH once the dangerous situation has been addressed). Select “No” if the project does not work to move program participants quickly into permanent housing.
- Does the project ensure that participants are not screened out based on the listed reasons? (Check all that apply): This is a required field and at least one option must be selected. Multiple checkbox selections are provided.
- Does the project ensure that participants are not terminated from the program for the listed reasons? (Check all that apply) Multiple checkbox selections are provided.
- Does the project follow a “Housing First” approach? This is auto-scored based upon the responses to the questions above and “Yes” or “No” will indicate if the project is using the Housing First approach to house program participants.

PH PROJECTS ONLY

Does the PH project provide PSH or RRH: This is a required field. Select “PSH” if the project will operate according to a permanent supportive housing model as defined by 24 CFR 578. Select “RRH” if the project will operate according to a rapid rehousing model as defined by 24 CFR 578.

PH AND TH PROJECTS ONLY:

Does the project request costs under the rental assistance budget line item?: This is a required field. If requesting rental assistance, select “Yes” from the dropdown menu. If not requesting rental assistance in this project application, select “No”.

RENTAL ASSISTANCE PROJECTS ONLY

Is this a CoC Program leasing or SHP project that had been approved by HUD to change the renewal project budget from leasing to rental assistance? (This change must have been listed on
the final HUD-approved FY 2016 GIW. See 24 CFR 578.49(b)(8)): This is a required field. “Yes” should only be selected if HUD approved a change from leasing to rental assistance during the FY 2016 GIW process.

FOR SSO PROJECTS ONLY

Please select the type of SSO Project: Four options are given; Street Outreach; Housing Project or Housing Structure Specific; Coordinated Entry; Standalone Supportive Service. Only Coordinated Entry will have follow up questions.

FOR SSO COORDINATED ENTRY PROJECTS ONLY

Will the coordinated entry process funded in part by this grant cover the COC’s entire geographic area: This is a required field. Yes/ No dropdown question.

Will the coordinated entry process funded in part by this grant be easily accessible: This is a required field. Yes/No dropdown question.

Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance. This is a required field. Explain the outreach strategy of the CE.

Does the coordinated entry process use a comprehensive, standardized assessment process: This is a required field. Yes/No dropdown question.

Describe the referral process and how the coordinated entry process ensures that participants are directed to appropriate housing and/or services: This is a required field. Explain the referral process.

If the coordinated entry process includes differences in the access, entry, assessment, or referral for certain populations, are those differences limited only to the following four groups: Individuals, Families, DV, and Youth: This is a required field. Yes/No dropdown question.

1. Provide a description that addresses the entire scope of the proposed project.

The Alameda County Shelter Plus Care - SRO Project provides permanent housing, rental assistance and supportive services to 59 homeless single adults disabled by chronic substance abuse and/or serious mentally illness and/or HIV/AIDS assisting 59 SRO units at the Harrison Hotel in downtown Oakland.

Applicants access the program by submitting an application through one of our community partner agencies and are required to select an agency to provide ongoing service coordination to assist them with meeting personal goals and maintain their housing.

2. Does your project have a specific population focus?  Yes

2a. Please identify the specific population focus. (Select ALL that apply)

4A. Supportive Services for Participants

Instructions:

ALL PROJECTS EXCEPT HMIS

For all supportive services available to participants, indicate who will provide them, and how often they are provided. This field is required and at least one value must be entered. Complete each row of drop down menus for supportive services that will be available to participants, using the funds requested through the application, and funds from other sources. If more than one Provider is relevant for a single service, please select the provider that corresponds to the highest frequency.

- Provider: select one of the following: “Applicant” to indicate that the applicant will provide the service directly; “Subrecipient” to indicate that a subrecipient will provide the service directly; “Partner” to indicate that an organization that is not a subrecipient of project funds but with whom a formal agreement or MOU has been signed will provide the service directly; or, “Non-Partner” to indicate that a specific organization with whom no formal agreement has been established regularly provides the service to clients. If more than one provider offers the service at the same frequency, choose the provider according to the following: Applicant, then Subrecipient, then Partner, and lastly, non-Partner.

- Frequency: Select the most common interval of time for which the service is accessible to participants. If two frequencies are equally common, choose the interval with the highest frequency.

Applicants may leave dropdown menus as “—select—” when services are not applicable.

Please identify whether the project includes the following activities:

- Transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs? Select “Yes” or “No” from the dropdown menu.
- Use of a single application form for four or more mainstream programs? Select “Yes” or “No” from the dropdown menu.
- At least annual follow-ups with participants to ensure mainstream benefits are received and renewed? Select “Yes” or “No” from the dropdown menu.
- Do project participants have access to SSI/SSDI technical assistance provided by the applicant, a subrecipient, or partner agency? Select “Yes” or “No” from the dropdown menu. If “Yes” is selected the following question will become visible:

- Has the staff person providing the technical assistance completed SOAR training in the past 24 months. Select “Yes” or “No” from the dropdown menu.

4B. Housing Type and Location Detail

Instructions:

ALL PROJECTS EXCEPT HMIS

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

PH-PSH PROJECTS ONLY

How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project’s grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as “CH Beds” on a CoC’s Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter “0.”

How many of the total beds entered in "2b. Beds" are not dedicated to the chronically homeless? This is a required field, but it is Auto calculated. The number that is calculated is the difference between 3a and 2b.

How many of the total beds entered in "3b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number of beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the projects grant agreement for FY 2016 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter “0.”

How many of the beds listed in question “3c.” above will be prioritized for use by the chronically homeless? This is a required field. Use the number of turnover beds that are not dedicated to the chronically homeless and that you estimated in field c to estimate and enter the number of those beds that will be prioritized for the chronically homeless as soon as they do turnover.

ALL PROJECTS EXCEPT HMIS

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

### 5A. Project Participants - Households

**Instructions:**

**ALL PROJECTS EXCEPT HMIS**

In each non-shaded field list the number of households or persons served at maximum program capacity. The numbers here are intended to reflect a single point in time at maximum occupancy and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Households: Enter the number of households under at least one of the categories: Households with at least One Adult and One Child, Adult Households without Children, or Households with Only Children.

Households with at least One Adult and One Child: Enter the total number of households with at least one adult and one child. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Households without Children: Enter the total number of adult households without children. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Households with Only Children: Enter the total number of households with only children. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Characteristics: Enter the total number of homeless that fall under one of the characteristics listed.

Persons in Households with at least One Adult and One Child: Enter the number of persons in households with at least one adult and on child for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Persons in Households without Children: Enter the number of persons in households without children for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children: Enter the number of persons in households with only children for each demographic row. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Totals: All fields in the “Total Number…” and “Total Persons” rows will automatically calculate when the “Save” button is clicked.

**5B. Project Participants - Subpopulations**

**Instructions:**

ALL PROJECTS EXCEPT HMIS

*This screen can only be completed once Screen “5A. Project Participants – Households” has been completed and saved.

In each non-shaded field enter the number of persons served at maximum program capacity according to their age group, disability status, and the extent in which persons served fit into one or more of the subpopulation categories. The numbers here are intended to reflect a single point in time at maximum capacity and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Complete each of the three charts on this screen according to household types.

- **Persons in Households with at least one Adult and One Child** chart: Enter only persons in households with at least one adult and one child. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and at least one person under the age of 18.

- **Persons in Households without Children** chart: Enter only persons in adult households without children. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and no persons under the age of 18.

- **Persons in Households with Only Children** chart: Enter only persons in households with only children. To be listed on this chart, a person must be part of a household with no persons at or above the age of 18, and only persons under the age of 18.

**Total Persons:** All fields in the “Total Persons” rows will calculate automatically when the “Save” button is clicked.

Describe the unlisted subpopulations referred to above: This field is visible and mandatory if a number greater than 0 is entered into the column “Persons not represented by listed subpopulations.” Enter text that describes the person(s) identified in this column and explains how they do not fall under the other categories in columns 1 through 9.

Enter the percentage of project participants that will be coming from each of the following locations: This is a required field. Enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:
- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens (persons coming from TH are not considered to be chronically homeless)
- Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (only applicable to TH and SSO projects)
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the “Save” button is clicked. A warning message will appear if the total is greater than 100%.

6A. Funding Request

Instructions:

ALL PROJECT APPLICATIONS

The fields that must be completed on this screen will vary based on the project type, program type, and component type selected earlier in the project application.

Do any of the properties in this project have an active restrictive covenant: This is a required field. Select “Yes” or “No” to indicate whether or not one or more of the project properties are subject to an active restrictive covenant. As a reminder, any project awarded capital cost funds (new construction, acquisition, or rehabilitation) has a 20 year or if initially awarded under the CoC Program (FY 2012 capital costs and beyond) a 15 year use restriction.

Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project: This is a required field. Indicate if this project previously received funds under either the Samaritan Housing or Permanent Housing Bonus initiative. If yes, then the project must continue to meet the requirements of the initiative, as specified in the Homeless Assistance Grants NOFA for the year in which funds were originally awarded, in order to continue to receive renewal funding under the CoC Program Competition.

Are the requested renewal funds reduced from the previous award as a result of reallocation?: This is a required field. Select “Yes” or “No” to indicate whether the renewal project is reduced through the reallocation process. The response will be compared to the CoC’s Reallocation Forms.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select ‘Yes’ or ‘No’ to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult 2 CFR Part 200.56, Part 200.413 and Part 200.414, FY 2016 NOFA and contact your local HUD office. The following questions become visible if “Yes” is selected:
- Please complete the indirect cost rate schedule below: Must complete at least one row.
- Has this rate been approved by your cognizant agency?: Select “Yes” or “No” from the dropdown menu.
- Do you plan to use the 10% de minimis rate? Select “Yes” or “No” from the dropdown menu.

Renewal Grant Term: This field is pre-populated with a one-year grant term and cannot be edited.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budget for which funding is being requested. The choices available will depend on the component and project type selected on Screen “3A Project Detail.” The following eligible costs may be listed: leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities listed on the CoC’s final HUD-approved FY 2016 GIW.

If you do not see the funding budgets that you expected, you may need to return to Screen “3A. Project Detail” to review the “Component Type” and/or “3B. Project Description” to review the type of project selected. See the FY 2016 CoC Program NOFA for additional guidance.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Do any of the properties in this project have an active restrictive covenant? Yes
2. Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project?  No

## Rental Assistance Budget Detail

**Instructions:**

- **Type of Rental Assistance:** Select the applicable type of rental assistance from the dropdown menu. Options include tenant-based (TRA), sponsor-based (SRA), and project-based assistance (PRA). Each type has unique requirements and applicants should refer to the 24 CFR 578.51 before making a selection.

- **Metropolitan or non-metropolitan fair market rent area:** This is a required field. Select the FY 2016 FMR area in which the project is located. The list is sorted by state abbreviation. The selected FMR area will be used to populate the rents in the chart below.

- **Does the applicant request rental assistance funding for less than the area's per unit size fair market rents:** In the FY 2016 CoC Program Competition, eligible renewal projects requesting rental assistance are permitted to request a per-unit amount less than the Fair Market Rent (FMR). If the project applicant wants to request less than the FMR, select “Yes” from the dropdown for this question. The project applicant will then have the ability to enter an amount in the “HUD Paid Rent (applicant)” field that is less than the amount listed in the “FMR Area (applicant)” field. The following question is visible when PRA is selected:

- **Are you requesting a 15 year renewal per the FY2015 CoC Program NOFA?** This request is only available for PH PRA rental assistance projects and 1 year of funding according to the relevant section of the FY 2016 CoC Program Competition NOFA.

- **Size of units:** These options are system generated. Unit size is defined by the number of distinct bedrooms and not by the number of distinct beds.

- **# of units:** This is a required field. For each unit size, enter the number of units for which funding is being requested. The number(s) listed should match the CoC’s HUD-approved FY 2015 GIW.

- **FMR:** These fields are populated with the FY 2016 FMRs based on the FMR area selected by the project applicant. The FMRs are available online at http://www.huduser.org/portal/datasets/fmr.html.

- **HUD Paid Rent:** For each unit size, enter the rent to be paid by the CoC program grant. This rent cannot exceed the FMR amount in the previous column; however, project applicants may request less than the FMR. Once funds are awarded recipients must document compliance with the rent reasonableness requirement set forth in section 578.51(g) of the CoC Program interim rule. (If the applicants select “No” above, this column will not be available for edit). In the GIW, HUD Paid Rent is known as “Actual”.

- **12 Months:** These fields are populated with the value 12 to calculate the annual rent request.

- **Total Request:** This column populates with the total calculated amount from each row based on the number of units multiplied by the corresponding “HUD Paid Rent” and by 12 months. If the applicant selected “No” above, the automatic calculation will be based on the FMR and not the “HUD Paid Rent”.

- **Total Units and Annual Assistance Requested:** The fields in this row are automatically calculated based on the total number of units and the sum of the total requests per unit size per year.

- **Grant Term:** This field is populated with the value “1 Year” and will be read only.

- **Total Request for Grant Term:** This field is automatically calculated based on total annual assistance requested multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Sources of Match Detail

Instructions:
Match (cash or in-kind) must be used for eligible program costs only and must be equal to or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs Please review 24 CFR Part 578, the FY 2015 CoC Program NOFA for more detailed information concerning Match.

Will this commitment be used towards Match? Yes is automatically selected and this is a field that cannot be edited.

Type of Commitment: Select Cash ($) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

Type of source: Select Private or Government to denote the source of the contribution. The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of written commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match/ screen will populate the Screen “6I. Summary Budget.” The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to field “7. Admin (Up to 10%).”

Admin (Up to 10%): Enter the amount of requested administration funds. The request should match the amount identified on the CoC’s HUD-approved FY 2016 GIW. HUD will not fund greater than 10% of the request listed in the field “Sub-Total Eligible Costs Request.” If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is the total amount of funding the project applicant will request in the FY 2016 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field “Total Eligible Costs Request” minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen “6H. Sources of Match” to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.

Instructions:

Subrecipient Nonprofit Documentation: Documentation of the subrecipient’s nonprofit status must be uploaded, if the applicant and project subrecipient are different entities, and the subrecipient is a nonprofit organization.

Other Attachment(s): Attach any additional information supporting the project funding request. Use a zip file to attach multiple documents.

If indicated on Screens 3A and/or 3B, the following additional attachment screens may be visible that should be used instead of Screen 7A. Attachments:

CoC Rejection Letter: Projects that are applying for CoC funds and that have been rejected for the competition by their CoC (Solo Projects) must submit documentation from the CoC verifying and explaining why the project has been rejected.

Certification of Consistency with Consolidated Plan: Each applicant that is not a State or unit of local government is required to have a certification by the jurisdiction in which the proposed project will be located confirming that the applicant’s application for funding is consistent with the jurisdiction’s HUD-approved consolidated plan. The certification must be made in accordance with the provisions of the consolidated plan regulations at 24 CFR part 91, subpart F. For projects that selected “No CoC” on Screen 3A, a form HUD-2991 must be obtained and signed by the certifying official for the applicable jurisdiction, indicating that the proposed project will be consistent with the Consolidated Plan. If the Solo Applicant is a State or unit of local government, the jurisdiction must certify that it is following its HUD-approved Consolidated Plan.

7B. Certification

A. For all projects:

Fair Housing and Equal Opportunity

It will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000(d)) and regulations pursuant thereto (Title 24 CFR part I), which state that no person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives Federal financial assistance, and will immediately take any measures necessary to effectuate this agreement. With reference to the real property and structure(s) thereon which are provided or improved with the aid of Federal financial assistance extended to the applicant, this assurance shall obligate the applicant, or in the case of any transfer, transferee, for the period during which the real property and structure(s) are used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

It will comply with the Fair Housing Act (42 U.S.C. 3601-19), as amended, and with implementing regulations at 24 CFR part 100, which prohibit discrimination in housing on the basis of race, color, religion, sex, disability, familial status or national origin.

It will comply with Executive Order 11063 on Equal Opportunity in Housing and with implementing regulations at 24 CFR Part 107 which prohibit discrimination because of race, color, creed, sex or national origin in housing and related facilities provided with Federal financial assistance.

It will comply with Executive Order 11246 and all regulations pursuant thereto (41 CFR Chapter 60-1), which state that no person shall be discriminated against on the basis of race, color, religion, sex or national origin in all phases of employment during the performance of Federal contracts and shall take affirmative action to ensure equal employment opportunity. The applicant will incorporate, or cause to be incorporated, into any contract for construction work as defined in Section 130.5 of HUD regulations the equal opportunity clause required by Section 130.15(b) of the HUD regulations.

It will comply with Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701(u)), and regulations pursuant thereto (24 CFR Part 135), which require that to the greatest extent feasible opportunities for training and employment be given to lower-income residents of the project and contracts for work in connection with the project be awarded in substantial part to persons residing in the area of the project.

It will comply with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended, and with implementing regulations at 24 CFR Part 8, which prohibit discrimination based on disability in Federally-assisted and conducted programs and activities.

It will comply with the Age Discrimination Act of 1975 (42 U.S.C. 6101-07), as amended, and implementing regulations at 24 CFR Part 146, which prohibit discrimination because of age in projects and activities receiving Federal financial assistance.
It will comply with Executive Orders 11625, 12432, and 12138, which state that program participants shall take affirmative action to encourage participation by businesses owned and operated by members of minority groups and women.

If persons of any particular race, color, religion, sex, age, national origin, familial status, or disability who may qualify for assistance are unlikely to be reached, it will establish additional procedures to ensure that interested persons can obtain information concerning the assistance.

It will comply with the reasonable modification and accommodation requirements and, as appropriate, the accessibility requirements of the Fair Housing Act and section 504 of the Rehabilitation Act of 1973, as amended.

**Additional for Rental Assistance Projects:**

If applicant has established a preference for targeted populations of disabled persons pursuant to 24 CFR 582.330(a), it will comply with this section's nondiscrimination requirements within the designated population.

**B. For non-Rental Assistance Projects Only.**

**20-Year Operation Rule.**

For applicants receiving assistance for acquisition, rehabilitation or new construction: The project will be operated for no less than 20 years from the date of initial occupancy or the date of initial service provision for the purpose specified in the application.

**1-Year Operation Rule.**

For applicants receiving assistance for supportive services, leasing, or operating costs but not receiving assistance for acquisition, rehabilitation, or new construction: The project will be operated for the purpose specified in the application for any year for which such assistance is provided.

**C. Explanation.**

Where the applicant is unable to certify to any of the statements in this certification, such applicant shall provide an explanation.

**Name of Authorized Certifying Official**  Linda Gardner

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2016 Continuum of Care (CoC) Program Competition. For more information see FY 2016 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2016 CoC Program NOFA and the FY 2016 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2015 Project Application will be imported into the FY 2016 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the FY 2015 post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2016 CoC Program Competition NOFA.

2B. Recipient Performance

Instructions:
The selections made on this screen by completing all of the mandatory fields marked with an asterisk (*), will provide information on capacity of the project applicant. The screen asks the Project Applicant questions about capacity performance as a HUD grant recipient; in terms of: timely submission of required reports, quarterly eLOCCS drawdowns, addressing HUD monitoring and/or OIG audit findings and the recapture of any funds from the most recently expired grant term of the project.

APR Submission: Select “Yes” or “No” from the dropdown menu to indicate whether you have successfully submitted the APR on time for the most recently expired grant term related to this renewal project request. If “No” is selected, an additional question will appear, in which you must provide an explanation in the textbox; as to why the APR was not submitted in a timely manner.

HUD Monitoring Findings: Select “Yes” or “No” from the dropdown menu to indicate whether your organization has any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request. If “Yes” is selected, two new questions will appear, in which the applicant will enter the date of the oldest unresolved finding(s) and explain why the findings remain unresolved in the textbox provided.

Quarterly Drawdowns: Select “Yes” or “No” from the dropdown menu to indicate whether your organization maintained consistent Quarterly Drawdowns from eLOCCS for the most recent grant terms related to this renewal project. If “No,” is selected, one new question will appear in which the applicant must explain, in the textbox provided, as to why the recipient has not maintained consistent Quarterly Drawdowns for the most recent grant terms related to this renewal project request.

Recaptured Funds: Select “Yes” or “No” from the dropdown menu to indicate whether any funds have been recaptured by HUD for the most recently expired grant term related to this renewal project request. If “Yes,” is selected, one new question will appear, in which the applicant must explain why HUD recaptured funds from the most recently expired grant term.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? Yes

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? Yes

   Date HUD or OIG issued the oldest unresolved finding(s) 09/13/2005

   Explain why the finding(s) remains unresolved
   All but two findings have been resolved, but as of a letter dated 6/15/2012 HUD has requested additional time to resolve the remaining two. HUD staff confirmed by email that they still need more time as of Dec. 2015.

3. Has the recipient maintained consistent Yes
Quarterly Drawdowns for the most recent grant term related to this renewal project request?

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request?  Yes

Explain the circumstances that led HUD to recapture funds from the most recently expired grant term related to this renewal project request.

The underspent grant funds of this most recent year are in the Budget Line Items of Supportive Services, Operations, and Administrative Costs. These are primarily related to staff positions that were vacant for parts of the year. Our analysis indicates that this is reflective of high staff turnover rates, especially in the Residential Counselor and Specialist Counselor positions. While we promptly post these positions, we find that the recruitment, clearance and training process results in several weeks at minimum to fill a position. We try to maintain a pool of on call staff to reduce the vacancy period. Upwards wage pressures and housing costs in our community have made it a challenge to hire and retain individuals in direct care staff positions. The agency has recently provided a series of pay increases, which will ideally allow for the program to remain fully staffed and utilize all funds. We have also been able to charge more of our staff’s time providing Mental Health Services to our County Behavioral Health contract, thus decreasing our staff costs in our HUD grant in this area. For the 16-17 grant year, we reduced our grant amount by $30,000; this will drastically decrease our under spending and bring our eligible costs in closer alignment with our grant award. We have also underspent for food, as we have tried hard to be efficient about ordering necessary food in bulk to keep our food costs down. We regularly review our costs to be sure we are requesting reimbursement for every eligible cost that we incur and will continue to do so.
3A. Project Detail

Instructions:

The selections made on this screen will determine which additional forms will need to be completed for this project application.

Expiring Grant Number: This field is pre-populated with the expiring grant number entered on Screen “1A. Application Type.”

CoC Number and Name: Select the number and name of the CoC to which the project application will be submitted for the local competition review process. This is the CoC that will submit the CoC Consolidated Application to HUD by the designated submission deadline. Applicants with projects that do not belong to a CoC should select “No CoC.”

CoC Collaborative Applicant Name: Select the name of the CoC Applicant, also known as the Collaborative Applicant, from the dropdown. In most cases, there will only be one name from which to choose. The project applicant should choose the name of the CoC Applicant to which they intend to submit this project application.

Project Name: This is pre-populated from the “Project” Form and cannot be edited.

Project Status: The default selection is “Standard,” indicating that the applicant is submitting the application to the Collaborative Applicant for consideration in the FY 2016 CoC Program competition. The selection should only be changed to “Appeal” in the event that the project application is rejected by the Collaborative Applicant (either formally in e-snaps or outside of e-snaps) and the project applicant wants to appeal this decision directly to HUD by submitting a solo application. For additional information on the appeal process, see Section X of the FY 2016 CoC Program Competition NOFA. A full explanation of the process is provided on Screen “8A. Notice of Intent to Appeal.”

Component Type: This is a required field. Select the component type that identifies the renewal project application type. This can be either a PH, SH, TH, SSO or HMIS. The selection of component type will have an affect on what question on subsequent screens are asked of the user.

Title V: This field is required. Select “Yes” or “No” to indicate if one or more properties being served by this project were acquired under Title V.

Additional Resources can be found at the HUD Resource Exchange:
https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Expiring Grant Number: CA0126L9T021508
   (e.g., the "Federal Award Identifier" indicated on form 1A. Application Type)

2a. CoC Number and Name: CA-502 - Oakland, Berkeley/Alameda County CoC
2b. CoC Collaborative Applicant Name: Alameda County

3. Project Name: Turning Point
4. Project Status: Standard

5. Component Type: TH

6. Does this project use one or more properties that have been conveyed through the Title V process? No
3B. Project Description

Instructions:

ALL PROJECTS

Provide a description that addresses the entire scope of the proposed project: This is a required field. The project description should address the entire scope of the project, including a clear picture of the target population(s) to be served, the plan for addressing the identified needs/issues of the CoC target population(s), projected outcome(s), and coordination with other source(s)/partner(s). The narrative is expected to describe the project at full operational capacity. The description should be consistent with and make reference to other parts of this application.

Does your project have a specific population focus: This is a required field. Select “Yes” if your project has special capacity in its facilities, program designs, tools, outreach or methodologies for a specific subpopulation or subpopulations. This does not necessarily mean that the project exclusively serves that subpopulation(s), but rather that they are uniquely equipped to serve them. If “Yes” is selected, select the relevant checkbox(s) to identify the project’s population focus.

PH, SH, TH and SSO PROJECTS ONLY

Does the project follow a “Housing First” approach: This is a required field for PH, TH and SSO projects only. Select all applicable checkboxes that indicate whether or not the project currently follows a housing first approach that ensures that participants are not screened out based on barriers such as income, sobriety, etc. Select “none of the above” if the project does not follow a housing first approach.

Does the project quickly move participants into permanent housing?: This is a required field. Select “Yes” to this question if your project will quickly move program participants into permanent housing without additional steps (e.g., required stay in transitional housing first) before moving to permanent housing. If you are a domestic violence (DV) program you should select “Yes” if you will quickly move program participants into permanent housing after immediate safety needs are addressed (e.g., a person who is still in danger from a violent partner and would move into PH once the dangerous situation has been addressed). Select “No” if the project does not work to move program participants quickly into permanent housing.

Does the project ensure that participants are not screened out based on the listed reasons? (Check all that apply): This is a required field and at least one option must be selected. Multiple checkbox selections are provided.

Does the project ensure that participants are not terminated from the program for the listed reasons? (Check all that apply) Multiple checkbox selections are provided.

Does the project follow a “Housing First” approach? This is auto-scored based upon the responses to the questions above and “Yes” or “No” will indicate if the project is using the Housing First approach to house program participants.

PH PROJECTS ONLY

Does the PH project provide PSH or RRH: This is a required field. Select “PSH” if the project will operate according to a permanent supportive housing model as defined by 24 CFR 578. Select “RRH” if the project will operate according to a rapid rehousing model as defined by 24 CFR 578.

PH AND TH PROJECTS ONLY:

Does the project request costs under the rental assistance budget line item?: This is a required field. If requesting rental assistance, select “Yes” from the dropdown menu. If not requesting rental assistance in this project application, select “No”.

RENTAL ASSISTANCE PROJECTS ONLY

Is this a CoC Program leasing or SHP project that had been approved by HUD to change the renewal project budget from leasing to rental assistance? (This change must have been listed on
the final HUD-approved FY 2016 GIW. See 24 CFR 578.49(b)(8)): This is a required field. “Yes” should only be selected if HUD approved a change from leasing to rental assistance during the FY 2016 GIW process.

FOR SSO PROJECTS ONLY

Please select the type pf SSO Project: Four options are given; Street Outreach; Housing Project or Housing Structure Specific; Coordinated Entry; Standalone Supportive Service. Only Coordinated Entry will have follow up questions.

FOR SSO COORDINATED ENTRY PROJECTS ONLY

Will the coordinated entry process funded in part by this grant cover the COC’s entire geographic area: This is a required field. Yes/ No dropdown question.

Will the coordinated entry process funded in part by this grant be easily accessible: This is a required field. Yes/No dropdown question.

Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance. This is a required field. Explain the outreach strategy of the CE.

Does the coordinated entry process use a comprehensive, standardized assessment process: This is a required field. Yes/No dropdown question.

Describe the referral process and how the coordinated entry process ensures that participants are directed to appropriate housing and/or services: This is a required field. Explain the referral process.

If the coordinated entry process includes differences in the access, entry, assessment, or referral for certain populations, are those differences limited only to the following four groups: Individuals, Families, DV, and Youth: This is a required field. Yes/No dropdown question.

1. Provide a description that addresses the entire scope of the proposed project.

Fred Finch Youth Center’s Turning Point transitional housing program provides temporary housing and comprehensive supportive services for homeless young adults aged 18-25. We assist residents to find permanent housing options as soon as possible by quickly identifying their housing resources and options and addressing obstacles. Supportive services, including mental health counseling, substance abuse counseling, vocational training, educational support and advocacy, housing search, financial literacy training, and independent living skills are brought together on-site through a team approach that supports each resident to achieve his or her individual goals. Transitional housing is provided at two sites in Berkeley: a 5-bedroom home on King Street which houses 10 residents, and 3 apartment units on 8th Street, which house a total of 8 residents. Each home is fully furnished and offers food, transportation, and other basic necessities as needed.

2. Does your project have a specific population focus?  Yes

4A. Supportive Services for Participants

Instructions:

ALL PROJECTS EXCEPT HMIS

For all supportive services available to participants, indicate who will provide them, and how often they are provided. This field is required and at least one value must be entered. Complete each row of drop down menus for supportive services that will be available to participants, using the funds requested through the application, and funds from other sources. If more than one Provider is relevant for a single service, please select the provider that corresponds to the highest frequency.

- Provider: select one of the following: “Applicant” to indicate that the applicant will provide the service directly; “Subrecipient” to indicate that a subrecipient will provide the service directly; “Partner” to indicate that an organization that is not a subrecipient of project funds but with whom a formal agreement or MOU has been signed will provide the service directly; or, “Non-Partner” to indicate that a specific organization with whom no formal agreement has been established regularly provides the service to clients. If more than one provider offers the service at the same frequency, choose the provider according to the following: Applicant, then Subrecipient, then Partner, and lastly, non-Partner.

- Frequency: Select the most common interval of time for which the service is accessible to participants. If two frequencies are equally common, choose the interval with the highest frequency.

Applicants may leave dropdown menus as “—select—” when services are not applicable.

Please identify whether the project includes the following activities:

- Transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs? Select “Yes” or “No” from the dropdown menu.
- Use of a single application form for four or more mainstream programs? Select “Yes” or “No” from the dropdown menu.
- At least annual follow-ups with participants to ensure mainstream benefits are received and renewed? Select “Yes” or “No” from the dropdown menu.
- Do project participants have access to SSI/SSDI technical assistance provided by the applicant, a subrecipient, or partner agency? Select “Yes” or “No” from the dropdown menu. If “Yes” is selected the following question will become visible:

- Has the staff person providing the technical assistance completed SOAR training in the past 24 months. Select “Yes” or “No” from the dropdown menu.

4B. Housing Type and Location Detail

Instructions:

ALL PROJECTS EXCEPT HMIS

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site:  This is a required field. Indicate the number of units and beds that will be served by this project.

PH-PSH PROJECTS ONLY

How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project’s grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as “CH Beds” on a CoC’s Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter “0.”

How many of the total beds entered in "2b. Beds" are not dedicated to the chronically homeless? This is a required field, but it is Auto calculated. The number that is calculated is the difference between 3a and 2b.

How many of the total beds entered in "3b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number of beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the projects grant agreement for FY 2016 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter “0.”

How many of the beds listed in question “3c.” above will be prioritized for use by the chronically homeless? This is a required field. Use the number of turnover beds that are not dedicated to the chronically homeless and that you estimated in field c to estimate and enter the number of those beds that will be prioritized for the chronically homeless as soon as they do turnover.

ALL PROJECTS EXCEPT HMIS

Address:  This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address:  This is a required field. Select the geographic location(s) of the selected Housing Type.

4B. Housing Type and Location Detail

Instructions:
ALL PROJECTS EXCEPT HMIS

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.
How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project's grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as “CH Beds” on a CoC's Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter “0.”

How many of the total beds entered in "2b. Beds" are not dedicated to the chronically homeless? This is a required field, but it is Auto calculated. The number that is calculated is the difference between 3a and 2b.

How many of the total beds entered in "3b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number of beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the projects grant agreement for FY 2016 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter “0.”

How many of the beds listed in question "3c." above will be prioritized for use by the chronically homeless? This is a required field. Use the number of turnover beds that are not dedicated to the chronically homeless and that you estimated in field c to estimate and enter the number of those beds that will be prioritized for the chronically homeless as soon as they do turnover.

1. Housing Type: Clustered apartments

2. Indicate the maximum number of units and beds available for project participants at the selected housing site.
   a. Units: 3
   b. Beds: 8

3. Beds for Youth
   a. How many of the total beds entered in "2b. Beds" are dedicated to the youth? 8

5A. Project Participants - Households

Instructions:

ALL PROJECTS EXCEPT HMIS

In each non-shaded field list the number of households or persons served at maximum program capacity. The numbers here are intended to reflect a single point in time at maximum occupancy and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Households: Enter the number of households under at least one of the categories: Households with at least One Adult and One Child, Adult Households without Children, or Households with Only Children.

Households with at least One Adult and One Child: Enter the total number of households with at least one adult and one child. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Households without Children: Enter the total number of adult households without children. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Households with Only Children: Enter the total number of households with only children. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Characteristics: Enter the total number of homeless that fall under one of the characteristics listed.

Persons in Households with at least One Adult and One Child: Enter the number of persons in households with at least one adult and one child for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Persons in Households without Children: Enter the number of persons in households without children for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children: Enter the number of persons in households with only children for each demographic row. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Totals: All fields in the “Total Number...” and “Total Persons” rows will automatically calculate when the “Save” button is clicked.

**5B. Project Participants - Subpopulations**

**Instructions:**

ALL PROJECTS EXCEPT HMIS

*This screen can only be completed once Screen “5A. Project Participants – Households” has been completed and saved.

In each non-shaded field enter the number of persons served at maximum program capacity according to their age group, disability status, and the extent in which persons served fit into one or more of the subpopulation categories. The numbers here are intended to reflect a single point in time at maximum capacity and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Complete each of the three charts on this screen according to household types.

Persons in Households with at least one Adult and One Child chart: Enter only persons in households with at least one adult and one child. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and at least one person under the age of 18.

Persons in Households without Children chart: Enter only persons in adult households without children. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children chart: Enter only persons in households with only children. To be listed on this chart, a person must be part of a household with no persons at or above the age of 18, and only persons under the age of 18.

Total Persons: All fields in the “Total Persons” rows will calculate automatically when the “Save” button is clicked.

Describe the unlisted subpopulations referred to above: This field is visible and mandatory if a number greater than 0 is entered into the column “Persons not represented by listed subpopulations.” Enter text that describes the person(s) identified in this column and explains how they do not fall under the other categories in columns 1 through 9.

5C. Outreach for Participants

Instructions:

ALL PROJECTS EXCEPT HMIS

Enter the percentage of project participants that will be coming from each of the following locations. This is a required field. Enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:
- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens (persons coming from TH are not considered to be chronically homeless)
- Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (only applicable to TH and SSO projects)
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the “Save” button is clicked. A warning message will appear if the total is greater than 100%.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

6A. Funding Request

Instructions:

ALL PROJECT APPLICATIONS

The fields that must be completed on this screen will vary based on the project type, program type, and component type selected earlier in the project application.

Do any of the properties in this project have an active restrictive covenant? This is a required field. Select “Yes” or “No” to indicate whether or not one or more of the project properties are subject to an active restrictive covenant. As a reminder, any project awarded capital cost funds (new construction, acquisition, or rehabilitation) has a 20 year or if initially awarded under the CoC Program (FY 2012 capital costs and beyond) a 15 year use restriction.

Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project? This is a required field. Indicate if this project previously received funds under either the Samaritan Housing or Permanent Housing Bonus initiative. If yes, then the project must continue to meet the requirements of the initiative, as specified in the Homeless Assistance Grants NOFA for the year in which funds were originally awarded, in order to continue to receive renewal funding under the CoC Program Competition.

Are the requested renewal funds reduced from the previous award as a result of reallocation?: This is a required field. Select “Yes” or “No” to indicate whether the renewal project is reduced through the reallocation process. The response will be compared to the CoC’s Reallocation Forms.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select ‘Yes’ or ‘No’ to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult 2 CFR Part 200.56, Part 200.413 and Part 200.414, FY 2016 NOFA and contact your local HUD office. The following questions become visible if “Yes” is selected:
- Please complete the indirect cost rate schedule below: Must complete at least one row.
- Has this rate been approved by your cognizant agency?: Select “Yes” or “No” from the dropdown menu.
- Do you plan to use the 10% de minimis rate? Select “Yes” or “No” from the dropdown menu.

Renewal Grant Term: This field is pre-populated with a one-year grant term and cannot be edited.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budget for which funding is being requested. The choices available will depend on the component and project type selected on Screen “3A Project Detail.” The following eligible costs may be listed: leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities listed on the CoC’s final HUD-approved FY 2016 GIW.

If you do not see the funding budgets that you expected, you may need to return to Screen “3A. Project Detail” to review the “Component Type” and/or “3B. Project Description” to review the type of project selected. See the FY 2016 CoC Program NOFA for additional guidance.

Additional Resources can be found at the HUD Resource Exchange:

Leased Units Budget Detail

Instructions:

Metropolitan or non-metropolitan fair market rent area: This is a required field. Select the FY2016 FMR area in which the project is located. The list is sorted by state abbreviation. The selected FMR area will be used to populate the rent for each unit in the FMR Area column in the chart below. The FMRs are available online at http://www.huduser.org/portal/datasets/fmr.html.

Size of Units: These options are system generated. Unit size is defined by the number of distinct bedrooms and not by the number of distinct beds.

# of units: This is a required field. For each unit size, enter the number of units for which funding is being requested. The number(s) entered must match the HUD approved FY 2016 GIW.

Total Units and Annual Assistance Requested: This is a required field. Enter in the total leased units amount according to the CoC’s HUD approved FY 2016 GIW.

Grant Term: This field is populated with “1 Year” and will be read only.

Total Request for Grant Term: This field will equal the total leasing amount entered above.

All total fields will be calculated once the required field has been completed and saved.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

Enter the appropriate values in the "Number of Units" AND "Total Request" fields.

## 6E. Supportive Services Budget

### Instructions:

Enter the quantity and total budget request for each supportive services cost. The request entered should be equivalent to the cost of one year of the relevant supportive service.

Eligible Costs: The system populates a list of eligible supportive services for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.53.

Quantity AND Description: This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity in detail (e.g. 1 FTE Case Manager Salary + benefits, or child care for 15 children) for each supportive service activity for which funding is being requested. Please note that simply stating “1FTE” is NOT providing “Quantity AND Detail” and limits HUD’s understanding of what is being requested. Failure to enter adequate ‘Quantity AND Detail’ may result in conditions being placed on an award and a delay of grant funding.

Annual Assistance Requested: This is a required field. Enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to providing supportive services to homeless participants. The request should match the budget amounts identified on the CoC’s HUD-approved FY 2016 GIW.

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Grant Term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Additional Resources can be found at the HUD Resource Exchange: [https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/](https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/)

### Instructions:

Enter the quantity and total budget request for each operating cost. The request entered should be equivalent to the cost of one year of the relevant operations activity.

Eligible Costs: The system populates a list of eligible operating costs for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.55.

Quantity AND Detail: This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity and detail (e.g., .75 FTE hours and benefits for staff, utility types, and monthly allowance for supplies) for each operating cost for which funding is being requested. Please note that simply stating “1FTE” is NOT providing “Quantity AND Detail” and restricts understanding of what is being requested. Failure to enter adequate “Quantity AND Detail” may result in conditions being placed on the award and a delay of grant funding.

Annual Assistance Requested: This is a required field. Enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to operating the housing or supportive services facility. The request should match the budget amounts identified on the CoC’s HUD-approved FY 2016 GIW

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Are you requesting a 15 year renewal per the FY2016 CoC Program NOFA? This request is only available for Operating Costs budget line items in projects in which the applicant owns the building and needs to provide maintenance. Only 1 year of funding is allowed according to the relevant section of the FY 2016 CoC Program Competition NOFA.

Grant term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based on the total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Are you requesting a 15 year renewal per section IV.B.3.b. This request is only available for projects with operating costs and 1 year of funding according to the relevant section of the FY 2015 CoC Program Competition NOFA.
6G. HMIS Budget

Instructions:

Enter the quantity and total budget request for each HMIS cost. The request entered should be equivalent to the cost of one year of the relevant HMIS activity. The system populates a list of eligible costs associated with the implementation of an HMIS and for which CoC funds can be requested.

Quantity Detail: This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity and detail (e.g., .75 FTE hours and benefits for staff) for each HMIS cost for which funding is being requested. Please note that simply stating “1 FTE” is NOT providing “Quantity AND Detail” and restricts understanding of what is being requested. Failure to enter adequate “Quantity AND Detail” may result in conditions being placed on the award and a delay of grant funding.

Annual Assistance Requested: This is a required field. Enter the amount funds requested for each activity. The request should match the budget amounts identified on the CoC’s HUD-approved FY 2016 GIW.

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Grant term: This field is populated based on the grant term selected on the “Funding Request” screen and will be read only.

Total Request for Grant Term: This field is automatically calculated based on the total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Additional Resources can be found at the HUD Resource Exchange:
https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

A quantity AND description must be entered for each requested cost. Any cost without a quantity and a description will be removed from the budget.

Total Value of In-Kind Commitments: $0
Total Value of All Commitments: $148,084
# Sources of Match Detail

**Instructions:**

Match (cash or in-kind) must be used for eligible program costs only and must be equal to or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs. Please review 24 CFR Part 578, the FY 2015 CoC Program NOFA for more detailed information concerning Match.

Will this commitment be used towards Match? Yes is automatically selected and this is a field that cannot be edited.

Type of Commitment: Select Cash ($) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

Type of source: Select Private or Government to denote the source of the contribution. The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of written commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match/ screen will populate the Screen “6I. Summary Budget.” The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to field “7. Admin (Up to 10%).”

Admin (Up to 10%): Enter the amount of requested administration funds. The request should match the amount identified on the CoC’s HUD-approved FY 2016 GIW. HUD will not fund greater than 10% of the request listed in the field “Sub-Total Eligible Costs Request.” If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is the total amount of funding the project applicant will request in the FY 2016 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field “Total Eligible Costs Request” minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen “6H. Sources of Match” to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.

### Instructions:

Subrecipient Nonprofit Documentation: Documentation of the subrecipient's nonprofit status must be uploaded, if the applicant and project subrecipient are different entities, and the subrecipient is a nonprofit organization.

Other Attachment(s): Attach any additional information supporting the project funding request. Use a zip file to attach multiple documents.

If indicated on Screens 3A and/or 3B, the following additional attachment screens may be visible that should be used instead of Screen 7A. Attachments:

**CoC Rejection Letter:** Projects that are applying for CoC funds and that have been rejected for the competition by their CoC (Solo Projects) must submit documentation from the CoC verifying and explaining why the project has been rejected.

**Certification of Consistency with Consolidated Plan:** Each applicant that is not a State or unit of local government is required to have a certification by the jurisdiction in which the proposed project will be located confirming that the applicant's application for funding is consistent with the jurisdiction's HUD-approved consolidated plan. The certification must be made in accordance with the provisions of the consolidated plan regulations at 24 CFR part 91, subpart F. For projects that selected “No CoC” on Screen 3A, a form HUD-2991 must be obtained and signed by the certifying official for the applicable jurisdiction, indicating that the proposed project will be consistent with the Consolidated Plan. If the Solo Applicant is a State or unit of local government, the jurisdiction must certify that it is following its HUD-approved Consolidated Plan.

7B. Certification

A. For all projects:

Fair Housing and Equal Opportunity

It will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000(d)) and regulations pursuant thereto (Title 24 CFR part I), which state that no person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives Federal financial assistance, and will immediately take any measures necessary to effectuate this agreement. With reference to the real property and structure(s) thereon which are provided or improved with the aid of Federal financial assistance extended to the applicant, this assurance shall obligate the applicant, or in the case of any transfer, transferee, for the period during which the real property and structure(s) are used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

It will comply with the Fair Housing Act (42 U.S.C. 3601-19), as amended, and with implementing regulations at 24 CFR part 100, which prohibit discrimination in housing on the basis of race, color, religion, sex, disability, familial status or national origin.

It will comply with Executive Order 11063 on Equal Opportunity in Housing and with implementing regulations at 24 CFR Part 107 which prohibit discrimination because of race, color, creed, sex or national origin in housing and related facilities provided with Federal financial assistance.

It will comply with Executive Order 11246 and all regulations pursuant thereto (41 CFR Chapter 60-1), which state that no person shall be discriminated against on the basis of race, color, religion, sex or national origin in all phases of employment during the performance of Federal contracts and shall take affirmative action to ensure equal employment opportunity. The applicant will incorporate, or cause to be incorporated, into any contract for construction work as defined in Section 130.5 of HUD regulations the equal opportunity clause required by Section 130.15(b) of the HUD regulations.

It will comply with Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701(u)), and regulations pursuant thereto (24 CFR Part 135), which require that to the greatest extent feasible opportunities for training and employment be given to lower-income residents of the project and contracts for work in connection with the project be awarded in substantial part to persons residing in the area of the project.

It will comply with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended, and with implementing regulations at 24 CFR Part 8, which prohibit discrimination based on disability in Federally-assisted and conducted programs and activities.

It will comply with the Age Discrimination Act of 1975 (42 U.S.C. 6101-07), as amended, and implementing regulations at 24 CFR Part 146, which prohibit discrimination because of age in projects and activities receiving Federal financial assistance.
It will comply with Executive Orders 11625, 12432, and 12138, which state that program participants shall take affirmative action to encourage participation by businesses owned and operated by members of minority groups and women.

If persons of any particular race, color, religion, sex, age, national origin, familial status, or disability who may qualify for assistance are unlikely to be reached, it will establish additional procedures to ensure that interested persons can obtain information concerning the assistance.

It will comply with the reasonable modification and accommodation requirements and, as appropriate, the accessibility requirements of the Fair Housing Act and section 504 of the Rehabilitation Act of 1973, as amended.

**Additional for Rental Assistance Projects:**

If applicant has established a preference for targeted populations of disabled persons pursuant to 24 CFR 582.330(a), it will comply with this section's nondiscrimination requirements within the designated population.

**B. For non-Rental Assistance Projects Only.**

**20-Year Operation Rule.**

For applicants receiving assistance for acquisition, rehabilitation or new construction: The project will be operated for no less than 20 years from the date of initial occupancy or the date of initial service provision for the purpose specified in the application.

**1-Year Operation Rule.**

For applicants receiving assistance for supportive services, leasing, or operating costs but not receiving assistance for acquisition, rehabilitation, or new construction: The project will be operated for the purpose specified in the application for any year for which such assistance is provided.

**C. Explanation.**

Where the applicant is unable to certify to any of the statements in this certification, such applicant shall provide an explanation.

**Name of Authorized Certifying Official**: Thomas Alexander  
**Date**: 08/15/2016  
**Title**: President & CEO

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2016 Continuum of Care (CoC) Program Competition. For more information see FY 2016 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2016 CoC Program NOFA and the FY 2016 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2015 Project Application will be imported into the FY 2016 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the FY 2015 post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2016 CoC Program Competition NOFA.

Is Application Subject to Review by State Executive Order 12372 Process: In this required field, select the appropriate dropdown option that applies to the Applicant applying for homeless assistance funding. Applicants should contact the State Single Point of Contact (SPOC) for Federal Executive Order 12372 to determine whether the application is subject to the State intergovernmental review process.

Click the following link to access the lists of those States that have chosen to participate in the intergovernmental review process: http://www.whitehouse.gov/omb/grants_spoc

If the applicant is located in a state or U.S. territory that is required review by State Executive Order 12372, enter the date this application was made available to the State or U.S. territory for review.

Is the Applicant Delinquent on any Federal Debt: In this required field, select the appropriate dropdown option that applies to the project applicant. This question applies to the project applicant's organization, not the person who signs as the authorized representative. Categories of debt include delinquent audit disallowances, loans, and taxes.

If "Yes" is selected an explanation is required in the space provided on this screen.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

19. Is the Application Subject to Review By State Executive Order 12372 Process?

b. Program is subject to E.O. 12372 but has not been selected by the State for review.

If "YES", enter the date this application was made available to the State for review:

20. Is the Applicant delinquent on any Federal debt?

No

If "YES," provide an explanation:
Instructions:
The authorized person for the project applicant organization must agree to the declaration statement in order to proceed to the project application. The list of certifications and assurances are contained in the FY 2016 CoC Program NOFA, and in the e-snaps Project Applicant Profile.

Authorized Representative: The authorized representative’s information is pre-populated on this screen from the Project Applicant Profile. A copy of the governing body’s authorization for this person to sign the project application as the official representative must be on file in the applicant’s office.

Additional Resources can be found at the HUD Resource Exchange:
https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

All screens, 1A – 1F must be completed in full before the project applicant will have access to the Project Application in e-snaps.

By signing and submitting this application, I certify (1) to the statements contained in the list of certifications** and (2) that the statements herein are true, complete, and accurate to the best of my knowledge. I also provide the required assurances** and agree to comply with any resulting terms if I accept an award. I am aware that any false, fictitious, or fraudulent statements or claims may subject me to criminal, civil, or administrative penalties. (U.S. Code, Title 218, Section 1001)

2B. Recipient Performance

Instructions:

The selections made on this screen by completing all of the mandatory fields marked with an asterisk (*), will provide information on capacity of the project applicant. The screen asks the Project Applicant questions about capacity performance as a HUD grant recipient; in terms of: timely submission of required reports, quarterly eLOCCS drawdowns, addressing HUD monitoring and/or OIG audit findings and the recapture of any funds from the most recently expired grant term of the project.

APR Submission: Select "Yes" or "No" from the dropdown menu to indicate whether you have successfully submitted the APR on time for the most recently expired grant term related to this renewal project request. If "No" is selected, an additional question will appear, in which you must provide an explanation in the textbox; as to why the APR was not submitted in a timely manner.

HUD Monitoring Findings: Select "Yes" or "No" from the dropdown menu to indicate whether your organization has any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request. If "Yes" is selected, two new questions will appear, in which the applicant will enter the date of the oldest unresolved finding(s) and explain why the findings remain unresolved in the textbox provided.

Quarterly Drawdowns: Select "Yes" or "No" from the dropdown menu to indicate whether your organization maintained consistent Quarterly Drawdowns from eLOCCS for the most recent grant terms related to this renewal project. If "No," is selected, one new question will appear in which the applicant must explain, in the textbox provided, as to why the recipient has not maintained consistent Quarterly Drawdowns for the most recent grant terms related to this renewal project request.

Recaptured Funds: Select "Yes" or "No" from the dropdown menu to indicate whether any funds have been recaptured by HUD for the most recently expired grant term related to this renewal project request. If "Yes," is selected, one new question will appear, in which the applicant must explain why HUD recaptured funds from the most recently expired grant term.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? Yes

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? No
3A. Project Detail

Instructions:
The selections made on this screen will determine which additional forms will need to be completed for this project application.

Expiring Grant Number: This field is pre-populated with the expiring grant number entered on Screen “1A. Application Type.”

CoC Number and Name: Select the number and name of the CoC to which the project application will be submitted for the local competition review process. This is the CoC that will submit the CoC Consolidated Application to HUD by the designated submission deadline. Applicants with projects that do not belong to a CoC should select “No CoC.”

CoC Collaborative Applicant Name: Select the name of the CoC Applicant, also known as the Collaborative Applicant, from the dropdown. In most cases, there will only be one name from which to choose. The project applicant should choose the name of the CoC Applicant to which they intend to submit this project application.

Project Name: This is pre-populated from the “Project” Form and cannot be edited.

Project Status: The default selection is “Standard,” indicating that the applicant is submitting the application to the Collaborative Applicant for consideration in the FY 2016 CoC Program competition. The selection should only be changed to “Appeal” in the event that the project application is rejected by the Collaborative Applicant (either formally in e-snaps or outside of e-snaps) and the project applicant wants to appeal this decision directly to HUD by submitting a solo application. For additional information on the appeal process, see Section X of the FY 2016 CoC Program Competition NOFA. A full explanation of the process is provided on Screen “8A. Notice of Intent to Appeal.”

Component Type: This is a required field. Select the component type that identifies the renewal project application type. This can be either a PH, SH, TH, SSO or HMIS. The selection of component type will have an affect on what question on subsequent screens are asked of the user.

Title V: This field is required. Select “Yes” or “No” to indicate if one or more properties being served by this project were acquired under Title V.

Additional Resources can be found at the HUD Resource Exchange:
https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Expiring Grant Number: CA0123L9T021508
   (e.g., the "Federal Award Identifier" indicated on form 1A. Application Type)

2a. CoC Number and Name: CA-502 - Oakland, Berkeley/Alameda County CoC

2b. CoC Collaborative Applicant Name: Alameda County

3. Project Name: Walker House
4. **Project Status:** Standard

5. **Component Type:** PH

6. **Does this project use one or more properties that have been conveyed through the Title V process?** No
3B. Project Description

Instructions:

ALL PROJECTS

Provide a description that addresses the entire scope of the proposed project: This is a required field. The project description should address the entire scope of the project, including a clear picture of the target population(s) to be served, the plan for addressing the identified needs/issues of the CoC target population(s), projected outcome(s), and coordination with other source(s)/partner(s). The narrative is expected to describe the project at full operational capacity. The description should be consistent with and make reference to other parts of this application.

Does your project have a specific population focus: This is a required field. Select “Yes” if your project has special capacity in its facilities, program designs, tools, outreach or methodologies for a specific subpopulation or subpopulations. This does not necessarily mean that the project exclusively serves that subpopulation(s), but rather that they are uniquely equipped to serve them. If “Yes” is selected, select the relevant checkbox(s) to identify the project’s population focus.

PH, SH, TH and SSO PROJECTS ONLY

Does the project follow a “Housing First” approach: This is a required field for PH, TH and SSO projects only. Select all applicable checkboxes that indicate whether or not the project currently follows a housing first approach that ensures that participants are not screened out based on barriers such as income, sobriety, etc. Select “none of the above” if the project does not follow a housing first approach.
- Does the project quickly move participants into permanent housing?: This is a required field. Select “Yes” to this question if your project will quickly move program participants into permanent housing without additional steps (e.g., required stay in transitional housing first) before moving to permanent housing. If you are a domestic violence (DV) program you should select “Yes” if you will quickly move program participants into permanent housing after immediate safety needs are addressed (e.g., a person who is still in danger from a violent partner and would move into PH once the dangerous situation has been addressed). Select “No” if the project does not work to move program participants quickly into permanent housing.
- Does the project ensure that participants are not screened out based on the listed reasons? (Check all that apply): This is a required field and at least one option must be selected. Multiple checkbox selections are provided.
- Does the project ensure that participants are not terminated from the program for the listed reasons? (Check all that apply) Multiple checkbox selections are provided.
- Does the project follow a “Housing First” approach? This is auto-scored based upon the responses to the questions above and “Yes” or “No” will indicate if the project is using the Housing First approach to house program participants.

PH PROJECTS ONLY

Does the PH project provide PSH or RRH: This is a required field. Select “PSH” if the project will operate according to a permanent supportive housing model as defined by 24 CFR 578. Select “RRH” if the project will operate according to a rapid rehousing model as defined by 24 CFR 578.

PH AND TH PROJECTS ONLY:

Does the project request costs under the rental assistance budget line item?: This is a required field. If requesting rental assistance, select “Yes” from the dropdown menu. If not requesting rental assistance in this project application, select “No”.

RENTAL ASSISTANCE PROJECTS ONLY

Is this a CoC Program leasing or SHP project that had been approved by HUD to change the renewal project budget from leasing to rental assistance? (This change must have been listed on
the final HUD-approved FY 2016 GIW. See 24 CFR 578.49(b)(8)): This is a required field. “Yes” should only be selected if HUD approved a change from leasing to rental assistance during the FY 2016 GIW process.

FOR SSO PROJECTS ONLY

Please select the type of SSO Project: Four options are given; Street Outreach; Housing Project or Housing Structure Specific; Coordinated Entry; Standalone Supportive Service. Only Coordinated Entry will have follow up questions.

FOR SSO COORDINATED ENTRY PROJECTS ONLY

Will the coordinated entry process funded in part by this grant cover the COC’s entire geographic area: This is a required field. Yes/No dropdown question.

Will the coordinated entry process funded in part by this grant be easily accessible: This is a required field. Yes/No dropdown question.

Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance. This is a required field. Explain the outreach strategy of the CE.

Does the coordinated entry process use a comprehensive, standardized assessment process: This is a required field. Yes/No dropdown question.

Describe the referral process and how the coordinated entry process ensures that participants are directed to appropriate housing and/or services: This is a required field. Explain the referral process.

If the coordinated entry process includes differences in the access, entry, assessment, or referral for certain populations, are those differences limited only to the following four groups: Individuals, Families, DV, and Youth: This is a required field. Yes/No dropdown question.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Provide a description that addresses the entire scope of the proposed project.

Walker House Residential program serves low/no income disabled clients who may be chronically homeless, disabled and are in need of housing and intensive supportive services. Coordinated support services include case management, life skills, substance abuse counseling, individual counseling, in-house groups, risk reduction planning and support, and referrals to other services to address other unmet client needs.

2. Does your project have a specific population focus? Yes

2a. Please identify the specific population focus. (Select ALL that apply)

4A. Supportive Services for Participants

Instructions:

ALL PROJECTS EXCEPT HMIS

For all supportive services available to participants, indicate who will provide them, and how often they are provided. This field is required and at least one value must be entered. Complete each row of drop down menus for supportive services that will be available to participants, using the funds requested through the application, and funds from other sources. If more than one Provider is relevant for a single service, please select the provider that corresponds to the highest frequency.

- Provider: select one of the following: "Applicant" to indicate that the applicant will provide the service directly; "Subrecipient" to indicate that a subrecipient will provide the service directly; "Partner" to indicate that an organization that is not a subrecipient of project funds but with whom a formal agreement or MOU has been signed will provide the service directly; or, “Non-Partner” to indicate that a specific organization with whom no formal agreement has been established regularly provides the service to clients. If more than one provider offers the service at the same frequency, choose the provider according to the following: Applicant, then Subrecipient, then Partner, and lastly, non-Partner.

- Frequency: Select the most common interval of time for which the service is accessible to participants. If two frequencies are equally common, choose the interval with the highest frequency.

Applicants may leave dropdown menus as “—select—” when services are not applicable.

Please identify whether the project includes the following activities:

- Transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs? Select “Yes” or “No” from the dropdown menu.
- Use of a single application form for four or more mainstream programs? Select “Yes” or “No” from the dropdown menu.
- At least annual follow-ups with participants to ensure mainstream benefits are received and renewed? Select “Yes” or “No” from the dropdown menu.
- Do project participants have access to SSI/SSDI technical assistance provided by the applicant, a subrecipient, or partner agency? Select “Yes” or “No” from the dropdown menu. If “Yes” is selected the following question will become visible:

- Has the staff person providing the technical assistance completed SOAR training in the past 24 months. Select “Yes” or “No” from the dropdown menu.

4B. Housing Type and Location Detail

Instructions:

ALL PROJECTS EXCEPT HMIS

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

PH-PSH PROJECTS ONLY

How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project’s grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as "CH Beds" on a CoC’s Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter “0.”

How many of the total beds entered in "2b. Beds" are not dedicated to the chronically homeless? This is a required field, but it is Auto calculated. The number that is calculated is the difference between 3a and 2b.

How many of the total beds entered in "3b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number of beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the projects grant agreement for FY 2016 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter “0.”

How many of the beds listed in question “3c.” above will be prioritized for use by the chronically homeless? This is a required field. Use the number of turnover beds that are not dedicated to the chronically homeless and that you estimated in field c to estimate and enter the number of those beds that will be prioritized for the chronically homeless as soon as they do turnover.

ALL PROJECTS EXCEPT HMIS

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

### 5A. Project Participants - Households

**Instructions:**

**ALL PROJECTS EXCEPT HMIS**

In each non-shaded field list the number of households or persons served at maximum program capacity. The numbers here are intended to reflect a single point in time at maximum occupancy and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Households: Enter the number of households under at least one of the categories: Households with at least One Adult and One Child, Adult Households without Children, or Households with Only Children.

- **Households with at least One Adult and One Child:** Enter the total number of households with at least one adult and one child. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

- **Adult Households without Children:** Enter the total number of adult households without children. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

- **Households with Only Children:** Enter the total number of households with only children. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Characteristics: Enter the total number of homeless that fall under one of the characteristics listed.

- **Persons in Households with at least One Adult and One Child:** Enter the number of persons in households with at least one adult and on child for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

- **Adult Persons in Households without Children:** Enter the number of persons in households without children for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

- **Persons in Households with Only Children:** Enter the number of persons in households with only children for each demographic row. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Totals: All fields in the “Total Number...” and “Total Persons” rows will automatically calculate when the “Save” button is clicked.

5B. Project Participants - Subpopulations

Instructions:

ALL PROJECTS EXCEPT HMIS

*This screen can only be completed once Screen “5A. Project Participants – Households” has been completed and saved.

In each non-shaded field enter the number of persons served at maximum program capacity according to their age group, disability status, and the extent in which persons served fit into one or more of the subpopulation categories. The numbers here are intended to reflect a single point in time at maximum capacity and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Complete each of the three charts on this screen according to household types.

Persons in Households with at least one Adult and One Child chart: Enter only persons in households with at least one adult and one child. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and at least one person under the age of 18.

Persons in Households without Children chart: Enter only persons in adult households without children. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children chart: Enter only persons in households with only children. To be listed on this chart, a person must be part of a household with no persons at or above the age of 18, and only persons under the age of 18.

Total Persons: All fields in the “Total Persons” rows will calculate automatically when the “Save” button is clicked.

Describe the unlisted subpopulations referred to above: This field is visible and mandatory if a number greater than 0 is entered into the column “Persons not represented by listed subpopulations.” Enter text that describes the person(s) identified in this column and explains how they do not fall under the other categories in columns 1 through 9.

5C. Outreach for Participants

Instructions:

ALL PROJECTS EXCEPT HMIS

Enter the percentage of project participants that will be coming from each of the following locations: This is a required field. Enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:
- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens (persons coming from TH are not considered to be chronically homeless)
- Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (only applicable to TH and SSO projects)
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the “Save” button is clicked. A warning message will appear if the total is greater than 100%.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

6A. Funding Request

Instructions:

ALL PROJECT APPLICATIONS

The fields that must be completed on this screen will vary based on the project type, program type, and component type selected earlier in the project application.

Do any of the properties in this project have an active restrictive covenant: This is a required field. Select “Yes” or “No” to indicate whether or not one or more of the project properties are subject to an active restrictive covenant. As a reminder, any project awarded capital cost funds (new construction, acquisition, or rehabilitation) has a 20 year or if initially awarded under the CoC Program (FY 2012 capital costs and beyond) a 15 year use restriction.

Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project: This is a required field. Indicate if this project previously received funds under either the Samaritan Housing or Permanent Housing Bonus initiative. If yes, then the project must continue to meet the requirements of the initiative, as specified in the Homeless Assistance Grants NOFA for the year in which funds were originally awarded, in order to continue to receive renewal funding under the CoC Program Competition.

Are the requested renewal funds reduced from the previous award as a result of reallocation?: This is a required field. Select “Yes” or “No” to indicate whether the renewal project is reduced through the reallocation process. The response will be compared to the CoC’s Reallocation Forms.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select ‘Yes’ or ‘No’ to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult 2 CFR Part 200.56, Part 200.413 and Part 200.414, FY 2016 NOFA and contact your local HUD office. The following questions become visible if “Yes” is selected:
- Please complete the indirect cost rate schedule below: Must complete at least one row.
- Has this rate been approved by your cognizant agency?: Select “Yes” or “No” from the dropdown menu.
- Do you plan to use the 10% de minimis rate? Select “Yes” or “No” from the dropdown menu.

Renewal Grant Term: This field is pre-populated with a one-year grant term and cannot be edited.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budget for which funding is being requested. The choices available will depend on the component and project type selected on Screen “3A Project Detail.” The following eligible costs may be listed: leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities listed on the CoC’s final HUD-approved FY 2016 GIW.

If you do not see the funding budgets that you expected, you may need to return to Screen “3A. Project Detail” to review the “Component Type” and/or “3B. Project Description” to review the type of project selected. See the FY 2016 CoC Program NOFA for additional guidance.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Do any of the properties in this project have an active restrictive covenant?  Yes
2. Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project? No

3. Are the requested renewal funds reduced from the previous award as a result of reallocation? No

4. Does this project propose to allocate funds according to an indirect cost rate? No

5. Renewal Grant Term: 1 Year

6. Select the costs for which funding is being requested:
   - Leased Units
   - Leased Structures
   - Supportive Services X
   - Operations X
   - HMIS
Instructions:

Enter the quantity and total budget request for each supportive services cost. The request entered should be equivalent to the cost of one year of the relevant supportive service.

Eligible Costs: The system populates a list of eligible supportive services for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.53.

Quantity AND Description: This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity in detail (e.g. 1 FTE Case Manager Salary + benefits, or child care for 15 children) for each supportive service activity for which funding is being requested. Please note that simply stating “1 FTE” is NOT providing “Quantity AND Detail” and limits HUD’s understanding of what is being requested. Failure to enter adequate ‘Quantity AND Detail’ may result in conditions being placed on an award and a delay of grant funding.

Annual Assistance Requested: This is a required field. Enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to providing supportive services to homeless participants. The request should match the budget amounts identified on the CoC’s HUD-approved FY 2016 GIW.

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Grant Term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

A quantity AND description must be entered for each requested cost.

## 6F. Operating Budget

### Instructions:

Enter the quantity and total budget request for each operating cost. The request entered should be equivalent to the cost of one year of the relevant operations activity.

Eligible Costs: The system populates a list of eligible operating costs for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.55.

Quantity AND Detail: This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity and detail (e.g., .75 FTE hours and benefits for staff, utility types, and monthly allowance for supplies) for each operating cost for which funding is being requested. Please note that simply stating “1FTE” is NOT providing “Quantity AND Detail” and restricts understanding of what is being requested. Failure to enter adequate “Quantity AND Detail” may result in conditions being placed on the award and a delay of grant funding.

Annual Assistance Requested: This is a required field. Enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to operating the housing or supportive services facility. The request should match the budget amounts identified on the CoC’s HUD-approved FY 2016 GIW.

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Are you requesting a 15 year renewal per the FY2016 CoC Program NOFA? This request is only available for Operating Costs budget line items in projects in which the applicant owns the building and needs to provide maintenance. Only 1 year of funding is allowed according to the relevant section of the FY 2016 CoC Program Competition NOFA.

Grant term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based on the total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Total Value of Cash Commitments: $80,562
Total Value of In-Kind Commitments: $0
Total Value of All Commitments: $80,562
Sources of Match Detail

Instructions:
Match (cash or in-kind) must be used for eligible program costs only and must be equal to or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs Please review 24 CFR Part 578, the FY 2015 CoC Program NOFA for more detailed information concerning Match.

Will this commitment be used towards Match? Yes is automatically selected and this is a field that cannot be edited.

Type of Commitment: Select Cash ($) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

Type of source: Select Private or Government to denote the source of the contribution. The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of written commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match/ screen will populate the Screen “6I. Summary Budget.” The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

Additional Resources can be found at the HUD Resource Exchange:
https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Will this commitment be used towards Match? Yes
2. Type of Commitment: Cash
3. Type of Source: Government
4. Name the Source of the Commitment: OAA
   (Be as specific as possible and include the office or grant program as applicable)
5. Date of Written Commitment: 06/15/2016
6. Value of Written Commitment: $80,562
6I. Summary Budget

Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to field “7. Admin (Up to 10%).”

Admin (Up to 10%): Enter the amount of requested administration funds. The request should match the amount identified on the CoC’s HUD-approved FY 2016 GIW. HUD will not fund greater than 10% of the request listed in the field “Sub-Total Eligible Costs Request.” If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is the total amount of funding the project applicant will request in the FY 2016 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field “Total Eligible Costs Request” minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen “6H. Sources of Match” to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

7A. Attachment(s)

Instructions:

Subrecipient Nonprofit Documentation: Documentation of the subrecipient's nonprofit status must be uploaded, if the applicant and project subrecipient are different entities, and the subrecipient is a nonprofit organization.

Other Attachment(s): Attach any additional information supporting the project funding request. Use a zip file to attach multiple documents.

If indicated on Screens 3A and/or 3B, the following additional attachment screens may be visible that should be used instead of Screen 7A. Attachments:

CoC Rejection Letter: Projects that are applying for CoC funds and that have been rejected for the competition by their CoC (Solo Projects) must submit documentation from the CoC verifying and explaining why the project has been rejected.

Certification of Consistency with Consolidated Plan: Each applicant that is not a State or unit of local government is required to have a certification by the jurisdiction in which the proposed project will be located confirming that the applicant's application for funding is consistent with the jurisdiction’s HUD-approved consolidated plan. The certification must be made in accordance with the provisions of the consolidated plan regulations at 24 CFR part 91, subpart F. For projects that selected “No CoC” on Screen 3A, a form HUD-2991 must be obtained and signed by the certifying official for the applicable jurisdiction, indicating that the proposed project will be consistent with the Consolidated Plan. If the Solo Applicant is a State or unit of local government, the jurisdiction must certify that it is following its HUD-approved Consolidated Plan.

A. For all projects:

Fair Housing and Equal Opportunity

It will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000(d)) and regulations pursuant thereto (Title 24 CFR part I), which state that no person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives Federal financial assistance, and will immediately take any measures necessary to effectuate this agreement. With reference to the real property and structure(s) thereon which are provided or improved with the aid of Federal financial assistance extended to the applicant, this assurance shall obligate the applicant, or in the case of any transfer, transferee, for the period during which the real property and structure(s) are used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

It will comply with the Fair Housing Act (42 U.S.C. 3601-19), as amended, and with implementing regulations at 24 CFR part 100, which prohibit discrimination in housing on the basis of race, color, religion, sex, disability, familial status or national origin.

It will comply with Executive Order 11063 on Equal Opportunity in Housing and with implementing regulations at 24 CFR Part 107 which prohibit discrimination because of race, color, creed, sex or national origin in housing and related facilities provided with Federal financial assistance.

It will comply with Executive Order 11246 and all regulations pursuant thereto (41 CFR Chapter 60-1), which state that no person shall be discriminated against on the basis of race, color, religion, sex or national origin in all phases of employment during the performance of Federal contracts and shall take affirmative action to ensure equal employment opportunity. The applicant will incorporate, or cause to be incorporated, into any contract for construction work as defined in Section 130.5 of HUD regulations the equal opportunity clause required by Section 130.15(b) of the HUD regulations.

It will comply with Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701(u)), and regulations pursuant thereto (24 CFR Part 135), which require that to the greatest extent feasible opportunities for training and employment be given to lower-income residents of the project and contracts for work in connection with the project be awarded in substantial part to persons residing in the area of the project.

It will comply with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended, and with implementing regulations at 24 CFR Part 8, which prohibit discrimination based on disability in Federally-assisted and conducted programs and activities.

It will comply with the Age Discrimination Act of 1975 (42 U.S.C. 6101-07), as amended, and implementing regulations at 24 CFR Part 146, which prohibit discrimination because of age in projects and activities receiving Federal financial assistance.
It will comply with Executive Orders 11625, 12432, and 12138, which state that program participants shall take affirmative action to encourage participation by businesses owned and operated by members of minority groups and women.

If persons of any particular race, color, religion, sex, age, national origin, familial status, or disability who may qualify for assistance are unlikely to be reached, it will establish additional procedures to ensure that interested persons can obtain information concerning the assistance.

It will comply with the reasonable modification and accommodation requirements and, as appropriate, the accessibility requirements of the Fair Housing Act and section 504 of the Rehabilitation Act of 1973, as amended.

**Additional for Rental Assistance Projects:**

If applicant has established a preference for targeted populations of disabled persons pursuant to 24 CFR 582.330(a), it will comply with this section's nondiscrimination requirements within the designated population.

**B. For non-Rental Assistance Projects Only.**

**20-Year Operation Rule.**

For applicants receiving assistance for acquisition, rehabilitation or new construction: The project will be operated for no less than 20 years from the date of initial occupancy or the date of initial service provision for the purpose specified in the application.

**1-Year Operation Rule.**

For applicants receiving assistance for supportive services, leasing, or operating costs but not receiving assistance for acquisition, rehabilitation, or new construction: The project will be operated for the purpose specified in the application for any year for which such assistance is provided.

**C. Explanation.**

Where the applicant is unable to certify to any of the statements in this certification, such applicant shall provide an explanation.

1271 Washington Avenue, # 220
San Leandro, CA 94577

Dear Ms. Houston,

Due to an increase in our Transitional Geographical Area’s (TGA) Funding Year 2016-2017 award, the Alameda County Health Care Services Agency, Office of AIDS Administration (OAA) is pleased to announce that your agency’s Part A of The Ryan White HIV/AIDS Treatment Modernization Act of 2009 contract is being adjusted as reflected on the attached Attachment A – Notice of Intent to Award.

Please send the following required documents (only for amended program service categories) to your assigned OAA program manager, by Wednesday, July 1, 2016:

- Program Description (includes Service Delivery Site(s) and Days/Hours of Operation) (12 month period)
- Work Plan/Scope of Work (12 month period)
- Budget Summary & Narrative (12 month budget)

If you have any budgetary concerns please contact Elen de Leon at (510) 268-2326. For any other questions or concerns about the process, please contact your OAA program Manager. We thank you for your cooperation and look forward to working with you in providing quality services to the HIV/AIDS affected community.

Sincerely,

Nicholas J. Moses, M.D., M.P.H.
Director, HIV/STD Section

Dear Applicant:

Based on information you supplied, and assuming your operations will be as stated in your application for recognition of exemption, we have determined you are exempt from federal income tax under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3).

Because you are a newly created organization, we are not now making a final determination of your foundation status under section 509(a) of the Code. However, we have determined that you can reasonably expect to be a publicly supported organization described in sections 509(a)(1) and 170(b)(1)(A)(vi).

Accordingly, during an advance ruling period you will be treated as a publicly supported organization, and not as a private foundation. This advance ruling period begins and ends on the dates shown above.

Within 90 days after the end of your advance ruling period, you must send us the information needed to determine whether you have met the requirements of the applicable support test during the advance ruling period. If you establish that you have been a publicly supported organization, we will classify you as a section 509(a)(1) or 509(a)(2) organization as long as you continue to meet the requirements of the applicable support test. If you do not meet the public support requirements during the advance ruling period, we will classify you as a private foundation for future periods. Also, if we classify you as a private foundation, we will treat you as a private foundation from your beginning date for purposes of section 507(d) and 4940.

Grantors and contributors may rely on our determination that you are not a private foundation until 90 days after the end of your advance ruling period. If you send us the required information within the 90 days, grantors and contributors may continue to rely on the advance determination until we make

Letter 1045 (DO/CG)
YVETTE A FLUNDER FOUNDATION INC

a final determination of your foundation status.

If we publish a notice in the Internal Revenue Bulletin stating that we will no longer treat you as a publicly supported organization, grantors and contributors may not rely on this determination after the date we publish the notice. In addition, if you lose your status as a publicly supported organization, and a grantor or contributor was responsible for, or was aware of, the act or failure to act, that resulted in your loss of such status, that person may not rely on this determination from the date of the act or failure to act. Also, if a grantor or contributor learned that we had given notice that you would be removed from classification as a publicly supported organization, then that person may not rely on this determination as of the date he or she acquired such knowledge.

If you change your sources of support, your purposes, character, or method of operation, please let us know so we can consider the effect of the change on your exempt status and foundation status. If you amend your organizational document or bylaws, please send us a copy of the amended document or bylaws. Also, let us know all changes in your name or address.

As of January 1, 1984, you are liable for social security taxes under the Federal Insurance Contributions Act on amounts of $100 or more you pay to each of your employees during a calendar year. You are not liable for the tax imposed under the Federal Unemployment Tax Act (FUTA).

Organizations that are not private foundations are not subject to the private foundation excise taxes under Chapter 42 of the Internal Revenue Code. However, you are not automatically exempt from other federal excise taxes. If you have any questions about excise, employment, or other federal taxes, please let us know.

Donors may deduct contributions to you as provided in section 170 of the Internal Revenue Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Donors may deduct contributions to you only to the extent that their contributions are gifts, with no consideration received. Ticket purchases and similar payments in conjunction with fundraising events may not necessarily qualify as deductible contributions, depending on the circumstances. Revenue Ruling 67-246, published in Cumulative Bulletin 1967-2, on page 104, gives guidelines regarding when taxpayers may deduct payments for admission to, or other participation in, fundraising activities for charity.

You are not required to file Form 990, Return of Organization Exempt From Income Tax, if your gross receipts each year are normally $25,000 or less. If you receive a Form 990 package in the mail, simply attach the label provided, check the box in the heading to indicate that your annual gross receipts are normally $25,000 or less, and sign the return. Because you will be treated as a public charity for return filing purposes during your entire advance ruling period, you should file Form 990 for each year in your advance ruling period.

Letter 1045 (DO/CG)
that you exceed the $25,000 filing threshold even if your sources of support
do not satisfy the public support test specified in the heading of this letter.

    If a return is required, it must be filed by the 15th day of the fifth
month after the end of your annual accounting period. A penalty of $20 a day
is charged when a return is filed late, unless there is reasonable cause for
the delay. However, the maximum penalty charged cannot exceed $10,000 or
5 percent of your gross receipts for the year, whichever is less. For
organizations with gross receipts exceeding $1,000,000 in any year, the penalty
is $100 per day per return, unless there is reasonable cause for the delay.
The maximum penalty for an organization with gross receipts exceeding
$1,000,000 shall not exceed $50,000. This penalty may also be charged if a
return is not complete. So, please be sure your return is complete before you
file it.

    You are not required to file federal income tax returns unless you are
subject to the tax on unrelated business income under section 511 of the Code.
If you are subject to this tax, you must file an income tax return on Form
990-T, Exempt Organization Business Income Tax Return. In this letter we are
not determining whether any of your present or proposed activities are unre-
lated trade or business as defined in section 513 of the Code.

    You are required to make your annual information return, Form 990 or
Form 990-EZ, available for public inspection for three years after the later
of the due date of the return or the date the return is filed. You are also
required to make available for public inspection your exemption application,
any supporting documents, and your exemption letter. Copies of these
documents are also required to be provided to any individual upon written or in
person request without charge other than reasonable fees for copying and
postage. You may fulfill this requirement by placing these documents on the
Internet. Penalties may be imposed for failure to comply with these
requirements. Additional information is available in Publication 557,
Tax-Exempt Status for Your Organization, or you may call our toll free
number shown above.

    You need an employer identification number even if you have no employees.
If an employer identification number was not entered on your application, we
will assign a number to you and advise you of it. Please use that number on
all returns you file and in all correspondence with the Internal Revenue
Service.

    This determination is based on evidence that your funds are dedicated to
the purposes listed in section 501(c)(3) of the Code. To assure your continued
exemption, you should keep records to show that funds are spent only for those
purposes. If you distribute funds to other organizations, your records should
show whether they are exempt under section 501(c)(3). In cases where the
recipient organization is not exempt under section 501(c)(3), you must have
evidence that the funds will remain dedicated to the required purposes and that
the recipient will use the funds for those purposes.

    If we said in the heading of this letter that an addendum applies, the

Letter 1045 (DO/CG)
addendum enclosed is an integral part of this letter.

Because this letter could help us resolve any questions about your exempt status and foundation status, you should keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number are shown in the heading of this letter.

Sincerely yours,

Lois G. Lerner
Director, Exempt Organizations
Rulings and Agreements

Enclosure(s):
Form 872-C

Letter 1045 (DO/CG)
Our records indicate that your advance ruling period will expire in the next 30 days. The IRS exemption letter you received stating that you were exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code explained that you would be treated as a publicly supported organization and not as a private foundation during your advance ruling period. It also stated that at the end of your advance ruling period you would have to establish that you were, in fact, a publicly supported organization.

Within 90 days after the end of your advance ruling period, as shown above, you need to establish that you are a publicly supported organization under either section 509(a)(1) and 170(b)(1)(A)(vi) or section 509(a)(2) of the Code. To do so, complete and return the enclosed Form 8734, Support Schedule for Advance Ruling Period, for the tax years in your advance ruling period.

If we do not receive this information within 90 days after the end of your advance ruling period, we will presume that you are a private foundation. Deductibility of contributions to a private foundation is more limited than deductibility of contributions to a public charity. In addition, private foundations are subject to excise taxes that are not imposed on public charities and must file a Form 990-PF each year. For further information about private foundations, access the IRS Charities and Nonprofits Web site at www.irs.gov/eo, click on “Life Cycle” and then click on “Life Cycle of a Private Foundation.”

The end of your advance ruling period does not terminate your exemption. The Form 8734 is for the purpose of determining your public support status. Since your exempt status is not under consideration, you will continue to be recognized as an organization exempt from Federal income tax under section 501(c)(3) of the Code.

If you have any questions regarding this matter, please call our toll free number shown above.

After completing Form 8734, Support Schedule for Advance Ruling Period, please return to the address below:

For Paperwork Reduction Act Notice, see page 8 of separate instructions.
12 If you are an organization that normally receives a substantial part of your support from a governmental unit or from the general public, complete lines 12a through 12f. (Sections 509(a)(1) and 170(b)(1)(A)(vi). If you want the IRS to compute your public support test as a section 509(a)(1) and 170(b)(1)(A)(vi) organization, complete only lines 12a and 12b.

a Enter 2% of amount in column (f), line 10.  

b Attach a list showing the name and amount contributed by each person (other than a governmental unit or publicly supported organization) whose total gifts for Year 5 through Year 1 exceeded the amount shown in line 12a. Enter the total of all these excess amounts.

c Total support for section 509(a)(1) test: Enter line 10, column (f).

d Add: Amounts from column (f) for lines:  

4 5 12 12b

e Public support (line 12c minus line 12d total).

f Public support percentage (line 12e (numerator) divided by line 12c (denominator))

12f %

13 If you are an organization that normally receives: (1) more than 33 1/3% of your support from contributions, membership fees, and gross receipts from activities related to your exempt functions, and (2) no more than 33 1/3% of your support from gross investment income and net unrelated business taxable income from businesses acquired by the organization after June 30, 1975, complete lines 13a through 13h. (Section 509(a)(2). If you want the IRS to compute your public support test as a section 509(a)(2) organization, complete only lines 13a and 13b.

a For amounts included in lines 1, 2, and 3 that were received from a "disqualified person," attach a list showing the name of, and total amounts received in each year from, each "disqualified person." Enter the sum of such amounts for each year:  

(Year 5) (Year 4) (Year 3) (Year 2) (Year 1)

b For any amount included in line 3 that was received from each person (other than "disqualified persons"), attach a list showing the name of, and amount received for each year, that was more than the larger of (1) the amount on line 11 for the year or (2) $5,000. (Include in the list organizations as well as individuals.) After computing the difference between the amount received and the larger amount described in (1) or (2), enter the sum of these differences (the excess amounts) for each year:

(Year 5) (Year 4) (Year 3) (Year 2) (Year 1)

c Add: Amounts from column (f) for lines:  

1 2 3 6 7  

d Add: Line 13a total and line 13b total.

e Public support (line 13c total minus line 13d total).

f Total support for section 509(a)(2) test: Enter amount from line 9, column (f).

g Public support percentage (line 13e (numerator) divided by line 13f (denominator)).

h Investment income percentage (line 13g (numerator) divided by line 13f (denominator)).

14 Unusual Grants: For an organization described in line 12 or 13 that received any unusual grants during Year 5 through Year 1, attach a list showing for each year the name of the contributor, the date and amount of the grant, and a brief description of the nature of the grant. Do not include these grants in line 1.

List the amount of unusual grants excluded for each year below.

(Year 5) (Year 4) (Year 3) (Year 2) (Year 1)

15 Please list the name and telephone number of an officer, director, or trustee who can be contacted during business hours if we need more information. If someone other than an officer, director, or trustee will represent the organization, attach a properly completed Form 2848, Power of Attorney.

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2016 Continuum of Care (CoC) Program Competition. For more information see FY 2016 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2016 CoC Program NOFA and the FY 2016 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2015 Project Application will be imported into the FY 2016 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the FY 2015 post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2016 CoC Program Competition NOFA.

2B. Recipient Performance

Instructions:
The selections made on this screen by completing all of the mandatory fields marked with an asterisk (*), will provide information on capacity of the project applicant. The screen asks the Project Applicant questions about capacity performance as a HUD grant recipient; in terms of: timely submission of required reports, quarterly eLOCCS drawdowns, addressing HUD monitoring and/or OIG audit findings and the recapture of any funds from the most recently expired grant term of the project.

APR Submission: Select "Yes" or "No" from the dropdown menu to indicate whether you have successfully submitted the APR on time for the most recently expired grant term related to this renewal project request. If "No" is selected, an additional question will appear, in which you must provide an explanation in the textbox; as to why the APR was not submitted in a timely manner.

HUD Monitoring Findings: Select "Yes" or "No" from the dropdown menu to indicate whether your organization has any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request. If "Yes" is selected, two new questions will appear, in which the applicant will enter the date of the oldest unresolved finding(s) and explain why the findings remain unresolved in the textbox provided.

Quarterly Drawdowns: Select "Yes" or "No" from the dropdown menu to indicate whether your organization maintained consistent Quarterly Drawdowns from eLOCCS for the most recent grant terms related to this renewal project. If "No," is selected, one new question will appear in which the applicant must explain, in the textbox provided, as to why the recipient has not maintained consistent Quarterly Drawdowns for the most recent grant terms related to this renewal project request.

Recaptured Funds: Select "Yes" or "No" from the dropdown menu to indicate whether any funds have been recaptured by HUD for the most recently expired grant term related to this renewal project request. If "Yes," is selected, one new question will appear, in which the applicant must explain why HUD recaptured funds from the most recently expired grant term.

Additional Resources can be found at the HUD Resource Exchange:
https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? No

   Explain why the APR for the most recently expired grant term related to this renewal project request has not been submitted.

   The Welcome Home San Leandro project is a newly funded project with HUD therefore no APR has been required; the anticipated initial start date for the project is December 1, 2015.

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project? No
request?

Explain why the recipient has not maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request.

The Welcome Home San Leandro project is a newly funded project with HUD therefore no draws has been completed; the anticipated initial start date for the project is December 1, 2015.

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request?  No
3A. Project Detail

Instructions:

The selections made on this screen will determine which additional forms will need to be completed for this project application.

Expiring Grant Number: This field is pre-populated with the expiring grant number entered on Screen “1A. Application Type.”

CoC Number and Name: Select the number and name of the CoC to which the project application will be submitted for the local competition review process. This is the CoC that will submit the CoC Consolidated Application to HUD by the designated submission deadline. Applicants with projects that do not belong to a CoC should select “No CoC.”

CoC Collaborative Applicant Name: Select the name of the CoC Applicant, also known as the Collaborative Applicant, from the dropdown. In most cases, there will only be one name from which to choose. The project applicant should choose the name of the CoC Applicant to which they intend to submit this project application.

Project Name: This is pre-populated from the “Project” Form and cannot be edited.

Project Status: The default selection is “Standard,” indicating that the applicant is submitting the application to the Collaborative Applicant for consideration in the FY 2016 CoC Program competition. The selection should only be changed to “Appeal” in the event that the project application is rejected by the Collaborative Applicant (either formally in e-snaps or outside of e-snaps) and the project applicant wants to appeal this decision directly to HUD by submitting a solo application. For additional information on the appeal process, see Section X of the FY 2016 CoC Program Competition NOFA. A full explanation of the process is provided on Screen “8A. Notice of Intent to Appeal.”

Component Type: This is a required field. Select the component type that identifies the renewal project application type. This can be either a PH, SH, TH, SSO or HMIS. The selection of component type will have an affect on what question on subsequent screens are asked of the user.

Title V: This field is required. Select “Yes” or “No” to indicate if one or more properties being served by this project were acquired under Title V.

Additional Resources can be found at the HUD Resource Exchange:

2b. CoC Collaborative Applicant Name: Alameda County

3. Project Name: Welcome Home San Leandro
4. **Project Status:** Standard

5. **Component Type:** PH

6. **Does this project use one or more properties that have been conveyed through the Title V process?** No
3B. Project Description

Instructions:

ALL PROJECTS

Provide a description that addresses the entire scope of the proposed project: This is a required field. The project description should address the entire scope of the project, including a clear picture of the target population(s) to be served, the plan for addressing the identified needs/issues of the CoC target population(s), projected outcome(s), and coordination with other source(s)/partner(s). The narrative is expected to describe the project at full operational capacity. The description should be consistent with and make reference to other parts of this application.

Does your project have a specific population focus: This is a required field. Select “Yes” if your project has special capacity in its facilities, program designs, tools, outreach or methodologies for a specific subpopulation or subpopulations. This does not necessarily mean that the project exclusively serves that subpopulation(s), but rather that they are uniquely equipped to serve them. If “Yes” is selected, select the relevant checkbox(s) to identify the project’s population focus.

PH, SH, TH and SSO PROJECTS ONLY

Does the project follow a “Housing First” approach: This is a required field for PH, TH and SSO projects only. Select all applicable checkboxes that indicate whether or not the project currently follows a housing first approach that ensures that participants are not screened out based on barriers such as income, sobriety, etc. Select “none of the above” if the project does not follow a housing first approach.
- Does the project quickly move participants into permanent housing?: This is a required field. Select “Yes” to this question if your project will quickly move program participants into permanent housing without additional steps (e.g., required stay in transitional housing first) before moving to permanent housing. If you are a domestic violence (DV) program you should select “Yes” if you will quickly move program participants into permanent housing after immediate safety needs are addressed (e.g., a person who is still in danger from a violent partner and would move into PH once the dangerous situation has been addressed). Select “No” if the project does not work to move program participants quickly into permanent housing.
- Does the project ensure that participants are not screened out based on the listed reasons? (Check all that apply): This is a required field and at least one option must be selected. Multiple checkbox selections are provided.
- Does the project ensure that participants are not terminated from the program for the listed reasons? (Check all that apply) Multiple checkbox selections are provided.
- Does the project follow a “Housing First” approach? This is auto-scored based upon the responses to the questions above and “Yes” or “No” will indicate if the project is using the Housing First approach to house program participants.

PH PROJECTS ONLY

Does the PH project provide PSH or RRH: This is a required field. Select “PSH” if the project will operate according to a permanent supportive housing model as defined by 24 CFR 578. Select “RRH” if the project will operate according to a rapid rehousing model as defined by 24 CFR 578.

PH AND TH PROJECTS ONLY:

Does the project request costs under the rental assistance budget line item?: This is a required field. If requesting rental assistance, select “Yes” from the dropdown menu. If not requesting rental assistance in this project application, select “No”.

RENTAL ASSISTANCE PROJECTS ONLY

Is this a CoC Program leasing or SHP project that had been approved by HUD to change the renewal project budget from leasing to rental assistance? (This change must have been listed on
1. Provide a description that addresses the entire scope of the proposed project.

The Alameda County Welcome Home San Leandro Project will provide permanent supportive housing through tenant-based rental assistance certificates and supportive services to at least 25 chronically homeless and disabled households who are residing in or near the city of San Leandro.

2. Does your project have a specific population focus? Yes

2a. Please identify the specific population focus. (Select ALL that apply)

Project: Welcome Home San Leandro
3. Housing First

3a. Does the project quickly move participants into permanent housing? Yes

3b. Does the project ensure that participants are not screened out based on the following items? Select all that apply.

- Having too little or little income [X]
- Active or history of substance abuse [X]
- Having a criminal record with exceptions for state-mandated restrictions [X]
- History of domestic violence (e.g. lack of a protective order, period of separation from abuser, or law enforcement involvement) [X]
- None of the above

3c. Does the project ensure that participants are not terminated from the program for the following reasons? Select all that apply.

- Failure to participate in supportive services [X]
- Failure to make progress on a service plan [X]
- Loss of income or failure to improve income [X]
- Domestic violence [X]
- Any other activity not covered in a lease agreement typically found in the project’s geographic area. [X]
- None of the above

4b. Is this a CoC Program leasing or SHP project that had been approved by HUD to change the renewal project budget from leasing to rental assistance? No
4A. Supportive Services for Participants

Instructions:

ALL PROJECTS EXCEPT HMIS

For all supportive services available to participants, indicate who will provide them, and how often they are provided. This field is required and at least one value must be entered. Complete each row of drop down menus for supportive services that will be available to participants, using the funds requested through the application, and funds from other sources. If more than one Provider is relevant for a single service, please select the provider that corresponds to the highest frequency.

- Provider: select one of the following: " Applicant" to indicate that the applicant will provide the service directly; " Subrecipient" to indicate that a subrecipient will provide the service directly; " Partner" to indicate that an organization that is not a subrecipient of project funds but with whom a formal agreement or MOU has been signed will provide the service directly; or, " Non-Partner" to indicate that a specific organization with whom no formal agreement has been established regularly provides the service to clients. If more than one provider offers the service at the same frequency, choose the provider according to the following: Applicant, then Subrecipient, then Partner, and lastly, non-Partner.

- Frequency: Select the most common interval of time for which the service is accessible to participants. If two frequencies are equally common, choose the interval with the highest frequency.

Applicants may leave dropdown menus as "—select—" when services are not applicable.

Please identify whether the project includes the following activities:

- Transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs? Select "Yes" or "No" from the dropdown menu.
- Use of a single application form for four or more mainstream programs? Select "Yes" or "No" from the dropdown menu.
- At least annual follow-ups with participants to ensure mainstream benefits are received and renewed? Select "Yes" or "No" from the dropdown menu.
- Do project participants have access to SSI/SSDI technical assistance provided by the applicant, a subrecipient, or partner agency? Select "Yes" or "No" from the dropdown menu. If "Yes" is selected the following question will become visible:

- Has the staff person providing the technical assistance completed SOAR training in the past 24 months. Select "Yes" or "No" from the dropdown menu.

Additional Resources can be found at the HUD Resource Exchange:
https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

4B. Housing Type and Location Detail

Instructions:

ALL PROJECTS EXCEPT HMIS

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

PH-PSH PROJECTS ONLY

How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project’s grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as “CH Beds” on a CoC’s Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter “0.”

How many of the total beds entered in "2b. Beds" are not dedicated to the chronically homeless? This is a required field, but it is Auto calculated. The number that is calculated is the difference between 3a and 2b.

How many of the total beds entered in "3b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number of beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the projects grant agreement for FY 2016 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter “0.”

How many of the beds listed in question “3c.” above will be prioritized for use by the chronically homeless? This is a required field. Use the number of turnover beds that are not dedicated to the chronically homeless and that you estimated in field c to estimate and enter the number of those beds that will be prioritized for the chronically homeless as soon as they do turnover.

ALL PROJECTS EXCEPT HMIS

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

5A. Project Participants - Households

Instructions:

ALL PROJECTS EXCEPT HMIS

In each non-shaded field list the number of households or persons served at maximum program capacity. The numbers here are intended to reflect a single point in time at maximum occupancy and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Households: Enter the number of households under at least one of the categories: Households with at least One Adult and One Child, Adult Households without Children, or Households with Only Children.

Households with at least One Adult and One Child: Enter the total number of households with at least one adult and one child. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Households without Children: Enter the total number of adult households without children. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Households with Only Children: Enter the total number of households with only children. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Characteristics: Enter the total number of homeless that fall under one of the characteristics listed.

Persons in Households with at least One Adult and One Child: Enter the number of persons in households with at least one adult and one child for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Persons in Households without Children: Enter the number of persons in households without children for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children: Enter the number of persons in households with only children for each demographic row. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Totals: All fields in the “Total Number…” and “Total Persons” rows will automatically calculate when the “Save” button is clicked.

5B. Project Participants - Subpopulations

Instructions:

ALL PROJECTS EXCEPT HMIS

*This screen can only be completed once Screen “5A. Project Participants – Households” has been completed and saved.

In each non-shaded field enter the number of persons served at maximum program capacity according to their age group, disability status, and the extent in which persons served fit into one or more of the subpopulation categories. The numbers here are intended to reflect a single point in time at maximum capacity and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Complete each of the three charts on this screen according to household types.

Persons in Households with at least one Adult and One Child chart: Enter only persons in households with at least one adult and one child. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and at least one person under the age of 18.

Persons in Households without Children chart: Enter only persons in adult households without children. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children chart: Enter only persons in households with only children. To be listed on this chart, a person must be part of a household with no persons at or above the age of 18, and only persons under the age of 18.

Total Persons: All fields in the “Total Persons” rows will calculate automatically when the “Save” button is clicked.

Describe the unlisted subpopulations referred to above: This field is visible and mandatory if a number greater than 0 is entered into the column “Persons not represented by listed subpopulations.” Enter text that describes the person(s) identified in this column and explains how they do not fall under the other categories in columns 1 through 9.

5C. Outreach for Participants

Instructions:

ALL PROJECTS EXCEPT HMIS

Enter the percentage of project participants that will be coming from each of the following locations: This is a required field. Enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:

- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens (persons coming from TH are not considered to be chronically homeless)
- Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (only applicable to TH and SSO projects)
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the “Save” button is clicked. A warning message will appear if the total is greater than 100%.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

6A. Funding Request

Instructions:

ALL PROJECT APPLICATIONS

The fields that must be completed on this screen will vary based on the project type, program type, and component type selected earlier in the project application.

Do any of the properties in this project have an active restrictive covenant? This is a required field. Select “Yes” or “No” to indicate whether or not one or more of the project properties are subject to an active restrictive covenant. As a reminder, any project awarded capital cost funds (new construction, acquisition, or rehabilitation) has a 20 year or if initially awarded under the CoC Program (FY 2012 capital costs and beyond) a 15 year use restriction.

Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project? This is a required field. Indicate if this project previously received funds under either the Samaritan Housing or Permanent Housing Bonus initiative. If yes, then the project must continue to meet the requirements of the initiative, as specified in the Homeless Assistance Grants NOFA for the year in which funds were originally awarded, in order to continue to receive renewal funding under the CoC Program Competition.

Are the requested renewal funds reduced from the previous award as a result of reallocation?: This is a required field. Select “Yes” or “No” to indicate whether the renewal project is reduced through the reallocation process. The response will be compared to the CoC’s Reallocation Forms.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select ‘Yes’ or ‘No’ to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult 2 CFR Part 200.56, Part 200.413 and Part 200.414, FY 2016 NOFA and contact your local HUD office. The following questions become visible if “Yes” is selected:
- Please complete the indirect cost rate schedule below: Must complete at least one row.
- Has this rate been approved by your cognizant agency?: Select “Yes” or “No” from the dropdown menu.
- Do you plan to use the 10% de minimis rate? Select “Yes” or “No” from the dropdown menu.

Renewal Grant Term: This field is pre-populated with a one-year grant term and cannot be edited.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budget for which funding is being requested. The choices available will depend on the component and project type selected on Screen “3A Project Detail.” The following eligible costs may be listed: leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities listed on the CoC’s final HUD-approved FY 2016 GIW.

If you do not see the funding budgets that you expected, you may need to return to Screen “3A Project Detail” to review the “Component Type” and/or “3B. Project Description” to review the type of project selected. See the FY 2016 CoC Program NOFA for additional guidance.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Do any of the properties in this project have an active restrictive covenant? No
2. Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project? No

3. Are the requested renewal funds reduced from the previous award as a result of reallocation? No

4. Does this project propose to allocate funds according to an indirect cost rate? No

5. Renewal Grant Term: 1 Year

### Rental Assistance Budget Detail

**Instructions:**

Type of Rental Assistance: Select the applicable type of rental assistance from the dropdown menu. Options include tenant-based (TRA), sponsor-based (SRA), and project-based assistance (PRA). Each type has unique requirements and applicants should refer to the 24 CFR 578.51 before making a selection.

Metropolitan or non-metropolitan fair market rent area: This is a required field. Select the FY 2016 FMR area in which the project is located. The list is sorted by state abbreviation. The selected FMR area will be used to populate the rents in the chart below.

Does the applicant request rental assistance funding for less than the area's per unit size fair market rents: In the FY 2016 CoC Program Competition, eligible renewal projects requesting rental assistance are permitted to request a per-unit amount less than the Fair Market Rent (FMR). If the project applicant wants to request less than the FMR, select “Yes” from the dropdown for this question. The project applicant will then have the ability to enter an amount in the “HUD Paid Rent (applicant)” field that is less than the amount listed in the “FMR Area (applicant)” field. The following question is visible when PRA is selected:

Are you requesting a 15 year renewal per the FY2015 CoC Program NOFA? This request is only available for PH PRA rental assistance projects and 1 year of funding according to the relevant section of the FY 2016 CoC Program Competition NOFA.

Size of units: These options are system generated. Unit size is defined by the number of distinct bedrooms and not by the number of distinct beds.

# of units: This is a required field. For each unit size, enter the number of units for which funding is being requested. The number(s) listed should match the CoC’s HUD-approved FY 2015 GIW.

FMR: These fields are populated with the FY 2016 FMRs based on the FMR area selected by the project applicant. The FMRs are available online at [http://www.huduser.org/portal/datasets/fmr.html](http://www.huduser.org/portal/datasets/fmr.html).

HUD Paid Rent: For each unit size, enter the rent to be paid by the CoC program grant. This rent cannot exceed the FMR amount in the previous column; however, project applicants may request less than the FMR. Once funds are awarded recipients must document compliance with the rent reasonableness requirement set forth in section 578.51(g) of the CoC Program interim rule. If the applicants select “No” above, this column will not be available for edit. In the GIW, HUD Paid Rent is known as “Actual”.

12 Months: These fields are populated with the value 12 to calculate the annual rent request.

Total Request: This column populates with the total calculated amount from each row based on the number of units multiplied by the corresponding “HUD Paid Rent” and by 12 months. If the applicant selected “No” above, the automatic calculation will be based on the FMR and not the “HUD Paid Rent.”.

Total Units and Annual Assistance Requested: The fields in this row are automatically calculated based on the total number of units and the sum of the total requests per unit size per year.

Grant Term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based on total annual assistance requested multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

## 6E. Supportive Services Budget

### Instructions:

Enter the quantity and total budget request for each supportive services cost. The request entered should be equivalent to the cost of one year of the relevant supportive service.

Eligible Costs: The system populates a list of eligible supportive services for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.53.

Quantity AND Description: This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity in detail (e.g. 1 FTE Case Manager Salary + benefits, or child care for 15 children) for each supportive service activity for which funding is being requested. Please note that simply stating “1FTE” is NOT providing “Quantity AND Detail” and limits HUD’s understanding of what is being requested. Failure to enter adequate ‘Quantity AND Detail’ may result in conditions being placed on an award and a delay of grant funding.

Annual Assistance Requested: This is a required field. Enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to providing supportive services to homeless participants. The request should match the budget amounts identified on the CoC’s HUD-approved FY 2016 GIW.

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Grant Term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

</tbody>
</table>

**Total Value of Cash Commitments:** $0

**Total Value of In-Kind Commitments:** $150,000

**Total Value of All Commitments:** $150,000
Sources of Match Detail

Instructions:
Match (cash or in-kind) must be used for eligible program costs only and must be equal to or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs. Please review 24 CFR Part 578, the FY 2015 CoC Program NOFA for more detailed information concerning Match.

Will this commitment be used towards Match? Yes is automatically selected and this is a field that cannot be edited.

Type of Commitment: Select Cash ($) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

Type of source: Select Private or Government to denote the source of the contribution. The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of written commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match/ screen will populate the Screen “6I. Summary Budget.” The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Will this commitment be used towards Match? Yes
2. Type of Commitment: In-Kind
3. Type of Source: Private
4. Name the Source of the Commitment: Building Futures with Women and Children
(Be as specific as possible and include the office or grant program as applicable)
5. Date of Written Commitment: 12/30/2014
6. Value of Written Commitment: $150,000
Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to field “7. Admin (Up to 10%).”

Admin (Up to 10%): Enter the amount of requested administration funds. The request should match the amount identified on the CoC’s HUD-approved FY 2016 GIW. HUD will not fund greater than 10% of the request listed in the field “Sub-Total Eligible Costs Request.” If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is the total amount of funding the project applicant will request in the FY 2016 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field “Total Eligible Costs Request” minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen “6H. Sources of Match” to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

Instructions:

Subrecipient Nonprofit Documentation: Documentation of the subrecipient's nonprofit status must be uploaded, if the applicant and project subrecipient are different entities, and the subrecipient is a nonprofit organization.

Other Attachment(s): Attach any additional information supporting the project funding request. Use a zip file to attach multiple documents.

If indicated on Screens 3A and/or 3B, the following additional attachment screens may be visible that should be used instead of Screen 7A. Attachments:

CoC Rejection Letter: Projects that are applying for CoC funds and that have been rejected for the competition by their CoC (Solo Projects) must submit documentation from the CoC verifying and explaining why the project has been rejected.

Certification of Consistency with Consolidated Plan: Each applicant that is not a State or unit of local government is required to have a certification by the jurisdiction in which the proposed project will be located confirming that the applicant’s application for funding is consistent with the jurisdiction’s HUD-approved consolidated plan. The certification must be made in accordance with the provisions of the consolidated plan regulations at 24 CFR part 91, subpart F. For projects that selected “No CoC” on Screen 3A, a form HUD-2991 must be obtained and signed by the certifying official for the applicable jurisdiction, indicating that the proposed project will be consistent with the Consolidated Plan. If the Solo Applicant is a State or unit of local government, the jurisdiction must certify that it is following its HUD-approved Consolidated Plan.

7B. Certification

A. For all projects:

Fair Housing and Equal Opportunity

It will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000(d)) and regulations pursuant thereto (Title 24 CFR part I), which state that no person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives Federal financial assistance, and will immediately take any measures necessary to effectuate this agreement. With reference to the real property and structure(s) thereon which are provided or improved with the aid of Federal financial assistance extended to the applicant, this assurance shall obligate the applicant, or in the case of any transfer, transferee, for the period during which the real property and structure(s) are used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

It will comply with the Fair Housing Act (42 U.S.C. 3601-19), as amended, and with implementing regulations at 24 CFR part 100, which prohibit discrimination in housing on the basis of race, color, religion, sex, disability, familial status or national origin.

It will comply with Executive Order 11063 on Equal Opportunity in Housing and with implementing regulations at 24 CFR Part 107 which prohibit discrimination because of race, color, creed, sex or national origin in housing and related facilities provided with Federal financial assistance.

It will comply with Executive Order 11246 and all regulations pursuant thereto (41 CFR Chapter 60-1), which state that no person shall be discriminated against on the basis of race, color, religion, sex or national origin in all phases of employment during the performance of Federal contracts and shall take affirmative action to ensure equal employment opportunity. The applicant will incorporate, or cause to be incorporated, into any contract for construction work as defined in Section 130.5 of HUD regulations the equal opportunity clause required by Section 130.15(b) of the HUD regulations.

It will comply with Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701(u)), and regulations pursuant thereto (24 CFR Part 135), which require that to the greatest extent feasible opportunities for training and employment be given to lower-income residents of the project and contracts for work in connection with the project be awarded in substantial part to persons residing in the area of the project.

It will comply with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended, and with implementing regulations at 24 CFR Part 8, which prohibit discrimination based on disability in Federally-assisted and conducted programs and activities.

It will comply with the Age Discrimination Act of 1975 (42 U.S.C. 6101-07), as amended, and implementing regulations at 24 CFR Part 146, which prohibit discrimination because of age in projects and activities receiving Federal financial assistance.
It will comply with Executive Orders 11625, 12432, and 12138, which state that program participants shall take affirmative action to encourage participation by businesses owned and operated by members of minority groups and women.

If persons of any particular race, color, religion, sex, age, national origin, familial status, or disability who may qualify for assistance are unlikely to be reached, it will establish additional procedures to ensure that interested persons can obtain information concerning the assistance.

It will comply with the reasonable modification and accommodation requirements and, as appropriate, the accessibility requirements of the Fair Housing Act and section 504 of the Rehabilitation Act of 1973, as amended.

Additional for Rental Assistance Projects:

If applicant has established a preference for targeted populations of disabled persons pursuant to 24 CFR 582.330(a), it will comply with this section's nondiscrimination requirements within the designated population.

B. For non-Rental Assistance Projects Only.
20-Year Operation Rule.

For applicants receiving assistance for acquisition, rehabilitation or new construction: The project will be operated for no less than 20 years from the date of initial occupancy or the date of initial service provision for the purpose specified in the application.

1-Year Operation Rule.

For applicants receiving assistance for supportive services, leasing, or operating costs but not receiving assistance for acquisition, rehabilitation, or new construction: The project will be operated for the purpose specified in the application for any year for which such assistance is provided.

C. Explanation.
Where the applicant is unable to certify to any of the statements in this certification, such applicant shall provide an explanation.

Dear Taxpayer:

This is in response to your request of Jan. 05, 2009, regarding your tax-exempt status.

Our records indicate that a determination letter was issued in October 1989, that recognized you as exempt from Federal income tax, and discloses that you are currently exempt under section 501(c)(03) of the Internal Revenue Code.

Our records also indicate you are not a private foundation within the meaning of section 509(a) of the Code because you are described in section(s) 509(a)(1) and 170(b)(1)(A)(vi).

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

Sincerely yours,

Deborah Bingham

501 (c)(3) Documentation

Building Futures with Women and Children (BFWC) is the “doing business as” (dba) name for Cornerstone Community Development Corporation, which has been the legal name of the organization since 1999. All properties and assets are owned and taxes are filed in Cornerstone’s name. For purposes of protecting confidentiality of battered women who stay at Cornerstone’s facilities, the name BFWC is used for day-to-day business. BFWC was originally incorporated as a 501c3 as St. Leander Women’s Refuge in 1988, and then in 1992 its name changed to the San Leandro Shelter for Women and Children, until 2000 when its current name of BFWC was adopted by the Board of Directors.
Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/  
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2016 Continuum of Care (CoC) Program Competition. For more information see FY 2016 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2016 CoC Program NOFA and the FY 2016 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2015 Project Application will be imported into the FY 2016 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the FY 2015 post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2016 CoC Program Competition NOFA.

Documentation of the subrecipient's nonprofit status is required with the submission of this application.
2B. Recipient Performance

Instructions:
The selections made on this screen by completing all of the mandatory fields marked with an asterisk (*), will provide information on capacity of the project applicant. The screen asks the Project Applicant questions about capacity performance as a HUD grant recipient; in terms of: timely submission of required reports, quarterly eLOCCS drawdowns, addressing HUD monitoring and/or OIG audit findings and the recapture of any funds from the most recently expired grant term of the project.

APR Submission: Select "Yes" or "No" from the dropdown menu to indicate whether you have successfully submitted the APR on time for the most recently expired grant term related to this renewal project request. If "No" is selected, an additional question will appear, in which you must provide an explanation in the textbox; as to why the APR was not submitted in a timely manner.

HUD Monitoring Findings: Select "Yes" or "No" from the dropdown menu to indicate whether your organization has any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request. If "Yes" is selected, two new questions will appear, in which the applicant will enter the date of the oldest unresolved finding(s) and explain why the findings remain unresolved in the textbox provided.

Quarterly Drawdowns: Select "Yes" or "No" from the dropdown menu to indicate whether your organization maintained consistent Quarterly Drawdowns from eLOCCS for the most recent grant terms related to this renewal project. If "No," is selected, one new question will appear in which the applicant must explain, in the textbox provided, as to why the recipient has not maintained consistent Quarterly Drawdowns for the most recent grant terms related to this renewal project request.

Recaptured Funds: Select "Yes" or "No" from the dropdown menu to indicate whether any funds have been recaptured by HUD for the most recently expired grant term related to this renewal project request. If "Yes," is selected, one new question will appear, in which the applicant must explain why HUD recaptured funds from the most recently expired grant term.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request?  
   - No

   Explain why the APR for the most recently expired grant term related to this renewal project request has not been submitted.
   
   The Welcome Home project is a newly funded project with HUD, therefore no APR has been required. The anticipated initial start date for the project is December 1, 2016.

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request?  
   - No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project?  
   - No
request?

Explain why the recipient has not maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request.

The Welcome Home project is a newly funded project with HUD, therefore no draws has been completed. The anticipated initial start date for the project is December 1, 2016.

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request?

No
3A. Project Detail

Instructions:

The selections made on this screen will determine which additional forms will need to be completed for this project application.

Expiring Grant Number: This field is pre-populated with the expiring grant number entered on Screen “1A. Application Type.”

CoC Number and Name: Select the number and name of the CoC to which the project application will be submitted for the local competition review process. This is the CoC that will submit the CoC Consolidated Application to HUD by the designated submission deadline. Applicants with projects that do not belong to a CoC should select “No CoC.”

CoC Collaborative Applicant Name: Select the name of the CoC Applicant, also known as the Collaborative Applicant, from the dropdown. In most cases, there will only be one name from which to choose. The project applicant should choose the name of the CoC Applicant to which they intend to submit this project application.

Project Name: This is pre-populated from the “Project” Form and cannot be edited.

Project Status: The default selection is “Standard,” indicating that the applicant is submitting the application to the Collaborative Applicant for consideration in the FY 2016 CoC Program competition. The selection should only be changed to “Appeal” in the event that the project application is rejected by the Collaborative Applicant (either formally in e-snaps or outside of e-snaps) and the project applicant wants to appeal this decision directly to HUD by submitting a solo application. For additional information on the appeal process, see Section X of the FY 2016 CoC Program Competition NOFA. A full explanation of the process is provided on Screen “8A. Notice of Intent to Appeal.”

Component Type: This is a required field. Select the component type that identifies the renewal project application type. This can be either a PH, SH, TH, SSO or HMIS. The selection of component type will have an affect on what question on subsequent screens are asked of the user.

Title V: This field is required. Select “Yes” or “No” to indicate if one or more properties being served by this project were acquired under Title V.

Additional Resources can be found at the HUD Resource Exchange:
https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Expiring Grant Number: CA1272L9T021501
   (e.g., the "Federal Award Identifier" indicated on form 1A. Application Type)

2a. CoC Number and Name: CA-502 - Oakland, Berkeley/Alameda County CoC

2b. CoC Collaborative Applicant Name: Alameda County

3. Project Name: Welcome Home
4. Project Status:  Standard

5. Component Type:  PH

6. Does this project use one or more properties that have been conveyed through the Title V process?  No
3B. Project Description

Instructions:

ALL PROJECTS

Provide a description that addresses the entire scope of the proposed project: This is a required field. The project description should address the entire scope of the project, including a clear picture of the target population(s) to be served, the plan for addressing the identified needs/issues of the CoC target population(s), projected outcome(s), and coordination with other source(s)/partner(s). The narrative is expected to describe the project at full operational capacity. The description should be consistent with and make reference to other parts of this application.

Does your project have a specific population focus: This is a required field. Select “Yes” if your project has special capacity in its facilities, program designs, tools, outreach or methodologies for a specific subpopulation or subpopulations. This does not necessarily mean that the project exclusively serves that subpopulation(s), but rather that they are uniquely equipped to serve them. If “Yes” is selected, select the relevant checkbox(s) to identify the project’s population focus.

PH, SH, TH and SSO PROJECTS ONLY

Does the project follow a “Housing First” approach: This is a required field for PH, TH and SSO projects only. Select all applicable checkboxes that indicate whether or not the project currently follows a housing first approach that ensures that participants are not screened out based on barriers such as income, sobriety, etc. Select “none of the above” if the project does not follow a housing first approach.

- Does the project quickly move participants into permanent housing?: This is a required field. Select “Yes” to this question if your project will quickly move program participants into permanent housing without additional steps (e.g., required stay in transitional housing first) before moving to permanent housing. If you are a domestic violence (DV) program you should select “Yes” if you will quickly move program participants into permanent housing after immediate safety needs are addressed (e.g., a person who is still in danger from a violent partner and would move into PH once the dangerous situation has been addressed). Select “No” if the project does not work to move program participants quickly into permanent housing.)

- Does the project ensure that participants are not screened out based on the listed reasons? (Check all that apply): This is a required field and at least one option must be selected. Multiple checkbox selections are provided.

- Does the project ensure that participants are not terminated from the program for the listed reasons? (Check all that apply) Multiple checkbox selections are provided.

- Does the project follow a “Housing First” approach? This is auto-scored based upon the responses to the questions above and “Yes” or “No” will indicate if the project is using the Housing First approach to house program participants.

PH PROJECTS ONLY

Does the PH project provide PSH or RRH: This is a required field. Select “PSH” if the project will operate according to a permanent supportive housing model as defined by 24 CFR 578. Select “RRH” if the project will operate according to a rapid rehousing model as defined by 24 CFR 578.

PH AND TH PROJECTS ONLY:

Does the project request costs under the rental assistance budget line item?: This is a required field. If requesting rental assistance, select “Yes” from the dropdown menu. If not requesting rental assistance in this project application, select “No”.

RENTAL ASSISTANCE PROJECTS ONLY

Is this a CoC Program leasing or SHP project that had been approved by HUD to change the renewal project budget from leasing to rental assistance? (This change must have been listed on
the final HUD-approved FY 2016 GIW. See 24 CFR 578.49(b)(8)): This is a required field. “Yes” should only be selected if HUD approved a change from leasing to rental assistance during the FY 2016 GIW process.

FOR SSO PROJECTS ONLY

Please select the type pf SSO Project: Four options are given; Street Outreach; Housing Project or Housing Structure Specific; Coordinated Entry; Standalone Supportive Service. Only Coordinated Entry will have follow up questions.

FOR SSO COORDINATED ENTRY PROJECTS ONLY

Will the coordinated entry process funded in part by this grant cover the COC’s entire geographic area: This is a required field. Yes/ No dropdown question.

Will the coordinated entry process funded in part by this grant be easily accessible: This is a required field. Yes/No dropdown question.

Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance. This is a required field. Explain the outreach strategy of the CE.

Does the coordinated entry process use a comprehensive, standardized assessment process: This is a required field. Yes/No dropdown question.

Describe the referral process and how the coordinated entry process ensures that participants are directed to appropriate housing and/or services: This is a required field. Explain the referral process.

If the coordinated entry process includes differences in the access, entry, assessment, or referral for certain populations, are those differences limited only to the following four groups: Individuals, Families, DV, and Youth: This is a required field. Yes/No dropdown question.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Provide a description that addresses the entire scope of the proposed project.

The Welcome Home project will provide supportive services and tenant-based rental assistance certificates to at least 29 chronically homeless households who are disabled with serious mental illness and are residents of Alameda County.

2. Does your project have a specific population focus? Yes

2a. Please identify the specific population focus. (Select ALL that apply)

For all supportive services available to participants, indicate who will provide them, and how often they are provided. This field is required and at least one value must be entered. Complete each row of drop down menus for supportive services that will be available to participants, using the funds requested through the application, and funds from other sources. If more than one Provider is relevant for a single service, please select the provider that corresponds to the highest frequency.

- Provider: select one of the following: “Applicant” to indicate that the applicant will provide the service directly; “Subrecipient” to indicate that a subrecipient will provide the service directly; “Partner” to indicate that an organization that is not a subrecipient of project funds but with whom a formal agreement or MOU has been signed will provide the service directly; or, “Non-Partner” to indicate that a specific organization with whom no formal agreement has been established regularly provides the service to clients. If more than one provider offers the service at the same frequency, choose the provider according to the following: Applicant, then Subrecipient, then Partner, and lastly, non-Partner.

- Frequency: Select the most common interval of time for which the service is accessible to participants. If two frequencies are equally common, choose the interval with the highest frequency.

Applicants may leave dropdown menus as “—select—” when services are not applicable.

Please identify whether the project includes the following activities:

- Transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs? Select “Yes” or “No” from the dropdown menu.
- Use of a single application form for four or more mainstream programs? Select “Yes” or “No” from the dropdown menu.
- At least annual follow-ups with participants to ensure mainstream benefits are received and renewed? Select “Yes” or “No” from the dropdown menu.
- Do project participants have access to SSI/SSDI technical assistance provided by the applicant, a subrecipient, or partner agency? Select “Yes” or “No” from the dropdown menu. If “Yes” is selected the following question will become visible:

- Has the staff person providing the technical assistance completed SOAR training in the past 24 months. Select “Yes” or “No” from the dropdown menu.

4B. Housing Type and Location Detail

Instructions:
ALL PROJECTS EXCEPT HMIS

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

PH-PSH PROJECTS ONLY

How many of the total beds entered in “2b. Beds” are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project’s grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as “CH Beds” on a CoC’s Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter “0.”

How many of the total beds entered in “2b. Beds” are not dedicated to the chronically homeless? This is a required field, but it is Auto calculated. The number that is calculated is the difference between 3a and 2b.

How many of the total beds entered in "3b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number of beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the projects grant agreement for FY 2016 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter “0.”

How many of the beds listed in question “3c.” above will be prioritized for use by the chronically homeless? This is a required field. Use the number of turnover beds that are not dedicated to the chronically homeless and that you estimated in field c to estimate and enter the number of those beds that will be prioritized for the chronically homeless as soon as they do turnover.

ALL PROJECTS EXCEPT HMIS

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

**5A. Project Participants - Households**

**Instructions:**

**ALL PROJECTS EXCEPT HMIS**

In each non-shaded field list the number of households or persons served at maximum program capacity. The numbers here are intended to reflect a single point in time at maximum occupancy and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Households: Enter the number of households under at least one of the categories: Households with at least One Adult and One Child, Adult Households without Children, or Households with Only Children.

Households with at least One Adult and One Child: Enter the total number of households with at least one adult and one child. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Households without Children: Enter the total number of adult households without children. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Households with Only Children: Enter the total number of households with only children. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Characteristics: Enter the total number of homeless that fall under one of the characteristics listed.

Persons in Households with at least One Adult and One Child: Enter the number of persons in households with at least one adult and one child for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Persons in Households without Children: Enter the number of persons in households without children for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children: Enter the number of persons in households with only children for each demographic row. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Totals: All fields in the “Total Number…” and “Total Persons” rows will automatically calculate when the “Save” button is clicked.

5B. Project Participants - Subpopulations

Instructions:

ALL PROJECTS EXCEPT HMIS

*This screen can only be completed once Screen “5A. Project Participants – Households” has been completed and saved.

In each non-shaded field enter the number of persons served at maximum program capacity according to their age group, disability status, and the extent in which persons served fit into one or more of the subpopulation categories. The numbers here are intended to reflect a single point in time at maximum capacity and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Complete each of the three charts on this screen according to household types.

Persons in Households with at least one Adult and One Child chart: Enter only persons in households with at least one adult and one child. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and at least one person under the age of 18.

Persons in Households without Children chart: Enter only persons in adult households without children. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children chart: Enter only persons in households with only children. To be listed on this chart, a person must be part of a household with no persons at or above the age of 18, and only persons under the age of 18.

Total Persons: All fields in the “Total Persons” rows will calculate automatically when the “Save” button is clicked.

Describe the unlisted subpopulations referred to above: This field is visible and mandatory if a number greater than 0 is entered into the column “Persons not represented by listed subpopulations.” Enter text that describes the person(s) identified in this column and explains how they do not fall under the other categories in columns 1 through 9.

Enter the percentage of project participants that will be coming from each of the following locations: This is a required field. Enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:
- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens (persons coming from TH are not considered to be chronically homeless)
- Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (only applicable to TH and SSO projects)
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the “Save” button is clicked. A warning message will appear if the total is greater than 100%.

6A. Funding Request

Instructions:

ALL PROJECT APPLICATIONS

The fields that must be completed on this screen will vary based on the project type, program type, and component type selected earlier in the project application.

Do any of the properties in this project have an active restrictive covenant? This is a required field. Select “Yes” or “No” to indicate whether or not one or more of the project properties are subject to an active restrictive covenant. As a reminder, any project awarded capital cost funds (new construction, acquisition, or rehabilitation) has a 20 year or if initially awarded under the CoC Program (FY 2012 capital costs and beyond) a 15 year use restriction.

Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project? This is a required field. Indicate if this project previously received funds under either the Samaritan Housing or Permanent Housing Bonus initiative. If yes, then the project must continue to meet the requirements of the initiative, as specified in the Homeless Assistance Grants NOFA for the year in which funds were originally awarded, in order to continue to receive renewal funding under the CoC Program Competition.

Are the requested renewal funds reduced from the previous award as a result of reallocation?: This is a required field. Select “Yes” or “No” to indicate whether the renewal project is reduced through the reallocation process. The response will be compared to the CoC’s Reallocation Forms.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select ‘Yes’ or ‘No’ to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult 2 CFR Part 200.56, Part 200.413 and Part 200.414, FY 2016 NOFA and contact your local HUD office. The following questions become visible if “Yes” is selected:
- Please complete the indirect cost rate schedule below: Must complete at least one row.
- Has this rate been approved by your cognizant agency?: Select “Yes” or “No” from the dropdown menu.
- Do you plan to use the 10% de minimis rate? Select “Yes” or “No” from the dropdown menu.

Renewal Grant Term: This field is pre-populated with a one-year grant term and cannot be edited.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budget for which funding is being requested. The choices available will depend on the component and project type selected on Screen “3A Project Detail.” The following eligible costs may be listed: leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities listed on the CoC’s final HUD-approved FY 2016 GIW.

If you do not see the funding budgets that you expected, you may need to return to Screen “3A. Project Detail” to review the “Component Type” and/or “3B. Project Description” to review the type of project selected. See the FY 2016 CoC Program NOFA for additional guidance.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Do any of the properties in this project have an active restrictive covenant? No
2. Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project? Yes

3. Are the requested renewal funds reduced from the previous award as a result of reallocation? No

4. Does this project propose to allocate funds according to an indirect cost rate? No

5. Renewal Grant Term: 1 Year

Rental Assistance Budget Detail

Instructions:

Type of Rental Assistance: Select the applicable type of rental assistance from the dropdown menu. Options include tenant-based (TRA), sponsor-based (SRA), and project-based assistance (PRA). Each type has unique requirements and applicants should refer to the 24 CFR 578.51 before making a selection.

Metropolitan or non-metropolitan fair market rent area: This is a required field. Select the FY 2016 FMR area in which the project is located. The list is sorted by state abbreviation. The selected FMR area will be used to populate the rents in the chart below.

Does the applicant request rental assistance funding for less than the area's per unit size fair market rents: In the FY 2016 CoC Program Competition, eligible renewal projects requesting rental assistance are permitted to request a per-unit amount less than the Fair Market Rent (FMR). If the project applicant wants to request less than the FMR, select “Yes” from the dropdown for this question. The project applicant will then have the ability to enter an amount in the “HUD Paid Rent (applicant)” field that is less than the amount listed in the “FMR Area (applicant)” field. The following question is visible when PRA is selected:

Are you requesting a 15 year renewal per the FY2015 CoC Program NOFA? This request is only available for PH PRA rental assistance projects and 1 year of funding according to the relevant section of the FY 2016 CoC Program Competition NOFA.

Size of units: These options are system generated. Unit size is defined by the number of distinct bedrooms and not by the number of distinct beds.

# of units: This is a required field. For each unit size, enter the number of units for which funding is being requested. The number(s) listed should match the CoC’s HUD-approved FY 2015 GIW.

FMR: These fields are populated with the FY 2016 FMRs based on the FMR area selected by the project applicant. The FMRs are available online at http://www.huduser.org/portal/datasets/fmr.html.

HUD Paid Rent: For each unit size, enter the rent to be paid by the CoC program grant. This rent cannot exceed the FMR amount in the previous column; however, project applicants may request less than the FMR. Once funds are awarded recipients must document compliance with the rent reasonableness requirement set forth in section 578.51(g) of the CoC Program interim rule. If the applicants select “No” above, this column will not be available for edit). In the GIW, HUD Paid Rent is known as “Actual”.

12 Months: These fields are populated with the value 12 to calculate the annual rent request.

Total Request: This column populates with the total calculated amount from each row based on the number of units multiplied by the corresponding “HUD Paid Rent” and by 12 months. If the applicant selected “No” above, the automatic calculation will be based on the FMR and not the “HUD Paid Rent.”.

Total Units and Annual Assistance Requested: The fields in this row are automatically calculated based on the total number of units and the sum of the total requests per unit size per year.

Grant Term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based on total annual assistance requested multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

6E. Supportive Services Budget

Instructions:

Enter the quantity and total budget request for each supportive services cost. The request entered should be equivalent to the cost of one year of the relevant supportive service.

Eligible Costs: The system populates a list of eligible supportive services for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.53.

Quantity AND Description: This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity in detail (e.g. 1 FTE Case Manager Salary + benefits, or child care for 15 children) for each supportive service activity for which funding is being requested. Please note that simply stating “1FTE” is NOT providing “Quantity AND Detail” and limits HUD’s understanding of what is being requested. Failure to enter adequate ‘Quantity AND Detail’ may result in conditions being placed on an award and a delay of grant funding.

Annual Assistance Requested: This is a required field. Enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to providing supportive services to homeless participants. The request should match the budget amounts identified on the CoC’s HUD-approved FY 2016 GIW.

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Grant Term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

</tbody>
</table>

Total Value of Cash Commitments: $0

Total Value of In-Kind Commitments: $190,000

Total Value of All Commitments: $190,000
Sources of Match Detail

Instructions:

Match (cash or in-kind) must be used for eligible program costs only and must be equal to or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs. Please review 24 CFR Part 578, the FY 2015 CoC Program NOFA for more detailed information concerning Match.

Will this commitment be used towards Match? Yes is automatically selected and this is a field that cannot be edited.

Type of Commitment: Select Cash ($) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

Type of source: Select Private or Government to denote the source of the contribution. The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of written commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match/ screen will populate the Screen “6I. Summary Budget.” The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Will this commitment be used towards Match? Yes

2. Type of Commitment: In-Kind

3. Type of Source: Government

4. Name the Source of the Commitment: Behavioral Health Care Services
   (Be as specific as possible and include the office or grant program as applicable)

5. Date of Written Commitment: 10/15/2015

6. Value of Written Commitment: $190,000
6I. Summary Budget

Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to field “Admin (Up to 10%).”

Admin (Up to 10%): Enter the amount of requested administration funds. The request should match the amount identified on the CoC’s HUD-approved FY 2016 GIW. HUD will not fund greater than 10% of the request listed in the field “Sub-Total Eligible Costs Request.” If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is the total amount of funding the project applicant will request in the FY 2016 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field “Total Eligible Costs Request” minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen “6H. Sources of Match” to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.

Subrecipient Nonprofit Documentation: Documentation of the subrecipient's nonprofit status must be uploaded, if the applicant and project subrecipient are different entities, and the subrecipient is a nonprofit organization.

Other Attachment(s): Attach any additional information supporting the project funding request. Use a zip file to attach multiple documents.

If indicated on Screens 3A and/or 3B, the following additional attachment screens may be visible that should be used instead of Screen 7A. Attachments:

CoC Rejection Letter: Projects that are applying for CoC funds and that have been rejected for the competition by their CoC (Solo Projects) must submit documentation from the CoC verifying and explaining why the project has been rejected.

Certification of Consistency with Consolidated Plan: Each applicant that is not a State or unit of local government is required to have a certification by the jurisdiction in which the proposed project will be located confirming that the applicant's application for funding is consistent with the jurisdiction's HUD-approved consolidated plan. The certification must be made in accordance with the provisions of the consolidated plan regulations at 24 CFR part 91, subpart F. For projects that selected "No CoC" on Screen 3A, a form HUD-2991 must be obtained and signed by the certifying official for the applicable jurisdiction, indicating that the proposed project will be consistent with the Consolidated Plan. If the Solo Applicant is a State or unit of local government, the jurisdiction must certify that it is following its HUD-approved Consolidated Plan.

7B. Certification

A. For all projects:

Fair Housing and Equal Opportunity

It will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000(d)) and regulations pursuant thereto (Title 24 CFR part I), which state that no person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives Federal financial assistance, and will immediately take any measures necessary to effectuate this agreement. With reference to the real property and structure(s) thereon which are provided or improved with the aid of Federal financial assistance extended to the applicant, this assurance shall obligate the applicant, or in the case of any transfer, transferee, for the period during which the real property and structure(s) are used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

It will comply with the Fair Housing Act (42 U.S.C. 3601-19), as amended, and with implementing regulations at 24 CFR part 100, which prohibit discrimination in housing on the basis of race, color, religion, sex, disability, familial status or national origin.

It will comply with Executive Order 11063 on Equal Opportunity in Housing and with implementing regulations at 24 CFR Part 107 which prohibit discrimination because of race, color, creed, sex or national origin in housing and related facilities provided with Federal financial assistance.

It will comply with Executive Order 11246 and all regulations pursuant thereto (41 CFR Chapter 60-1), which state that no person shall be discriminated against on the basis of race, color, religion, sex or national origin in all phases of employment during the performance of Federal contracts and shall take affirmative action to ensure equal employment opportunity. The applicant will incorporate, or cause to be incorporated, into any contract for construction work as defined in Section 130.5 of HUD regulations the equal opportunity clause required by Section 130.15(b) of the HUD regulations.

It will comply with Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701(u)), and regulations pursuant thereto (24 CFR Part 135), which require that to the greatest extent feasible opportunities for training and employment be given to lower-income residents of the project and contracts for work in connection with the project be awarded in substantial part to persons residing in the area of the project.

It will comply with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended, and with implementing regulations at 24 CFR Part 8, which prohibit discrimination based on disability in Federally-assisted and conducted programs and activities.

It will comply with the Age Discrimination Act of 1975 (42 U.S.C. 6101-07), as amended, and implementing regulations at 24 CFR Part 146, which prohibit discrimination because of age in projects and activities receiving Federal financial assistance.
It will comply with Executive Orders 11625, 12432, and 12138, which state that program participants shall take affirmative action to encourage participation by businesses owned and operated by members of minority groups and women.

If persons of any particular race, color, religion, sex, age, national origin, familial status, or disability who may qualify for assistance are unlikely to be reached, it will establish additional procedures to ensure that interested persons can obtain information concerning the assistance.

It will comply with the reasonable modification and accommodation requirements and, as appropriate, the accessibility requirements of the Fair Housing Act and section 504 of the Rehabilitation Act of 1973, as amended.

**Additional for Rental Assistance Projects:**

If applicant has established a preference for targeted populations of disabled persons pursuant to 24 CFR 582.330(a), it will comply with this section's nondiscrimination requirements within the designated population.

**B. For non-Rental Assistance Projects Only.**

**20-Year Operation Rule.**

For applicants receiving assistance for acquisition, rehabilitation or new construction: The project will be operated for no less than 20 years from the date of initial occupancy or the date of initial service provision for the purpose specified in the application.

**1-Year Operation Rule.**

Dear Sir or Madam:

This is in response to your telephone request of January 29, 2003, regarding your organization’s tax-exempt status.

Our records indicate that a determination letter issued in December 1971 granted your organization exemption from federal income tax under section 501(c)(3) of the Internal Revenue Code. That letter is still in effect.

Based on information subsequently submitted, we classified your organization as one that is not a private foundation within the meaning of section 509(a) of the Code because it is an organization described in section 509(a)(2).

This classification was based on the assumption that your organization’s operations would continue as stated in the application. If your organization’s sources of support, or its character, method of operations, or purposes have changed, please let us know so we can consider the effect of the change on the exempt status and foundation status of your organization.

Your organization is required to file Form 990, Return of Organization Exempt from Income Tax, only if its gross receipts each year are normally more than $25,000. If a return is required, it must be filed by the 15th day of the fifth month after the end of the organization’s annual accounting period. The law imposes a penalty of $20 a day, up to a maximum of $10,000, when a return is filed late, unless there is reasonable cause for the delay.

All exempt organizations (unless specifically excluded) are liable for taxes under the Federal Insurance Contributions Act (social security taxes) on remuneration of $100 or more paid to each employee during a calendar year. Your organization is not liable for the tax imposed under the Federal Unemployment Tax Act (FUTA).

Organizations that are not private foundations are not subject to the excise taxes under Chapter 42 of the Code. However, these organizations are not automatically exempt from other federal excise taxes.

Donors may deduct contributions to your organization as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to your organization or for its use are deductible for federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Dear Taxpayer:

This is in response to your request of June 11, 2009, regarding your tax-exempt status.

Our records indicate that a determination letter was issued in November 1989, that recognized you as exempt from Federal income tax, and discloses that you are currently exempt under section 501(c)(03) of the Internal Revenue Code.

Our records also indicate you are not a private foundation within the meaning of section 509(a) of the Code because you are described in section(s) 509(a)(1) and 170(b)(1)(A)(vi).

Donors may deduct contributions to you as provided in section 170 of the Code. Requests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

Sincerely yours,

Cindy Westcott
Manager, EO Determinations
Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2016 Continuum of Care (CoC) Program Competition. For more information see FY 2016 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2016 CoC Program NOFA and the FY 2016 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2015 Project Application will be imported into the FY 2016 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the FY 2015 post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2016 CoC Program Competition NOFA.

19. Is the Application Subject to Review By State Executive Order 12372 Process?
   b. Program is subject to E.O. 12372 but has not been selected by the State for review.

   If "YES", enter the date this application was made available to the State for review:

20. Is the Applicant delinquent on any Federal debt?
   No

   If "YES," provide an explanation:
1F. Declaration

Instructions:

The authorized person for the project applicant organization must agree to the declaration statement in order to proceed to the project application. The list of certifications and assurances are contained in the FY 2016 CoC Program NOFA, and in the e-snaps Project Applicant Profile.

Authorized Representative: The authorized representative’s information is pre-populated on this screen from the Project Applicant Profile. A copy of the governing body’s authorization for this person to sign the project application as the official representative must be on file in the applicant's office.

Additional Resources can be found at the HUD Resource Exchange:
https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

All screens, 1A – 1F must be completed in full before the project applicant will have access to the Project Application in e-snaps.

By signing and submitting this application, I certify (1) to the statements contained in the list of certifications** and (2) that the statements herein are true, complete, and accurate to the best of my knowledge. I also provide the required assurances** and agree to comply with any resulting terms if I accept an award. I am aware that any false, fictitious, or fraudulent statements or claims may subject me to criminal, civil, or administrative penalties. (U.S. Code, Title 218, Section 1001)

2B. Recipient Performance

Instructions:

The selections made on this screen by completing all of the mandatory fields marked with an asterisk (*), will provide information on capacity of the project applicant. The screen asks the Project Applicant questions about capacity performance as a HUD grant recipient; in terms of: timely submission of required reports, quarterly eLOCCS drawdowns, addressing HUD monitoring and/or OIG audit findings and the recapture of any funds from the most recently expired grant term of the project.

APR Submission: Select "Yes" or "No" from the dropdown menu to indicate whether you have successfully submitted the APR on time for the most recently expired grant term related to this renewal project request. If "No" is selected, an additional question will appear, in which you must provide an explanation in the textbox; as to why the APR was not submitted in a timely manner.

HUD Monitoring Findings: Select "Yes" or "No" from the dropdown menu to indicate whether your organization has any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request. If "Yes" is selected, two new questions will appear, in which the applicant will enter the date of the oldest unresolved finding(s) and explain why the findings remain unresolved in the textbox provided.

Quarterly Drawdowns: Select "Yes" or "No" from the dropdown menu to indicate whether your organization maintained consistent Quarterly Drawdowns from eLOCCS for the most recent grant terms related to this renewal project. If "No," is selected, one new question will appear in which the applicant must explain, in the textbox provided, as to why the recipient has not maintained consistent Quarterly Drawdowns for the most recent grant terms related to this renewal project request.

Recaptured Funds: Select "Yes" or "No" from the dropdown menu to indicate whether any funds have been recaptured by HUD for the most recently expired grant term related to this renewal project request. If "Yes," is selected, one new question will appear, in which the applicant must explain why HUD recaptured funds from the most recently expired grant term.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? Yes

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? No
3A. Project Detail

Instructions:

The selections made on this screen will determine which additional forms will need to be completed for this project application.

Expiring Grant Number: This field is pre-populated with the expiring grant number entered on Screen "1A. Application Type."

CoC Number and Name: Select the number and name of the CoC to which the project application will be submitted for the local competition review process. This is the CoC that will submit the CoC Consolidated Application to HUD by the designated submission deadline. Applicants with projects that do not belong to a CoC should select “No CoC.”

CoC Collaborative Applicant Name: Select the name of the CoC Applicant, also known as the Collaborative Applicant, from the dropdown. In most cases, there will only be one name from which to choose. The project applicant should choose the name of the CoC Applicant to which they intend to submit this project application.

Project Name: This is pre-populated from the “Project” Form and cannot be edited.

Project Status: The default selection is “Standard,” indicating that the applicant is submitting the application to the Collaborative Applicant for consideration in the FY 2016 CoC Program competition. The selection should only be changed to “Appeal” in the event that the project application is rejected by the Collaborative Applicant (either formally in e-snaps or outside of e-snaps) and the project applicant wants to appeal this decision directly to HUD by submitting a solo application. For additional information on the appeal process, see Section X of the FY 2016 CoC Program Competition NOFA. A full explanation of the process is provided on Screen “8A. Notice of Intent to Appeal.”

Component Type: This is a required field. Select the component type that identifies the renewal project application type. This can be either a PH, SH, TH, SSO or HMIS. The selection of component type will have an affect on what question on subsequent screens are asked of the user.

Title V: This field is required. Select "Yes" or "No" to indicate if one or more properties being served by this project were acquired under Title V.

Additional Resources can be found at the HUD Resource Exchange:
https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Expiring Grant Number: CA0090L9T021508
(e.g., the "Federal Award Identifier" indicated on form 1A. Application Type)

2a. CoC Number and Name: CA-502 - Oakland, Berkeley/Alameda County CoC

2b. CoC Collaborative Applicant Name: Alameda County

3. Project Name: Bridget House Transitional
4. Project Status: Standard

5. Component Type: TH

6. Does this project use one or more properties that have been conveyed through the Title V process? No
3B. Project Description

Instructions:

ALL PROJECTS

Provide a description that addresses the entire scope of the proposed project: This is a required field. The project description should address the entire scope of the project, including a clear picture of the target population(s) to be served, the plan for addressing the identified needs/issues of the CoC target population(s), projected outcome(s), and coordination with other source(s)/partner(s). The narrative is expected to describe the project at full operational capacity. The description should be consistent with and make reference to other parts of this application.

Does your project have a specific population focus: This is a required field. Select “Yes” if your project has special capacity in its facilities, program designs, tools, outreach or methodologies for a specific subpopulation or subpopulations. This does not necessarily mean that the project exclusively serves that subpopulation(s), but rather that they are uniquely equipped to serve them. If “Yes” is selected, select the relevant checkbox(s) to identify the project’s population focus.

PH, SH, TH and SSO PROJECTS ONLY

Does the project follow a “Housing First” approach: This is a required field for PH, TH and SSO projects only. Select all applicable checkboxes that indicate whether or not the project currently follows a housing first approach that ensures that participants are not screened out based on barriers such as income, sobriety, etc. Select “none of the above” if the project does not follow a housing first approach.

- Does the project quickly move participants into permanent housing?: This is a required field. Select “Yes” to this question if your project will quickly move program participants into permanent housing without additional steps (e.g., required stay in transitional housing first) before moving to permanent housing. If you are a domestic violence (DV) program you should select “Yes” if you will quickly move program participants into permanent housing after immediate safety needs are addressed (e.g., a person who is still in danger from a violent partner and would move into PH once the dangerous situation has been addressed). Select “No” if the project does not work to move program participants quickly into permanent housing.

- Does the project ensure that participants are not screened out based on the listed reasons? (Check all that apply): This is a required field and at least one option must be selected. Multiple checkbox selections are provided.

- Does the project ensure that participants are not terminated from the program for the listed reasons? (Check all that apply) Multiple checkbox selections are provided.

- Does the project follow a “Housing First” approach? This is auto-scored based upon the responses to the questions above and “Yes” or “No” will indicate if the project is using the Housing First approach to house program participants.

PH PROJECTS ONLY

Does the PH project provide PSH or RRH: This is a required field. Select “PSH” if the project will operate according to a permanent supportive housing model as defined by 24 CFR 578. Select “RRH” if the project will operate according to a rapid rehousing model as defined by 24 CFR 578.

PH AND TH PROJECTS ONLY:

Does the project request costs under the rental assistance budget line item?: This is a required field. If requesting rental assistance, select “Yes” from the dropdown menu. If not requesting rental assistance in this project application, select “No”.

RENTAL ASSISTANCE PROJECTS ONLY

Is this a CoC Program leasing or SHP project that had been approved by HUD to change the renewal project budget from leasing to rental assistance? (This change must have been listed on...
the final HUD-approved FY 2016 GIW. See 24 CFR 578.49(b)(8)): This is a required field. “Yes” should only be selected if HUD approved a change from leasing to rental assistance during the FY 2016 GIW process.

FOR SSO PROJECTS ONLY

Please select the type of SSO Project: Four options are given; Street Outreach; Housing Project or Housing Structure Specific; Coordinated Entry; Standalone Supportive Service. Only Coordinated Entry will have follow up questions.

FOR SSO COORDINATED ENTRY PROJECTS ONLY

Will the coordinated entry process funded in part by this grant cover the COC’s entire geographic area: This is a required field. Yes/No dropdown question.

Will the coordinated entry process funded in part by this grant be easily accessible: This is a required field. Yes/No dropdown question.

Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance. This is a required field. Explain the outreach strategy of the CE.

Does the coordinated entry process use a comprehensive, standardized assessment process: This is a required field. Yes/No dropdown question.

Describe the referral process and how the coordinated entry process ensures that participants are directed to appropriate housing and/or services: This is a required field. Explain the referral process.

If the coordinated entry process includes differences in the access, entry, assessment, or referral for certain populations, are those differences limited only to the following four groups: Individuals, Families, DV, and Youth: This is a required field. Yes/No dropdown question.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Provide a description that addresses the entire scope of the proposed project.

Bridget Transitional House provides a supportive home environment and intensive case management for four single parent mothers, each with one or two children, in a lovely home in West Berkeley.

Each family, in addition to being homeless, is also working on recovery from substance abuse or domestic violence. The Bridget Transitional House program has been designed to assist the families to transition to stable permanent housing, to increase each mother’s marketable skills and to increase family income, and to help the families learn important life skills so that they may successfully re-integrate into the community.

The Bridget House staff assist families in applying for affordable housing opportunities and in developing a plan to find affordable housing. Bridget House is a "housing first" environment meaning we strive to reduce barriers to entry into our program and we making finding permanent housing the focal point of our work. Each mother works with the case manager to create an individual "action plan" which addresses personal areas of challenge, not only for housing stability, but also for employment, education or training, physical health, mental health, substance abuse, parenting skills, income management and budgeting. The plan includes accessing mainstream community resources for health and
human services, education, recreation and other needed services. Graduates from Bridget House are prepared to provide a stable and healthy home for their children.

2. Does your project have a specific population focus? Yes

2a. Please identify the specific population focus. (Select ALL that apply)

4A. Supportive Services for Participants

Instructions:

ALL PROJECTS EXCEPT HMIS

For all supportive services available to participants, indicate who will provide them, and how often they are provided. This field is required and at least one value must be entered. Complete each row of drop down menus for supportive services that will be available to participants, using the funds requested through the application, and funds from other sources. If more than one Provider is relevant for a single service, please select the provider that corresponds to the highest frequency.

- Provider: select one of the following: “Applicant” to indicate that the applicant will provide the service directly; “Subrecipient” to indicate that a subrecipient will provide the service directly; “Partner” to indicate that an organization that is not a subrecipient of project funds but with whom a formal agreement or MOU has been signed will provide the service directly; or, “Non-Partner” to indicate that a specific organization with whom no formal agreement has been established regularly provides the service to clients. If more than one provider offers the service at the same frequency, choose the provider according to the following: Applicant, then Subrecipient, then Partner, and lastly, non-Partner.

- Frequency: Select the most common interval of time for which the service is accessible to participants. If two frequencies are equally common, choose the interval with the highest frequency.

Applicants may leave dropdown menus as “—select—” when services are not applicable.

Please identify whether the project includes the following activities:

- Transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs? Select “Yes” or “No” from the dropdown menu.
- Use of a single application form for four or more mainstream programs? Select “Yes” or “No” from the dropdown menu.
- At least annual follow-ups with participants to ensure mainstream benefits are received and renewed? Select “Yes” or “No” from the dropdown menu.
- Do project participants have access to SSI/SSDI technical assistance provided by the applicant, a subrecipient, or partner agency? Select “Yes” or “No” from the dropdown menu. If “Yes” is selected the following question will become visible:

- Has the staff person providing the technical assistance completed SOAR training in the past 24 months. Select “Yes” or “No” from the dropdown menu.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

## 4B. Housing Type and Location Detail

### Instructions:

**ALL PROJECTS EXCEPT HMIS**

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

**PH-PSH PROJECTS ONLY**

How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project’s grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as “CH Beds” on a CoC’s Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter “0.”

How many of the total beds entered in "2b. Beds" are not dedicated to the chronically homeless? This is a required field, but it is Auto calculated. The number that is calculated is the difference between 3a and 2b.

How many of the total beds entered in "3b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number of beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the projects grant agreement for FY 2016 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter “0.”

How many of the beds listed in question “3c.” above will be prioritized for use by the chronically homeless? This is a required field. Use the number of turnover beds that are not dedicated to the chronically homeless and that you estimated in field c to estimate and enter the number of those beds that will be prioritized for the chronically homeless as soon as they do turnover.

**ALL PROJECTS EXCEPT HMIS**

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snapsguides/coc-program-competition-resources/

### 5A. Project Participants - Households

**Instructions:**

**ALL PROJECTS EXCEPT HMIS**

In each non-shaded field list the number of households or persons served at maximum program capacity. The numbers here are intended to reflect a single point in time at maximum occupancy and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Households: Enter the number of households under at least one of the categories: Households with at least One Adult and One Child, Adult Households without Children, or Households with Only Children.

- **Households with at least One Adult and One Child:** Enter the total number of households with at least one adult and one child. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

- **Adult Households without Children:** Enter the total number of adult households without children. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

- **Households with Only Children:** Enter the total number of households with only children. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Characteristics: Enter the total number of homeless that fall under one of the characteristics listed.

- **Persons in Households with at least One Adult and One Child:** Enter the number of persons in households with at least one adult and one child for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

- **Adult Persons in Households without Children:** Enter the number of persons in households without children for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

- **Persons in Households with Only Children:** Enter the number of persons in households with only children for each demographic row. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Totals: All fields in the “Total Number…” and “Total Persons” rows will automatically calculate when the “Save” button is clicked.

**5B. Project Participants - Subpopulations**

**Instructions:**

**ALL PROJECTS EXCEPT HMIS**

*This screen can only be completed once Screen “5A. Project Participants – Households” has been completed and saved.

In each non-shaded field enter the number of persons served at maximum program capacity according to their age group, disability status, and the extent in which persons served fit into one or more of the subpopulation categories. The numbers here are intended to reflect a single point in time at maximum capacity and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Complete each of the three charts on this screen according to household types.

Persons in Households with at least one Adult and One Child chart: Enter only persons in households with at least one adult and one child. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and at least one person under the age of 18.

Persons in Households without Children chart: Enter only persons in adult households without children. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children chart: Enter only persons in households with only children. To be listed on this chart, a person must be part of a household with no persons at or above the age of 18, and only persons under the age of 18.

Total Persons: All fields in the “Total Persons” rows will calculate automatically when the “Save” button is clicked.

Describe the unlisted subpopulations referred to above: This field is visible and mandatory if a number greater than 0 is entered into the column “Persons not represented by listed subpopulations.” Enter text that describes the person(s) identified in this column and explains how they do not fall under the other categories in columns 1 through 9.

5C. Outreach for Participants

Instructions:

ALL PROJECTS EXCEPT HMIS

Enter the percentage of project participants that will be coming from each of the following locations: This is a required field. Enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:
- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens (persons coming from TH are not considered to be chronically homeless)
- Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (only applicable to TH and SSO projects)
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the “Save” button is clicked. A warning message will appear if the total is greater than 100%.

6A. Funding Request

Instructions:

ALL PROJECT APPLICATIONS

The fields that must be completed on this screen will vary based on the project type, program type, and component type selected earlier in the project application.

Do any of the properties in this project have an active restrictive covenant: This is a required field. Select “Yes” or “No” to indicate whether or not one or more of the project properties are subject to an active restrictive covenant. As a reminder, any project awarded capital cost funds (new construction, acquisition, or rehabilitation) has a 20 year or if initially awarded under the CoC Program (FY 2012 capital costs and beyond) a 15 year use restriction.

Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project: This is a required field. Indicate if this project previously received funds under either the Samaritan Housing or Permanent Housing Bonus initiative. If yes, then the project must continue to meet the requirements of the initiative, as specified in the Homeless Assistance Grants NOFA for the year in which funds were originally awarded, in order to continue to receive renewal funding under the CoC Program Competition.

Are the requested renewal funds reduced from the previous award as a result of reallocation?: This is a required field. Select “Yes” or “No” to indicate whether the renewal project is reduced through the reallocation process. The response will be compared to the CoC’s Reallocation Forms.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select ‘Yes’ or ‘No’ to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult 2 CFR Part 200.56, Part 200.413 and Part 200.414, FY 2016 NOFA and contact your local HUD office. The following questions become visible if “Yes” is selected:
- Please complete the indirect cost rate schedule below: Must complete at least one row.
- Has this rate been approved by your cognizant agency?: Select “Yes” or “No” from the dropdown menu.
- Do you plan to use the 10% de minimis rate? Select “Yes” or “No” from the dropdown menu.

Renewal Grant Term: This field is pre-populated with a one-year grant term and cannot be edited.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budget for which funding is being requested. The choices available will depend on the component and project type selected on Screen “3A Project Detail.” The following eligible costs may be listed: leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities listed on the CoC’s final HUD-approved FY 2016 GIW.

If you do not see the funding budgets that you expected, you may need to return to Screen “3A. Project Detail” to review the “Component Type” and/or “3B. Project Description” to review the type of project selected. See the FY 2016 CoC Program NOFA for additional guidance.

6E. Supportive Services Budget

Instructions:

Enter the quantity and total budget request for each supportive services cost. The request entered should be equivalent to the cost of one year of the relevant supportive service.

Eligible Costs: The system populates a list of eligible supportive services for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.53.

Quantity AND Description: This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity in detail (e.g. 1 FTE Case Manager Salary + benefits, or child care for 15 children) for each supportive service activity for which funding is being requested. Please note that simply stating “1 FTE” is NOT providing “Quantity AND Detail” and limits HUD’s understanding of what is being requested. Failure to enter adequate ‘Quantity AND Detail’ may result in conditions being placed on an award and a delay of grant funding.

Annual Assistance Requested: This is a required field. Enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to providing supportive services to homeless participants. The request should match the budget amounts identified on the CoC’s HUD-approved FY 2016 GIW.

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Grant Term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

6F. Operating Budget

Instructions:

Enter the quantity and total budget request for each operating cost. The request entered should be equivalent to the cost of one year of the relevant operations activity.

Eligible Costs: The system populates a list of eligible operating costs for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.55.

Quantity AND Detail: This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity and detail (e.g., .75 FTE hours and benefits for staff, utility types, and monthly allowance for supplies) for each operating cost for which funding is being requested. Please note that simply stating “1FTE” is NOT providing “Quantity AND Detail” and restricts understanding of what is being requested. Failure to enter adequate “Quantity AND Detail” may result in conditions being placed on the award and a delay of grant funding.

Annual Assistance Requested: This is a required field. Enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to operating the housing or supportive services facility. The request should match the budget amounts identified on the CoC’s HUD-approved FY 2016 GIW

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Are you requesting a 15 year renewal per the FY2016 CoC Program NOFA? This request is only available for Operating Costs budget line items in projects in which the applicant owns the building and needs to provide maintenance. Only 1 year of funding is allowed according to the relevant section of the FY 2016 CoC Program Competition NOFA.

Grant term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based on the total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Sources of Match Detail

Instructions:
Match (cash or in-kind) must be used for eligible program costs only and must be equal to or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs. Please review 24 CFR Part 578, the FY 2015 CoC Program NOFA for more detailed information concerning Match.

Will this commitment be used towards Match? Yes is automatically selected and this is a field that cannot be edited.

Type of Commitment: Select Cash ($) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

Type of source: Select Private or Government to denote the source of the contribution. The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of written commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match/ screen will populate the Screen “6I. Summary Budget.” The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

6l. Summary Budget

Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to field “7. Admin (Up to 10%)."

Admin (Up to 10%): Enter the amount of requested administration funds. The request should match the amount identified on the CoC’s HUD-approved FY 2016 GIW. HUD will not fund greater than 10% of the request listed in the field “Sub-Total Eligible Costs Request.” If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is the total amount of funding the project applicant will request in the FY 2016 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field “Total Eligible Costs Request” minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen “6H. Sources of Match” to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.

7A. Attachment(s)

Instructions:

Subrecipient Nonprofit Documentation: Documentation of the subrecipient's nonprofit status must be uploaded, if the applicant and project subrecipient are different entities, and the subrecipient is a nonprofit organization.

Other Attachment(s): Attach any additional information supporting the project funding request. Use a zip file to attach multiple documents.

If indicated on Screens 3A and/or 3B, the following additional attachment screens may be visible that should be used instead of Screen 7A. Attachments:

CoC Rejection Letter: Projects that are applying for CoC funds and that have been rejected for the competition by their CoC (Solo Projects) must submit documentation from the CoC verifying and explaining why the project has been rejected.

Certification of Consistency with Consolidated Plan: Each applicant that is not a State or unit of local government is required to have a certification by the jurisdiction in which the proposed project will be located confirming that the applicant's application for funding is consistent with the jurisdiction's HUD-approved consolidated plan. The certification must be made in accordance with the provisions of the consolidated plan regulations at 24 CFR part 91, subpart F. For projects that selected “No CoC” on Screen 3A, a form HUD-2991 must be obtained and signed by the certifying official for the applicable jurisdiction, indicating that the proposed project will be consistent with the Consolidated Plan. If the Solo Applicant is a State or unit of local government, the jurisdiction must certify that it is following its HUD-approved Consolidated Plan.

Fair Housing and Equal Opportunity

It will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000(d)) and regulations pursuant thereto (Title 24 CFR part I), which state that no person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives Federal financial assistance, and will immediately take any measures necessary to effectuate this agreement. With reference to the real property and structure(s) thereon which are provided or improved with the aid of Federal financial assistance extended to the applicant, this assurance shall obligate the applicant, or in the case of any transfer, transferee, for the period during which the real property and structure(s) are used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

It will comply with the Fair Housing Act (42 U.S.C. 3601-19), as amended, and with implementing regulations at 24 CFR part 100, which prohibit discrimination in housing on the basis of race, color, religion, sex, disability, familial status or national origin.

It will comply with Executive Order 11063 on Equal Opportunity in Housing and with implementing regulations at 24 CFR Part 107 which prohibit discrimination because of race, color, creed, sex or national origin in housing and related facilities provided with Federal financial assistance.

It will comply with Executive Order 11246 and all regulations pursuant thereto (41 CFR Chapter 60-1), which state that no person shall be discriminated against on the basis of race, color, religion, sex or national origin in all phases of employment during the performance of Federal contracts and shall take affirmative action to ensure equal employment opportunity. The applicant will incorporate, or cause to be incorporated, into any contract for construction work as defined in Section 130.5 of HUD regulations the equal opportunity clause required by Section 130.15(b) of the HUD regulations.

It will comply with Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701(u)), and regulations pursuant thereto (24 CFR Part 135), which require that to the greatest extent feasible opportunities for training and employment be given to lower-income residents of the project and contracts for work in connection with the project be awarded in substantial part to persons residing in the area of the project.

It will comply with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended, and with implementing regulations at 24 CFR Part 8, which prohibit discrimination based on disability in Federally-assisted and conducted programs and activities.

It will comply with the Age Discrimination Act of 1975 (42 U.S.C. 6101-07), as amended, and implementing regulations at 24 CFR Part 146, which prohibit discrimination because of age in projects and activities receiving Federal financial assistance.
It will comply with Executive Orders 11625, 12432, and 12138, which state that program participants shall take affirmative action to encourage participation by businesses owned and operated by members of minority groups and women.

If persons of any particular race, color, religion, sex, age, national origin, familial status, or disability who may qualify for assistance are unlikely to be reached, it will establish additional procedures to ensure that interested persons can obtain information concerning the assistance.

It will comply with the reasonable modification and accommodation requirements and, as appropriate, the accessibility requirements of the Fair Housing Act and section 504 of the Rehabilitation Act of 1973, as amended.

**Additional for Rental Assistance Projects:**

If applicant has established a preference for targeted populations of disabled persons pursuant to 24 CFR 582.330(a), it will comply with this section's nondiscrimination requirements within the designated population.

**B. For non-Rental Assistance Projects Only.**

To Whom it May Concern

Rubicon strongly supports Bridget Transitional House Renewal Project sponsored by the Women’s Daytime Drop-In Center as part of Alameda County’s efforts to reduce and end homelessness.

Bridget Transitional house provides vital transitional housing and support services for four single parent families who are recovering from substance abuse and/or domestic violence. The goal of the program is to assist participating families to move to permanent housing and to settle into the community with improved life skills.

To that end, as an employment readiness and housing program, Rubicon Programs agrees to commit resources to Bridget House sponsored by the Women’s Daytime Drop-In Center as the grantee. Rubicon will offer workshops and services for Bridget House residents on topics such as employment readiness, financial services, and housing assistance as well as providing information about supportive services and resources. Additionally, Bridget House participants may register with Rubicon’s career center to gain full access to employment resources such as phones, computers, fax and copy machines as well as internet access for job search, resume workshops and access to individualized employment and training services through a WIA program.

Rubicon resources committed are valued at 3,620.80 per person and the total for services provided to six woman annually is $21,725.

These resources will be available to the project when the project is under contract with HUD and available for one year.

Sincerely,

Jane Fischberg
President and Executive Director

To Whom It May Concern

Building Futures with Women and Children is in support of the Women’s Daytime Drop-In Center’s Bridget House Transitional Program on behalf of the countywide efforts to reduce and end homelessness. Bridget House provides six months of housing for families in order to renew, restore and transform the lives of women and children struggling with homelessness, domestic violence and addiction.

To that end, Building Futures agrees to commit resources to Bridget House and to Women’s Daytime Drop-In Center as the grantee. The specific resources being contributed include:

- 40 Hour Domestic Violence Training for staff members valued at $5,000.
- Shelter for women and children valued at $25,000.
- Domestic Violence Services valued at $15,000.

These resources will be available to the project when the project is under contract with HUD and available for one year.

Sincerely,

Liz Varela
Executive Director

To Whom it May Concern:

BOSS is writing this letter in support of the Women’s Daytime Drop-In Center’s Supportive Housing Program application for Bridget Transitional House. This project provides much needed transitional housing services for 4 homeless women and their children who are overcoming the additional obstacles of domestic violence or substance abuse.

BOSS commits to making housing services, benefits advocacy, payee services and other relevant supportive services as leveraging resources to participants of Bridget Transitional House. These services are valued at $30,000 annually and will be available for one year, beginning December 1, 2016-November 30, 2017.

Sincerely

Subject: Women’s Daytime Drop-In Center

I am writing in support of the Women’s Daytime Drop-In Center’s Bridget Transitional House. This project provides critical transitional housing services for homeless women and their children, who are overcoming the additional obstacles of domestic violence, mental health problems and/or substance abuse.

Berkeley Mental Health plans to provide on-going mental health services to clients of the Women’s Daytime Drop-In Center and Transitional House residents. For this grant submittal, Berkeley Mental Health will provide leveraged services valued at approximately $180,040.80 a year for at least one year beginning December 1, 2016 through November 30 2017. The cost of services is based on the following:

- Crisis Intervention: 3 hours per year at $309.60 per hour = $928.80 ($928.00 per year)
- Medication Support: 10 hours per month at $545.40 per hour = $5454.00 ($65,448.00 per year)
- Mental Health Services: 10 hours per month at $286.80 per hour = $2860.00 ($34,320.00 per year)

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snapsguides/coc-program-competition-resources/
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2016 Continuum of Care (CoC) Program Competition. For more information see FY 2016 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2016 CoC Program NOFA and the FY 2016 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2015 Project Application will be imported into the FY 2016 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the FY 2015 post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2016 CoC Program Competition NOFA.

2B. Recipient Performance

Instructions:

The selections made on this screen by completing all of the mandatory fields marked with an asterisk (*), will provide information on capacity of the project applicant. The screen asks the Project Applicant questions about capacity performance as a HUD grant recipient; in terms of: timely submission of required reports, quarterly eLOCCS drawdowns, addressing HUD monitoring and/or OIG audit findings and the recapture of any funds from the most recently expired grant term of the project.

APR Submission: Select "Yes" or "No" from the dropdown menu to indicate whether you have successfully submitted the APR on time for the most recently expired grant term related to this renewal project request. If "No" is selected, an additional question will appear, in which you must provide an explanation in the textbox; as to why the APR was not submitted in a timely manner.

HUD Monitoring Findings: Select "Yes" or "No" from the dropdown menu to indicate whether your organization has any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request. If “Yes” is selected, two new questions will appear, in which the applicant will enter the date of the oldest unresolved finding(s) and explain why the findings remain unresolved in the textbox provided.

Quarterly Drawdowns: Select "Yes" or "No" from the dropdown menu to indicate whether your organization maintained consistent Quarterly Drawdowns from eLOCCS for the most recent grant terms related to this renewal project. If “No,” is selected, one new question will appear in which the applicant must explain, in the textbox provided, as to why the recipient has not maintained consistent Quarterly Drawdowns for the most recent grant terms related to this renewal project request.

Recaptured Funds: Select "Yes" or "No" from the dropdown menu to indicate whether any funds have been recaptured by HUD for the most recently expired grant term related to this renewal project request. If “Yes,” is selected, one new question will appear, in which the applicant must explain why HUD recaptured funds from the most recently expired grant term.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? Yes

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? No
3A. Project Detail

Instructions:

The selections made on this screen will determine which additional forms will need to be completed for this project application.

Expiring Grant Number: This field is pre-populated with the expiring grant number entered on Screen “1A. Application Type.”

CoC Number and Name: Select the number and name of the CoC to which the project application will be submitted for the local competition review process. This is the CoC that will submit the CoC Consolidated Application to HUD by the designated submission deadline. Applicants with projects that do not belong to a CoC should select “No CoC.”

CoC Collaborative Applicant Name: Select the name of the CoC Applicant, also known as the Collaborative Applicant, from the dropdown. In most cases, there will only be one name from which to choose. The project applicant should choose the name of the CoC Applicant to which they intend to submit this project application.

Project Name: This is pre-populated from the “Project” Form and cannot be edited.

Project Status: The default selection is “Standard,” indicating that the applicant is submitting the application to the Collaborative Applicant for consideration in the FY 2016 CoC Program competition. The selection should only be changed to “Appeal” in the event that the project application is rejected by the Collaborative Applicant (either formally in e-snaps or outside of e-snaps) and the project applicant wants to appeal this decision directly to HUD by submitting a solo application. For additional information on the appeal process, see Section X of the FY 2016 CoC Program Competition NOFA. A full explanation of the process is provided on Screen “8A. Notice of Intent to Appeal.”

Component Type: This is a required field. Select the component type that identifies the renewal project application type. This can be either a PH, SH, TH, SSO or HMIS. The selection of component type will have an affect on what question on subsequent screens are asked of the user.

Title V: This field is required. Select “Yes” or “No” to indicate if one or more properties being served by this project were acquired under Title V.

Additional Resources can be found at the HUD Resource Exchange:
https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Expiring Grant Number: CA0093L9T021508
   (e.g., the “Federal Award Identifier” indicated on form 1A. Application Type)

2a. CoC Number and Name: CA-502 - Oakland, Berkeley/Alameda County CoC

2b. CoC Collaborative Applicant Name: Alameda County

3. Project Name: Families in Transition
4. Project Status: Standard

5. Component Type: TH

6. Does this project use one or more properties that have been conveyed through the Title V process? No
3B. Project Description

Instructions:

ALL PROJECTS

Provide a description that addresses the entire scope of the proposed project: This is a required field. The project description should address the entire scope of the project, including a clear picture of the target population(s) to be served, the plan for addressing the identified needs/issues of the CoC target population(s), projected outcome(s), and coordination with other source(s)/partner(s). The narrative is expected to describe the project at full operational capacity. The description should be consistent with and make reference to other parts of this application.

Does your project have a specific population focus: This is a required field. Select “Yes” if your project has special capacity in its facilities, program designs, tools, outreach or methodologies for a specific subpopulation or subpopulations. This does not necessarily mean that the project exclusively serves that subpopulation(s), but rather that they are uniquely equipped to serve them. If “Yes” is selected, select the relevant checkbox(s) to identify the project’s population focus.

PH, SH, TH and SSO PROJECTS ONLY

Does the project follow a “Housing First” approach: This is a required field for PH, TH and SSO projects only. Select all applicable checkboxes that indicate whether or not the project currently follows a housing first approach that ensures that participants are not screened out based on barriers such as income, sobriety, etc. Select “none of the above” if the project does not follow a housing first approach.
- Does the project quickly move participants into permanent housing?:This is a required field. Select “Yes” to this question if your project will quickly move program participants into permanent housing without additional steps (e.g., required stay in transitional housing first) before moving to permanent housing. If you are a domestic violence (DV) program you should select “Yes” if you will quickly move program participants into permanent housing after immediate safety needs are addressed (e.g., a person who is still in danger from a violent partner and would move into PH once the dangerous situation has been addressed). Select “No” if the project does not work to move program participants quickly into permanent housing.
- Does the project ensure that participants are not screened out based on the listed reasons? (Check all that apply): This is a required field and at least one option must be selected. Multiple checkbox selections are provided.
- Does the project ensure that participants are not terminated from the program for the listed reasons? (Check all that apply) Multiple checkbox selections are provided.
- Does the project follow a “Housing First” approach? This is auto-scored based upon the responses to the questions above and “Yes” or “No” will indicate if the project is using the Housing First approach to house program participants.

PH PROJECTS ONLY

Does the PH project provide PSH or RRH: This is a required field. Select “PSH” if the project will operate according to a permanent supportive housing model as defined by 24 CFR 578. Select “RRH” if the project will operate according to a rapid rehousing model as defined by 24 CFR 578.

PH AND TH PROJECTS ONLY:

Does the project request costs under the rental assistance budget line item?: This is a required field. If requesting rental assistance, select “Yes” from the dropdown menu. If not requesting rental assistance in this project application, select “No”.

RENTAL ASSISTANCE PROJECTS ONLY

Is this a CoC Program leasing or SHP project that had been approved by HUD to change the renewal project budget from leasing to rental assistance? (This change must have been listed on
the final HUD-approved FY 2016 GIW. See 24 CFR 578.49(b)(8)): This is a required field. “Yes” should only be selected if HUD approved a change from leasing to rental assistance during the FY 2016 GIW process.

FOR SSO PROJECTS ONLY

Please select the type of SSO Project: Four options are given; Street Outreach; Housing Project or Housing Structure Specific; Coordinated Entry; Standalone Supportive Service. Only Coordinated Entry will have follow up questions.

FOR SSO COORDINATED ENTRY PROJECTS ONLY

Will the coordinated entry process funded in part by this grant cover the COC’s entire geographic area: This is a required field. Yes/ No dropdown question.

Will the coordinated entry process funded in part by this grant be easily accessible: This is a required field. Yes/No dropdown question.

Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance. This is a required field. Explain the outreach strategy of the CE.

Does the coordinated entry process use a comprehensive, standardized assessment process: This is a required field. Yes/No dropdown question.

Describe the referral process and how the coordinated entry process ensures that participants are directed to appropriate housing and/or services: This is a required field. Explain the referral process.

If the coordinated entry process includes differences in the access, entry, assessment, or referral for certain populations, are those differences limited only to the following four groups: Individuals, Families, DV, and Youth: This is a required field. Yes/No dropdown question.

1. Provide a description that addresses the entire scope of the proposed project.

The Families in Transition (FIT) Scattered Sites Program serves literally homeless families with dependent children in nine (9) single-family homes and apartments in Oakland, California.

The City of Oakland contracts with East Oakland Community Project (EOCP) to operate the FIT program. The FIT program has changed its program design to operates as an Interim Housing model with the primary goal to assist families in securing and maintaining residency in permanent housing within six to nine months. The hallmarks of the Interim Housing model are that participants enter directly from the streets with no barriers or pre-conditions, participants have a short length of stay, and all services are focused on quickly re-housing the person in the community. A Housing Placement Specialist assists each client with developing a housing plan, finding permanent housing, and obtaining adequate employment income and/or enrollment into mainstream benefits. The FIT program provides a case management driven program offering educational/vocational support, relapse prevention support, mental health support and counseling, parenting skills training, and money management/financial literacy training. Currently the length of stay is approximately 8 months and the program is implementing strategies to reduce this amount of time in an effort to service more families.
Since November 2015, clients have been exclusively referred to FIT via a Family Coordinated Entry pilot program known as the Family Front Door (FFD). The FFD assesses and prioritizes literally homeless families for services and using a low barrier, housing first approach, refers families to Interim Housing/Transitional Housing who have high levels of need and would benefit from the intensive level of service delivery that is provided in an Interim Housing/ Transitional Housing program. These clients typically have experienced more incidences of homelessness in their lives and are often adversely impacted by multiple barriers which have prevented them from achieving housing stability in the past.

4A. Supportive Services for Participants

Instructions:

ALL PROJECTS EXCEPT HMIS

For all supportive services available to participants, indicate who will provide them, and how often they are provided. This field is required and at least one value must be entered. Complete each row of drop down menus for supportive services that will be available to participants, using the funds requested through the application, and funds from other sources. If more than one Provider is relevant for a single service, please select the provider that corresponds to the highest frequency.
- Provider: select one of the following: “Applicant” to indicate that the applicant will provide the service directly; “Subrecipient” to indicate that a subrecipient will provide the service directly; “Partner” to indicate that an organization that is not a subrecipient of project funds but with whom a formal agreement or MOU has been signed will provide the service directly; or, “Non-Partner” to indicate that a specific organization with whom no formal agreement has been established regularly provides the service to clients. If more than one provider offers the service at the same frequency, choose the provider according to the following: Applicant, then Subrecipient, then Partner, and lastly, non-Partner.

- Frequency: Select the most common interval of time for which the service is accessible to participants. If two frequencies are equally common, choose the interval with the highest frequency.
  Applicants may leave dropdown menus as “—select—” when services are not applicable.

Please identify whether the project includes the following activities:
- Transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs? Select “Yes” or “No” from the dropdown menu.
- Use of a single application form for four or more mainstream programs? Select “Yes” or “No” from the dropdown menu.
- At least annual follow-ups with participants to ensure mainstream benefits are received and renewed? Select “Yes” or “No” from the dropdown menu.
- Do project participants have access to SSI/SSDI technical assistance provided by the applicant, a subrecipient, or partner agency? Select “Yes” or “No” from the dropdown menu. If “Yes” is selected the following question will become visible:
  - Has the staff person providing the technical assistance completed SOAR training in the past 24 months. Select “Yes” or “No” from the dropdown menu.

4B. Housing Type and Location Detail

Instructions:

ALL PROJECTS EXCEPT HMIS

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

PH-PSH PROJECTS ONLY

How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter the total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project’s grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as “CH Beds” on a CoC’s Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter “0.”

How many of the total beds entered in "2b. Beds" are not dedicated to the chronically homeless? This is a required field, but it is Auto calculated. The number that is calculated is the difference between 3a and 2b.

How many of the total beds entered in "3b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number of beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the project’s grant agreement for FY 2016 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter “0.”

How many of the beds listed in question “3c.” above will be prioritized for use by the chronically homeless? This is a required field. Use the number of turnover beds that are not dedicated to the chronically homeless and that you estimated in field c to estimate and enter the number of those beds that will be prioritized for the chronically homeless as soon as they do turnover.

ALL PROJECTS EXCEPT HMIS

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

5A. Project Participants - Households

**Instructions:**

ALL PROJECTS EXCEPT HMIS

In each non-shaded field list the number of households or persons served at maximum program capacity. The numbers here are intended to reflect a single point in time at maximum occupancy and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Households: Enter the number of households under at least one of the categories: Households with at least One Adult and One Child, Adult Households without Children, or Households with Only Children.

Households with at least One Adult and One Child: Enter the total number of households with at least one adult and one child. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Households without Children: Enter the total number of adult households without children. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Households with Only Children: Enter the total number of households with only children. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Characteristics: Enter the total number of homeless that fall under one of the characteristics listed.

Persons in Households with at least One Adult and One Child: Enter the number of persons in households with at least one adult and one child for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Persons in Households without Children: Enter the number of persons in households without children for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children: Enter the number of persons in households with only children for each demographic row. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Totals: All fields in the “Total Number…” and “Total Persons” rows will automatically calculate when the “Save” button is clicked.

5B. Project Participants - Subpopulations

Instructions:
ALL PROJECTS EXCEPT HMIS

*This screen can only be completed once Screen “5A. Project Participants – Households” has
been completed and saved.

In each non-shaded field enter the number of persons served at maximum program capacity
according to their age group, disability status, and the extent in which persons served fit into one
or more of the subpopulation categories. The numbers here are intended to reflect a single point
in time at maximum capacity and not the number served over the course of a year or grant term.
Dark grey cells are not applicable and light grey cells will be totaled automatically.

Complete each of the three charts on this screen according to household types.

Persons in Households with at least one Adult and One Child chart: Enter only persons in
households with at least one adult and one child. To be listed on this chart, a person must be
part of a household with at least one person at or above the age of 18, and at least one person
under the age of 18.

Persons in Households without Children chart: Enter only persons in adult households without
children. To be listed on this chart, a person must be part of a household with at least one
person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children chart: Enter only persons in households with only
children. To be listed on this chart, a person must be part of a household with no persons at or
above the age of 18, and only persons under the age of 18.

Total Persons: All fields in the “Total Persons” rows will calculate automatically when the “Save”
button is clicked.

Describe the unlisted subpopulations referred to above: This field is visible and mandatory if a
number greater than 0 is entered into the column “Persons not represented by listed
subpopulations.” Enter text that describes the person(s) identified in this column and explains
how they do not fall under the other categories in columns 1 through 9.

5C. Outreach for Participants

Instructions:

ALL PROJECTS EXCEPT HMIS

Enter the percentage of project participants that will be coming from each of the following locations: This is a required field. Enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:

- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens (persons coming from TH are not considered to be chronically homeless)
- Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (only applicable to TH and SSO projects)
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the “Save” button is clicked. A warning message will appear if the total is greater than 100%.

Additional Resources can be found at the HUD Resource Exchange:

6A. Funding Request

Instructions:

ALL PROJECT APPLICATIONS

The fields that must be completed on this screen will vary based on the project type, program type, and component type selected earlier in the project application.

Do any of the properties in this project have an active restrictive covenant: This is a required field. Select “Yes” or “No” to indicate whether or not one or more of the project properties are subject to an active restrictive covenant. As a reminder, any project awarded capital cost funds (new construction, acquisition, or rehabilitation) has a 20 year or if initially awarded under the CoC Program (FY 2012 capital costs and beyond) a 15 year use restriction.

Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project: This is a required field. Indicate if this project previously received funds under either the Samaritan Housing or Permanent Housing Bonus initiative. If yes, then the project must continue to meet the requirements of the initiative, as specified in the Homeless Assistance Grants NOFA for the year in which funds were originally awarded, in order to continue to receive renewal funding under the CoC Program Competition.

Are the requested renewal funds reduced from the previous award as a result of reallocation?: This is a required field. Select “Yes” or “No” to indicate whether the renewal project is reduced through the reallocation process. The response will be compared to the CoC’s Reallocation Forms.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select ‘Yes’ or ‘No’ to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult 2 CFR Part 200.56, Part 200.413 and Part 200.414, FY 2016 NOFA and contact your local HUD office. The following questions become visible if “Yes” is selected:

- Please complete the indirect cost rate schedule below: Must complete at least one row.
- Has this rate been approved by your cognizant agency?: Select “Yes” or “No” from the dropdown menu.
- Do you plan to use the 10% de minimis rate? Select “Yes” or “No” from the dropdown menu.

Renewal Grant Term: This field is pre-populated with a one-year grant term and cannot be edited.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budget for which funding is being requested. The choices available will depend on the component and project type selected on Screen “3A Project Detail.” The following eligible costs may be listed: leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities listed on the CoC’s final HUD-approved FY 2016 GIW.

If you do not see the funding budgets that you expected, you may need to return to Screen “3A. Project Detail” to review the “Component Type” and/or “3B. Project Description” to review the type of project selected. See the FY 2016 CoC Program NOFA for additional guidance.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Do any of the properties in this project have an active restrictive covenant? No
2. Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project?  No

3. Are the requested renewal funds reduced from the previous award as a result of reallocation?  No

4. Does this project propose to allocate funds according to an indirect cost rate?  No

5. Renewal Grant Term: 1 Year

6. Select the costs for which funding is being requested:
   - Leased Units
   - Leased Structures
   - Supportive Services X
   - Operations X
   - HMIS
6E. Supportive Services Budget

Instructions:

Enter the quantity and total budget request for each supportive services cost. The request entered should be equivalent to the cost of one year of the relevant supportive service.

Eligible Costs: The system populates a list of eligible supportive services for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.53.

Quantity AND Description: This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity in detail (e.g. 1 FTE Case Manager Salary + benefits, or child care for 15 children) for each supportive service activity for which funding is being requested. Please note that simply stating “1 FTE” is NOT providing “Quantity AND Detail” and limits HUD’s understanding of what is being requested. Failure to enter adequate ‘Quantity AND Detail’ may result in conditions being placed on an award and a delay of grant funding.

Annual Assistance Requested: This is a required field. Enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to providing supportive services to homeless participants. The request should match the budget amounts identified on the CoC’s HUD-approved FY 2016 GIW.

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Grant Term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based on total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Sources of Match Detail

Instructions:
Match (cash or in-kind) must be used for eligible program costs only and must be equal to or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs. Please review 24 CFR Part 578, the FY 2015 CoC Program NOFA for more detailed information concerning Match.

Will this commitment be used towards Match? Yes is automatically selected and this is a field that cannot be edited.

Type of Commitment: Select Cash ($) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

Type of source: Select Private or Government to denote the source of the contribution. The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of written commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match/ screen will populate the Screen “6I. Summary Budget.” The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

6I. Summary Budget

Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to field “7. Admin (Up to 10%).” Admin (Up to 10%): Enter the amount of requested administration funds. The request should match the amount identified on the CoC’s HUD-approved FY 2016 GIW. HUD will not fund greater than 10% of the request listed in the field “Sub-Total Eligible Costs Request.” If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is the total amount of funding the project applicant will request in the FY 2016 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field “Total Eligible Costs Request” minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen “6H. Sources of Match” to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.

**Instructions:**

Subrecipient Nonprofit Documentation: Documentation of the subrecipient's nonprofit status must be uploaded, if the applicant and project subrecipient are different entities, and the subrecipient is a nonprofit organization.

Other Attachment(s): Attach any additional information supporting the project funding request. Use a zip file to attach multiple documents.

If indicated on Screens 3A and/or 3B, the following additional attachment screens may be visible that should be used instead of Screen 7A. Attachments:

CoC Rejection Letter: Projects that are applying for CoC funds and that have been rejected for the competition by their CoC (Solo Projects) must submit documentation from the CoC verifying and explaining why the project has been rejected.

Certification of Consistency with Consolidated Plan: Each applicant that is not a State or unit of local government is required to have a certification by the jurisdiction in which the proposed project will be located confirming that the applicant’s application for funding is consistent with the jurisdiction’s HUD-approved consolidated plan. The certification must be made in accordance with the provisions of the consolidated plan regulations at 24 CFR part 91, subpart F. For projects that selected “No CoC” on Screen 3A, a form HUD-2991 must be obtained and signed by the certifying official for the applicable jurisdiction, indicating that the proposed project will be consistent with the Consolidated Plan. If the Solo Applicant is a State or unit of local government, the jurisdiction must certify that it is following its HUD-approved Consolidated Plan.

A. For all projects:

Fair Housing and Equal Opportunity

It will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000(d)) and regulations pursuant thereto (Title 24 CFR part I), which state that no person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives Federal financial assistance, and will immediately take any measures necessary to effectuate this agreement. With reference to the real property and structure(s) thereon which are provided or improved with the aid of Federal financial assistance extended to the applicant, this assurance shall obligate the applicant, or in the case of any transfer, transferee, for the period during which the real property and structure(s) are used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

It will comply with the Fair Housing Act (42 U.S.C. 3601-19), as amended, and with implementing regulations at 24 CFR part 100, which prohibit discrimination in housing on the basis of race, color, religion, sex, disability, familial status or national origin.

It will comply with Executive Order 11063 on Equal Opportunity in Housing and with implementing regulations at 24 CFR Part 107 which prohibit discrimination because of race, color, creed, sex or national origin in housing and related facilities provided with Federal financial assistance.

It will comply with Executive Order 11246 and all regulations pursuant thereto (41 CFR Chapter 60-1), which state that no person shall be discriminated against on the basis of race, color, religion, sex or national origin in all phases of employment during the performance of Federal contracts and shall take affirmative action to ensure equal employment opportunity. The applicant will incorporate, or cause to be incorporated, into any contract for construction work as defined in Section 130.5 of HUD regulations the equal opportunity clause required by Section 130.15(b) of the HUD regulations.

It will comply with Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701(u)), and regulations pursuant thereto (24 CFR Part 135), which require that to the greatest extent feasible opportunities for training and employment be given to lower-income residents of the project and contracts for work in connection with the project be awarded in substantial part to persons residing in the area of the project.

It will comply with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended, and with implementing regulations at 24 CFR Part 8, which prohibit discrimination based on disability in Federally-assisted and conducted programs and activities.

It will comply with the Age Discrimination Act of 1975 (42 U.S.C. 6101-07), as amended, and implementing regulations at 24 CFR Part 146, which prohibit discrimination because of age in projects and activities receiving Federal financial assistance.
It will comply with Executive Orders 11625, 12432, and 12138, which state that program participants shall take affirmative action to encourage participation by businesses owned and operated by members of minority groups and women.

If persons of any particular race, color, religion, sex, age, national origin, familial status, or disability who may qualify for assistance are unlikely to be reached, it will establish additional procedures to ensure that interested persons can obtain information concerning the assistance.

It will comply with the reasonable modification and accommodation requirements and, as appropriate, the accessibility requirements of the Fair Housing Act and section 504 of the Rehabilitation Act of 1973, as amended.

**Additional for Rental Assistance Projects:**

If applicant has established a preference for targeted populations of disabled persons pursuant to 24 CFR 582.330(a), it will comply with this section's nondiscrimination requirements within the designated population.

**B. For non-Rental Assistance Projects Only.**

**20-Year Operation Rule.**

For applicants receiving assistance for acquisition, rehabilitation or new construction: The project will be operated for no less than 20 years from the date of initial occupancy or the date of initial service provision for the purpose specified in the application.

**1-Year Operation Rule.**

For applicants receiving assistance for supportive services, leasing, or operating costs but not receiving assistance for acquisition, rehabilitation, or new construction: The project will be operated for the purpose specified in the application for any year for which such assistance is provided.

**C. Explanation.**

Where the applicant is unable to certify to any of the statements in this certification, such applicant shall provide an explanation.

Dear Applicant:

This modifies our letter of the above date in which we stated that you would be treated as an organization that is not a private foundation until the expiration of your advance ruling period.

Your exempt status under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3) is still in effect. Based on the information you submitted, we have determined that you are not a private foundation within the meaning of section 509(a) of the Code because you are an organization of the type described in section 509(a)(1) and 170(b)(1)(A)(vi).

Grantors and contributors may rely on this determination unless the Internal Revenue Service publishes notice to the contrary. However, if you lose your section 509(a)(1) status, a grantor or contributor may not rely on this determination if he or she was in part responsible for, or was aware of, the act or failure to act, or the substantial or material change on the part of the organization that resulted in your loss of such status, or if he or she acquired knowledge that the Internal Revenue Service had given notice that you would no longer be classified as a section 509(a)(1) organization.

If we have indicated in the heading of this letter that an addendum applies, the addendum enclosed is an integral part of this letter.

Because this letter could help resolve any questions about your private foundation status, please keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number are shown above.

Sincerely yours,

Richard R. Orosco
District Director

Letter 1050 (DO/CG)
Dear Taxpayer:

This is in response to your request of July 23, 2009, regarding your tax-exempt status.

Our records indicate that a determination letter was issued in March 1994, that recognized you as exempt from Federal income tax, and discloses that you are currently exempt under section 501(c)(3) of the Internal Revenue Code.

Our records also indicate you are not a private foundation within the meaning of section 509(a) of the Code because you are described in section(s) 509(a)(1) and 170(b)(1)(A)(vi).

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

Sincerely yours,

Michele M. Sullivan, Oper. Mgr.

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2016 Continuum of Care (CoC) Program Competition. For more information see FY 2016 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2016 CoC Program NOFA and the FY 2016 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2015 Project Application will be imported into the FY 2016 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the FY 2015 post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2016 CoC Program Competition NOFA.

2B. Recipient Performance

Instructions:
The selections made on this screen by completing all of the mandatory fields marked with an asterisk (*), will provide information on capacity of the project applicant. The screen asks the Project Applicant questions about capacity performance as a HUD grant recipient; in terms of: timely submission of required reports, quarterly eLOCCS drawdowns, addressing HUD monitoring and/or OIG audit findings and the recapture of any funds from the most recently expired grant term of the project.

APR Submission: Select "Yes" or "No" from the dropdown menu to indicate whether you have successfully submitted the APR on time for the most recently expired grant term related to this renewal project request. If "No" is selected, an additional question will appear, in which you must provide an explanation in the textbox; as to why the APR was not submitted in a timely manner.

HUD Monitoring Findings: Select "Yes" or "No" from the dropdown menu to indicate whether your organization has any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request. If "Yes" is selected, two new questions will appear, in which the applicant will enter the date of the oldest unresolved finding(s) and explain why the findings remain unresolved in the textbox provided.

Quarterly Drawdowns: Select "Yes" or "No" from the dropdown menu to indicate whether your organization maintained consistent Quarterly Drawdowns from eLOCCS for the most recent grant terms related to this renewal project. If "No," is selected, one new question will appear in which the applicant must explain, in the textbox provided, as to why the recipient has not maintained consistent Quarterly Drawdowns for the most recent grant terms related to this renewal project request.

Recaptured Funds: Select "Yes" or "No" from the dropdown menu to indicate whether any funds have been recaptured by HUD for the most recently expired grant term related to this renewal project request. If "Yes," is selected, one new question will appear, in which the applicant must explain why HUD recaptured funds from the most recently expired grant term.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps.guides/coc-program-competition-resources/

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? Yes

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? No
3A. Project Detail

Instructions:
The selections made on this screen will determine which additional forms will need to be completed for this project application.

Expiring Grant Number: This field is pre-populated with the expiring grant number entered on Screen “1A. Application Type.”

CoC Number and Name: Select the number and name of the CoC to which the project application will be submitted for the local competition review process. This is the CoC that will submit the CoC Consolidated Application to HUD by the designated submission deadline. Applicants with projects that do not belong to a CoC should select “No CoC.”

CoC Collaborative Applicant Name: Select the name of the CoC Applicant, also known as the Collaborative Applicant, from the dropdown. In most cases, there will only be one name from which to choose. The project applicant should choose the name of the CoC Applicant to which they intend to submit this project application.

Project Name: This is pre-populated from the “Project” Form and cannot be edited.

Project Status: The default selection is “Standard,” indicating that the applicant is submitting the application to the Collaborative Applicant for consideration in the FY 2016 CoC Program competition. The selection should only be changed to “Appeal” in the event that the project application is rejected by the Collaborative Applicant (either formally in e-snaps or outside of e-snaps) and the project applicant wants to appeal this decision directly to HUD by submitting a solo application. For additional information on the appeal process, see Section X of the FY 2016 CoC Program Competition NOFA. A full explanation of the process is provided on Screen “8A. Notice of Intent to Appeal.”

Component Type: This is a required field. Select the component type that identifies the renewal project application type. This can be either a PH, SH, TH, SSO or HMIS. The selection of component type will have an affect on what question on subsequent screens are asked of the user.

Title V: This field is required. Select “Yes” or “No” to indicate if one or more properties being served by this project were acquired under Title V.

Additional Resources can be found at the HUD Resource Exchange:
https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Expiring Grant Number: CA0122L9T021508
(e.g., the "Federal Award Identifier" indicated on form 1A. Application Type)

2a. CoC Number and Name: CA-502 - Oakland, Berkeley/Alameda County CoC

2b. CoC Collaborative Applicant Name: Alameda County

3. Project Name: Health, Housing and Integrated Services Network
4. Project Status: Standard

5. Component Type: PH

6. Does this project use one or more properties that have been conveyed through the Title V process? No
3B. Project Description

Instructions:

ALL PROJECTS

Provide a description that addresses the entire scope of the proposed project: This is a required field. The project description should address the entire scope of the project, including a clear picture of the target population(s) to be served, the plan for addressing the identified needs/issues of the CoC target population(s), projected outcome(s), and coordination with other source(s)/partner(s). The narrative is expected to describe the project at full operational capacity. The description should be consistent with and make reference to other parts of this application.

Does your project have a specific population focus: This is a required field. Select “Yes” if your project has special capacity in its facilities, program designs, tools, outreach or methodologies for a specific subpopulation or subpopulations. This does not necessarily mean that the project exclusively serves that subpopulation(s), but rather that they are uniquely equipped to serve them. If “Yes” is selected, select the relevant checkbox(s) to identify the project’s population focus.

PH, SH, TH and SSO PROJECTS ONLY

Does the project follow a “Housing First” approach: This is a required field for PH, TH and SSO projects only. Select all applicable checkboxes that indicate whether or not the project currently follows a housing first approach that ensures that participants are not screened out based on barriers such as income, sobriety, etc. Select “none of the above” if the project does not follow a housing first approach.
- Does the project quickly move participants into permanent housing?: This is a required field. Select “Yes” to this question if your project will quickly move program participants into permanent housing without additional steps (e.g., required stay in transitional housing first) before moving to permanent housing. If you are a domestic violence (DV) program you should select “Yes” if you will quickly move program participants into permanent housing after immediate safety needs are addressed (e.g., a person who is still in danger from a violent partner and would move into PH once the dangerous situation has been addressed). Select “No” if the project does not work to move program participants quickly into permanent housing.)
- Does the project ensure that participants are not screened out based on the listed reasons? (Check all that apply): This is a required field and at least one option must be selected. Multiple checkbox selections are provided.
- Does the project ensure that participants are not terminated from the program for the listed reasons? (Check all that apply) Multiple checkbox selections are provided.
- Does the project follow a “Housing First” approach? This is auto-scored based upon the responses to the questions above and “Yes” or “No” will indicate if the project is using the Housing First approach to house program participants.

PH PROJECTS ONLY

Does the PH project provide PSH or RRH: This is a required field. Select “PSH” if the project will operate according to a permanent supportive housing model as defined by 24 CFR 578. Select “RRH” if the project will operate according to a rapid rehousing model as defined by 24 CFR 578.

PH AND TH PROJECTS ONLY:

Does the project request costs under the rental assistance budget line item?: This is a required field. If requesting rental assistance, select “Yes” from the dropdown menu. If not requesting rental assistance in this project application, select “No”.

RENTAL ASSISTANCE PROJECTS ONLY

Is this a CoC Program leasing or SHP project that had been approved by HUD to change the renewal project budget from leasing to rental assistance? (This change must have been listed on
the final HUD-approved FY 2016 GIW. See 24 CFR 578.49(b)(8)): This is a required field. “Yes” should only be selected if HUD approved a change from leasing to rental assistance during the FY 2016 GIW process.

FOR SSO PROJECTS ONLY

Please select the type pf SSO Project: Four options are given; Street Outreach; Housing Project or Housing Structure Specific; Coordinated Entry; Standalone Supportive Service. Only Coordinated Entry will have follow up questions.

FOR SSO COORDINATED ENTRY PROJECTS ONLY

Will the coordinated entry process funded in part by this grant cover the COC’s entire geographic area: This is a required field. Yes/ No dropdown question.

Will the coordinated entry process funded in part by this grant be easily accessible: This is a required field. Yes/No dropdown question.

Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance. This is a required field. Explain the outreach strategy of the CE.

Does the coordinated entry process use a comprehensive, standardized assessment process: This is a required field. Yes/No dropdown question.

Describe the referral process and how the coordinated entry process ensures that participants are directed to appropriate housing and/or services: This is a required field. Explain the referral process.

If the coordinated entry process includes differences in the access, entry, assessment, or referral for certain populations, are those differences limited only to the following four groups: Individuals, Families, DV, and Youth: This is a required field. Yes/No dropdown question.

Additional Resources can be found at the HUD Resource Exchange:
https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Provide a description that addresses the entire scope of the proposed project.

The Health, Housing and Integrated Services Network (HHISN) provides supportive services including case management, mental health and primary care to the homeless as well as those living in permanent supportive housing sites. HHISN provides on-site, multidisciplinary support services to tenants living in congregate housing sites (such as SROs) as well as those living in scattered site housing in Berkeley and Oakland, California. Services provided by the HHISN are voluntary and available to all HUD eligible tenants living in these sites. The HHISN does not own or operate any of the housing sites, but collaborates with several nonprofit housing development corporations which create and operate permanent supportive housing in Alameda County. In addition the HHISN collaborates with the Cities of Berkeley and Oakland as well as Alameda County Housing and Community Development to link housing subsidies with supportive services for adults who have been chronically homeless.

Intensive support services are provided to HHISN tenants and include outreach, case management, housing stabilization and eviction prevention, benefits advocacy and money management, medical care, mental health and substance abuse services, community building and social activities and employment/vocational support. The HHISN collaborates with numerous
community based organizations to provide enriched services for enrolled clients in order to support their housing stability and to improve their well being. The HHISN is actively involved in EveryOne Home, the county wide effort to improve access to affordable housing and eliminate homelessness. The HHISN is also involved in collaborations to serve the highest risk/highest cost homeless including those who are frequent users of emergency services and homeless adults being discharged from inpatient hospitalization.

Current sites at which HHISN services are provided include: UA Homes, Erna P. Harris Court, MLK House, the California Hotel, Dellums Apartments, Hamilton, Apartments, Harrison Hotel, Clinton Commons and The Savoy (formerly the Oaks). Scattered site housing is located in both Oakland and Berkeley.

2. Does your project have a specific population focus? Yes

**4A. Supportive Services for Participants**

**Instructions:**

**ALL PROJECTS EXCEPT HMIS**

For all supportive services available to participants, indicate who will provide them, and how often they are provided. This field is required and at least one value must be entered. Complete each row of drop down menus for supportive services that will be available to participants, using the funds requested through the application, and funds from other sources. If more than one Provider is relevant for a single service, please select the provider that corresponds to the highest frequency.

- **Provider**: select one of the following: “Applicant” to indicate that the applicant will provide the service directly; “Subrecipient” to indicate that a subrecipient will provide the service directly; “Partner” to indicate that an organization that is not a subrecipient of project funds but with whom a formal agreement or MOU has been signed will provide the service directly; or, “Non-Partner” to indicate that a specific organization with whom no formal agreement has been established regularly provides the service to clients. If more than one provider offers the service at the same frequency, choose the provider according to the following: Applicant, then Subrecipient, then Partner, and lastly, non-Partner.

- **Frequency**: Select the most common interval of time for which the service is accessible to participants. If two frequencies are equally common, choose the interval with the highest frequency.

Applicants may leave dropdown menus as “—select—” when services are not applicable.

Please identify whether the project includes the following activities:

- Transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs? Select “Yes” or “No” from the dropdown menu.
- Use of a single application form for four or more mainstream programs? Select “Yes” or “No” from the dropdown menu.
- At least annual follow-ups with participants to ensure mainstream benefits are received and renewed? Select “Yes” or “No” from the dropdown menu.
- Do project participants have access to SSI/SSDI technical assistance provided by the applicant, a subrecipient, or partner agency? Select “Yes” or “No” from the dropdown menu. If “Yes” is selected the following question will become visible:

- Has the staff person providing the technical assistance completed SOAR training in the past 24 months. Select “Yes” or “No” from the dropdown menu.

4B. Housing Type and Location Detail

Instructions:

ALL PROJECTS EXCEPT HMIS

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

PH-PSH PROJECTS ONLY

How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project’s grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as “CH Beds” on a CoC’s Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter “0.”

How many of the total beds entered in "2b. Beds" are not dedicated to the chronically homeless? This is a required field, but it is Auto calculated. The number that is calculated is the difference between 3a and 2b.

How many of the total beds entered in "3b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number of beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the projects grant agreement for FY 2016 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter “0.”

How many of the beds listed in question “3c.” above will be prioritized for use by the chronically homeless? This is a required field. Use the number of turnover beds that are not dedicated to the chronically homeless and that you estimated in field c to estimate and enter the number of those beds that will be prioritized for the chronically homeless as soon as they do turnover.

ALL PROJECTS EXCEPT HMIS

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

4B. Housing Type and Location Detail

Instructions:

ALL PROJECTS EXCEPT HMIS

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the
selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

**PH-PSH PROJECTS ONLY**

How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project’s grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as “CH Beds” on a CoC’s Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter “0.”

How many of the total beds entered in "2b. Beds" are not dedicated to the chronically homeless? This is a required field, but it is Auto calculated. The number that is calculated is the difference between 3a and 2b.

How many of the total beds entered in "3b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number of beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the projects grant agreement for FY 2016 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter “0.”

How many of the beds listed in question "3c." above will be prioritized for use by the chronically homeless? This is a required field. Use the number of turnover beds that are not dedicated to the chronically homeless and that you estimated in field c to estimate and enter the number of those beds that will be prioritized for the chronically homeless as soon as they do turnover.

**ALL PROJECTS EXCEPT HMIS**

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

## 5A. Project Participants - Households

**Instructions:**

ALL PROJECTS EXCEPT HMIS

In each non-shaded field list the number of households or persons served at maximum program capacity. The numbers here are intended to reflect a single point in time at maximum occupancy and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Households: Enter the number of households under at least one of the categories: Households with at least One Adult and One Child, Adult Households without Children, or Households with Only Children.

Households with at least One Adult and One Child: Enter the total number of households with at least one adult and one child. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Households without Children: Enter the total number of adult households without children. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Households with Only Children: Enter the total number of households with only children. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Characteristics: Enter the total number of homeless that fall under one of the characteristics listed.

Persons in Households with at least One Adult and One Child: Enter the number of persons in households with at least one adult and one child for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Persons in Households without Children: Enter the number of persons in households without children for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children: Enter the number of persons in households with only children for each demographic row. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Totals: All fields in the “Total Number...” and “Total Persons” rows will automatically calculate when the “Save” button is clicked.

5B. Project Participants - Subpopulations

Instructions:

ALL PROJECTS EXCEPT HMIS

*This screen can only be completed once Screen “5A. Project Participants – Households” has been completed and saved.

In each non-shaded field enter the number of persons served at maximum program capacity according to their age group, disability status, and the extent in which persons served fit into one or more of the subpopulation categories. The numbers here are intended to reflect a single point in time at maximum capacity and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Complete each of the three charts on this screen according to household types.

Persons in Households with at least one Adult and One Child chart: Enter only persons in households with at least one adult and one child. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and at least one person under the age of 18.

Persons in Households without Children chart: Enter only persons in adult households without children. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children chart: Enter only persons in households with only children. To be listed on this chart, a person must be part of a household with no persons at or above the age of 18, and only persons under the age of 18.

Total Persons: All fields in the “Total Persons” rows will calculate automatically when the “Save” button is clicked.

Describe the unlisted subpopulations referred to above: This field is visible and mandatory if a number greater than 0 is entered into the column “Persons not represented by listed subpopulations.” Enter text that describes the person(s) identified in this column and explains how they do not fall under the other categories in columns 1 through 9.

Enter the percentage of project participants that will be coming from each of the following locations: This is a required field. Enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:

- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens (persons coming from TH are not considered to be chronically homeless)
- Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (only applicable to TH and SSO projects)
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the “Save” button is clicked. A warning message will appear if the total is greater than 100%.

6A. Funding Request

Instructions:

ALL PROJECT APPLICATIONS

The fields that must be completed on this screen will vary based on the project type, program type, and component type selected earlier in the project application.

Do any of the properties in this project have an active restrictive covenant: This is a required field. Select “Yes” or “No” to indicate whether or not one or more of the project properties are subject to an active restrictive covenant. As a reminder, any project awarded capital cost funds (new construction, acquisition, or rehabilitation) has a 20 year or if initially awarded under the CoC Program (FY 2012 capital costs and beyond) a 15 year use restriction.

Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project: This is a required field. Indicate if this project previously received funds under either the Samaritan Housing or Permanent Housing Bonus initiative. If yes, then the project must continue to meet the requirements of the initiative, as specified in the Homeless Assistance Grants NOFA for the year in which funds were originally awarded, in order to continue to receive renewal funding under the CoC Program Competition.

Are the requested renewal funds reduced from the previous award as a result of reallocation?: This is a required field. Select “Yes” or “No” to indicate whether the renewal project is reduced through the reallocation process. The response will be compared to the CoC’s Reallocation Forms.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select ‘Yes’ or ‘No’ to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult 2 CFR Part 200.56, Part 200.413 and Part 200.414, FY 2016 NOFA and contact your local HUD office. The following questions become visible if “Yes” is selected:
- Please complete the indirect cost rate schedule below: Must complete at least one row.
- Has this rate been approved by your cognizant agency?: Select “Yes” or “No” from the dropdown menu.
- Do you plan to use the 10% de minimis rate? Select “Yes” or “No” from the dropdown menu.

Renewal Grant Term: This field is pre-populated with a one-year grant term and cannot be edited.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budget for which funding is being requested. The choices available will depend on the component and project type selected on Screen “3A Project Detail.” The following eligible costs may be listed: leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities listed on the CoC’s final HUD-approved FY 2016 GIW.

If you do not see the funding budgets that you expected, you may need to return to Screen “3A. Project Detail” to review the “Component Type” and/or “3B. Project Description” to review the type of project selected. See the FY 2016 CoC Program NOFA for additional guidance.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Do any of the properties in this project have an active restrictive covenant? Yes
2. Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project?  No

3. Are the requested renewal funds reduced from the previous award as a result of reallocation?  No

4. Does this project propose to allocate funds according to an indirect cost rate?  No

5. Renewal Grant Term:  1 Year

6. Select the costs for which funding is being requested:
   - Leased Units
   - Leased Structures
   - Supportive Services  X
   - Operations
   - HMIS
6E. Supportive Services Budget

Instructions:

Enter the quantity and total budget request for each supportive services cost. The request entered should be equivalent to the cost of one year of the relevant supportive service.

Eligible Costs: The system populates a list of eligible supportive services for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.53.

Quantity AND Description: This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity in detail (e.g. 1 FTE Case Manager Salary + benefits, or child care for 15 children) for each supportive service activity for which funding is being requested. Please note that simply stating “1 FTE” is NOT providing “Quantity AND Detail” and limits HUD’s understanding of what is being requested. Failure to enter adequate ‘Quantity AND Detail’ may result in conditions being placed on an award and a delay of grant funding.

Annual Assistance Requested: This is a required field. Enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to providing supportive services to homeless participants. The request should match the budget amounts identified on the CoC’s HUD-approved FY 2016 GIW.

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Grant Term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Total Value of In-Kind Commitments: $0
Total Value of All Commitments: $164,902
Sources of Match Detail

Instructions:

Match (cash or in-kind) must be used for eligible program costs only and must be equal to or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs. Please review 24 CFR Part 578, the FY 2015 CoC Program NOFA for more detailed information concerning Match.

Will this commitment be used towards Match? Yes is automatically selected and this is a field that cannot be edited.

Type of Commitment: Select Cash ($) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

Type of source: Select Private or Government to denote the source of the contribution. The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g., HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of written commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match screen will populate the Screen “6l. Summary Budget.” The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Will this commitment be used towards Match? Yes
2. Type of Commitment: Cash
3. Type of Source: Government

5. Date of Written Commitment: 08/11/2016
6. Value of Written Commitment: $164,902
6I. Summary Budget

Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with the exception to field “7. Admin (Up to 10%).”

Admin (Up to 10%): Enter the amount of requested administration funds. The request should match the amount identified on the CoC’s HUD-approved FY 2016 GIW. HUD will not fund greater than 10% of the request listed in the field “Sub-Total Eligible Costs Request.” If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is the total amount of funding the project applicant will request in the FY 2016 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field “Total Eligible Costs Request” minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen “6H. Sources of Match” to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

7A. Attachment(s)

Instructions:

Subrecipient Nonprofit Documentation: Documentation of the subrecipient's nonprofit status must be uploaded, if the applicant and project subrecipient are different entities, and the subrecipient is a nonprofit organization.

Other Attachment(s): Attach any additional information supporting the project funding request. Use a zip file to attach multiple documents.

If indicated on Screens 3A and/or 3B, the following additional attachment screens may be visible that should be used instead of Screen 7A. Attachments:

CoC Rejection Letter: Projects that are applying for CoC funds and that have been rejected for the competition by their CoC (Solo Projects) must submit documentation from the CoC verifying and explaining why the project has been rejected.

Certification of Consistency with Consolidated Plan: Each applicant that is not a State or unit of local government is required to have a certification by the jurisdiction in which the proposed project will be located confirming that the applicant's application for funding is consistent with the jurisdiction's HUD-approved consolidated plan. The certification must be made in accordance with the provisions of the consolidated plan regulations at 24 CFR part 91, subpart F. For projects that selected “No CoC” on Screen 3A, a form HUD-2991 must be obtained and signed by the certifying official for the applicable jurisdiction, indicating that the proposed project will be consistent with the Consolidated Plan. If the Solo Applicant is a State or unit of local government, the jurisdiction must certify that it is following its HUD-approved Consolidated Plan.

LifeLong Match Letter

Document Description: LifeLong Match Letter
7B. Certification

A. For all projects:
Fair Housing and Equal Opportunity

It will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000(d)) and regulations pursuant thereto (Title 24 CFR part I), which state that no person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives Federal financial assistance, and will immediately take any measures necessary to effectuate this agreement. With reference to the real property and structure(s) thereon which are provided or improved with the aid of Federal financial assistance extended to the applicant, this assurance shall obligate the applicant, or in the case of any transfer, transferee, for the period during which the real property and structure(s) are used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

It will comply with the Fair Housing Act (42 U.S.C. 3601-19), as amended, and with implementing regulations at 24 CFR part 100, which prohibit discrimination in housing on the basis of race, color, religion, sex, disability, familial status or national origin.

It will comply with Executive Order 11063 on Equal Opportunity in Housing and with implementing regulations at 24 CFR Part 107 which prohibit discrimination because of race, color, creed, sex or national origin in housing and related facilities provided with Federal financial assistance.

It will comply with Executive Order 11246 and all regulations pursuant thereto (41 CFR Chapter 60-1), which state that no person shall be discriminated against on the basis of race, color, religion, sex or national origin in all phases of employment during the performance of Federal contracts and shall take affirmative action to ensure equal employment opportunity. The applicant will incorporate, or cause to be incorporated, into any contract for construction work as defined in Section 130.5 of HUD regulations the equal opportunity clause required by Section 130.15(b) of the HUD regulations.

It will comply with Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701(u)), and regulations pursuant thereto (24 CFR Part 135), which require that to the greatest extent feasible opportunities for training and employment be given to lower-income residents of the project and contracts for work in connection with the project be awarded in substantial part to persons residing in the area of the project.

It will comply with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended, and with implementing regulations at 24 CFR Part 8, which prohibit discrimination based on disability in Federally-assisted and conducted programs and activities.

It will comply with the Age Discrimination Act of 1975 (42 U.S.C. 6101-07), as amended, and implementing regulations at 24 CFR Part 146, which prohibit discrimination because of age in projects and activities receiving Federal financial assistance.
It will comply with Executive Orders 11625, 12432, and 12138, which state that program participants shall take affirmative action to encourage participation by businesses owned and operated by members of minority groups and women.

If persons of any particular race, color, religion, sex, age, national origin, familial status, or disability who may qualify for assistance are unlikely to be reached, it will establish additional procedures to ensure that interested persons can obtain information concerning the assistance.

It will comply with the reasonable modification and accommodation requirements and, as appropriate, the accessibility requirements of the Fair Housing Act and section 504 of the Rehabilitation Act of 1973, as amended.

Additional for Rental Assistance Projects:

If applicant has established a preference for targeted populations of disabled persons pursuant to 24 CFR 582.330(a), it will comply with this section's nondiscrimination requirements within the designated population.

B. For non-Rental Assistance Projects Only.

20-Year Operation Rule.

For applicants receiving assistance for acquisition, rehabilitation or new construction: The project will be operated for no less than 20 years from the date of initial occupancy or the date of initial service provision for the purpose specified in the application.

1-Year Operation Rule.

For applicants receiving assistance for supportive services, leasing, or operating costs but not receiving assistance for acquisition, rehabilitation, or new construction: The project will be operated for the purpose specified in the application for any year for which such assistance is provided.

C. Explanation.

Where the applicant is unable to certify to any of the statements in this certification, such applicant shall provide an explanation.

RE: LifeLong Medical Care
Health, Housing and Integrated Services Network Program
Match Commitment

To Whom It May Concern:

Life Long Medical Care, participating in Alameda County's efforts to reduce and end homelessness, will provide a match in support of the LifeLong HUD funded Permanent Supportive Housing Project, the Health, Housing and Integrated Services Network. To that end, Life Long Medical Care agrees to commit resources totaling $164,902 for medical and mental health services provided to HUD eligible clients for FY 17/18.

These resources will be available to the program when it is under contract with HUD and available for one year.

Sincerely,

Brenda Goldstein
Psychosocial Services Director
Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2016 Continuum of Care (CoC) Program Competition. For more information see FY 2016 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2016 CoC Program NOFA and the FY 2016 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2015 Project Application will be imported into the FY 2016 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the FY 2015 post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2016 CoC Program Competition NOFA.

2B. Recipient Performance

Instructions:
The selections made on this screen by completing all of the mandatory fields marked with an asterisk (*), will provide information on capacity of the project applicant. The screen asks the Project Applicant questions about capacity performance as a HUD grant recipient; in terms of: timely submission of required reports, quarterly eLOCCS drawdowns, addressing HUD monitoring and/or OIG audit findings and the recapture of any funds from the most recently expired grant term of the project.

APR Submission: Select "Yes" or "No" from the dropdown menu to indicate whether you have successfully submitted the APR on time for the most recently expired grant term related to this renewal project request. If "No" is selected, an additional question will appear, in which you must provide an explanation in the textbox; as to why the APR was not submitted in a timely manner.

HUD Monitoring Findings: Select "Yes" or "No" from the dropdown menu to indicate whether your organization has any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request. If "Yes" is selected, two new questions will appear, in which the applicant will enter the date of the oldest unresolved finding(s) and explain why the findings remain unresolved in the textbox provided.

Quarterly Drawdowns: Select "Yes" or "No" from the dropdown menu to indicate whether your organization maintained consistent Quarterly Drawdowns from eLOCCS for the most recent grant terms related to this renewal project. If "No," is selected, one new question will appear in which the applicant must explain, in the textbox provided, as to why the recipient has not maintained consistent Quarterly Drawdowns for the most recent grant terms related to this renewal project request.

Recaptured Funds: Select "Yes" or "No" from the dropdown menu to indicate whether any funds have been recaptured by HUD for the most recently expired grant term related to this renewal project request. If "Yes," is selected, one new question will appear, in which the applicant must explain why HUD recaptured funds from the most recently expired grant term.

Additional Resources can be found at the HUD Resource Exchange:
https://www.hudexchange.info/e-snapsguides/coc-program-competition-resources/

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? Yes

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? Yes

Applicant: City of Berkeley
Project: Berkeley Housing for Older Adults Project (HOAP)
Explain the circumstances that led HUD to recapture funds from the most recently expired grant term related to this renewal project request.

Rental assistance projects are funded for one year, and since award amounts change annually based on Fair Market Rents, the actual amount of funding available fluctuates from year to year. When there is a significant increase in funding available it is difficult to lease-up at a rate to spend the additional amount within a one-year timeframe. It can take several months to find a rental unit in the private market in Alameda County for chronically homeless participants. On the other hand, since the FMR's may go down and result in a reduction in funding available, rental assistance projects must maintain a prudent reserve of funds to minimize the risk that the program does not have sufficient funds to continue the rental assistance for all households enrolled in the program. Beyond the annual fluctuations in the grant awards, there are also many variables that affect the amount of rental assistance being paid each month, making it impossible to guarantee that the project can expend 100% of the funds. The actual expenditures vary on a monthly basis due to changes in household income, changes in contract rents, changes in bedroom sizes of the units assisted, payments withheld (permanently) during periods of abatement when landlords have failed to make necessary repairs, deposit payments and damage claims, and participants temporarily not using the rental assistance while they complete residential treatment.
3A. Project Detail

Instructions:
The selections made on this screen will determine which additional forms will need to be completed for this project application.

Expiring Grant Number: This field is pre-populated with the expiring grant number entered on Screen “1A. Application Type.”

CoC Number and Name: Select the number and name of the CoC to which the project application will be submitted for the local competition review process. This is the CoC that will submit the CoC Consolidated Application to HUD by the designated submission deadline. Applicants with projects that do not belong to a CoC should select “No CoC.”

CoC Collaborative Applicant Name: Select the name of the CoC Applicant, also known as the Collaborative Applicant, from the dropdown. In most cases, there will only be one name from which to choose. The project applicant should choose the name of the CoC Applicant to which they intend to submit this project application.

Project Name: This is pre-populated from the “Project” Form and cannot be edited.

Project Status: The default selection is “Standard,” indicating that the applicant is submitting the application to the Collaborative Applicant for consideration in the FY 2016 CoC Program competition. The selection should only be changed to “Appeal” in the event that the project application is rejected by the Collaborative Applicant (either formally in e-snaps or outside of e-snaps) and the project applicant wants to appeal this decision directly to HUD by submitting a solo application. For additional information on the appeal process, see Section X of the FY 2016 CoC Program Competition NOFA. A full explanation of the process is provided on Screen “8A. Notice of Intent to Appeal.”

Component Type: This is a required field. Select the component type that identifies the renewal project application type. This can be either a PH, SH, TH, SSO or HMIS. The selection of component type will have an affect on what question on subsequent screens are asked of the user.

Title V: This field is required. Select “Yes” or “No” to indicate if one or more properties being served by this project were acquired under Title V.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Expiring Grant Number: CA0827L9T021502 (e.g., the “Federal Award Identifier” indicated on form 1A. Application Type)

2a. CoC Number and Name: CA-502 - Oakland, Berkeley/Alameda County CoC

2b. CoC Collaborative Applicant Name: Alameda County

3. Project Name: Berkeley Housing for Older Adults Project (HOAP)
4. Project Status: Standard

5. Component Type: PH

6. Does this project use one or more properties that have been conveyed through the Title V process? No
3B. Project Description

Instructions:

ALL PROJECTS

Provide a description that addresses the entire scope of the proposed project: This is a required field. The project description should address the entire scope of the project, including a clear picture of the target population(s) to be served, the plan for addressing the identified needs/issues of the CoC target population(s), projected outcome(s), and coordination with other source(s)/partner(s). The narrative is expected to describe the project at full operational capacity. The description should be consistent with and make reference to other parts of this application.

Does your project have a specific population focus: This is a required field. Select “Yes” if your project has special capacity in its facilities, program designs, tools, outreach or methodologies for a specific subpopulation or subpopulations. This does not necessarily mean that the project exclusively serves that subpopulation(s), but rather that they are uniquely equipped to serve them. If “Yes” is selected, select the relevant checkbox(s) to identify the project’s population focus.

PH, SH, TH and SSO PROJECTS ONLY

Does the project follow a “Housing First” approach: This is a required field for PH, TH and SSO projects only. Select all applicable checkboxes that indicate whether or not the project currently follows a housing first approach that ensures that participants are not screened out based on barriers such as income, sobriety, etc. Select “none of the above” if the project does not follow a housing first approach.
- Does the project quickly move participants into permanent housing?: This is a required field. Select “Yes” to this question if your project will quickly move program participants into permanent housing without additional steps (e.g., required stay in transitional housing first) before moving to permanent housing. If you are a domestic violence (DV) program you should select “Yes” if you will quickly move program participants into permanent housing after immediate safety needs are addressed (e.g., a person who is still in danger from a violent partner and would move into PH once the dangerous situation has been addressed). Select “No” if the project does not work to move program participants quickly into permanent housing.)
- Does the project ensure that participants are not screened out based on the listed reasons? (Check all that apply): This is a required field and at least one option must be selected. Multiple checkbox selections are provided.
- Does the project ensure that participants are not terminated from the program for the listed reasons? (Check all that apply) Multiple checkbox selections are provided.
- Does the project follow a “Housing First” approach? This is auto-scored based upon the responses to the questions above and “Yes” or “No” will indicate if the project is using the Housing First approach to house program participants.

PH PROJECTS ONLY

Does the PH project provide PSH or RRH: This is a required field. Select “PSH” if the project will operate according to a permanent supportive housing model as defined by 24 CFR 578. Select “RRH” if the project will operate according to a rapid rehousing model as defined by 24 CFR 578.

PH AND TH PROJECTS ONLY:

Does the project request costs under the rental assistance budget line item?: This is a required field. If requesting rental assistance, select “Yes” from the dropdown menu. If not requesting rental assistance in this project application, select “No”.

RENTAL ASSISTANCE PROJECTS ONLY

Is this a CoC Program leasing or SHP project that had been approved by HUD to change the renewal project budget from leasing to rental assistance? (This change must have been listed on
the final HUD-approved FY 2016 GIW. See 24 CFR 578.49(b)(8)): This is a required field. “Yes” should only be selected if HUD approved a change from leasing to rental assistance during the FY 2016 GIW process.

FOR SSO PROJECTS ONLY

Please select the type of SSO Project: Four options are given; Street Outreach; Housing Project or Housing Structure Specific; Coordinated Entry; Standalone Supportive Service. Only Coordinated Entry will have follow up questions.

FOR SSO COORDINATED ENTRY PROJECTS ONLY

Will the coordinated entry process funded in part by this grant cover the COC’s entire geographic area: This is a required field. Yes/ No dropdown question.

Will the coordinated entry process funded in part by this grant be easily accessible: This is a required field. Yes/No dropdown question.

Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance. This is a required field. Explain the outreach strategy of the CE.

Does the coordinated entry process use a comprehensive, standardized assessment process: This is a required field. Yes/No dropdown question.

Describe the referral process and how the coordinated entry process ensures that participants are directed to appropriate housing and/or services: This is a required field. Explain the referral process.

If the coordinated entry process includes differences in the access, entry, assessment, or referral for certain populations, are those differences limited only to the following four groups: Individuals, Families, DV, and Youth: This is a required field. Yes/No dropdown question.

1. Provide a description that addresses the entire scope of the proposed project.

The Berkeley Housing for Older Adults Project (HOAP) provides permanent supportive housing for chronically homeless adults utilizing tenant-based rental assistance. The project primarily serves older adults who are living on the streets and disabled due to a serious mental illness and/or history of drug and alcohol dependence. The City of Berkeley’s Health, Housing and Community Services Department administers the grant, and the Department’s Aging Services Division provides outreach, housing search assistance, and intensive case management for the participants enrolled in the project.

2. Does your project have a specific population focus? Yes

2a. Please identify the specific population focus. (Select ALL that apply)

### 4A. Supportive Services for Participants

**Instructions:**

ALL PROJECTS EXCEPT HMIS

For all supportive services available to participants, indicate who will provide them, and how often they are provided. This field is required and at least one value must be entered. Complete each row of drop down menus for supportive services that will be available to participants, using the funds requested through the application, and funds from other sources. If more than one Provider is relevant for a single service, please select the provider that corresponds to the highest frequency.

- **Provider:** select one of the following: “Applicant” to indicate that the applicant will provide the service directly; “Subrecipient” to indicate that a subrecipient will provide the service directly; “Partner” to indicate that an organization that is not a subrecipient of project funds but with whom a formal agreement or MOU has been signed will provide the service directly; or, “Non-Partner” to indicate that a specific organization with whom no formal agreement has been established regularly provides the service to clients. If more than one provider offers the service at the same frequency, choose the provider according to the following: Applicant, then Subrecipient, then Partner, and lastly, non-Partner.

- **Frequency:** Select the most common interval of time for which the service is accessible to participants. If two frequencies are equally common, choose the interval with the highest frequency.

Applicants may leave dropdown menus as “—select—” when services are not applicable.

Please identify whether the project includes the following activities:

- Transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs? Select “Yes” or “No” from the dropdown menu.
- Use of a single application form for four or more mainstream programs? Select “Yes” or “No” from the dropdown menu.
- At least annual follow-ups with participants to ensure mainstream benefits are received and renewed? Select “Yes” or “No” from the dropdown menu.
- Do project participants have access to SSI/SSDI technical assistance provided by the applicant, a subrecipient, or partner agency? Select “Yes” or “No” from the dropdown menu. If “Yes” is selected the following question will become visible:

- Has the staff person providing the technical assistance completed SOAR training in the past 24 months. Select “Yes” or “No” from the dropdown menu.

4B. Housing Type and Location Detail

Instructions:

ALL PROJECTS EXCEPT HMIS

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

PH-PSH PROJECTS ONLY

How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project’s grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as “CH Beds” on a CoC’s Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter “0.”

How many of the total beds entered in "2b. Beds" are not dedicated to the chronically homeless? This is a required field, but it is Auto calculated. The number that is calculated is the difference between 3a and 2b.

How many of the total beds entered in "3b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number of beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the projects grant agreement for FY 2016 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter “0.”

How many of the beds listed in question “3c.” above will be prioritized for use by the chronically homeless? This is a required field. Use the number of turnover beds that are not dedicated to the chronically homeless and that you estimated in field c to estimate and enter the number of those beds that will be prioritized for the chronically homeless as soon as they do turnover.

ALL PROJECTS EXCEPT HMIS

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

## 5A. Project Participants - Households

### Instructions:

**ALL PROJECTS EXCEPT HMIS**

In each non-shaded field list the number of households or persons served at maximum program capacity. The numbers here are intended to reflect a single point in time at maximum occupancy and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

**Households:** Enter the number of households under at least one of the categories: Households with at least One Adult and One Child, Adult Households without Children, or Households with Only Children.

- Households with at least One Adult and One Child: Enter the total number of households with at least one adult and one child. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.
- Adult Households without Children: Enter the total number of adult households without children. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.
- Households with Only Children: Enter the total number of households with only children. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

**Characteristics:** Enter the total number of homeless that fall under one of the characteristics listed.

- Persons in Households with at least One Adult and One Child: Enter the number of persons in households with at least one adult and one child for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.
- Adult Persons in Households without Children: Enter the number of persons in households without children for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.
- Persons in Households with Only Children: Enter the number of persons in households with only children for each demographic row. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

**Totals:** All fields in the “Total Number...” and “Total Persons” rows will automatically calculate when the “Save” button is clicked.

ALL PROJECTS EXCEPT HMIS

*This screen can only be completed once Screen “5A. Project Participants – Households” has been completed and saved.

In each non-shaded field enter the number of persons served at maximum program capacity according to their age group, disability status, and the extent in which persons served fit into one or more of the subpopulation categories. The numbers here are intended to reflect a single point in time at maximum capacity and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Complete each of the three charts on this screen according to household types.

Persons in Households with at least one Adult and One Child chart: Enter only persons in households with at least one adult and one child. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and at least one person under the age of 18.

Persons in Households without Children chart: Enter only persons in adult households without children. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children chart: Enter only persons in households with only children. To be listed on this chart, a person must be part of a household with no persons at or above the age of 18, and only persons under the age of 18.

Total Persons: All fields in the “Total Persons” rows will calculate automatically when the “Save” button is clicked.

Describe the unlisted subpopulations referred to above: This field is visible and mandatory if a number greater than 0 is entered into the column “Persons not represented by listed subpopulations.” Enter text that describes the person(s) identified in this column and explains how they do not fall under the other categories in columns 1 through 9.

5C. Outreach for Participants

Instructions:

ALL PROJECTS EXCEPT HMIS

Enter the percentage of project participants that will be coming from each of the following locations. This is a required field. Enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:
- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens (persons coming from TH are not considered to be chronically homeless)
- Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (only applicable to TH and SSO projects)
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the “Save” button is clicked. A warning message will appear if the total is greater than 100%.

6A. Funding Request

Instructions:

ALL PROJECT APPLICATIONS

The fields that must be completed on this screen will vary based on the project type, program type, and component type selected earlier in the project application.

Do any of the properties in this project have an active restrictive covenant: This is a required field. Select “Yes” or “No” to indicate whether or not one or more of the project properties are subject to an active restrictive covenant. As a reminder, any project awarded capital cost funds (new construction, acquisition, or rehabilitation) has a 20 year or if initially awarded under the CoC Program (FY 2012 capital costs and beyond) a 15 year use restriction.

Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project: This is a required field. Indicate if this project previously received funds under either the Samaritan Housing or Permanent Housing Bonus initiative. If yes, then the project must continue to meet the requirements of the initiative, as specified in the Homeless Assistance Grants NOFA for the year in which funds were originally awarded, in order to continue to receive renewal funding under the CoC Program Competition.

Are the requested renewal funds reduced from the previous award as a result of reallocation?: This is a required field. Select “Yes” or “No” to indicate whether the renewal project is reduced through the reallocation process. The response will be compared to the CoC’s Reallocation Forms.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select ‘Yes’ or ‘No’ to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult 2 CFR Part 200.56, Part 200.413 and Part 200.414, FY 2016 NOFA and contact your local HUD office. The following questions become visible if “Yes” is selected:
- Please complete the indirect cost rate schedule below: Must complete at least one row.
- Has this rate been approved by your cognizant agency?: Select “Yes” or “No” from the dropdown menu.
- Do you plan to use the 10% de minimis rate? Select “Yes” or “No” from the dropdown menu.

Renewal Grant Term: This field is pre-populated with a one-year grant term and cannot be edited.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budget for which funding is being requested. The choices available will depend on the component and project type selected on Screen “3A Project Detail.” The following eligible costs may be listed: leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities listed on the CoC’s final HUD-approved FY 2016 GIW.

If you do not see the funding budgets that you expected, you may need to return to Screen “3A. Project Detail” to review the “Component Type” and/or “3B. Project Description” to review the type of project selected. See the FY 2016 CoC Program NOFA for additional guidance.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

## Rental Assistance Budget Detail

### Instructions:

**Type of Rental Assistance:** Select the applicable type of rental assistance from the dropdown menu. Options include tenant-based (TRA), sponsor-based (SRA), and project-based assistance (PRA). Each type has unique requirements and applicants should refer to the 24 CFR 578.51 before making a selection.

**Metropolitan or non-metropolitan fair market rent area:** This is a required field. Select the FY 2016 FMR area in which the project is located. The list is sorted by state abbreviation. The selected FMR area will be used to populate the rents in the chart below.

**Does the applicant request rental assistance funding for less than the area's per unit size fair market rents:** In the FY 2016 CoC Program Competition, eligible renewal projects requesting rental assistance are permitted to request a per-unit amount less than the Fair Market Rent (FMR). If the project applicant wants to request less than the FMR, select “Yes” from the dropdown for this question. The project applicant will then have the ability to enter an amount in the “HUD Paid Rent (applicant)” field that is less than the amount listed in the “FMR Area (applicant)” field. The following question is visible when PRA is selected:

**Are you requesting a 15 year renewal per the FY2015 CoC Program NOFA?** This request is only available for PH PRA rental assistance projects and 1 year of funding according to the relevant section of the FY 2016 CoC Program Competition NOFA.

**Size of units:** These options are system generated. Unit size is defined by the number of distinct bedrooms and not by the number of distinct beds.

**# of units:** This is a required field. For each unit size, enter the number of units for which funding is being requested. The number(s) listed should match the CoC’s HUD-approved FY 2015 GIW.

**FMR:** These fields are populated with the FY 2016 FMRs based on the FMR area selected by the project applicant. The FMRs are available online at [http://www.huduser.org/portal/datasets/fmr.html](http://www.huduser.org/portal/datasets/fmr.html).

**HUD Paid Rent:** For each unit size, enter the rent to be paid by the CoC program grant. This rent cannot exceed the FMR amount in the previous column; however, project applicants may request less than the FMR. Once funds are awarded recipients must document compliance with the rent reasonableness requirement set forth in section 578.51(g) of the CoC Program interim rule. (If the applicants select “No” above, this column will not be available for edit). In the GIW, HUD Paid Rent is known as “Actual”.

**12 Months:** These fields are populated with the value 12 to calculate the annual rent request.

**Total Request:** This column populates with the total calculated amount from each row based on the number of units multiplied by the corresponding “HUD Paid Rent” and by 12 months. If the applicant selected “No” above, the automatic calculation will be based on the FMR and not the “HUD Paid Rent”.

**Total Units and Annual Assistance Requested:** The fields in this row are automatically calculated based on the total number of units and the sum of the total requests per unit size per year.

**Grant Term:** This field is populated with the value “1 Year” and will be read only.

**Total Request for Grant Term:** This field is automatically calculated based on total annual assistance requested multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Sources of Match Detail

Instructions:
Match (cash or in-kind) must be used for eligible program costs only and must be equal to or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs Please review 24 CFR Part 578, the FY 2015 CoC Program NOFA for more detailed information concerning Match.

Will this commitment be used towards Match? Yes is automatically selected and this is a field that cannot be edited.

Type of Commitment: Select Cash ($) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

Type of Source: Select Private or Government to denote the source of the contribution. The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of written commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match/ screen will populate the Screen “6I. Summary Budget.” The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Will this commitment be used towards Match? Yes
2. Type of Commitment: In-Kind
3. Type of Source: Government
4. Name the Source of the Commitment: MediCal billing and City general fund (Be as specific as possible and include the office or grant program as applicable)
5. Date of Written Commitment: 12/02/2015
6. Value of Written Commitment: $85,730
6l. Summary Budget

Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to field “7. Admin (Up to 10%).”

Admin (Up to 10%): Enter the amount of requested administration funds. The request should match the amount identified on the CoC’s HUD-approved FY 2016 GIW. HUD will not fund greater than 10% of the request listed in the field “Sub-Total Eligible Costs Request.” If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is the total amount of funding the project applicant will request in the FY 2016 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field “Total Eligible Costs Request” minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen “6H. Sources of Match” to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.

7A. Attachment(s)

Instructions:

Subrecipient Nonprofit Documentation: Documentation of the subrecipient's nonprofit status must be uploaded, if the applicant and project subrecipient are different entities, and the subrecipient is a nonprofit organization.

Other Attachment(s): Attach any additional information supporting the project funding request. Use a zip file to attach multiple documents.

If indicated on Screens 3A and/or 3B, the following additional attachment screens may be visible that should be used instead of Screen 7A. Attachments:

CoC Rejection Letter: Projects that are applying for CoC funds and that have been rejected for the competition by their CoC (Solo Projects) must submit documentation from the CoC verifying and explaining why the project has been rejected.

Certification of Consistency with Consolidated Plan: Each applicant that is not a State or unit of local government is required to have a certification by the jurisdiction in which the proposed project will be located confirming that the applicant’s application for funding is consistent with the jurisdiction’s HUD-approved consolidated plan. The certification must be made in accordance with the provisions of the consolidated plan regulations at 24 CFR part 91, subpart F. For projects that selected “No CoC” on Screen 3A, a form HUD-2991 must be obtained and signed by the certifying official for the applicable jurisdiction, indicating that the proposed project will be consistent with the Consolidated Plan. If the Solo Applicant is a State or unit of local government, the jurisdiction must certify that it is following its HUD-approved Consolidated Plan.

7B. Certification

A. For all projects:

Fair Housing and Equal Opportunity

It will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000(d)) and regulations pursuant thereto (Title 24 CFR part I), which state that no person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives Federal financial assistance, and will immediately take any measures necessary to effectuate this agreement. With reference to the real property and structure(s) therein which are provided or improved with the aid of Federal financial assistance extended to the applicant, this assurance shall obligate the applicant, or in the case of any transfer, transferee, for the period during which the real property and structure(s) are used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

It will comply with the Fair Housing Act (42 U.S.C. 3601-19), as amended, and with implementing regulations at 24 CFR part 100, which prohibit discrimination in housing on the basis of race, color, religion, sex, disability, familial status or national origin.

It will comply with Executive Order 11063 on Equal Opportunity in Housing and with implementing regulations at 24 CFR Part 107 which prohibit discrimination because of race, color, creed, sex or national origin in housing and related facilities provided with Federal financial assistance.

It will comply with Executive Order 11246 and all regulations pursuant thereto (41 CFR Chapter 60-1), which state that no person shall be discriminated against on the basis of race, color, religion, sex or national origin in all phases of employment during the performance of Federal contracts and shall take affirmative action to ensure equal employment opportunity. The applicant will incorporate, or cause to be incorporated, into any contract for construction work as defined in Section 130.5 of HUD regulations the equal opportunity clause required by Section 130.15(b) of the HUD regulations.

It will comply with Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701(u)), and regulations pursuant thereto (24 CFR Part 135), which require that to the greatest extent feasible opportunities for training and employment be given to lower-income residents of the project and contracts for work in connection with the project be awarded in substantial part to persons residing in the area of the project.

It will comply with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended, and with implementing regulations at 24 CFR Part 8, which prohibit discrimination based on disability in Federally-assisted and conducted programs and activities.

It will comply with the Age Discrimination Act of 1975 (42 U.S.C. 6101-07), as amended, and implementing regulations at 24 CFR Part 146, which prohibit discrimination because of age in projects and activities receiving Federal financial assistance.
It will comply with Executive Orders 11625, 12432, and 12138, which state that program participants shall take affirmative action to encourage participation by businesses owned and operated by members of minority groups and women.

If persons of any particular race, color, religion, sex, age, national origin, familial status, or disability who may qualify for assistance are unlikely to be reached, it will establish additional procedures to ensure that interested persons can obtain information concerning the assistance.

It will comply with the reasonable modification and accommodation requirements and, as appropriate, the accessibility requirements of the Fair Housing Act and section 504 of the Rehabilitation Act of 1973, as amended.

**Additional for Rental Assistance Projects:**

If applicant has established a preference for targeted populations of disabled persons pursuant to 24 CFR 582.330(a), it will comply with this section's nondiscrimination requirements within the designated population.

**B. For non-Rental Assistance Projects Only.**

**20-Year Operation Rule.**

For applicants receiving assistance for acquisition, rehabilitation or new construction: The project will be operated for no less than 20 years from the date of initial occupancy or the date of initial service provision for the purpose specified in the application.

**1-Year Operation Rule.**

For applicants receiving assistance for supportive services, leasing, or operating costs but not receiving assistance for acquisition, rehabilitation, or new construction: The project will be operated for the purpose specified in the application for any year for which such assistance is provided.

**C. Explanation.**

Where the applicant is unable to certify to any of the statements in this certification, such applicant shall provide an explanation.

Signature and Date
BeforeStarting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2016 Continuum of Care (CoC) Program Competition. For more information see FY 2016 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2016 CoC Program NOFA and the FY 2016 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2015 Project Application will be imported into the FY 2016 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the FY 2015 post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2016 CoC Program Competition NOFA.

Instructions:

Is Application Subject to Review by State Executive Order 12372 Process: In this required field, select the appropriate dropdown option that applies to the Applicant applying for homeless assistance funding. Applicants should contact the State Single Point of Contact (SPOC) for Federal Executive Order 12372 to determine whether the application is subject to the State intergovernmental review process.

Click the following link to access the lists of those States that have chosen to participate in the intergovernmental review process: http://www.whitehouse.gov/omb/grants_spoc

If the applicant is located in a state or U.S. territory that is required review by State Executive Order 12372, enter the date this application was made available to the State or U.S. territory for review.

Is the Applicant Delinquent on any Federal Debt: In this required field, select the appropriate dropdown option that applies to the project applicant. This question applies to the project applicant’s organization, not the person who signs as the authorized representative. Categories of debt include delinquent audit disallowances, loans, and taxes.

If “Yes” is selected an explanation is required in the space provided on this screen.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

19. Is the Application Subject to Review By State Executive Order 12372 Process?
   b. Program is subject to E.O. 12372 but has not been selected by the State for review.

   If "YES", enter the date this application was made available to the State for review:

20. Is the Applicant delinquent on any Federal debt?
   No

   If "YES," provide an explanation:
1F. Declaration

Instructions:

The authorized person for the project applicant organization must agree to the declaration statement in order to proceed to the project application. The list of certifications and assurances are contained in the FY 2016 CoC Program NOFA, and in the e-snaps Project Applicant Profile.

Authorized Representative: The authorized representative's information is pre-populated on this screen from the Project Applicant Profile. A copy of the governing body’s authorization for this person to sign the project application as the official representative must be on file in the applicant's office.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

All screens, 1A – 1F must be completed in full before the project applicant will have access to the Project Application in e-snaps.

By signing and submitting this application, I certify (1) to the statements contained in the list of certifications** and (2) that the statements herein are true, complete, and accurate to the best of my knowledge. I also provide the required assurances** and agree to comply with any resulting terms if I accept an award. I am aware that any false, fictitious, or fraudulent statements or claims may subject me to criminal, civil, or administrative penalties. (U.S. Code, Title 218, Section 1001)

2B. Recipient Performance

Instructions:
The selections made on this screen by completing all of the mandatory fields marked with an asterisk (*), will provide information on capacity of the project applicant. The screen asks the Project Applicant questions about capacity performance as a HUD grant recipient; in terms of: timely submission of required reports, quarterly eLOCCS drawdowns, addressing HUD monitoring and/or OIG audit findings and the recapture of any funds from the most recently expired grant term of the project.

APR Submission: Select "Yes" or "No" from the dropdown menu to indicate whether you have successfully submitted the APR on time for the most recently expired grant term related to this renewal project request. If "No" is selected, an additional question will appear, in which you must provide an explanation in the textbox; as to why the APR was not submitted in a timely manner.

HUD Monitoring Findings: Select "Yes" or "No" from the dropdown menu to indicate whether your organization has any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request. If "Yes" is selected, two new questions will appear, in which the applicant will enter the date of the oldest unresolved finding(s) and explain why the findings remain unresolved in the textbox provided.

Quarterly Drawdowns: Select "Yes" or "No" from the dropdown menu to indicate whether your organization maintained consistent Quarterly Drawdowns from eLOCCS for the most recent grant terms related to this renewal project. If "No," is selected, one new question will appear in which the applicant must explain, in the textbox provided, as to why the recipient has not maintained consistent Quarterly Drawdowns for the most recent grant terms related to this renewal project request.

Recaptured Funds: Select "Yes" or "No" from the dropdown menu to indicate whether any funds have been recaptured by HUD for the most recently expired grant term related to this renewal project request. If "Yes," is selected, one new question will appear, in which the applicant must explain why HUD recaptured funds from the most recently expired grant term.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? No

   Explain why the APR for the most recently expired grant term related to this renewal project request has not been submitted.

   This project has not yet started, so no APR is due.

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? No
Explain why the recipient has not maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request.

This project has not yet started, so no draws have been made.

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request?

No
3A. Project Detail

Instructions:
The selections made on this screen will determine which additional forms will need to be completed for this project application.

Expiring Grant Number: This field is pre-populated with the expiring grant number entered on Screen “1A. Application Type.”

CoC Number and Name: Select the number and name of the CoC to which the project application will be submitted for the local competition review process. This is the CoC that will submit the CoC Consolidated Application to HUD by the designated submission deadline. Applicants with projects that do not belong to a CoC should select “No CoC.”

CoC Collaborative Applicant Name: Select the name of the CoC Applicant, also known as the Collaborative Applicant, from the dropdown. In most cases, there will only be one name from which to choose. The project applicant should choose the name of the CoC Applicant to which they intend to submit this project application.

Project Name: This is pre-populated from the “Project” Form and cannot be edited.

Project Status: The default selection is “Standard,” indicating that the applicant is submitting the application to the Collaborative Applicant for consideration in the FY 2016 CoC Program competition. The selection should only be changed to “Appeal” in the event that the project application is rejected by the Collaborative Applicant (either formally in e-snaps or outside of e-snaps) and the project applicant wants to appeal this decision directly to HUD by submitting a solo application. For additional information on the appeal process, see Section X of the FY 2016 CoC Program Competition NOFA. A full explanation of the process is provided on Screen “8A. Notice of Intent to Appeal.”

Component Type: This is a required field. Select the component type that identifies the renewal project application type. This can be either a PH, SH, TH, SSO or HMIS. The selection of component type will have an affect on what question on subsequent screens are asked of the user.

Title V: This field is required. Select “Yes” or “No” to indicate if one or more properties being served by this project were acquired under Title V.

Additional Resources can be found at the HUD Resource Exchange:
https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Expiring Grant Number: CA1468L9T021500
   (e.g., the "Federal Award Identifier" indicated on form 1A. Application Type)

2a. CoC Number and Name: CA-502 - Oakland, Berkeley/Alameda County CoC

2b. CoC Collaborative Applicant Name: Alameda County

3. Project Name: Homes for Wellness
4. Project Status: Standard

5. Component Type: PH

6. Does this project use one or more properties that have been conveyed through the Title V process? No
3B. Project Description

Instructions:

ALL PROJECTS

Provide a description that addresses the entire scope of the proposed project: This is a required field. The project description should address the entire scope of the project, including a clear picture of the target population(s) to be served, the plan for addressing the identified needs/issues of the CoC target population(s), projected outcome(s), and coordination with other source(s)/partner(s). The narrative is expected to describe the project at full operational capacity. The description should be consistent with and make reference to other parts of this application.

Does your project have a specific population focus: This is a required field. Select “Yes” if your project has special capacity in its facilities, program designs, tools, outreach or methodologies for a specific subpopulation or subpopulations. This does not necessarily mean that the project exclusively serves that subpopulation(s), but rather that they are uniquely equipped to serve them. If “Yes” is selected, select the relevant checkbox(s) to identify the project’s population focus.

PH, SH, TH and SSO PROJECTS ONLY

Does the project follow a “Housing First” approach: This is a required field for PH, TH and SSO projects only. Select all applicable checkboxes that indicate whether or not the project currently follows a housing first approach that ensures that participants are not screened out based on barriers such as income, sobriety, etc. Select “none of the above” if the project does not follow a housing first approach.
- Does the project quickly move participants into permanent housing?: This is a required field. Select “Yes” to this question if your project will quickly move program participants into permanent housing without additional steps (e.g., required stay in transitional housing first) before moving to permanent housing. If you are a domestic violence (DV) program you should select “Yes” if you will quickly move program participants into permanent housing after immediate safety needs are addressed (e.g., a person who is still in danger from a violent partner and would move into PH once the dangerous situation has been addressed). Select “No” if the project does not work to move program participants quickly into permanent housing.
- Does the project ensure that participants are not screened out based on the listed reasons? (Check all that apply): This is a required field and at least one option must be selected. Multiple checkbox selections are provided.
- Does the project ensure that participants are not terminated from the program for the listed reasons? (Check all that apply) Multiple checkbox selections are provided.
- Does the project follow a “Housing First” approach? This is auto-scored based upon the responses to the questions above and “Yes” or “No” will indicate if the project is using the Housing First approach to house program participants.

PH PROJECTS ONLY

Does the PH project provide PSH or RRH: This is a required field. Select “PSH” if the project will operate according to a permanent supportive housing model as defined by 24 CFR 578. Select “RRH” if the project will operate according to a rapid rehousing model as defined by 24 CFR 578.

PH AND TH PROJECTS ONLY:

Does the project request costs under the rental assistance budget line item?: This is a required field. If requesting rental assistance, select “Yes” from the dropdown menu. If not requesting rental assistance in this project application, select “No”.

RENTAL ASSISTANCE PROJECTS ONLY

Is this a CoC Program leasing or SHP project that had been approved by HUD to change the renewal project budget from leasing to rental assistance? (This change must have been listed on
the final HUD-approved FY 2016 GIW. See 24 CFR 578.49(b)(8)): This is a required field. “Yes” should only be selected if HUD approved a change from leasing to rental assistance during the FY 2016 GIW process.

FOR SSO PROJECTS ONLY

Please select the type of SSO Project: Four options are given; Street Outreach; Housing Project or Housing Structure Specific; Coordinated Entry; Standalone Supportive Service. Only Coordinated Entry will have follow up questions.

FOR SSO COORDINATED ENTRY PROJECTS ONLY

Will the coordinated entry process funded in part by this grant cover the COC’s entire geographic area: This is a required field. Yes/ No dropdown question.

Will the coordinated entry process funded in part by this grant be easily accessible: This is a required field. Yes/No dropdown question.

Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance. This is a required field. Explain the outreach strategy of the CE.

Does the coordinated entry process use a comprehensive, standardized assessment process: This is a required field. Yes/No dropdown question.

Describe the referral process and how the coordinated entry process ensures that participants are directed to appropriate housing and/or services: This is a required field. Explain the referral process.

If the coordinated entry process includes differences in the access, entry, assessment, or referral for certain populations, are those differences limited only to the following four groups: Individuals, Families, DV, and Youth: This is a required field. Yes/No dropdown question.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Provide a description that addresses the entire scope of the proposed project.

Homes for Wellness will provide safe and affordable housing along with increased self-sufficiency for chronically homeless individuals and families struggling with serious mental health issues. All participants will be identified from the Alameda County Continuum of Care Council prioritization process for permanent supportive housing known as Home Stretch. Home Stretch aims to accelerate progress in Alameda County toward ending chronic and veteran homelessness. It prioritizes people with long histories on the streets and multiple barriers to housing. The program model will build on the successful implementation of similar programs by HCD. Homes for Wellness HUD-funded services staff will have two primary functions: to assist in finding, applying for and obtaining permanent housing and coordination with BHCS-funded Full Service Partnership (FSP) Housing First programs. Each participant will receive a certificate for a rental subsidy. HCD recognizes the challenges that participants can face identifying housing on their own and therefore each household will work with service staff that provides “housing navigation” assistance to locate housing and prepare necessary applications and materials. A rental assistance administrator will be responsible for conducting unit inspections, issuing rental subsidies to landlords, annual recertifications and, when necessary, issuing damage claim payments.
Once housing is located and secured FSP staff will work with participants on personal health improvement goals and housing stability. Support services that will be available to participants include traditional and nontraditional mental health services, alcohol and drug treatment and recovery, housing search assistance, in-home support services, transportation assistance, money management, independent living skills support, benefits advocacy, child care resources, job training, social and recreational activities, crisis response, and housing stabilization supports.

4. Does the PH project provide PSH or RRH? PSH

4a. Does the project request costs under the rental assistance budget line item? Yes

4b. Is this a CoC Program leasing or SHP project that had been approved by HUD to change the renewal project budget from leasing to rental assistance? Yes
4A. Supportive Services for Participants

Instructions:

ALL PROJECTS EXCEPT HMIS

For all supportive services available to participants, indicate who will provide them, and how often they are provided. This field is required and at least one value must be entered. Complete each row of drop down menus for supportive services that will be available to participants, using the funds requested through the application, and funds from other sources. If more than one Provider is relevant for a single service, please select the provider that corresponds to the highest frequency.

- Provider: select one of the following: “Applicant” to indicate that the applicant will provide the service directly; “Subrecipient” to indicate that a subrecipient will provide the service directly; “Partner” to indicate that an organization that is not a subrecipient of project funds but with whom a formal agreement or MOU has been signed will provide the service directly; or, “Non-Partner” to indicate that a specific organization with whom no formal agreement has been established regularly provides the service to clients. If more than one provider offers the service at the same frequency, choose the provider according to the following: Applicant, then Subrecipient, then Partner, and lastly, non-Partner.

- Frequency: Select the most common interval of time for which the service is accessible to participants. If two frequencies are equally common, choose the interval with the highest frequency.

Applicants may leave dropdown menus as “—select—” when services are not applicable.

Please identify whether the project includes the following activities:
- Transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs? Select “Yes” or “No” from the dropdown menu.
- Use of a single application form for four or more mainstream programs? Select “Yes” or “No” from the dropdown menu.
- At least annual follow-ups with participants to ensure mainstream benefits are received and renewed? Select “Yes” or “No” from the dropdown menu.
- Do project participants have access to SSI/SSDI technical assistance provided by the applicant, a subrecipient, or partner agency? Select “Yes” or “No” from the dropdown menu. If “Yes” is selected the following question will become visible:
- Has the staff person providing the technical assistance completed SOAR training in the past 24 months. Select “Yes” or “No” from the dropdown menu.

4B. Housing Type and Location Detail

Instructions:

ALL PROJECTS EXCEPT HMIS

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

PH-PSH PROJECTS ONLY

How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project’s grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as “CH Beds” on a CoC’s Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter “0.”

How many of the total beds entered in "2b. Beds" are not dedicated to the chronically homeless? This is a required field, but it is Auto calculated. The number that is calculated is the difference between 3a and 2b.

How many of the total beds entered in "3b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number of beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the projects grant agreement for FY 2016 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter “0.”

How many of the beds listed in question “3c.” above will be prioritized for use by the chronically homeless? This is a required field. Use the number of turnover beds that are not dedicated to the chronically homeless and that you estimated in field c to estimate and enter the number of those beds that will be prioritized for the chronically homeless as soon as they do turnover.

ALL PROJECTS EXCEPT HMIS

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

5A. Project Participants - Households

Instructions:

ALL PROJECTS EXCEPT HMIS

In each non-shaded field list the number of households or persons served at maximum program capacity. The numbers here are intended to reflect a single point in time at maximum occupancy and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Households: Enter the number of households under at least one of the categories: Households with at least One Adult and One Child, Adult Households without Children, or Households with Only Children.

Households with at least One Adult and One Child: Enter the total number of households with at least one adult and one child. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Households without Children: Enter the total number of adult households without children. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Households with Only Children: Enter the total number of households with only children. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Characteristics: Enter the total number of homeless that fall under one of the characteristics listed.

Persons in Households with at least One Adult and One Child: Enter the number of persons in households with at least one adult and one child for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Persons in Households without Children: Enter the number of persons in households without children for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children: Enter the number of persons in households with only children for each demographic row. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Totals: All fields in the “Total Number…” and “Total Persons” rows will automatically calculate when the “Save” button is clicked.

5B. Project Participants - Subpopulations

Instructions:

ALL PROJECTS EXCEPT HMIS

"This screen can only be completed once Screen “5A. Project Participants – Households” has been completed and saved.

In each non-shaded field enter the number of persons served at maximum program capacity according to their age group, disability status, and the extent in which persons served fit into one or more of the subpopulation categories. The numbers here are intended to reflect a single point in time at maximum capacity and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Complete each of the three charts on this screen according to household types.

Persons in Households with at least one Adult and One Child chart: Enter only persons in households with at least one adult and one child. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and at least one person under the age of 18.

Persons in Households without Children chart: Enter only persons in adult households without children. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children chart: Enter only persons in households with only children. To be listed on this chart, a person must be part of a household with no persons at or above the age of 18, and only persons under the age of 18.

Total Persons: All fields in the “Total Persons” rows will calculate automatically when the “Save” button is clicked.

Describe the unlisted subpopulations referred to above: This field is visible and mandatory if a number greater than 0 is entered into the column "Persons not represented by listed subpopulations." Enter text that describes the person(s) identified in this column and explains how they do not fall under the other categories in columns 1 through 9.

5C. Outreach for Participants

Instructions:

ALL PROJECTS EXCEPT HMIS

Enter the percentage of project participants that will be coming from each of the following locations: This is a required field. Enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:
- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens (persons coming from TH are not considered to be chronically homeless)
- Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (only applicable to TH and SSO projects)
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the “Save” button is clicked. A warning message will appear if the total is greater than 100%.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

6A. Funding Request

Instructions:

ALL PROJECT APPLICATIONS

The fields that must be completed on this screen will vary based on the project type, program type, and component type selected earlier in the project application.

Do any of the properties in this project have an active restrictive covenant?: This is a required field. Select “Yes” or “No” to indicate whether or not one or more of the project properties are subject to an active restrictive covenant. As a reminder, any project awarded capital cost funds (new construction, acquisition, or rehabilitation) has a 20 year use restriction.

Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project?: This is a required field. Indicate if this project previously received funds under either the Samaritan Housing or Permanent Housing Bonus initiative. If yes, then the project must continue to meet the requirements of the initiative, as specified in the Homeless Assistance Grants NOFA for the year in which funds were originally awarded, in order to continue to receive renewal funding under the CoC Program Competition.

Are the requested renewal funds reduced from the previous award as a result of reallocation?: This is a required field. Select “Yes” or “No” to indicate whether the renewal project is reduced through the reallocation process. The response will be compared to the CoC’s Reallocation Forms.

Does this project propose to allocate funds according to an indirect cost rate?: This is a required field. Select ‘Yes’ or ‘No’ to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult 2 CFR Part 200.56, Part 200.413 and Part 200.414, FY 2016 NOFA and contact your local HUD office. The following questions become visible if “Yes” is selected:

- Please complete the indirect cost rate schedule below: Must complete at least one row.
- Has this rate been approved by your cognizant agency?: Select “Yes” or “No” from the dropdown menu.
- Do you plan to use the 10% de minimis rate?: Select “Yes” or “No” from the dropdown menu.

Renewal Grant Term: This field is pre-populated with a one-year grant term and cannot be edited.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budget for which funding is being requested. The choices available will depend on the component and project type selected on Screen “3A Project Detail.” The following eligible costs may be listed: leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities listed on the CoC’s final HUD-approved FY 2016 GIW.

If you do not see the funding budgets that you expected, you may need to return to Screen “3A. Project Detail” to review the “Component Type” and/or “3B. Project Description” to review the type of project selected. See the FY 2016 CoC Program NOFA for additional guidance.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Do any of the properties in this project have an active restrictive covenant? No
2. Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project? No

3. Are the requested renewal funds reduced from the previous award as a result of reallocation? No

4. Does this project propose to allocate funds according to an indirect cost rate? No

5. Renewal Grant Term: 1 Year

6. Select the costs for which funding is being requested:

Rental Assistance Budget Detail

Instructions:

Type of Rental Assistance: Select the applicable type of rental assistance from the dropdown menu. Options include tenant-based (TRA), sponsor-based (SRA), and project-based assistance (PRA). Each type has unique requirements and applicants should refer to the 24 CFR 578.51 before making a selection.

Metropolitan or non-metropolitan fair market rent area: This is a required field. Select the FY 2016 FMR area in which the project is located. The list is sorted by state abbreviation. The selected FMR area will be used to populate the rents in the chart below.

Does the applicant request rental assistance funding for less than the area's per unit size fair market rents: In the FY 2016 CoC Program Competition, eligible renewal projects requesting rental assistance are permitted to request a per-unit amount less than the Fair Market Rent (FMR). If the project applicant wants to request less than the FMR, select “Yes” from the dropdown for this question. The project applicant will then have the ability to enter an amount in the “HUD Paid Rent (applicant)” field that is less than the amount listed in the “FMR Area (applicant)” field. The following question is visible when PRA is selected:

Are you requesting a 15 year renewal per the FY2015 CoC Program NOFA? This request is only available for PH PRA rental assistance projects and 1 year of funding according to the relevant section of the FY 2016 CoC Program Competition NOFA.

Size of units: These options are system generated. Unit size is defined by the number of distinct bedrooms and not by the number of distinct beds.

# of units: This is a required field. For each unit size, enter the number of units for which funding is being requested. The number(s) listed should match the CoC’s HUD-approved FY 2015 GIW.

FMR: These fields are populated with the FY 2016 FMRs based on the FMR area selected by the project applicant. The FMRs are available online at http://www.huduser.org/portal/datasets/fmr.html.

HUD Paid Rent: For each unit size, enter the rent to be paid by the CoC program grant. This rent cannot exceed the FMR amount in the previous column; however, project applicants may request less than the FMR. Once funds are awarded recipients must document compliance with the rent reasonableness requirement set forth in section 578.51(g) of the CoC Program interim rule. (If the applicants select “No” above, this column will not be available for edit). In the GIW, HUD Paid Rent is known as “Actual”.

12 Months: These fields are populated with the value 12 to calculate the annual rent request.

Total Request: This column populates with the total calculated amount from each row based on the number of units multiplied by the corresponding “HUD Paid Rent” and by 12 months. If the applicant selected “No” above, the automatic calculation will be based on the FMR and not the “HUD Paid Rent.”.

Total Units and Annual Assistance Requested: The fields in this row are automatically calculated based on the total number of units and the sum of the total requests per unit size per year.

Grant Term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based on total annual assistance requested multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

6E. Supportive Services Budget

Instructions:

Enter the quantity and total budget request for each supportive services cost. The request entered should be equivalent to the cost of one year of the relevant supportive service.

Eligible Costs: The system populates a list of eligible supportive services for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.53.

Quantity AND Description: This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity in detail (e.g. 1 FTE Case Manager Salary + benefits, or child care for 15 children) for each supportive service activity for which funding is being requested. Please note that simply stating “1FTE” is NOT providing “Quantity AND Detail” and limits HUD’s understanding of what is being requested. Failure to enter adequate ‘Quantity AND Detail’ may result in conditions being placed on an award and a delay of grant funding.

Annual Assistance Requested: This is a required field. Enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to providing supportive services to homeless participants. The request should match the budget amounts identified on the CoC’s HUD-approved FY 2016 GIW.

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Grant Term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

Sources of Match Detail

Instructions:
Match (cash or in-kind) must be used for eligible program costs only and must be equal to or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs Please review 24 CFR Part 578, the FY 2015 CoC Program NOFA for more detailed information concerning Match.

Will this commitment be used towards Match? Yes is automatically selected and this is a field that cannot be edited.

Type of Commitment: Select Cash ($) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

Type of source: Select Private or Government to denote the source of the contribution. The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of written commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match/ screen will populate the Screen “6I. Summary Budget.” The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps.guides/coc-program-competition-resources/

1. Will this commitment be used towards Match?  Yes
2. Type of Commitment:  In-Kind
3. Type of Source:  Government
4. Name the Source of the Commitment:  ALCO Behavioral Health Services
(Be as specific as possible and include the office or grant program as applicable)
5. Date of Written Commitment:  09/01/2016
6. Value of Written Commitment:  $176,000
Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to field “7. Admin (Up to 10%).”

Admin (Up to 10%): Enter the amount of requested administration funds. The request should match the amount identified on the CoC’s HUD-approved FY 2016 GIW. HUD will not fund greater than 10% of the request listed in the field “Sub-Total Eligible Costs Request.” If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is the total amount of funding the project applicant will request in the FY 2016 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field “Total Eligible Costs Request” minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen “6H. Sources of Match” to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.

7A. Attachment(s)

Instructions:

Subrecipient Nonprofit Documentation: Documentation of the subrecipient's nonprofit status must be uploaded, if the applicant and project subrecipient are different entities, and the subrecipient is a nonprofit organization.

Other Attachment(s): Attach any additional information supporting the project funding request. Use a zip file to attach multiple documents.

If indicated on Screens 3A and/or 3B, the following additional attachment screens may be visible that should be used instead of Screen 7A. Attachments:

CoC Rejection Letter: Projects that are applying for CoC funds and that have been rejected for the competition by their CoC (Solo Projects) must submit documentation from the CoC verifying and explaining why the project has been rejected.

Certification of Consistency with Consolidated Plan: Each applicant that is not a State or unit of local government is required to have a certification by the jurisdiction in which the proposed project will be located confirming that the applicant’s application for funding is consistent with the jurisdiction’s HUD-approved consolidated plan. The certification must be made in accordance with the provisions of the consolidated plan regulations at 24 CFR part 91, subpart F. For projects that selected “No CoC” on Screen 3A, a form HUD-2991 must be obtained and signed by the certifying official for the applicable jurisdiction, indicating that the proposed project will be consistent with the Consolidated Plan. If the Solo Applicant is a State or unit of local government, the jurisdiction must certify that it is following its HUD-approved Consolidated Plan.

7B. Certification

A. For all projects:

Fair Housing and Equal Opportunity

It will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000(d)) and regulations pursuant thereto (Title 24 CFR part I), which state that no person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives Federal financial assistance, and will immediately take any measures necessary to effectuate this agreement. With reference to the real property and structure(s) thereon which are provided or improved with the aid of Federal financial assistance extended to the applicant, this assurance shall obligate the applicant, or in the case of any transfer, transferee, for the period during which the real property and structure(s) are used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

It will comply with the Fair Housing Act (42 U.S.C. 3601-19), as amended, and with implementing regulations at 24 CFR part 100, which prohibit discrimination in housing on the basis of race, color, religion, sex, disability, familial status or national origin.

It will comply with Executive Order 11063 on Equal Opportunity in Housing and with implementing regulations at 24 CFR Part 107 which prohibit discrimination because of race, color, creed, sex or national origin in housing and related facilities provided with Federal financial assistance.

It will comply with Executive Order 11246 and all regulations pursuant thereto (41 CFR Chapter 60-1), which state that no person shall be discriminated against on the basis of race, color, religion, sex or national origin in all phases of employment during the performance of Federal contracts and shall take affirmative action to ensure equal employment opportunity. The applicant will incorporate, or cause to be incorporated, into any contract for construction work as defined in Section 130.5 of HUD regulations the equal opportunity clause required by Section 130.15(b) of the HUD regulations.

It will comply with Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701(u)), and regulations pursuant thereto (24 CFR Part 135), which require that to the greatest extent feasible opportunities for training and employment be given to lower-income residents of the project and contracts for work in connection with the project be awarded in substantial part to persons residing in the area of the project.

It will comply with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended, and with implementing regulations at 24 CFR Part 8, which prohibit discrimination based on disability in Federally-assisted and conducted programs and activities.

It will comply with the Age Discrimination Act of 1975 (42 U.S.C. 6101-07), as amended, and implementing regulations at 24 CFR Part 146, which prohibit discrimination because of age in projects and activities receiving Federal financial assistance.
It will comply with Executive Orders 11625, 12432, and 12138, which state that program participants shall take affirmative action to encourage participation by businesses owned and operated by members of minority groups and women.

If persons of any particular race, color, religion, sex, age, national origin, familial status, or disability who may qualify for assistance are unlikely to be reached, it will establish additional procedures to ensure that interested persons can obtain information concerning the assistance.

It will comply with the reasonable modification and accommodation requirements and, as appropriate, the accessibility requirements of the Fair Housing Act and section 504 of the Rehabilitation Act of 1973, as amended.

Additional for Rental Assistance Projects:

If applicant has established a preference for targeted populations of disabled persons pursuant to 24 CFR 582.330(a), it will comply with this section's nondiscrimination requirements within the designated population.

B. For non-Rental Assistance Projects Only.

20-Year Operation Rule.

For applicants receiving assistance for acquisition, rehabilitation or new construction: The project will be operated for no less than 20 years from the date of initial occupancy or the date of initial service provision for the purpose specified in the application.

1-Year Operation Rule.

For applicants receiving assistance for supportive services, leasing, or operating costs but not receiving assistance for acquisition, rehabilitation, or new construction: The project will be operated for the purpose specified in the application for any year for which such assistance is provided.

C. Explanation.

Where the applicant is unable to certify to any of the statements in this certification, such applicant shall provide an explanation.

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2016 Continuum of Care (CoC) Program Competition. For more information see FY 2016 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2016 CoC Program NOFA and the FY 2016 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2015 Project Application will be imported into the FY 2016 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the FY 2015 post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2016 CoC Program Competition NOFA.

Instructions:
The selections made on this screen by completing all of the mandatory fields marked with an asterisk (*), will provide information on capacity of the project applicant. The screen asks the Project Applicant questions about capacity performance as a HUD grant recipient; in terms of: timely submission of required reports, quarterly eLOCCS drawdowns, addressing HUD monitoring and/or OIG audit findings and the recapture of any funds from the most recently expired grant term of the project.

APR Submission: Select "Yes" or "No" from the dropdown menu to indicate whether you have successfully submitted the APR on time for the most recently expired grant term related to this renewal project request. If "No" is selected, an additional question will appear, in which you must provide an explanation in the textbox; as to why the APR was not submitted in a timely manner.

HUD Monitoring Findings: Select "Yes" or "No" from the dropdown menu to indicate whether your organization has any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request. If "Yes" is selected, two new questions will appear, in which the applicant will enter the date of the oldest unresolved finding(s) and explain why the findings remain unresolved in the textbox provided.

Quarterly Drawdowns: Select "Yes" or "No" from the dropdown menu to indicate whether your organization maintained consistent Quarterly Drawdowns from eLOCCS for the most recent grant terms related to this renewal project. If "No," is selected, one new question will appear in which the applicant must explain, in the textbox provided, as to why the recipient has not maintained consistent Quarterly Drawdowns for the most recent grant terms related to this renewal project request.

Recaptured Funds: Select "Yes" or "No" from the dropdown menu to indicate whether any funds have been recaptured by HUD for the most recently expired grant term related to this renewal project request. If "Yes," is selected, one new question will appear, in which the applicant must explain why HUD recaptured funds from the most recently expired grant term.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request?
   Yes

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request?
   No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request?
   Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request?
   No
Instructions:
The selections made on this screen will determine which additional forms will need to be completed for this project application.

Expiring Grant Number: This field is pre-populated with the expiring grant number entered on Screen “1A. Application Type.”

CoC Number and Name: Select the number and name of the CoC to which the project application will be submitted for the local competition review process. This is the CoC that will submit the CoC Consolidated Application to HUD by the designated submission deadline. Applicants with projects that do not belong to a CoC should select “No CoC.”

CoC Collaborative Applicant Name: Select the name of the CoC Applicant, also known as the Collaborative Applicant, from the dropdown. In most cases, there will only be one name from which to choose. The project applicant should choose the name of the CoC Applicant to which they intend to submit this project application.

Project Name: This is pre-populated from the “Project” Form and cannot be edited.

Project Status: The default selection is “Standard,” indicating that the applicant is submitting the application to the Collaborative Applicant for consideration in the FY 2016 CoC Program competition. The selection should only be changed to “Appeal” in the event that the project application is rejected by the Collaborative Applicant (either formally in e-snaps or outside of e-snaps) and the project applicant wants to appeal this decision directly to HUD by submitting a solo application. For additional information on the appeal process, see Section X of the FY 2016 CoC Program Competition NOFA. A full explanation of the process is provided on Screen “8A. Notice of Intent to Appeal.”

Component Type: This is a required field. Select the component type that identifies the renewal project application type. This can be either a PH, SH, TH, SSO or HMIS. The selection of component type will have an affect on what question on subsequent screens are asked of the user.

Title V: This field is required. Select "Yes" or "No" to indicate if one or more properties being served by this project were acquired under Title V.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Expiring Grant Number: CA0096L9T021508
   (e.g., the "Federal Award Identifier" indicated on form 1A. Application Type)

2a. CoC Number and Name: CA-502 - Oakland, Berkeley/Alameda County CoC

2b. CoC Collaborative Applicant Name: Alameda County

3. Project Name: Housing Fast Support Network
4. Project Status: Standard

5. Component Type: TH

6. Does this project use one or more properties that have been conveyed through the Title V process? No
Instructions:

ALL PROJECTS

Provide a description that addresses the entire scope of the proposed project: This is a required field. The project description should address the entire scope of the project, including a clear picture of the target population(s) to be served, the plan for addressing the identified needs/issues of the CoC target population(s), projected outcome(s), and coordination with other source(s)/partner(s). The narrative is expected to describe the project at full operational capacity. The description should be consistent with and make reference to other parts of this application.

Does your project have a specific population focus: This is a required field. Select “Yes” if your project has special capacity in its facilities, program designs, tools, outreach or methodologies for a specific subpopulation or subpopulations. This does not necessarily mean that the project exclusively serves that subpopulation(s), but rather that they are uniquely equipped to serve them. If “Yes” is selected, select the relevant checkbox(s) to identify the project’s population focus.

PH, SH, TH and SSO PROJECTS ONLY

Does the project follow a “Housing First” approach: This is a required field for PH, TH and SSO projects only. Select all applicable checkboxes that indicate whether or not the project currently follows a housing first approach that ensures that participants are not screened out based on barriers such as income, sobriety, etc. Select “none of the above” if the project does not follow a housing first approach.
- Does the project quickly move participants into permanent housing?: This is a required field. Select “Yes” to this question if your project will quickly move program participants into permanent housing without additional steps (e.g., required stay in transitional housing first) before moving to permanent housing. If you are a domestic violence (DV) program you should select “Yes” if you will quickly move program participants into permanent housing after immediate safety needs are addressed (e.g., a person who is still in danger from a violent partner and would move into PH once the dangerous situation has been addressed). Select “No” if the project does not work to move program participants quickly into permanent housing.)
- Does the project ensure that participants are not screened out based on the listed reasons? (Check all that apply): This is a required field and at least one option must be selected. Multiple checkbox selections are provided.
- Does the project ensure that participants are not terminated from the program for the listed reasons? (Check all that apply) Multiple checkbox selections are provided.
- Does the project follow a “Housing First” approach? This is auto-scored based upon the responses to the questions above and “Yes” or “No” will indicate if the project is using the Housing First approach to house program participants.

PH PROJECTS ONLY

Does the PH project provide PSH or RRH: This is a required field. Select “PSH” if the project will operate according to a permanent supportive housing model as defined by 24 CFR 578. Select “RRH” if the project will operate according to a rapid rehousing model as defined by 24 CFR 578.

PH AND TH PROJECTS ONLY:

Does the project request costs under the rental assistance budget line item?: This is a required field. If requesting rental assistance, select “Yes” from the dropdown menu. If not requesting rental assistance in this project application, select “No”.

RENTAL ASSISTANCE PROJECTS ONLY

Is this a CoC Program leasing or SHP project that had been approved by HUD to change the renewal project budget from leasing to rental assistance? (This change must have been listed on
the final HUD-approved FY 2016 GIW. See 24 CFR 578.49(b)(8)): This is a required field. “Yes” should only be selected if HUD approved a change from leasing to rental assistance during the FY 2016 GIW process.

FOR SSO PROJECTS ONLY

Please select the type of SSO Project: Four options are given; Street Outreach; Housing Project or Housing Structure Specific; Coordinated Entry; Standalone Supportive Service. Only Coordinated Entry will have follow up questions.

FOR SSO COORDINATED ENTRY PROJECTS ONLY

Will the coordinated entry process funded in part by this grant cover the COC’s entire geographic area: This is a required field. Yes/No dropdown question.

Will the coordinated entry process funded in part by this grant be easily accessible: This is a required field. Yes/No dropdown question.

Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance. This is a required field. Explain the outreach strategy of the CE.

Does the coordinated entry process use a comprehensive, standardized assessment process: This is a required field. Yes/No dropdown question.

Describe the referral process and how the coordinated entry process ensures that participants are directed to appropriate housing and/or services: This is a required field. Explain the referral process.

If the coordinated entry process includes differences in the access, entry, assessment, or referral for certain populations, are those differences limited only to the following four groups: Individuals, Families, DV, and Youth: This is a required field. Yes/No dropdown question.

1. Provide a description that addresses the entire scope of the proposed project.

Bay Area Community Services (BACS), an Oakland-based local non-profit, provides the Housing Fast Support Network (HFSN). HFSN is an Interim Housing program that provides short term housing and supportive services for single, homeless adults in Oakland, California. The hallmarks of the Interim Housing model are that participants enter directly from the streets with no barriers or pre-conditions, participants have a short length of stay, and all services are focused on quickly re-housing the person in the community. HFSN ensures efficacy of services through a Rapid Re-Housing approach. BACS and HFSN fully embraces and exercises the philosophy of Housing First – the program is extremely low barrier for entry, as evidenced in its framework, policies, and service delivery design. The HFSN Program Agreement & Expectations document covers these philosophies, strategies, and practices for participants. Because the HFSN model is brief, interim housing, it is able to serve four times the amount of homeless individuals each year that would be served in a traditional 24 month model, while achieving higher incidences of permanent housing success.

HFSN is located in a convenient downtown Oakland location. BACS provides very brief Interim Housing and short-term interventions, lasting approximately 4-6 months. During this period, one of BACS’ Housing Specialists works to quickly
locate and secure permanent, stable housing. This Housing Specialist works closely with each participant from the moment of outreach, through to permanent housing and beyond. HFSN’s sole focus is on locating permanent housing for people, and helping participants develop the necessary independent living skills to support permanent housing. HFSN staff provides supportive services to participants while they are living in the program, including assistance with benefits advocacy, employment support, budgeting and rental assistance, and mental health care. These supportive services ensure long-term success of the HFSN program participants, and helps participants remain stable once they are in permanent housing. After individuals leave HFSN, they receive six months of aftercare support to ensure their housing stability and success.

BACS’ model utilizes an Evidence Based Practice called Critical Time Intervention (CTI) which focuses on providing services in three phases; with services decreasing in intensity over time as participants develop skills and connect to community based resources to support their success in maintaining housing. This Evidence-Based Practice contributes to the high success rate of HFSN, and is tied to BACS’ robust Outcomes Management and Quality Improvement Systems.

4A. Supportive Services for Participants

Instructions:

ALL PROJECTS EXCEPT HMIS

For all supportive services available to participants, indicate who will provide them, and how often they are provided. This field is required and at least one value must be entered. Complete each row of drop down menus for supportive services that will be available to participants, using the funds requested through the application, and funds from other sources. If more than one Provider is relevant for a single service, please select the provider that corresponds to the highest frequency.

- Provider: select one of the following: “Applicant” to indicate that the applicant will provide the service directly; “Subrecipient” to indicate that a subrecipient will provide the service directly; “Partner” to indicate that an organization that is not a subrecipient of project funds but with whom a formal agreement or MOU has been signed will provide the service directly; or, “Non-Partner” to indicate that a specific organization with whom no formal agreement has been established regularly provides the service to clients. If more than one provider offers the service at the same frequency, choose the provider according to the following: Applicant, then Subrecipient, then Partner, and lastly, Non-Partner.

- Frequency: Select the most common interval of time for which the service is accessible to participants. If two frequencies are equally common, choose the interval with the highest frequency.

Applicants may leave dropdown menus as “—select—” when services are not applicable.

Please identify whether the project includes the following activities:

- Transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs? Select “Yes” or “No” from the dropdown menu.
- Use of a single application form for four or more mainstream programs? Select “Yes” or “No” from the dropdown menu.
- At least annual follow-ups with participants to ensure mainstream benefits are received and renewed? Select “Yes” or “No” from the dropdown menu.
- Do project participants have access to SSI/SSDI technical assistance provided by the applicant, a subrecipient, or partner agency? Select “Yes” or “No” from the dropdown menu. If “Yes” is selected the following question will become visible:

- Has the staff person providing the technical assistance completed SOAR training in the past 24 months. Select “Yes” or “No” from the dropdown menu.

4B. Housing Type and Location Detail

Instructions:

ALL PROJECTS EXCEPT HMIS

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

PH-PSH PROJECTS ONLY

How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project’s grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as "CH Beds" on a CoC’s Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter “0.”

How many of the total beds entered in "2b. Beds" are not dedicated to the chronically homeless? This is a required field, but it is Auto calculated. The number that is calculated is the difference between 3a and 2b.

How many of the total beds entered in "3b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number of beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the project’s grant agreement for FY 2016 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter "0."

How many of the beds listed in question “3c.” above will be prioritized for use by the chronically homeless? This is a required field. Use the number of turnover beds that are not dedicated to the chronically homeless and that you estimated in field c to estimate and enter the number of those beds that will be prioritized for the chronically homeless as soon as they do turnover.

ALL PROJECTS EXCEPT HMIS

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

5A. Project Participants - Households

Instructions:

ALL PROJECTS EXCEPT HMIS

In each non-shaded field list the number of households or persons served at maximum program capacity. The numbers here are intended to reflect a single point in time at maximum occupancy and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Households: Enter the number of households under at least one of the categories: Households with at least One Adult and One Child, Adult Households without Children, or Households with Only Children.

Households with at least One Adult and One Child: Enter the total number of households with at least one adult and one child. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Households without Children: Enter the total number of adult households without children. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Households with Only Children: Enter the total number of households with only children. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Characteristics: Enter the total number of homeless that fall under one of the characteristics listed.

Persons in Households with at least One Adult and One Child: Enter the number of persons in households with at least one adult and on child for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Persons in Households without Children: Enter the number of persons in households without children for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children: Enter the number of persons in households with only children for each demographic row. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Totals: All fields in the “Total Number…” and “Total Persons” rows will automatically calculate when the “Save” button is clicked.

**5B. Project Participants - Subpopulations**

**Instructions:**

**ALL PROJECTS EXCEPT HMIS**

*This screen can only be completed once Screen “5A. Project Participants – Households” has been completed and saved.

In each non-shaded field enter the number of persons served at maximum program capacity according to their age group, disability status, and the extent in which persons served fit into one or more of the subpopulation categories. The numbers here are intended to reflect a single point in time at maximum capacity and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Complete each of the three charts on this screen according to household types.

Persons in Households with at least one Adult and One Child chart: Enter only persons in households with at least one adult and one child. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and at least one person under the age of 18.

Persons in Households without Children chart: Enter only persons in adult households without children. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children chart: Enter only persons in households with only children. To be listed on this chart, a person must be part of a household with no persons at or above the age of 18, and only persons under the age of 18.

Total Persons: All fields in the “Total Persons” rows will calculate automatically when the “Save” button is clicked.

Describe the unlisted subpopulations referred to above: This field is visible and mandatory if a number greater than 0 is entered into the column “Persons not represented by listed subpopulations.” Enter text that describes the person(s) identified in this column and explains how they do not fall under the other categories in columns 1 through 9.

Instructions:

ALL PROJECTS EXCEPT HMIS

Enter the percentage of project participants that will be coming from each of the following locations: This is a required field. Enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:
- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens (persons coming from TH are not considered to be chronically homeless)
- Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (only applicable to TH and SSO projects)
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the “Save” button is clicked. A warning message will appear if the total is greater than 100%.

6A. Funding Request

Instructions:

ALL PROJECT APPLICATIONS

The fields that must be completed on this screen will vary based on the project type, program type, and component type selected earlier in the project application.

Do any of the properties in this project have an active restrictive covenant? This is a required field. Select “Yes” or “No” to indicate whether or not one or more of the project properties are subject to an active restrictive covenant. As a reminder, any project awarded capital cost funds (new construction, acquisition, or rehabilitation) has a 20 year or if initially awarded under the CoC Program (FY 2012 capital costs and beyond) a 15 year use restriction.

Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project? This is a required field. Indicate if this project previously received funds under either the Samaritan Housing or Permanent Housing Bonus initiative. If yes, then the project must continue to meet the requirements of the initiative, as specified in the Homeless Assistance Grants NOFA for the year in which funds were originally awarded, in order to continue to receive renewal funding under the CoC Program Competition.

Are the requested renewal funds reduced from the previous award as a result of reallocation? This is a required field. Select “Yes” or “No” to indicate whether the renewal project is reduced through the reallocation process. The response will be compared to the CoC’s Reallocation Forms.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select ‘Yes’ or ‘No’ to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult 2 CFR Part 200.56, Part 200.413 and Part 200.414, FY 2016 NOFA and contact your local HUD office. The following questions become visible if “Yes” is selected:

- Please complete the indirect cost rate schedule below: Must complete at least one row.
- Has this rate been approved by your cognizant agency?: Select “Yes” or “No” from the dropdown menu.
- Do you plan to use the 10% de minimis rate? Select “Yes” or “No” from the dropdown menu.

Renewal Grant Term: This field is pre-populated with a one-year grant term and cannot be edited.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budget for which funding is being requested. The choices available will depend on the component and project type selected on Screen “3A Project Detail.” The following eligible costs may be listed: leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities listed on the CoC’s final HUD-approved FY 2016 GIW.

If you do not see the funding budgets that you expected, you may need to return to Screen “3A. Project Detail” to review the “Component Type” and/or “3B. Project Description” to review the type of project selected. See the FY 2016 CoC Program NOFA for additional guidance.

Instructions:

Complete the following fields related to the funds being requested to lease one or more structures for operating the project.

Structure Name: This is a required field. Indicate the name of the structure for which funds are requested.

Address: Only 1 “Street Address…” field is required. Enter the actual street number and name in the first field. Do not list a PO Box or other mailing address. Use the second field for apartment or subsection numbers. Complete fields for City, State and Zip Code.

HUD Paid Rent (Annual): This is a required field. Enter the annual leasing amount. The amount entered cannot exceed the annual rent for comparable structures.

Grant Term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field will equal the total leasing amount entered above.

All total fields will be calculated once the required field has been completed and saved.

6E. Supportive Services Budget

**Instructions:**

Enter the quantity and total budget request for each supportive services cost. The request entered should be equivalent to the cost of one year of the relevant supportive service.

Eligible Costs: The system populates a list of eligible supportive services for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.53.

Quantity AND Description: This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity in detail (e.g. 1 FTE Case Manager Salary + benefits, or child care for 15 children) for each supportive service activity for which funding is being requested. Please note that simply stating “1FTE” is NOT providing “Quantity AND Detail” and limits HUD’s understanding of what is being requested. Failure to enter adequate ‘Quantity AND Detail’ may result in conditions being placed on an award and a delay of grant funding.

Annual Assistance Requested: This is a required field. Enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to providing supportive services to homeless participants. The request should match the budget amounts identified on the CoC’s HUD-approved FY 2016 GIW.

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Grant Term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

6F. Operating Budget

Instructions:

Enter the quantity and total budget request for each operating cost. The request entered should be equivalent to the cost of one year of the relevant operations activity.

Eligible Costs: The system populates a list of eligible operating costs for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.55.

Quantity AND Detail: This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity and detail (e.g., .75 FTE hours and benefits for staff, utility types, and monthly allowance for supplies) for each operating cost for which funding is being requested. Please note that simply stating “1FTE” is NOT providing “Quantity AND Detail” and restricts understanding of what is being requested. Failure to enter adequate “Quantity AND Detail” may result in conditions being placed on the award and a delay of grant funding.

Annual Assistance Requested: This is a required field. Enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to operating the housing or supportive services facility. The request should match the budget amounts identified on the CoC’s HUD-approved FY 2016 GIW

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Are you requesting a 15 year renewal per the FY2016 CoC Program NOFA? This request is only available for Operating Costs budget line items in projects in which the applicant owns the building and needs to provide maintenance. Only 1 year of funding is allowed according to the relevant section of the FY 2016 CoC Program Competition NOFA.

Grant term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based on the total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Total Value of In-Kind Commitments: $250,000
Total Value of All Commitments: $525,000
Sources of Match Detail

Instructions:

Match (cash or in-kind) must be used for eligible program costs only and must be equal to or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs. Please review 24 CFR Part 578, the FY 2015 CoC Program NOFA for more detailed information concerning Match.

Will this commitment be used towards Match? Yes is automatically selected and this is a field that cannot be edited.

Type of Commitment: Select Cash ($) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

Type of source: Select Private or Government to denote the source of the contribution. The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of written commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match/ screen will populate the Screen “6I. Summary Budget.” The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

6I. Summary Budget

Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to field “7. Admin (Up to 10%).”

Admin (Up to 10%): Enter the amount of requested administration funds. The request should match the amount identified on the CoC’s HUD-approved FY 2016 GIW. HUD will not fund greater than 10% of the request listed in the field “Sub-Total Eligible Costs Request.” If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is the total amount of funding the project applicant will request in the FY 2016 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field “Total Eligible Costs Request” minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen “6H. Sources of Match” to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.

Instructions:

Subrecipient Nonprofit Documentation: Documentation of the subrecipient’s nonprofit status must be uploaded, if the applicant and project subrecipient are different entities, and the subrecipient is a nonprofit organization.

Other Attachment(s): Attach any additional information supporting the project funding request. Use a zip file to attach multiple documents.

If indicated on Screens 3A and/or 3B, the following additional attachment screens may be visible that should be used instead of Screen 7A. Attachments:

CoC Rejection Letter: Projects that are applying for CoC funds and that have been rejected for the competition by their CoC (Solo Projects) must submit documentation from the CoC verifying and explaining why the project has been rejected.

Certification of Consistency with Consolidated Plan: Each applicant that is not a State or unit of local government is required to have a certification by the jurisdiction in which the proposed project will be located confirming that the applicant’s application for funding is consistent with the jurisdiction’s HUD-approved consolidated plan. The certification must be made in accordance with the provisions of the consolidated plan regulations at 24 CFR part 91, subpart F. For projects that selected “No CoC” on Screen 3A, a form HUD-2991 must be obtained and signed by the certifying official for the applicable jurisdiction, indicating that the proposed project will be consistent with the Consolidated Plan. If the Solo Applicant is a State or unit of local government, the jurisdiction must certify that it is following its HUD-approved Consolidated Plan.

7B. Certification

A. For all projects:

Fair Housing and Equal Opportunity

It will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000(d)) and regulations pursuant thereto (Title 24 CFR part 1), which state that no person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives Federal financial assistance, and will immediately take any measures necessary to effectuate this agreement. With reference to the real property and structure(s) thereon which are provided or improved with the aid of Federal financial assistance extended to the applicant, this assurance shall obligate the applicant, or in the case of any transfer, transferee, for the period during which the real property and structure(s) are used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

It will comply with the Fair Housing Act (42 U.S.C. 3601-19), as amended, and with implementing regulations at 24 CFR part 100, which prohibit discrimination in housing on the basis of race, color, religion, sex, disability, familial status or national origin.

It will comply with Executive Order 11063 on Equal Opportunity in Housing and with implementing regulations at 24 CFR Part 107 which prohibit discrimination because of race, color, creed, sex or national origin in housing and related facilities provided with Federal financial assistance.

It will comply with Executive Order 11246 and all regulations pursuant thereto (41 CFR Chapter 60-1), which state that no person shall be discriminated against on the basis of race, color, religion, sex or national origin in all phases of employment during the performance of Federal contracts and shall take affirmative action to ensure equal employment opportunity. The applicant will incorporate, or cause to be incorporated, into any contract for construction work as defined in Section 130.5 of HUD regulations the equal opportunity clause required by Section 130.15(b) of the HUD regulations.

It will comply with Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701(u)), and regulations pursuant thereto (24 CFR Part 135), which require that to the greatest extent feasible opportunities for training and employment be given to lower-income residents of the project and contracts for work in connection with the project be awarded in substantial part to persons residing in the area of the project.

It will comply with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended, and with implementing regulations at 24 CFR Part 8, which prohibit discrimination based on disability in Federally-assisted and conducted programs and activities.

It will comply with the Age Discrimination Act of 1975 (42 U.S.C. 6101-07), as amended, and implementing regulations at 24 CFR Part 146, which prohibit discrimination because of age in projects and activities receiving Federal financial assistance.
It will comply with Executive Orders 11625, 12432, and 12138, which state that program participants shall take affirmative action to encourage participation by businesses owned and operated by members of minority groups and women.

If persons of any particular race, color, religion, sex, age, national origin, familial status, or disability who may qualify for assistance are unlikely to be reached, it will establish additional procedures to ensure that interested persons can obtain information concerning the assistance.

It will comply with the reasonable modification and accommodation requirements and, as appropriate, the accessibility requirements of the Fair Housing Act and section 504 of the Rehabilitation Act of 1973, as amended.

**Additional for Rental Assistance Projects:**

If applicant has established a preference for targeted populations of disabled persons pursuant to 24 CFR 582.330(a), it will comply with this section’s nondiscrimination requirements within the designated population.

**B. For non-Rental Assistance Projects Only.**

**20-Year Operation Rule.**

For applicants receiving assistance for acquisition, rehabilitation or new construction: The project will be operated for no less than 20 years from the date of initial occupancy or the date of initial service provision for the purpose specified in the application.

**1-Year Operation Rule.**

For applicants receiving assistance for supportive services, leasing, or operating costs but not receiving assistance for acquisition, rehabilitation, or new construction: The project will be operated for the purpose specified in the application for any year for which such assistance is provided.

**C. Explanation.**

Where the applicant is unable to certify to any of the statements in this certification, such applicant shall provide an explanation.

**Name of Authorized Certifying Official:** Sara Bedford

**Date:** 08/24/2016

**Title:** Director - Department of Human Services

Gentlemen:

Thank you for submitting the information shown below. We have made it a part of your file.

The changes indicated do not adversely affect your exempt status and the exemption letter issued to you continues in effect.

Please let us know about any future change in the character, purpose, method of operation, name or address of your organization. This is a requirement for retaining your exempt status.

Thank you for your cooperation.

Sincerely yours,

Michael A. "

Letter 976(DO) (7-77)
Internal Revenue Service

To: The Social Service Bureau of Oakland, Inc.
534 - 22nd Street
Oakland, California 94612

Date: SEP 15

Gentlemen:

Based on information supplied, and assuming your operations will be as stated in your application for recognition of exemption, we have determined you are exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code.

We have further determined you are not a private foundation within the meaning of section 509(a) of the Code, because you are an organization described in section 509(a)(2).

You are not liable for social security (FICA) taxes unless you file a waiver of exemption certificate as provided in the Federal Insurance Contributions Act. You are not liable for the taxes imposed under the Federal Unemployment Tax Act (FUTA).

Since you are not a private foundation, you are not subject to the excise taxes under Chapter 42 of the Code. However, you are not automatically exempt from other Federal excise taxes.

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you, or for your use, are deductible for Federal estate and gift tax purposes under sections 2055, 2106, and 2522 of the Code.

If your gross receipts each year are normally more than $5,000, you are required to file Form 990, Return of Organization Exempt From Income Tax, by the 15th day of the 5th month after the end of your annual accounting period. The law imposes a penalty of $10 a day, up to a maximum of $5,000, for failure to file a return on time.
You are not required to file Federal income tax returns unless you are subject to the tax on unrelated business income under section 511 of the Code. If you are subject to this tax, you must file an income tax return on Form 990-T. In this letter we are not determining whether any of your present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

You need an employer identification number even if you have no employees. If an employer identification number was not entered on your application, a number will be assigned to you and you will be advised of it. Please use that number on all returns you file and in all correspondence with the Internal Revenue Service.

Your Key District for exempt organization matters is San Francisco, California. Please keep your Key District Director informed of any changes in your purposes, character, method of operation, or sources of support. Also, you must inform him of all changes in your name or address.

'Please keep the ruling letter in your permanent records.

Sincerely yours,

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2016 Continuum of Care (CoC) Program Competition. For more information see FY 2016 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2016 CoC Program NOFA and the FY 2016 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2015 Project Application will be imported into the FY 2016 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the FY 2015 post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2016 CoC Program Competition NOFA.

1E. Compliance

Instructions:

Is Application Subject to Review by State Executive Order 12372 Process: In this required field, select the appropriate dropdown option that applies to the Applicant applying for homeless assistance funding. Applicants should contact the State Single Point of Contact (SPOC) for Federal Executive Order 12372 to determine whether the application is subject to the State intergovernmental review process.

Click the following link to access the lists of those States that have chosen to participate in the intergovernmental review process: http://www.whitehouse.gov/omb/grants_spoc

If the applicant is located in a state or U.S. territory that is required review by State Executive Order 12372, enter the date this application was made available to the State or U.S. territory for review.

Is the Applicant Delinquent on any Federal Debt: In this required field, select the appropriate dropdown option that applies to the project applicant. This question applies to the project applicant’s organization, not the person who signs as the authorized representative. Categories of debt include delinquent audit disallowances, loans, and taxes.

If “Yes” is selected an explanation is required in the space provided on this screen.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

19. Is the Application Subject to Review By State Executive Order 12372 Process?

b. Program is subject to E.O. 12372 but has not been selected by the State for review.

If "YES", enter the date this application was made available to the State for review:

20. Is the Applicant delinquent on any Federal debt?

No

If "YES," provide an explanation:
1F. Declaration

Instructions:
The authorized person for the project applicant organization must agree to the declaration statement in order to proceed to the project application. The list of certifications and assurances are contained in the FY 2016 CoC Program NOFA, and in the e-snaps Project Applicant Profile.

Authorized Representative: The authorized representative's information is pre-populated on this screen from the Project Applicant Profile. A copy of the governing body's authorization for this person to sign the project application as the official representative must be on file in the applicant's office.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

All screens, 1A – 1F must be completed in full before the project applicant will have access to the Project Application in e-snaps.

By signing and submitting this application, I certify (1) to the statements contained in the list of certifications** and (2) that the statements herein are true, complete, and accurate to the best of my knowledge. I also provide the required assurances** and agree to comply with any resulting terms if I accept an award. I am aware that any false, fictitious, or fraudulent statements or claims may subject me to criminal, civil, or administrative penalties. (U.S. Code, Title 218, Section 1001)

2B. Recipient Performance

Instructions:

The selections made on this screen by completing all of the mandatory fields marked with an asterisk (*), will provide information on capacity of the project applicant. The screen asks the Project Applicant questions about capacity performance as a HUD grant recipient; in terms of: timely submission of required reports, quarterly eLOCCS drawdowns, addressing HUD monitoring and/or OIG audit findings and the recapture of any funds from the most recently expired grant term of the project.

APR Submission: Select "Yes" or "No" from the dropdown menu to indicate whether you have successfully submitted the APR on time for the most recently expired grant term related to this renewal project request. If "No" is selected, an additional question will appear, in which you must provide an explanation in the textbox; as to why the APR was not submitted in a timely manner.

HUD Monitoring Findings: Select "Yes" or "No" from the dropdown menu to indicate whether your organization has any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request. If "Yes" is selected, two new questions will appear, in which the applicant will enter the date of the oldest unresolved finding(s) and explain why the findings remain unresolved in the textbox provided.

Quarterly Drawdowns: Select "Yes" or "No" from the dropdown menu to indicate whether your organization maintained consistent Quarterly Drawdowns from eLOCCS for the most recent grant terms related to this renewal project. If "No," is selected, one new question will appear in which the applicant must explain, in the textbox provided, as to why the recipient has not maintained consistent Quarterly Drawdowns for the most recent grant terms related to this renewal project request.

Recaptured Funds: Select "Yes" or "No" from the dropdown menu to indicate whether any funds have been recaptured by HUD for the most recently expired grant term related to this renewal project request. If "Yes," is selected, one new question will appear, in which the applicant must explain why HUD recaptured funds from the most recently expired grant term.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? Yes

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? No
3A. Project Detail

Instructions:
The selections made on this screen will determine which additional forms will need to be completed for this project application.

Expiring Grant Number: This field is pre-populated with the expiring grant number entered on Screen “1A. Application Type.”

CoC Number and Name: Select the number and name of the CoC to which the project application will be submitted for the local competition review process. This is the CoC that will submit the CoC Consolidated Application to HUD by the designated submission deadline. Applicants with projects that do not belong to a CoC should select “No CoC.”

CoC Collaborative Applicant Name: Select the name of the CoC Applicant, also known as the Collaborative Applicant, from the dropdown. In most cases, there will only be one name from which to choose. The project applicant should choose the name of the CoC Applicant to which they intend to submit this project application.

Project Name: This is pre-populated from the “Project” Form and cannot be edited.

Project Status: The default selection is “Standard,” indicating that the applicant is submitting the application to the Collaborative Applicant for consideration in the FY 2016 CoC Program competition. The selection should only be changed to “Appeal” in the event that the project application is rejected by the Collaborative Applicant (either formally in e-snaps or outside of e-snaps) and the project applicant wants to appeal this decision directly to HUD by submitting a solo application. For additional information on the appeal process, see Section X of the FY 2016 CoC Program Competition NOFA. A full explanation of the process is provided on Screen “8A. Notice of Intent to Appeal.”

Component Type: This is a required field. Select the component type that identifies the renewal project application type. This can be either a PH, SH, TH, SSO or HMIS. The selection of component type will have an affect on what question on subsequent screens are asked of the user.

Title V: This field is required. Select "Yes" or "No" to indicate if one or more properties being served by this project were acquired under Title V.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Expiring Grant Number: CA0100L9T021508
(e.g., the "Federal Award Identifier" indicated on form 1A. Application Type)

2a. CoC Number and Name: CA-502 - Oakland, Berkeley/Alameda County CoC

2b. CoC Collaborative Applicant Name: Alameda County

3. Project Name: Housing Stabilization
4. Project Status: Standard

5. Component Type: PH

6. Does this project use one or more properties that have been conveyed through the Title V process? No
3B. Project Description

Instructions:

ALL PROJECTS

Provide a description that addresses the entire scope of the proposed project: This is a required field. The project description should address the entire scope of the project, including a clear picture of the target population(s) to be served, the plan for addressing the identified needs/issues of the CoC target population(s), projected outcome(s), and coordination with other source(s)/partner(s). The narrative is expected to describe the project at full operational capacity. The description should be consistent with and make reference to other parts of this application.

Does your project have a specific population focus: This is a required field. Select “Yes” if your project has special capacity in its facilities, program designs, tools, outreach or methodologies for a specific subpopulation or subpopulations. This does not necessarily mean that the project exclusively serves that subpopulation(s), but rather that they are uniquely equipped to serve them. If “Yes” is selected, select the relevant checkbox(s) to identify the project’s population focus.

PH, SH, TH and SSO PROJECTS ONLY

Does the project follow a “Housing First” approach: This is a required field for PH, TH and SSO projects only. Select all applicable checkboxes that indicate whether or not the project currently follows a housing first approach that ensures that participants are not screened out based on barriers such as income, sobriety, etc. Select “none of the above” if the project does not follow a housing first approach.

- Does the project quickly move participants into permanent housing?: This is a required field. Select “Yes” to this question if your project will quickly move program participants into permanent housing without additional steps (e.g., required stay in transitional housing first) before moving to permanent housing. If you are a domestic violence (DV) program you should select “Yes” if you will quickly move program participants into permanent housing after immediate safety needs are addressed (e.g., a person who is still in danger from a violent partner and would move into PH once the dangerous situation has been addressed). Select “No” if the project does not work to move program participants quickly into permanent housing.

- Does the project ensure that participants are not screened out based on the listed reasons? (Check all that apply): This is a required field and at least one option must be selected. Multiple checkbox selections are provided.

- Does the project ensure that participants are not terminated from the program for the listed reasons? (Check all that apply) Multiple checkbox selections are provided.

- Does the project follow a “Housing First” approach? This is auto-scored based upon the responses to the questions above and “Yes” or “No” will indicate if the project is using the Housing First approach to house program participants.

PH PROJECTS ONLY

Does the PH project provide PSH or RRH: This is a required field. Select “PSH” if the project will operate according to a permanent supportive housing model as defined by 24 CFR 578. Select “RRH” if the project will operate according to a rapid rehousing model as defined by 24 CFR 578.

PH AND TH PROJECTS ONLY:

Does the project request costs under the rental assistance budget line item?: This is a required field. If requesting rental assistance, select “Yes” from the dropdown menu. If not requesting rental assistance in this project application, select “No”.

RENTAL ASSISTANCE PROJECTS ONLY

Is this a CoC Program leasing or SHP project that had been approved by HUD to change the renewal project budget from leasing to rental assistance? (This change must have been listed on
the final HUD-approved FY 2016 GIW. See 24 CFR 578.49(b)(8)): This is a required field. “Yes” should only be selected if HUD approved a change from leasing to rental assistance during the FY 2016 GIW process.

FOR SSO PROJECTS ONLY

Please select the type pf SSO Project: Four options are given; Street Outreach; Housing Project or Housing Structure Specific; Coordinated Entry; Standalone Supportive Service. Only Coordinated Entry will have follow up questions.

FOR SSO COORDINATED ENTRY PROJECTS ONLY

Will the coordinated entry process funded in part by this grant cover the COC’s entire geographic area: This is a required field. Yes/ No dropdown question.

Will the coordinated entry process funded in part by this grant be easily accessible: This is a required field. Yes/No dropdown question.

Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance. This is a required field. Explain the outreach strategy of the CE.

Does the coordinated entry process use a comprehensive, standardized assessment process: This is a required field. Yes/No dropdown question.

Describe the referral process and how the coordinated entry process ensures that participants are directed to appropriate housing and/or services: This is a required field. Explain the referral process.

If the coordinated entry process includes differences in the access, entry, assessment, or referral for certain populations, are those differences limited only to the following four groups: Individuals, Families, DV, and Youth: This is a required field. Yes/No dropdown question.

1. Provide a description that addresses the entire scope of the proposed project.

Housing Stabilization is a rapid rehousing program targeting homeless families with children. The program has the goal of increasing access to permanent access for homeless families and reducing the amount of time between initial engagement and placement into permanent housing.

2. Does your project have a specific population focus? Yes

2a. Please identify the specific population focus. (Select ALL that apply)

4A. Supportive Services for Participants

Instructions:
ALL PROJECTS EXCEPT HMIS

For all supportive services available to participants, indicate who will provide them, and how often they are provided. This field is required and at least one value must be entered. Complete each row of drop down menus for supportive services that will be available to participants, using the funds requested through the application, and funds from other sources. If more than one Provider is relevant for a single service, please select the provider that corresponds to the highest frequency.

- Provider: select one of the following: “Applicant” to indicate that the applicant will provide the service directly; “Subrecipient” to indicate that a subrecipient will provide the service directly; “Partner” to indicate that an organization that is not a subrecipient of project funds but with whom a formal agreement or MOU has been signed will provide the service directly; or, “Non-Partner” to indicate that a specific organization with whom no formal agreement has been established regularly provides the service to clients. If more than one provider offers the service at the same frequency, choose the provider according to the following: Applicant, then Subrecipient, then Partner, and lastly, non-Partner.

- Frequency: Select the most common interval of time for which the service is accessible to participants. If two frequencies are equally common, choose the interval with the highest frequency.

Applicants may leave dropdown menus as “—select—” when services are not applicable.

Please identify whether the project includes the following activities:
- Transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs? Select “Yes” or “No” from the dropdown menu.
- Use of a single application form for four or more mainstream programs? Select “Yes” or “No” from the dropdown menu.
- At least annual follow-ups with participants to ensure mainstream benefits are received and renewed? Select “Yes” or “No” from the dropdown menu.
- Do project participants have access to SSI/SSDI technical assistance provided by the applicant, a subrecipient, or partner agency? Select “Yes” or “No” from the dropdown menu. If “Yes” is selected the following question will become visible:
- Has the staff person providing the technical assistance completed SOAR training in the past 24 months. Select “Yes” or “No” from the dropdown menu.

4B. Housing Type and Location Detail

Instructions:

ALL PROJECTS EXCEPT HMIS

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

PH-PSH PROJECTS ONLY

How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project’s grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as “CH Beds” on a CoC’s Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter “0.”

How many of the total beds entered in "2b. Beds" are not dedicated to the chronically homeless? This is a required field, but it is Auto calculated. The number that is calculated is the difference between 3a and 2b.

How many of the total beds entered in "3b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number of beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the projects grant agreement for FY 2016 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter “0.”

How many of the beds listed in question “3c.” above will be prioritized for use by the chronically homeless? This is a required field. Use the number of turnover beds that are not dedicated to the chronically homeless and that you estimated in field c to estimate and enter the number of those beds that will be prioritized for the chronically homeless as soon as they do turnover.

ALL PROJECTS EXCEPT HMIS

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

Additional Resources can be found at the HUD Resource Exchange:

**5A. Project Participants - Households**

**Instructions:**

ALL PROJECTS EXCEPT HMIS

In each non-shaded field list the number of households or persons served at maximum program capacity. The numbers here are intended to reflect a single point in time at maximum occupancy and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Households: Enter the number of households under at least one of the categories: Households with at least One Adult and One Child, Adult Households without Children, or Households with Only Children.

Households with at least One Adult and One Child: Enter the total number of households with at least one adult and one child. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Households without Children: Enter the total number of adult households without children. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Households with Only Children: Enter the total number of households with only children. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Characteristics: Enter the total number of homeless that fall under one of the characteristics listed.

Persons in Households with at least One Adult and One Child: Enter the number of persons in households with at least one adult and one child for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Persons in Households without Children: Enter the number of persons in households without children for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children: Enter the number of persons in households with only children for each demographic row. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Totals: All fields in the “Total Number…” and “Total Persons” rows will automatically calculate when the “Save” button is clicked.

ALL PROJECTS EXCEPT HMIS

*This screen can only be completed once Screen “5A. Project Participants – Households” has been completed and saved.

In each non-shaded field enter the number of persons served at maximum program capacity according to their age group, disability status, and the extent in which persons served fit into one or more of the subpopulation categories. The numbers here are intended to reflect a single point in time at maximum capacity and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Complete each of the three charts on this screen according to household types.

Persons in Households with at least one Adult and One Child chart: Enter only persons in households with at least one adult and one child. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and at least one person under the age of 18.

Persons in Households without Children chart: Enter only persons in adult households without children. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children chart: Enter only persons in households with only children. To be listed on this chart, a person must be part of a household with no persons at or above the age of 18, and only persons under the age of 18.

Total Persons: All fields in the “Total Persons” rows will calculate automatically when the “Save” button is clicked.

Describe the unlisted subpopulations referred to above: This field is visible and mandatory if a number greater than 0 is entered into the column “Persons not represented by listed subpopulations.” Enter text that describes the person(s) identified in this column and explains how they do not fall under the other categories in columns 1 through 9.

Enter the percentage of project participants that will be coming from each of the following locations: This is a required field. Enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:

- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens (persons coming from TH are not considered to be chronically homeless)
- Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (only applicable to TH and SSO projects)
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the “Save” button is clicked. A warning message will appear if the total is greater than 100%.

ALL PROJECT APPLICATIONS

The fields that must be completed on this screen will vary based on the project type, program type, and component type selected earlier in the project application.

Do any of the properties in this project have an active restrictive covenant? This is a required field. Select “Yes” or “No” to indicate whether or not one or more of the project properties are subject to an active restrictive covenant. As a reminder, any project awarded capital cost funds (new construction, acquisition, or rehabilitation) has a 20 year or if initially awarded under the CoC Program (FY 2012 capital costs and beyond) a 15 year use restriction.

Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project? This is a required field. Indicate if this project previously received funds under either the Samaritan Housing or Permanent Housing Bonus initiative. If yes, then the project must continue to meet the requirements of the initiative, as specified in the Homeless Assistance Grants NOFA for the year in which funds were originally awarded, in order to continue to receive renewal funding under the CoC Program Competition.

Are the requested renewal funds reduced from the previous award as a result of reallocation?: This is a required field. Select “Yes” or “No” to indicate whether the renewal project is reduced through the reallocation process. The response will be compared to the CoC’s Reallocation Forms.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select ‘Yes’ or ‘No’ to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult 2 CFR Part 200.56, Part 200.413 and Part 200.414, FY 2016 NOFA and contact your local HUD office. The following questions become visible if “Yes” is selected:

- Please complete the indirect cost rate schedule below: Must complete at least one row.
- Has this rate been approved by your cognizant agency?: Select “Yes” or “No” from the dropdown menu.
- Do you plan to use the 10% de minimis rate? Select “Yes” or “No” from the dropdown menu.

Renewal Grant Term: This field is pre-populated with a one-year grant term and cannot be edited.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budget for which funding is being requested. The choices available will depend on the component and project type selected on Screen “3A Project Detail.” The following eligible costs may be listed: leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities listed on the CoC’s final HUD-approved FY 2016 GIW.

If you do not see the funding budgets that you expected, you may need to return to Screen “3A. Project Detail” to review the “Component Type” and/or “3B. Project Description” to review the type of project selected. See the FY 2016 CoC Program NOFA for additional guidance.

Rental Assistance Budget Detail

Instructions:

Type of Rental Assistance: Select the applicable type of rental assistance from the dropdown menu. Options include tenant-based (TRA), sponsor-based (SRA), and project-based assistance (PRA). Each type has unique requirements and applicants should refer to the 24 CFR 578.51 before making a selection.

Metropolitan or non-metropolitan fair market rent area: This is a required field. Select the FY 2016 FMR area in which the project is located. The list is sorted by state abbreviation. The selected FMR area will be used to populate the rents in the chart below.

Does the applicant request rental assistance funding for less than the area's per unit size fair market rents: In the FY 2016 CoC Program Competition, eligible renewal projects requesting rental assistance are permitted to request a per-unit amount less than the Fair Market Rent (FMR). If the project applicant wants to request less than the FMR, select “Yes” from the dropdown for this question. The project applicant will then have the ability to enter an amount in the “HUD Paid Rent (applicant)” field that is less than the amount listed in the “FMR Area (applicant)” field. The following question is visible when PRA is selected:

Are you requesting a 15 year renewal per the FY2015 CoC Program NOFA? This request is only available for PH PRA rental assistance projects and 1 year of funding according to the relevant section of the FY 2016 CoC Program Competition NOFA.

Size of units: These options are system generated. Unit size is defined by the number of distinct bedrooms and not by the number of distinct beds.

# of units: This is a required field. For each unit size, enter the number of units for which funding is being requested. The number(s) listed should match the CoC’s HUD-approved FY 2015 GIW.

FMR: These fields are populated with the FY 2016 FMRs based on the FMR area selected by the project applicant. The FMRs are available online at http://www.huduser.org/portal/datasets/fmr.html.

HUD Paid Rent: For each unit size, enter the rent to be paid by the CoC program grant. This rent cannot exceed the FMR amount in the previous column; however, project applicants may request less than the FMR. Once funds are awarded recipients must document compliance with the rent reasonableness requirement set forth in section 578.51(g) of the CoC Program interim rule. (If the applicants select “No” above, this column will not be available for edit). In the GIW, HUD Paid Rent is known as “Actual”.

12 Months: These fields are populated with the value 12 to calculate the annual rent request.

Total Request: This column populates with the total calculated amount from each row based on the number of units multiplied by the corresponding “HUD Paid Rent” and by 12 months. If the applicant selected “No” above, the automatic calculation will be based on the FMR and not the “HUD Paid Rent.”

Total Units and Annual Assistance Requested: The fields in this row are automatically calculated based on the total number of units and the sum of the total requests per unit size per year.

Grant Term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based on total annual assistance requested multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

6E. Supportive Services Budget

Instructions:

Enter the quantity and total budget request for each supportive services cost. The request entered should be equivalent to the cost of one year of the relevant supportive service.

Eligible Costs: The system populates a list of eligible supportive services for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.53.

Quantity AND Description: This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity in detail (e.g. 1 FTE Case Manager Salary + benefits, or child care for 15 children) for each supportive service activity for which funding is being requested. Please note that simply stating “1 FTE” is NOT providing “Quantity AND Detail” and limits HUD’s understanding of what is being requested. Failure to enter adequate ‘Quantity AND Detail’ may result in conditions being placed on an award and a delay of grant funding.

Annual Assistance Requested: This is a required field. Enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to providing supportive services to homeless participants. The request should match the budget amounts identified on the CoC’s HUD-approved FY 2016 GIW.

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Grant Term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Total Value of In-Kind Commitments: $131,303
Total Value of All Commitments: $131,303
Sources of Match Detail

Instructions:
Match (cash or in-kind) must be used for eligible program costs only and must be equal to or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs. Please review 24 CFR Part 578, the FY 2015 CoC Program NOFA for more detailed information concerning Match.

Will this commitment be used towards Match? Yes is automatically selected and this is a field that cannot be edited.

Type of Commitment: Select Cash ($) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

Type of source: Select Private or Government to denote the source of the contribution. The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of written commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match/ screen will populate the Screen “6I. Summary Budget.” The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Will this commitment be used towards Match? Yes

2. Type of Commitment: In-Kind

3. Type of Source: Private

4. Name the Source of the Commitment: Building Opportunities for Self-Sufficiency

   (Be as specific as possible and include the office or grant program as applicable)

5. Date of Written Commitment: 08/10/2016

6. Value of Written Commitment: $131,303
6I. Summary Budget

Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read-only with exception to field “7. Admin (Up to 10%).”

Admin (Up to 10%): Enter the amount of requested administration funds. The request should match the amount identified on the CoC’s HUD-approved FY 2016 GIW. HUD will not fund greater than 10% of the request listed in the field “Sub-Total Eligible Costs Request.” If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and admin costs requested. This is the total amount of funding the project applicant will request in the FY 2016 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field “Total Eligible Costs Request” minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen “6H. Sources of Match” to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the “Save” button.

7A. Attachment(s)

Instructions:

Subrecipient Nonprofit Documentation: Documentation of the subrecipient's nonprofit status must be uploaded, if the applicant and project subrecipient are different entities, and the subrecipient is a nonprofit organization.

Other Attachment(s): Attach any additional information supporting the project funding request. Use a zip file to attach multiple documents.

If indicated on Screens 3A and/or 3B, the following additional attachment screens may be visible that should be used instead of Screen 7A. Attachments:

CoC Rejection Letter: Projects that are applying for CoC funds and that have been rejected for the competition by their CoC (Solo Projects) must submit documentation from the CoC verifying and explaining why the project has been rejected.

Certification of Consistency with Consolidated Plan: Each applicant that is not a State or unit of local government is required to have a certification by the jurisdiction in which the proposed project will be located confirming that the applicant's application for funding is consistent with the jurisdiction's HUD-approved consolidated plan. The certification must be made in accordance with the provisions of the consolidated plan regulations at 24 CFR part 91, subpart F. For projects that selected “No CoC” on Screen 3A, a form HUD-2991 must be obtained and signed by the certifying official for the applicable jurisdiction, indicating that the proposed project will be consistent with the Consolidated Plan. If the Solo Applicant is a State or unit of local government, the jurisdiction must certify that it is following its HUD-approved Consolidated Plan.

7B. Certification

A. For all projects:
Fair Housing and Equal Opportunity

It will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000(d)) and regulations pursuant thereto (Title 24 CFR part I), which state that no person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives Federal financial assistance, and will immediately take any measures necessary to effectuate this agreement. With reference to the real property and structure(s) thereon which are provided or improved with the aid of Federal financial assistance extended to the applicant, this assurance shall obligate the applicant, or in the case of any transfer, transferee, for the period during which the real property and structure(s) are used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

It will comply with the Fair Housing Act (42 U.S.C. 3601-19), as amended, and with implementing regulations at 24 CFR part 100, which prohibit discrimination in housing on the basis of race, color, religion, sex, disability, familial status or national origin.

It will comply with Executive Order 11063 on Equal Opportunity in Housing and with implementing regulations at 24 CFR Part 107 which prohibit discrimination because of race, color, creed, sex or national origin in housing and related facilities provided with Federal financial assistance.

It will comply with Executive Order 11246 and all regulations pursuant thereto (41 CFR Chapter 60-1), which state that no person shall be discriminated against on the basis of race, color, religion, sex or national origin in all phases of employment during the performance of Federal contracts and shall take affirmative action to ensure equal employment opportunity. The applicant will incorporate, or cause to be incorporated, into any contract for construction work as defined in Section 130.5 of HUD regulations the equal opportunity clause required by Section 130.15(b) of the HUD regulations.

It will comply with Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701(u)), and regulations pursuant thereto (24 CFR Part 135), which require that to the greatest extent feasible opportunities for training and employment be given to lower-income residents of the project and contracts for work in connection with the project be awarded in substantial part to persons residing in the area of the project.

It will comply with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended, and with implementing regulations at 24 CFR Part 8, which prohibit discrimination based on disability in Federally-assisted and conducted programs and activities.

It will comply with the Age Discrimination Act of 1975 (42 U.S.C. 6101-07), as amended, and implementing regulations at 24 CFR Part 146, which prohibit discrimination because of age in projects and activities receiving Federal financial assistance.
It will comply with Executive Orders 11625, 12432, and 12138, which state that program participants shall take affirmative action to encourage participation by businesses owned and operated by members of minority groups and women.

If persons of any particular race, color, religion, sex, age, national origin, familial status, or disability who may qualify for assistance are unlikely to be reached, it will establish additional procedures to ensure that interested persons can obtain information concerning the assistance.

It will comply with the reasonable modification and accommodation requirements and, as appropriate, the accessibility requirements of the Fair Housing Act and section 504 of the Rehabilitation Act of 1973, as amended.

**Additional for Rental Assistance Projects:**

If applicant has established a preference for targeted populations of disabled persons pursuant to 24 CFR 582.330(a), it will comply with this section's nondiscrimination requirements within the designated population.

**B. For non-Rental Assistance Projects Only.**

**20-Year Operation Rule.**

For applicants receiving assistance for acquisition, rehabilitation or new construction: The project will be operated for no less than 20 years from the date of initial occupancy or the date of initial service provision for the purpose specified in the application.

**1-Year Operation Rule.**

For applicants receiving assistance for supportive services, leasing, or operating costs but not receiving assistance for acquisition, rehabilitation, or new construction: The project will be operated for the purpose specified in the application for any year for which such assistance is provided.

**C. Explanation.**

Where the applicant is unable to certify to any of the statements in this certification, such applicant shall provide an explanation.

**Name of Authorized Certifying Official**: Donald Frazier

**Date**: 08/24/2016

**Title**: Executive Director

**Applicant Organization**: Building Opportunities for Self-Sufficiency

**PHA Number (For PHA Applicants Only)**: 

**I certify that I have been duly authorized by the applicant to submit this Applicant** X
Certification and to ensure compliance. I am aware that any false, fictitious, or fraudulent statements or claims may subject me to criminal, civil, or administrative penalties. (U.S. Code, Title 218, Section 1001).

Dear Sir or Madam:

This is in response to your request of May 29, 2007, regarding your organization’s tax-exempt status.

In November 1975 we issued a determination letter that recognized your organization as exempt from federal income tax. Our records indicate that your organization is currently exempt under section 501(c)(3) of the Internal Revenue Code.

Our records indicate that your organization is also classified as a public charity under sections 509(a)(1) and 170(b)(1)(A)(vi) of the Internal Revenue Code.

Our records indicate that contributions to your organization are deductible under section 170 of the Code, and that you are qualified to receive tax deductible bequests, devises, transfers or gifts under section 2055, 2106 or 2522 of the Internal Revenue Code.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

Sincerely,

Michele M. Sullivan, Oper. Mgr.
Accounts Management Operations

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2016 Continuum of Care (CoC) Program Competition. For more information see FY 2016 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2016 CoC Program NOFA and the FY 2016 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2015 Project Application will be imported into the FY 2016 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the FY 2015 post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2016 CoC Program Competition NOFA.

Instructions:

Is Application Subject to Review by State Executive Order 12372 Process: In this required field, select the appropriate dropdown option that applies to the Applicant applying for homeless assistance funding. Applicants should contact the State Single Point of Contact (SPOC) for Federal Executive Order 12372 to determine whether the application is subject to the State intergovernmental review process.

Click the following link to access the lists of those States that have chosen to participate in the intergovernmental review process: http://www.whitehouse.gov/omb/grants_spoc

If the applicant is located in a state or U.S. territory that is required review by State Executive Order 12372, enter the date this application was made available to the State or U.S. territory for review.

Is the Applicant Delinquent on any Federal Debt: In this required field, select the appropriate dropdown option that applies to the project applicant. This question applies to the project applicant’s organization, not the person who signs as the authorized representative. Categories of debt include delinquent audit disallowances, loans, and taxes.

If “Yes” is selected an explanation is required in the space provided on this screen.

19. Is the Application Subject to Review By State Executive Order 12372 Process?

b. Program is subject to E.O. 12372 but has not been selected by the State for review.

If "YES", enter the date this application was made available to the State for review:

20. Is the Applicant delinquent on any Federal debt?
   No

If "YES," provide an explanation:
1F. Declaration

Instructions:
The authorized person for the project applicant organization must agree to the declaration statement in order to proceed to the project application. The list of certifications and assurances are contained in the FY 2016 CoC Program NOFA, and in the e-snaps Project Applicant Profile.

Authorized Representative: The authorized representative’s information is pre-populated on this screen from the Project Applicant Profile. A copy of the governing body’s authorization for this person to sign the project application as the official representative must be on file in the applicant’s office.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

All screens, 1A – 1F must be completed in full before the project applicant will have access to the Project Application in e-snaps.

By signing and submitting this application, I certify (1) to the statements contained in the list of certifications** and (2) that the statements herein are true, complete, and accurate to the best of my knowledge. I also provide the required assurances** and agree to comply with any resulting terms if I accept an award. I am aware that any false, fictitious, or fraudulent statements or claims may subject me to criminal, civil, or administrative penalties. (U.S. Code, Title 218, Section 1001)

2B. Recipient Performance

Instructions:
The selections made on this screen by completing all of the mandatory fields marked with an asterisk (*), will provide information on capacity of the project applicant. The screen asks the Project Applicant questions about capacity performance as a HUD grant recipient; in terms of: timely submission of required reports, quarterly eLOCCS drawdowns, addressing HUD monitoring and/or OIG audit findings and the recapture of any funds from the most recently expired grant term of the project.

APR Submission: Select "Yes" or "No" from the dropdown menu to indicate whether you have successfully submitted the APR on time for the most recently expired grant term related to this renewal project request. If "No" is selected, an additional question will appear, in which you must provide an explanation in the textbox; as to why the APR was not submitted in a timely manner.

HUD Monitoring Findings: Select "Yes" or "No" from the dropdown menu to indicate whether your organization has any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request. If “Yes” is selected, two new questions will appear, in which the applicant will enter the date of the oldest unresolved finding(s) and explain why the findings remain unresolved in the textbox provided.

Quarterly Drawdowns: Select "Yes" or "No" from the dropdown menu to indicate whether your organization maintained consistent Quarterly Drawdowns from eLOCCS for the most recent grant terms related to this renewal project. If "No," is selected, one new question will appear in which the applicant must explain, in the textbox provided, as to why the recipient has not maintained consistent Quarterly Drawdowns for the most recent grant terms related to this renewal project request.

Recaptured Funds: Select "Yes" or "No" from the dropdown menu to indicate whether any funds have been recaptured by HUD for the most recently expired grant term related to this renewal project request. If "Yes," is selected, one new question will appear, in which the applicant must explain why HUD recaptured funds from the most recently expired grant term.

Additional Resources can be found at the HUD Resource Exchange:
https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? Yes

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? No
3A. Project Detail

Instructions:
The selections made on this screen will determine which additional forms will need to be completed for this project application.

Expiring Grant Number: This field is pre-populated with the expiring grant number entered on Screen “1A. Application Type.”

CoC Number and Name: Select the number and name of the CoC to which the project application will be submitted for the local competition review process. This is the CoC that will submit the CoC Consolidated Application to HUD by the designated submission deadline. Applicants with projects that do not belong to a CoC should select “No CoC.”

CoC Collaborative Applicant Name: Select the name of the CoC Applicant, also known as the Collaborative Applicant, from the dropdown. In most cases, there will only be one name from which to choose. The project applicant should choose the name of the CoC Applicant to which they intend to submit this project application.

Project Name: This is pre-populated from the “Project” Form and cannot be edited.

Project Status: The default selection is “Standard,” indicating that the applicant is submitting the application to the Collaborative Applicant for consideration in the FY 2016 CoC Program competition. The selection should only be changed to “Appeal” in the event that the project application is rejected by the Collaborative Applicant (either formally in e-snaps or outside of e-snaps) and the project applicant wants to appeal this decision directly to HUD by submitting a solo application. For additional information on the appeal process, see Section X of the FY 2016 CoC Program Competition NOFA. A full explanation of the process is provided on Screen “8A. Notice of Intent to Appeal.”

Component Type: This is a required field. Select the component type that identifies the renewal project application type. This can be either a PH, SH, TH, SSO or HMIS. The selection of component type will have an affect on what question on subsequent screens are asked of the user.

Title V: This field is required. Select “Yes” or “No” to indicate if one or more properties being served by this project were acquired under Title V.

Additional Resources can be found at the HUD Resource Exchange:
https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Expiring Grant Number: CA0101L9T021508
   (e.g., the "Federal Award Identifier" indicated on form 1A. Application Type)

2a. CoC Number and Name: CA-502 - Oakland, Berkeley/Alameda County CoC

2b. CoC Collaborative Applicant Name: Alameda County

3. Project Name: InHOUSE
4. Project Status: Standard

5. Component Type: HMIS

6. Does this project use one or more properties that have been conveyed through the Title V process? No
3B. Project Description

Instructions:

ALL PROJECTS

Provide a description that addresses the entire scope of the proposed project: This is a required field. The project description should address the entire scope of the project, including a clear picture of the target population(s) to be served, the plan for addressing the identified needs/issues of the CoC target population(s), projected outcome(s), and coordination with other source(s)/partner(s). The narrative is expected to describe the project at full operational capacity. The description should be consistent with and make reference to other parts of this application.

Does your project have a specific population focus: This is a required field. Select “Yes” if your project has special capacity in its facilities, program designs, tools, outreach or methodologies for a specific subpopulation or subpopulations. This does not necessarily mean that the project exclusively serves that subpopulation(s), but rather that they are uniquely equipped to serve them. If “Yes” is selected, select the relevant checkbox(s) to identify the project’s population focus.

PH, SH, TH and SSO PROJECTS ONLY

Does the project follow a “Housing First” approach: This is a required field for PH, TH and SSO projects only. Select all applicable checkboxes that indicate whether or not the project currently follows a housing first approach that ensures that participants are not screened out based on barriers such as income, sobriety, etc. Select “none of the above” if the project does not follow a housing first approach.
- Does the project quickly move participants into permanent housing?: This is a required field. Select “Yes” to this question if your project will quickly move program participants into permanent housing without additional steps (e.g., required stay in transitional housing first) before moving to permanent housing. If you are a domestic violence (DV) program you should select “Yes” if you will quickly move program participants into permanent housing after immediate safety needs are addressed (e.g., a person who is still in danger from a violent partner and would move into PH once the dangerous situation has been addressed). Select “No” if the project does not work to move program participants quickly into permanent housing.
- Does the project ensure that participants are not screened out based on the listed reasons? (Check all that apply): This is a required field and at least one option must be selected. Multiple checkbox selections are provided.
- Does the project ensure that participants are not terminated from the program for the listed reasons? (Check all that apply) Multiple checkbox selections are provided.
- Does the project follow a “Housing First” approach? This is auto-scored based upon the responses to the questions above and “Yes” or “No” will indicate if the project is using the Housing First approach to house program participants.

PH PROJECTS ONLY

Does the PH project provide PSH or RRH: This is a required field. Select “PSH” if the project will operate according to a permanent supportive housing model as defined by 24 CFR 578. Select “RRH” if the project will operate according to a rapid rehousing model as defined by 24 CFR 578.

PH AND TH PROJECTS ONLY:

Does the project request costs under the rental assistance budget line item?: This is a required field. If requesting rental assistance, select “Yes” from the dropdown menu. If not requesting rental assistance in this project application, select “No”.

RENTAL ASSISTANCE PROJECTS ONLY

Is this a CoC Program leasing or SHP project that had been approved by HUD to change the renewal project budget from leasing to rental assistance? (This change must have been listed on
the final HUD-approved FY 2016 GIW. See 24 CFR 578.49(b)(8)): This is a required field. “Yes” should only be selected if HUD approved a change from leasing to rental assistance during the FY 2016 GIW process.

FOR SSO PROJECTS ONLY

Please select the type of SSO Project: Four options are given; Street Outreach; Housing Project or Housing Structure Specific; Coordinated Entry; Standalone Supportive Service. Only Coordinated Entry will have follow up questions.

FOR SSO COORDINATED ENTRY PROJECTS ONLY

Will the coordinated entry process funded in part by this grant cover the COC’s entire geographic area: This is a required field. Yes/No dropdown question.

Will the coordinated entry process funded in part by this grant be easily accessible: This is a required field. Yes/No dropdown question.

Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance. This is a required field. Explain the outreach strategy of the CE.

Does the coordinated entry process use a comprehensive, standardized assessment process: This is a required field. Yes/No dropdown question.

Describe the referral process and how the coordinated entry process ensures that participants are directed to appropriate housing and/or services: This is a required field. Explain the referral process.

If the coordinated entry process includes differences in the access, entry, assessment, or referral for certain populations, are those differences limited only to the following four groups: Individuals, Families, DV, and Youth: This is a required field. Yes/No dropdown question.

Additional Resources can be found at the HUD Resource Exchange:
https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Provide a description that addresses the entire scope of the proposed project.

InHOUSE is Alameda County’s Homeless Management Information System (HMIS). The software vendor used is Bowman Systems; the program is called ServicePoint. Alameda County has used the same vendor since project implementation (2005). Presently, there are 50,573 unduplicated records of unique individuals-served. InHOUSE HMIS data is used for completion and submission of the following reports to HUD: AHAR, PIT, HIC, CAPER, NOFA and APR. Locally, InHOUSE HMIS data is provided and used for the Outcomes Project, 100k Homes Campaign, Operation Vets Home, Length of Stay, Demographics, Returns to Homelessness Report, and other data report requests.

2. Does your project have a specific population focus? No
4A. HMIS Standards

Instructions:

HMIS PROJECTS ONLY

1a. Is the HMIS currently programmed to collect all Universal Data Elements (UDE’s) as set forth in the 2014 HMIS Data Standards? This field is required. Select Yes or No to indicate whether the HMIS is programmed to collect all of the Universal Data Elements, as outlined in the HMIS Data Standards, last revised in May 2014 https://www.hudexchange.info/news/federal-partners-release-final-2014-hmis-data-standards.

1b. If no, explain why and the planned steps for compliance: (required if No to 1a) Applicants must explain how they intend to change their HMIS to comply with the Universal Data Elements.

2a. Is the HMIS currently able to produce all HUD-required reports and provide data as needed for HUD reporting? (i.e., Annual Performance Reports, quarterly reports, data for CAPER/ESG reporting, etc.): This field is required. Select Yes or No to indicate the ability of the HMIS to meet HUD reporting requirements, including Annual Performance Reports, quarterly reports, and data for CAPER/ESG reporting.

2b. If no, explain why and the planned steps for compliance: (required if No to 2a) Applicants must explain what they are not able to currently produce HUD-required reports and how they intend to change their HMIS to comply with reporting requirements.

3.-7.: Select Yes or No for each question to identify HMIS openness and capability and the HMIS’ current level of security.

8. Do you have a process in place to remove community members who no longer need access to HMIS (e.g. leave their job, fired, etc.). Select “Yes” or “No” from the dropdown menu.

8a. How long does it take to remove access rights to former HMIS users? Select options from the dropdown menu. Visible if the above question is “Yes”.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1a. Is the HMIS currently programmed to collect all Universal Data Elements (UDE’s) as set forth in the HMIS Data Standard Notice? Yes

1b. If no, explain why and the planned steps for compliance. Max. 500 characters

2a. Is the HMIS currently able to produce all HUD-required reports and provide data as needed for HUD reporting? (i.e., Annual Performance Reports, Annual Homeless Assessment table shells, and data for CAPER/ESG reporting, etc). Yes
2b. If no, explain why and the planned steps for compliance. Max. 500 characters

3. Can the HMIS currently search client records to determine if a client is actively receiving services in the CoC? Yes

4. Can the HMIS currently provide the CoC with an unduplicated count of clients receiving services in the CoC? Yes

5. Does the HMIS Lead have a security officer? No

6. Does your organization conduct a background check on all employees who access HMIS or view HMIS data? No

7. Does the HMIS Lead conduct Security Training and follow up on security standards on a regular basis? Yes

8. Do you have a process in place to remove community members who no longer need access to HMIS (e.g. leave their job, fired, etc.) Yes

a. How long does it take to remove access rights to former HMIS users? Within 24 hours
6A. Funding Request

Instructions:

ALL PROJECT APPLICATIONS

The fields that must be completed on this screen will vary based on the project type, program type, and component type selected earlier in the project application.

Do any of the properties in this project have an active restrictive covenant? This is a required field. Select “Yes” or “No” to indicate whether or not one or more of the project properties are subject to an active restrictive covenant. As a reminder, any project awarded capital cost funds (new construction, acquisition, or rehabilitation) has a 20 year or if initially awarded under the CoC Program (FY 2012 capital costs and beyond) a 15 year use restriction.

Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project? This is a required field. Indicate if this project previously received funds under either the Samaritan Housing or Permanent Housing Bonus initiative. If yes, then the project must continue to meet the requirements of the initiative, as specified in the Homeless Assistance Grants NOFA for the year in which funds were originally awarded, in order to continue to receive renewal funding under the CoC Program Competition.

Are the requested renewal funds reduced from the previous award as a result of reallocation?: This is a required field. Select “Yes” or “No” to indicate whether the renewal project is reduced through the reallocation process. The response will be compared to the CoC’s Reallocation Forms.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select ‘Yes’ or ‘No’ to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult 2 CFR Part 200.56, Part 200.413 and Part 200.414, FY 2016 NOFA and contact your local HUD office. The following questions become visible if “Yes” is selected:
- Please complete the indirect cost rate schedule below: Must complete at least one row.
- Has this rate been approved by your cognizant agency?: Select “Yes” or “No” from the dropdown menu.
- Do you plan to use the 10% de minimis rate? Select “Yes” or “No” from the dropdown menu.

Renewal Grant Term: This field is pre-populated with a one-year grant term and cannot be edited.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budget for which funding is being requested. The choices available will depend on the component and project type selected on Screen “3A Project Detail.” The following eligible costs may be listed: leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities listed on the CoC’s final HUD-approved FY 2016 GIW.

If you do not see the funding budgets that you expected, you may need to return to Screen “3A. Project Detail” to review the “Component Type” and/or “3B. Project Description” to review the type of project selected. See the FY 2016 CoC Program NOFA for additional guidance.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Do any of the properties in this project have an active restrictive covenant?  No
2. Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project?  No

3. Are the requested renewal funds reduced from the previous award as a result of reallocation?  No

4. Does this project propose to allocate funds according to an indirect cost rate?  No

5. Renewal Grant Term: 1 Year

6. Select the costs for which funding is being requested:
   - HMIS [X]
6G. HMIS Budget

Instructions:

Enter the quantity and total budget request for each HMIS cost. The request entered should be equivalent to the cost of one year of the relevant HMIS activity. The system populates a list of eligible costs associated with the implementation of an HMIS and for which CoC funds can be requested.

Quantity Detail: This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity and detail (e.g., .75 FTE hours and benefits for staff) for each HMIS cost for which funding is being requested. Please note that simply stating “1FTE” is NOT providing “Quantity AND Detail” and restricts understanding of what is being requested. Failure to enter adequate “Quantity AND Detail” may result in conditions being placed on the award and a delay of grant funding.

Annual Assistance Requested: This is a required field. Enter the amount funds requested for each activity. The request should match the budget amounts identified on the CoC’s HUD-approved FY 2016 GIW.

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Grant term: This field is populated based on the grant term selected on the “Funding Request” screen and will be read only.

Total Request for Grant Term: This field is automatically calculated based on the total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Additional Resources can be found at the HUD Resource Exchange:
https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

A quantity AND description must be entered for each requested cost. Any cost without a quantity and a description will be removed from the budget.

Summary for Match

| Total Value of Cash Commitments: | $97,978 |
| Total Value of In-Kind Commitments: | $0 |
| Total Value of All Commitments: | $97,978 |
Sources of Match Detail

Instructions:
Match (cash or in-kind) must be used for eligible program costs only and must be equal to or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs. Please review 24 CFR Part 578, the FY 2015 CoC Program NOFA for more detailed information concerning Match.

Will this commitment be used towards Match? Yes is automatically selected and this is a field that cannot be edited.

Type of Commitment: Select Cash ($) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

Type of source: Select Private or Government to denote the source of the contribution. The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of written commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match screen will populate the Screen “6I. Summary Budget.” The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

Sources of Match Detail

Instructions:

Match (cash or in-kind) must be used for eligible program costs only and must be equal to or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs Please review 24 CFR Part 578, the FY 2015 CoC Program NOFA for more detailed information concerning Match.

Will this commitment be used towards Match? Yes is automatically selected and this is a field that cannot be edited.

Type of Commitment: Select Cash ($) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

Type of source: Select Private or Government to denote the source of the contribution. The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program)
funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of written commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match/ screen will populate the Screen “6I. Summary Budget.” The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

6I. Summary Budget

Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to field “7. Admin (Up to 10%).”

Admin (Up to 10%): Enter the amount of requested administration funds. The request should match the amount identified on the CoC’s HUD-approved FY 2016 GIW. HUD will not fund greater than 10% of the request listed in the field “Sub-Total Eligible Costs Request.” If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is the total amount of funding the project applicant will request in the FY 2016 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field “Total Eligible Costs Request” minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen “6H. Sources of Match” to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.

7A. Attachment(s)

Instructions:

Subrecipient Nonprofit Documentation: Documentation of the subrecipient's nonprofit status must be uploaded, if the applicant and project subrecipient are different entities, and the subrecipient is a nonprofit organization.

Other Attachment(s): Attach any additional information supporting the project funding request. Use a zip file to attach multiple documents.

If indicated on Screens 3A and/or 3B, the following additional attachment screens may be visible that should be used instead of Screen 7A. Attachments:

CoC Rejection Letter: Projects that are applying for CoC funds and that have been rejected for the competition by their CoC (Solo Projects) must submit documentation from the CoC verifying and explaining why the project has been rejected.

Certification of Consistency with Consolidated Plan: Each applicant that is not a State or unit of local government is required to have a certification by the jurisdiction in which the proposed project will be located confirming that the applicant’s application for funding is consistent with the jurisdiction’s HUD-approved consolidated plan. The certification must be made in accordance with the provisions of the consolidated plan regulations at 24 CFR part 91, subpart F. For projects that selected “No CoC” on Screen 3A, a form HUD-2991 must be obtained and signed by the certifying official for the applicable jurisdiction, indicating that the proposed project will be consistent with the Consolidated Plan. If the Solo Applicant is a State or unit of local government, the jurisdiction must certify that it is following its HUD-approved Consolidated Plan.

7B. Certification

A. For all projects:

Fair Housing and Equal Opportunity

It will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000(d)) and regulations pursuant thereto (Title 24 CFR part I), which state that no person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives Federal financial assistance, and will immediately take any measures necessary to effectuate this agreement. With reference to the real property and structure(s) thereon which are provided or improved with the aid of Federal financial assistance extended to the applicant, this assurance shall obligate the applicant, or in the case of any transfer, transferee, for the period during which the real property and structure(s) are used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

It will comply with the Fair Housing Act (42 U.S.C. 3601-19), as amended, and with implementing regulations at 24 CFR part 100, which prohibit discrimination in housing on the basis of race, color, religion, sex, disability, familial status or national origin.

It will comply with Executive Order 11063 on Equal Opportunity in Housing and with implementing regulations at 24 CFR Part 107 which prohibit discrimination because of race, color, creed, sex or national origin in housing and related facilities provided with Federal financial assistance.

It will comply with Executive Order 11246 and all regulations pursuant thereto (41 CFR Chapter 60-1), which state that no person shall be discriminated against on the basis of race, color, religion, sex or national origin in all phases of employment during the performance of Federal contracts and shall take affirmative action to ensure equal employment opportunity. The applicant will incorporate, or cause to be incorporated, into any contract for construction work as defined in Section 130.5 of HUD regulations the equal opportunity clause required by Section 130.15(b) of the HUD regulations.

It will comply with Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701(u)), and regulations pursuant thereto (24 CFR Part 135), which require that to the greatest extent feasible opportunities for training and employment be given to lower-income residents of the project and contracts for work in connection with the project be awarded in substantial part to persons residing in the area of the project.

It will comply with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended, and with implementing regulations at 24 CFR Part 8, which prohibit discrimination based on disability in Federally-assisted and conducted programs and activities.

It will comply with the Age Discrimination Act of 1975 (42 U.S.C. 6101-07), as amended, and implementing regulations at 24 CFR Part 146, which prohibit discrimination because of age in projects and activities receiving Federal financial assistance.
It will comply with Executive Orders 11625, 12432, and 12138, which state that program participants shall take affirmative action to encourage participation by businesses owned and operated by members of minority groups and women.

If persons of any particular race, color, religion, sex, age, national origin, familial status, or disability who may qualify for assistance are unlikely to be reached, it will establish additional procedures to ensure that interested persons can obtain information concerning the assistance.

It will comply with the reasonable modification and accommodation requirements and, as appropriate, the accessibility requirements of the Fair Housing Act and section 504 of the Rehabilitation Act of 1973, as amended.

**Additional for Rental Assistance Projects:**

If applicant has established a preference for targeted populations of disabled persons pursuant to 24 CFR 582.330(a), it will comply with this section's nondiscrimination requirements within the designated population.

**B. For non-Rental Assistance Projects Only.**

**20-Year Operation Rule.**

For applicants receiving assistance for acquisition, rehabilitation or new construction: The project will be operated for no less than 20 years from the date of initial occupancy or the date of initial service provision for the purpose specified in the application.

**1-Year Operation Rule.**

For applicants receiving assistance for supportive services, leasing, or operating costs but not receiving assistance for acquisition, rehabilitation, or new construction: The project will be operated for the purpose specified in the application for any year for which such assistance is provided.

**C. Explanation.**

Where the applicant is unable to certify to any of the statements in this certification, such applicant shall provide an explanation.

**Name of Authorized Certifying Official**  
Linda Gardner

**Date:** 09/08/2016

**Title:** Housing Director

**Applicant Organization:** Alameda County

**PHA Number (For PHA Applicants Only):**

I certify that I have been duly authorized by the applicant to submit this Applicant X
Certification and to ensure compliance. I am aware that any false, fictitious, or fraudulent statements or claims may subject me to criminal, civil, or administrative penalties. (U.S. Code, Title 218, Section 1001).

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps-guides/coc-program-competition-resources/
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2016 Continuum of Care (CoC) Program Competition. For more information see FY 2016 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2016 CoC Program NOFA and the FY 2016 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2015 Project Application will be imported into the FY 2016 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the FY 2015 post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2016 CoC Program Competition NOFA.

2B. Recipient Performance

Instructions:
The selections made on this screen by completing all of the mandatory fields marked with an asterisk (*), will provide information on capacity of the project applicant. The screen asks the Project Applicant questions about capacity performance as a HUD grant recipient; in terms of: timely submission of required reports, quarterly eLOCCS drawdowns, addressing HUD monitoring and/or OIG audit findings and the recapture of any funds from the most recently expired grant term of the project.

APR Submission: Select "Yes" or "No" from the dropdown menu to indicate whether you have successfully submitted the APR on time for the most recently expired grant term related to this renewal project request. If "No" is selected, an additional question will appear, in which you must provide an explanation in the textbox; as to why the APR was not submitted in a timely manner.

HUD Monitoring Findings: Select "Yes" or "No" from the dropdown menu to indicate whether your organization has any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request. If "Yes" is selected, two new questions will appear, in which the applicant will enter the date of the oldest unresolved finding(s) and explain why the findings remain unresolved in the textbox provided.

Quarterly Drawdowns: Select "Yes" or "No" from the dropdown menu to indicate whether your organization maintained consistent Quarterly Drawdowns from eLOCCS for the most recent grant terms related to this renewal project. If "No," is selected, one new question will appear in which the applicant must explain, in the textbox provided, as to why the recipient has not maintained consistent Quarterly Drawdowns for the most recent grant terms related to this renewal project request.

Recaptured Funds: Select "Yes" or "No" from the dropdown menu to indicate whether any funds have been recaptured by HUD for the most recently expired grant term related to this renewal project request. If "Yes," is selected, one new question will appear, in which the applicant must explain why HUD recaptured funds from the most recently expired grant term.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? Yes

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? Yes
Explain the circumstances that led HUD to recapture funds from the most recently expired grant term related to this renewal project request.

This under-spending is due in part to fluctuations in the service needs of participant families living at LCA. We can only charge to the grant time that our Service Coordinator spends in direct service to LCA SHP participants, which she tracks carefully per HUD regulations. At times when a family seeks fewer services, or if a unit is temporarily vacant, the demands on her time decrease. We observe such fluctuations in all of our permanent supportive housing sites. This is a small program, serving just 7 families, so a reduction or increase in the needs of one or two families can have a relatively large impact on the supportive services provided. In addition, there was some staff turnover that left a Service Coordinator position vacant (which has since been filled).

Aside from this, after closer analysis earlier this year, we concluded that there may be funding in the budget that we may never be able to spend fully. As part of the local competition, we offered to reduce this project budget by $15,000 to release those funds for re-allocation. We believe that this reduction will allow us to reduce under-spending in the future while ensuring an appropriate and sustainable services budget in future years.
3A. Project Detail

Instructions:

The selections made on this screen will determine which additional forms will need to be completed for this project application.

Expiring Grant Number: This field is pre-populated with the expiring grant number entered on Screen “1A. Application Type.”

CoC Number and Name: Select the number and name of the CoC to which the project application will be submitted for the local competition review process. This is the CoC that will submit the CoC Consolidated Application to HUD by the designated submission deadline. Applicants with projects that do not belong to a CoC should select “No CoC.”

CoC Collaborative Applicant Name: Select the name of the CoC Applicant, also known as the Collaborative Applicant, from the dropdown. In most cases, there will only be one name from which to choose. The project applicant should choose the name of the CoC Applicant to which they intend to submit this project application.

Project Name: This is pre-populated from the “Project” Form and cannot be edited.

Project Status: The default selection is “Standard,” indicating that the applicant is submitting the application to the Collaborative Applicant for consideration in the FY 2016 CoC Program competition. The selection should only be changed to “Appeal” in the event that the project application is rejected by the Collaborative Applicant (either formally in e-snaps or outside of e-snaps) and the project applicant wants to appeal this decision directly to HUD by submitting a solo application. For additional information on the appeal process, see Section X of the FY 2016 CoC Program Competition NOFA. A full explanation of the process is provided on Screen “8A. Notice of Intent to Appeal.”

Component Type: This is a required field. Select the component type that identifies the renewal project application type. This can be either a PH, SH, TH, SSO or HMIS. The selection of component type will have an affect on what question on subsequent screens are asked of the user.

Title V: This field is required. Select "Yes" or "No" to indicate if one or more properties being served by this project were acquired under Title V.

Additional Resources can be found at the HUD Resource Exchange:

2b. CoC Collaborative Applicant Name: Alameda County

3. Project Name: Lorenzo Creek SHP
4. Project Status:  Standard

5. Component Type:  PH

6. Does this project use one or more properties that have been conveyed through the Title V process?  No
3B. Project Description

**Instructions:**

**ALL PROJECTS**

Provide a description that addresses the entire scope of the proposed project: This is a required field. The project description should address the entire scope of the project, including a clear picture of the target population(s) to be served, the plan for addressing the identified needs/issues of the CoC target population(s), projected outcome(s), and coordination with other source(s)/partner(s). The narrative is expected to describe the project at full operational capacity. The description should be consistent with and make reference to other parts of this application.

Does your project have a specific population focus: This is a required field. Select “Yes” if your project has special capacity in its facilities, program designs, tools, outreach or methodologies for a specific subpopulation or subpopulations. This does not necessarily mean that the project exclusively serves that subpopulation(s), but rather that they are uniquely equipped to serve them. If “Yes” is selected, select the relevant checkbox(s) to identify the project’s population focus.

**PH, SH, TH and SSO PROJECTS ONLY**

Does the project follow a “Housing First” approach: This is a required field for PH, TH and SSO projects only. Select all applicable checkboxes that indicate whether or not the project currently follows a housing first approach that ensures that participants are not screened out based on barriers such as income, sobriety, etc. Select “none of the above” if the project does not follow a housing first approach.

- Does the project quickly move participants into permanent housing?: This is a required field. Select “Yes” to this question if your project will quickly move program participants into permanent housing without additional steps (e.g., required stay in transitional housing first) before moving to permanent housing. If you are a domestic violence (DV) program you should select “Yes” if you will quickly move program participants into permanent housing after immediate safety needs are addressed (e.g., a person who is still in danger from a violent partner and would move into PH once the dangerous situation has been addressed). Select “No” if the project does not work to move program participants quickly into permanent housing.

- Does the project ensure that participants are not screened out based on the listed reasons? (Check all that apply): This is a required field and at least one option must be selected. Multiple checkbox selections are provided.

- Does the project ensure that participants are not terminated from the program for the listed reasons? (Check all that apply) Multiple checkbox selections are provided.

- Does the project follow a “Housing First” approach? This is auto-scored based upon the responses to the questions above and “Yes” or “No” will indicate if the project is using the Housing First approach to house program participants.

**PH PROJECTS ONLY**

Does the PH project provide PSH or RRH: This is a required field. Select “PSH” if the project will operate according to a permanent supportive housing model as defined by 24 CFR 578. Select “RRH” if the project will operate according to a rapid rehousing model as defined by 24 CFR 578.

**PH AND TH PROJECTS ONLY:**

Does the project request costs under the rental assistance budget line item?: This is a required field. If requesting rental assistance, select “Yes” from the dropdown menu. If not requesting rental assistance in this project application, select “No”.

**RENTAL ASSISTANCE PROJECTS ONLY**

Is this a CoC Program leasing or SHP project that had been approved by HUD to change the renewal project budget from leasing to rental assistance? (This change must have been listed on
1. Provide a description that addresses the entire scope of the proposed project.

Lorenzo Creek Apartments is a 27-unit affordable housing program in Castro Valley, serving households from the Central, Eastern, and Southern areas of Alameda County. The building is managed by Resources for Community Development, which whom Abode Services has a strong collaborative partnership. Seven of the units are designated for homeless households with disabilities and served by the Lorenzo Creek SHP (now CoC). Lorenzo Creek SHP is a Housing First program targeting households with barriers to housing – including mental health disabilities, substance use disorders, histories of domestic violence, and other challenges.

Lorenzo Creek’s Service Coordinator provides an array of services designed to address each household’s barriers to housing, and to connect them to the requisite services, all of which are focused on increasing long-term housing stability and increasing self-sufficiency. In the last contract year, 100% of participants either maintained stable housing or exited the program to permanent housing, and 77% of adults maintained or increased their income.

Some of the services to which Lorenzo Creek Shelter Plus Care participants have access through Abode’s resources include: life skills, education, food, health care, children’s programs, mental health services, financial skills, and
other programs. Our community partners include Alameda County Behavioral Health Care, various mainstream employment centers, Tri-City Health Center, as well as local community colleges like Chabot and Ohlone.

4A. Supportive Services for Participants

Instructions:

ALL PROJECTS EXCEPT HMIS

For all supportive services available to participants, indicate who will provide them, and how often they are provided. This field is required and at least one value must be entered. Complete each row of drop down menus for supportive services that will be available to participants, using the funds requested through the application, and funds from other sources. If more than one Provider is relevant for a single service, please select the provider that corresponds to the highest frequency.

- Provider: select one of the following: “Applicant” to indicate that the applicant will provide the service directly; “Subrecipient” to indicate that a subrecipient will provide the service directly; “Partner” to indicate that an organization that is not a subrecipient of project funds but with whom a formal agreement or MOU has been signed will provide the service directly; or, “Non-Partner” to indicate that a specific organization with whom no formal agreement has been established regularly provides the service to clients. If more than one provider offers the service at the same frequency, choose the provider according to the following: Applicant, then Subrecipient, then Partner, and lastly, non-Partner.

- Frequency: Select the most common interval of time for which the service is accessible to participants. If two frequencies are equally common, choose the interval with the highest frequency.

Applicants may leave dropdown menus as “—select—” when services are not applicable.

Please identify whether the project includes the following activities:

- Transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs? Select “Yes” or “No” from the dropdown menu.
- Use of a single application form for four or more mainstream programs? Select “Yes” or “No” from the dropdown menu.
- At least annual follow-ups with participants to ensure mainstream benefits are received and renewed? Select “Yes” or “No” from the dropdown menu.
- Do project participants have access to SSI/SSDI technical assistance provided by the applicant, a subrecipient, or partner agency? Select “Yes or “No” from the dropdown menu. If “Yes” is selected the following question will become visible:

- Has the staff person providing the technical assistance completed SOAR training in the past 24 months. Select “Yes” or “No” from the dropdown menu.

4B. Housing Type and Location Detail

Instructions:

ALL PROJECTS EXCEPT HMIS

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

PH-PSH PROJECTS ONLY

How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project’s grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as “CH Beds” on a CoC’s Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter “0.”

How many of the total beds entered in "2b. Beds" are not dedicated to the chronically homeless? This is a required field, but it is Auto calculated. The number that is calculated is the difference between 3a and 2b.

How many of the total beds entered in "3b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number of beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the projects grant agreement for FY 2016 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter “0.”

How many of the beds listed in question “3c.” above will be prioritized for use by the chronically homeless? This is a required field. Use the number of turnover beds that are not dedicated to the chronically homeless and that you estimated in field c to estimate and enter the number of those beds that will be prioritized for the chronically homeless as soon as they do turnover.

ALL PROJECTS EXCEPT HMIS

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

5A. Project Participants - Households

**Instructions:**

**ALL PROJECTS EXCEPT HMIS**

In each non-shaded field list the number of households or persons served at maximum program capacity. The numbers here are intended to reflect a single point in time at maximum occupancy and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Households: Enter the number of households under at least one of the categories: Households with at least One Adult and One Child, Adult Households without Children, or Households with Only Children.

Households with at least One Adult and One Child: Enter the total number of households with at least one adult and one child. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Households without Children: Enter the total number of adult households without children. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Households with Only Children: Enter the total number of households with only children. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Characteristics: Enter the total number of homeless that fall under one of the characteristics listed.

Persons in Households with at least One Adult and One Child: Enter the number of persons in households with at least one adult and one child for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Persons in Households without Children: Enter the number of persons in households without children for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children: Enter the number of persons in households with only children for each demographic row. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Totals: All fields in the “Total Number...” and “Total Persons” rows will automatically calculate when the “Save” button is clicked.

5B. Project Participants - Subpopulations

Instructions:

ALL PROJECTS EXCEPT HMIS

*This screen can only be completed once Screen “5A. Project Participants – Households” has been completed and saved.

In each non-shaded field enter the number of persons served at maximum program capacity according to their age group, disability status, and the extent in which persons served fit into one or more of the subpopulation categories. The numbers here are intended to reflect a single point in time at maximum capacity and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Complete each of the three charts on this screen according to household types.

Persons in Households with at least one Adult and One Child chart: Enter only persons in households with at least one adult and one child. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and at least one person under the age of 18.

Persons in Households without Children chart: Enter only persons in adult households without children. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children chart: Enter only persons in households with only children. To be listed on this chart, a person must be part of a household with no persons at or above the age of 18, and only persons under the age of 18.

Total Persons: All fields in the “Total Persons” rows will calculate automatically when the “Save” button is clicked.

Describe the unlisted subpopulations referred to above: This field is visible and mandatory if a number greater than 0 is entered into the column “Persons not represented by listed subpopulations.” Enter text that describes the person(s) identified in this column and explains how they do not fall under the other categories in columns 1 through 9.

5C. Outreach for Participants

**Instructions:**

ALL PROJECTS EXCEPT HMIS

Enter the percentage of project participants that will be coming from each of the following locations: This is a required field. Enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:

- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens (persons coming from TH are not considered to be chronically homeless)
- Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (only applicable to TH and SSO projects)
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the “Save” button is clicked. A warning message will appear if the total is greater than 100%.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

6A. Funding Request

Instructions:

ALL PROJECT APPLICATIONS

The fields that must be completed on this screen will vary based on the project type, program type, and component type selected earlier in the project application.

Do any of the properties in this project have an active restrictive covenant: This is a required field. Select “Yes” or “No” to indicate whether or not one or more of the project properties are subject to an active restrictive covenant. As a reminder, any project awarded capital cost funds (new construction, acquisition, or rehabilitation) has a 20 year or if initially awarded under the CoC Program (FY 2012 capital costs and beyond) a 15 year use restriction.

Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project: This is a required field. Indicate if this project previously received funds under either the Samaritan Housing or Permanent Housing Bonus initiative. If yes, then the project must continue to meet the requirements of the initiative, as specified in the Homeless Assistance Grants NOFA for the year in which funds were originally awarded, in order to continue to receive renewal funding under the CoC Program Competition.

Are the requested renewal funds reduced from the previous award as a result of reallocation?: This is a required field. Select “Yes” or “No” to indicate whether the renewal project is reduced through the reallocation process. The response will be compared to the CoC’s Reallocation Forms.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select ‘Yes’ or ‘No’ to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult 2 CFR Part 200.56, Part 200.413 and Part 200.414, FY 2016 NOFA and contact your local HUD office. The following questions become visible if “Yes” is selected:
- Please complete the indirect cost rate schedule below: Must complete at least one row.
- Has this rate been approved by your cognizant agency?: Select “Yes” or “No” from the dropdown menu.
- Do you plan to use the 10% de minimis rate? Select “Yes” or “No” from the dropdown menu.

Renewal Grant Term: This field is pre-populated with a one-year grant term and cannot be edited.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budget for which funding is being requested. The choices available will depend on the component and project type selected on Screen “3A Project Detail.” The following eligible costs may be listed: leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities listed on the CoC’s final HUD-approved FY 2016 GIW.

If you do not see the funding budgets that you expected, you may need to return to Screen “3A. Project Detail” to review the “Component Type” and/or “3B. Project Description” to review the type of project selected. See the FY 2016 CoC Program NOFA for additional guidance.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Do any of the properties in this project have an active restrictive covenant? Yes
2. Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project?  
No

3. Are the requested renewal funds reduced from the previous award as a result of reallocation?  
Yes

4. Does this project propose to allocate funds according to an indirect cost rate?  
No

5. Renewal Grant Term:  
1 Year

6. Select the costs for which funding is being requested:
   - Leased Units
   - Leased Structures
   - Supportive Services  X
   - Operations
   - HMIS
6E. Supportive Services Budget

Instructions:

Enter the quantity and total budget request for each supportive services cost. The request entered should be equivalent to the cost of one year of the relevant supportive service.

Eligible Costs: The system populates a list of eligible supportive services for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.53.

Quantity AND Description: This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity in detail (e.g. 1 FTE Case Manager Salary + benefits, or child care for 15 children) for each supportive service activity for which funding is being requested. Please note that simply stating “1FTE” is NOT providing “Quantity AND Detail” and limits HUD’s understanding of what is being requested. Failure to enter adequate ‘Quantity AND Detail’ may result in conditions being placed on an award and a delay of grant funding.

Annual Assistance Requested: This is a required field. Enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to providing supportive services to homeless participants. The request should match the budget amounts identified on the CoC’s HUD-approved FY 2016 GIW.

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Grant Term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Total Value of In-Kind Commitments: $21,447
Total Value of All Commitments: $21,447
Sources of Match Detail

Instructions:
Match (cash or in-kind) must be used for eligible program costs only and must be equal to or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs Please review 24 CFR Part 578, the FY 2015 CoC Program NOFA for more detailed information concerning Match.

Will this commitment be used towards Match? Yes is automatically selected and this is a field that cannot be edited.

Type of Commitment: Select Cash ($) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

Type of source: Select Private or Government to denote the source of the contribution. The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of written commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match/ screen will populate the Screen “6l. Summary Budget.” The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Will this commitment be used towards Match? Yes

2. Type of Commitment: In-Kind

3. Type of Source: Private

4. Name the Source of the Commitment: Resources for Community Development (Be as specific as possible and include the office or grant program as applicable)

5. Date of Written Commitment: 07/25/2016

6. Value of Written Commitment: $21,447
6I. Summary Budget

Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to field “7. Admin (Up to 10%).”

Admin (Up to 10%): Enter the amount of requested administration funds. The request should match the amount identified on the CoC’s HUD-approved FY 2016 GIW. HUD will not fund greater than 10% of the request listed in the field “Sub-Total Eligible Costs Request.” If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is the total amount of funding the project applicant will request in the FY 2016 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field “Total Eligible Costs Request” minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen “6H. Sources of Match” to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.

7A. Attachment(s)

Instructions:

Subrecipient Nonprofit Documentation: Documentation of the subrecipient's nonprofit status must be uploaded, if the applicant and project subrecipient are different entities, and the subrecipient is a nonprofit organization.

Other Attachment(s): Attach any additional information supporting the project funding request. Use a zip file to attach multiple documents.

If indicated on Screens 3A and/or 3B, the following additional attachment screens may be visible that should be used instead of Screen 7A. Attachments:

CoC Rejection Letter: Projects that are applying for CoC funds and that have been rejected for the competition by their CoC (Solo Projects) must submit documentation from the CoC verifying and explaining why the project has been rejected.

Certification of Consistency with Consolidated Plan: Each applicant that is not a State or unit of local government is required to have a certification by the jurisdiction in which the proposed project will be located confirming that the applicant’s application for funding is consistent with the jurisdiction’s HUD-approved consolidated plan. The certification must be made in accordance with the provisions of the consolidated plan regulations at 24 CFR part 91, subpart F. For projects that selected “No CoC” on Screen 3A, a form HUD-2991 must be obtained and signed by the certifying official for the applicable jurisdiction, indicating that the proposed project will be consistent with the Consolidated Plan. If the Solo Applicant is a State or unit of local government, the jurisdiction must certify that it is following its HUD-approved Consolidated Plan.

A. For all projects:

Fair Housing and Equal Opportunity

It will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000(d)) and regulations pursuant thereto (Title 24 CFR part 1), which state that no person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives Federal financial assistance, and will immediately take any measures necessary to effectuate this agreement. With reference to the real property and structure(s) thereon which are provided or improved with the aid of Federal financial assistance extended to the applicant, this assurance shall obligate the applicant, or in the case of any transfer, transferee, for the period during which the real property and structure(s) are used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

It will comply with the Fair Housing Act (42 U.S.C. 3601-19), as amended, and with implementing regulations at 24 CFR part 100, which prohibit discrimination in housing on the basis of race, color, religion, sex, disability, familial status or national origin.

It will comply with Executive Order 11063 on Equal Opportunity in Housing and with implementing regulations at 24 CFR Part 107 which prohibit discrimination because of race, color, creed, sex or national origin in housing and related facilities provided with Federal financial assistance.

It will comply with Executive Order 11246 and all regulations pursuant thereto (41 CFR Chapter 60-1), which state that no person shall be discriminated against on the basis of race, color, religion, sex or national origin in all phases of employment during the performance of Federal contracts and shall take affirmative action to ensure equal employment opportunity. The applicant will incorporate, or cause to be incorporated, into any contract for construction work as defined in Section 130.5 of HUD regulations the equal opportunity clause required by Section 130.15(b) of the HUD regulations.

It will comply with Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701(u)), and regulations pursuant thereto (24 CFR Part 135), which require that to the greatest extent feasible opportunities for training and employment be given to lower-income residents of the project and contracts for work in connection with the project be awarded in substantial part to persons residing in the area of the project.

It will comply with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended, and with implementing regulations at 24 CFR Part 8, which prohibit discrimination based on disability in Federally-assisted and conducted programs and activities.

It will comply with the Age Discrimination Act of 1975 (42 U.S.C. 6101-07), as amended, and implementing regulations at 24 CFR Part 146, which prohibit discrimination because of age in projects and activities receiving Federal financial assistance.
It will comply with Executive Orders 11625, 12432, and 12138, which state that program participants shall take affirmative action to encourage participation by businesses owned and operated by members of minority groups and women.

If persons of any particular race, color, religion, sex, age, national origin, familial status, or disability who may qualify for assistance are unlikely to be reached, it will establish additional procedures to ensure that interested persons can obtain information concerning the assistance.

It will comply with the reasonable modification and accommodation requirements and, as appropriate, the accessibility requirements of the Fair Housing Act and section 504 of the Rehabilitation Act of 1973, as amended.

Additional for Rental Assistance Projects:

If applicant has established a preference for targeted populations of disabled persons pursuant to 24 CFR 582.330(a), it will comply with this section’s nondiscrimination requirements within the designated population.

B. For non-Rental Assistance Projects Only.

20-Year Operation Rule.

For applicants receiving assistance for acquisition, rehabilitation or new construction: The project will be operated for no less than 20 years from the date of initial occupancy or the date of initial service provision for the purpose specified in the application.

1-Year Operation Rule.

For applicants receiving assistance for supportive services, leasing, or operating costs but not receiving assistance for acquisition, rehabilitation, or new construction: The project will be operated for the purpose specified in the application for any year for which such assistance is provided.

C. Explanation.

Where the applicant is unable to certify to any of the statements in this certification, such applicant shall provide an explanation.

Dear Applicant:

This modifies our letter of the above date in which we stated that you would be treated as an organization that is not a private foundation until the expiration of your advance ruling period.

Your exempt status under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3) is still in effect. Based on the information you submitted, we have determined that you are not a private foundation within the meaning of section 509(a) of the Code because you are an organization of the type described in section 509(a)(1) and 170(b)(1)(A)(vi).

Grantors and contributors may rely on this determination unless the Internal Revenue Service publishes notice to the contrary. However, if you lose your section 509(a)(1) status, a grantor or contributor may not rely on this determination if he or she was in part responsible for, or was aware of, the act or failure to act, or the substantial or material change on the part of the organization that resulted in your loss of such status, or if he or she acquired knowledge that the Internal Revenue Service had given notice that you would no longer be classified as a section 509(a)(1) organization.

If we have indicated in the heading of this letter that an addendum applies, the addendum enclosed is an integral part of this letter.

Because this letter could help resolve any questions about your private foundation status, please keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number are shown above.

Sincerely yours,

[Signature]
District Director

Letter 1050 (DO/CG)
Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/  
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2016 Continuum of Care (CoC) Program Competition. For more information see FY 2016 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2016 CoC Program NOFA and the FY 2016 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2015 Project Application will be imported into the FY 2016 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the FY 2015 post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2016 CoC Program Competition NOFA.

2B. Recipient Performance

Instructions:

The selections made on this screen by completing all of the mandatory fields marked with an asterisk (*), will provide information on capacity of the project applicant. The screen asks the Project Applicant questions about capacity performance as a HUD grant recipient; in terms of: timely submission of required reports, quarterly eLOCCS drawdowns, addressing HUD monitoring and/or OIG audit findings and the recapture of any funds from the most recently expired grant term of the project.

APR Submission: Select "Yes" or "No" from the dropdown menu to indicate whether you have successfully submitted the APR on time for the most recently expired grant term related to this renewal project request. If "No" is selected, an additional question will appear, in which you must provide an explanation in the textbox; as to why the APR was not submitted in a timely manner.

HUD Monitoring Findings: Select "Yes" or "No" from the dropdown menu to indicate whether your organization has any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request. If "Yes" is selected, two new questions will appear, in which the applicant will enter the date of the oldest unresolved finding(s) and explain why the findings remain unresolved in the textbox provided.

Quarterly Drawdowns: Select "Yes" or "No" from the dropdown menu to indicate whether your organization maintained consistent Quarterly Drawdowns from eLOCCS for the most recent grant terms related to this renewal project. If "No," is selected, one new question will appear in which the applicant must explain, in the textbox provided, as to why the recipient has not maintained consistent Quarterly Drawdowns for the most recent grant terms related to this renewal project request.

Recaptured Funds: Select "Yes" or "No" from the dropdown menu to indicate whether any funds have been recaptured by HUD for the most recently expired grant term related to this renewal project request. If "Yes," is selected, one new question will appear, in which the applicant must explain why HUD recaptured funds from the most recently expired grant term.

Additional Resources can be found at the HUD Resource Exchange:
https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? Yes

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? No
3A. Project Detail

Instructions:
The selections made on this screen will determine which additional forms will need to be completed for this project application.

Expiring Grant Number: This field is pre-populated with the expiring grant number entered on Screen “1A. Application Type.”

CoC Number and Name: Select the number and name of the CoC to which the project application will be submitted for the local competition review process. This is the CoC that will submit the CoC Consolidated Application to HUD by the designated submission deadline. Applicants with projects that do not belong to a CoC should select “No CoC.”

CoC Collaborative Applicant Name: Select the name of the CoC Applicant, also known as the Collaborative Applicant, from the dropdown. In most cases, there will only be one name from which to choose. The project applicant should choose the name of the CoC Applicant to which they intend to submit this project application.

Project Name: This is pre-populated from the “Project” Form and cannot be edited.

Project Status: The default selection is “Standard,” indicating that the applicant is submitting the application to the Collaborative Applicant for consideration in the FY 2016 CoC Program competition. The selection should only be changed to “Appeal” in the event that the project application is rejected by the Collaborative Applicant (either formally in e-snaps or outside of e-snaps) and the project applicant wants to appeal this decision directly to HUD by submitting a solo application. For additional information on the appeal process, see Section X of the FY 2016 CoC Program Competition NOFA. A full explanation of the process is provided on Screen “8A. Notice of Intent to Appeal.”

Component Type: This is a required field. Select the component type that identifies the renewal project application type. This can be either a PH, SH, TH, SSO or HMIS. The selection of component type will have an affect on what question on subsequent screens are asked of the user.

Title V: This field is required. Select "Yes" or "No" to indicate if one or more properties being served by this project were acquired under Title V.

Additional Resources can be found at the HUD Resource Exchange:
https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Expiring Grant Number: CA0103L9T021508

2b. CoC Collaborative Applicant Name: Alameda County

3. Project Name: Matilda Cleveland Transitional Housing Program
4. Project Status: Standard

5. Component Type: TH

6. Does this project use one or more properties that have been conveyed through the Title V process? No
3B. Project Description

Instructions:

ALL PROJECTS

Provide a description that addresses the entire scope of the proposed project: This is a required field. The project description should address the entire scope of the project, including a clear picture of the target population(s) to be served, the plan for addressing the identified needs/issues of the CoC target population(s), projected outcome(s), and coordination with other source(s)/partner(s). The narrative is expected to describe the project at full operational capacity. The description should be consistent with and make reference to other parts of this application.

Does your project have a specific population focus: This is a required field. Select “Yes” if your project has special capacity in its facilities, program designs, tools, outreach or methodologies for a specific subpopulation or subpopulations. This does not necessarily mean that the project exclusively serves that subpopulation(s), but rather that they are uniquely equipped to serve them. If “Yes” is selected, select the relevant checkbox(s) to identify the project’s population focus.

PH, SH, TH and SSO PROJECTS ONLY

Does the project follow a “Housing First” approach: This is a required field for PH, TH and SSO projects only. Select all applicable checkboxes that indicate whether or not the project currently follows a housing first approach that ensures that participants are not screened out based on barriers such as income, sobriety, etc. Select “none of the above” if the project does not follow a housing first approach.
- Does the project quickly move participants into permanent housing?: This is a required field. Select “Yes” to this question if your project will quickly move program participants into permanent housing without additional steps (e.g., required stay in transitional housing first) before moving to permanent housing. If you are a domestic violence (DV) program you should select “Yes” if you will quickly move program participants into permanent housing after immediate safety needs are addressed (e.g., a person who is still in danger from a violent partner and would move into PH once the dangerous situation has been addressed). Select “No” if the project does not work to move program participants quickly into permanent housing.)
- Does the project ensure that participants are not screened out based on the listed reasons? (Check all that apply): This is a required field and at least one option must be selected. Multiple checkbox selections are provided.
- Does the project ensure that participants are not terminated from the program for the listed reasons? (Check all that apply) Multiple checkbox selections are provided.
- Does the project follow a “Housing First” approach? This is auto-scored based upon the responses to the questions above and “Yes” or “No” will indicate if the project is using the Housing First approach to house program participants.

PH PROJECTS ONLY

Does the PH project provide PSH or RRH: This is a required field. Select “PSH” if the project will operate according to a permanent supportive housing model as defined by 24 CFR 578. Select “RRH” if the project will operate according to a rapid rehousing model as defined by 24 CFR 578.

PH AND TH PROJECTS ONLY:

Does the project request costs under the rental assistance budget line item?: This is a required field. If requesting rental assistance, select “Yes” from the dropdown menu. If not requesting rental assistance in this project application, select “No”.

RENTAL ASSISTANCE PROJECTS ONLY

Is this a CoC Program leasing or SHP project that had been approved by HUD to change the renewal project budget from leasing to rental assistance? (This change must have been listed on
the final HUD-approved FY 2016 GIW. See 24 CFR 578.49(b)(8)): This is a required field. “Yes” should only be selected if HUD approved a change from leasing to rental assistance during the FY 2016 GIW process.

FOR SSO PROJECTS ONLY

Please select the type of SSO Project: Four options are given; Street Outreach; Housing Project or Housing Structure Specific; Coordinated Entry; Standalone Supportive Service. Only Coordinated Entry will have follow up questions.

FOR SSO COORDINATED ENTRY PROJECTS ONLY

Will the coordinated entry process funded in part by this grant cover the COC’s entire geographic area: This is a required field. Yes/ No dropdown question.

Will the coordinated entry process funded in part by this grant be easily accessible: This is a required field. Yes/No dropdown question.

Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance. This is a required field. Explain the outreach strategy of the CE.

Does the coordinated entry process use a comprehensive, standardized assessment process: This is a required field. Yes/No dropdown question.

Describe the referral process and how the coordinated entry process ensures that participants are directed to appropriate housing and/or services: This is a required field. Explain the referral process.

If the coordinated entry process includes differences in the access, entry, assessment, or referral for certain populations, are those differences limited only to the following four groups: Individuals, Families, DV, and Youth: This is a required field. Yes/No dropdown question.

1. Provide a description that addresses the entire scope of the proposed project.

The Matilda Cleveland Transitional Housing Program (MC THP) serves literally homeless, single parents with children in 14 units of housing located in a renovated motel. The City of Oakland contracts with East Oakland Community Project (EOCP) to administer the MC THP program. The Matilda Cleveland program operates as an Interim Housing Model with the primary goal to assist homeless families in securing and maintaining permanent housing.

The hallmarks of the Interim Housing model are that participants enter directly from the streets with no barriers or pre-conditions, participants have a short length of stay, and all services are focused on quickly re-housing the person in the community. A Housing Placement Specialist assists each client with developing a housing plan, finding permanent housing, and obtaining adequate employment income and/or enrollment into mainstream benefits.

Participants are trained in matching housing market demands with their income to identify housing within their means. In addition, MC THP provides case management, parenting, and other life skills training for adults and youth specific services for the children. Mental health screening and counseling, money management, wellness support, and benefits advocacy round out the services provided to single parents in the MC THP program.
Since November 2015, clients have been exclusively referred to Matilda Cleveland via a Family Coordinated Entry pilot program known as the Family Front Door (FFD). The FFD assesses and prioritizes literally homeless families for services and using a low barrier, housing first approach, refers families to Interim Housing/Transitional Housing who have high levels of need and would benefit from the intensive level of service delivery that is provided in a Interim Housing/Transitional Housing program. These clients typically have experienced more incidences of homelessness in their lives and are often adversely impacted by multiple barriers which have prevented them from achieving housing stability in the past.

4A. Supportive Services for Participants

Instructions:

ALL PROJECTS EXCEPT HMIS

For all supportive services available to participants, indicate who will provide them, and how often they are provided. This field is required and at least one value must be entered. Complete each row of drop down menus for supportive services that will be available to participants, using the funds requested through the application, and funds from other sources. If more than one Provider is relevant for a single service, please select the provider that corresponds to the highest frequency.
- Provider: select one of the following: “Applicant” to indicate that the applicant will provide the service directly; “Subrecipient” to indicate that a subrecipient will provide the service directly; “Partner” to indicate that an organization that is not a subrecipient of project funds but with whom a formal agreement or MOU has been signed will provide the service directly; or, “Non-Partner” to indicate that a specific organization with whom no formal agreement has been established regularly provides the service to clients. If more than one provider offers the service at the same frequency, choose the provider according to the following: Applicant, then Subrecipient, then Partner, and lastly, non-Partner.
- Frequency: Select the most common interval of time for which the service is accessible to participants. If two frequencies are equally common, choose the interval with the highest frequency.
  Applicants may leave dropdown menus as “—select—” when services are not applicable.

Please identify whether the project includes the following activities:
- Transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs? Select “Yes” or “No” from the dropdown menu.
- Use of a single application form for four or more mainstream programs? Select “Yes” or “No” from the dropdown menu.
- At least annual follow-ups with participants to ensure mainstream benefits are received and renewed? Select “Yes” or “No” from the dropdown menu.
- Do project participants have access to SSI/SSDI technical assistance provided by the applicant, a subrecipient, or partner agency? Select “Yes” or “No” from the dropdown menu. If “Yes” is selected the following question will become visible:
  - Has the staff person providing the technical assistance completed SOAR training in the past 24 months. Select “Yes” or “No” from the dropdown menu.

2. Please identify whether the project includes the following activities:

2a. Transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs? Yes

2b. Use of a single application form for four or more mainstream programs? No

2c. At least annual follow-ups with participants to ensure mainstream benefits are received and renewed? Yes

3. Do project participants have access to SSI/SSDI technical assistance provided by the applicant, a subrecipient, or partner agency? Yes

3a. Has the staff person providing the technical assistance completed SOAR training in the past 24 months. Yes
4B. Housing Type and Location

ALL PROJECTS EXCEPT HMIS

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

PH-PSH PROJECTS ONLY

How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project’s grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as “CH Beds” on a CoC’s Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter “0.”

How many of the total beds entered in "2b. Beds" are not dedicated to the chronically homeless? This is a required field, but it is Auto calculated. The number that is calculated is the difference between 3a and 2b.

How many of the total beds entered in "3b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number of beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the projects grant agreement for FY 2016 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter “0.”

How many of the beds listed in question “3c.” above will be prioritized for use by the chronically homeless? This is a required field. Use the number of turnover beds that are not dedicated to the chronically homeless and that you estimated in field c to estimate and enter the number of those beds that will be prioritized for the chronically homeless as soon as they do turnover.

ALL PROJECTS EXCEPT HMIS

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

Instructions:

ALL PROJECTS EXCEPT HMIS

In each non-shaded field list the number of households or persons served at maximum program capacity. The numbers here are intended to reflect a single point in time at maximum occupancy and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Households: Enter the number of households under at least one of the categories: Households with at least One Adult and One Child, Adult Households without Children, or Households with Only Children.

Households with at least One Adult and One Child: Enter the total number of households with at least one adult and one child. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Households without Children: Enter the total number of adult households without children. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Households with Only Children: Enter the total number of households with only children. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Characteristics: Enter the total number of homeless that fall under one of the characteristics listed.

Persons in Households with at least One Adult and One Child: Enter the number of persons in households with at least one adult and one child for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Persons in Households without Children: Enter the number of persons in households without children for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children: Enter the number of persons in households with only children for each demographic row. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Totals: All fields in the “Total Number…” and “Total Persons” rows will automatically calculate when the “Save” button is clicked.

5B. Project Participants - Subpopulations

Instructions:

ALL PROJECTS EXCEPT HMIS

*This screen can only be completed once Screen “5A. Project Participants – Households” has been completed and saved.

In each non-shaded field enter the number of persons served at maximum program capacity according to their age group, disability status, and the extent in which persons served fit into one or more of the subpopulation categories. The numbers here are intended to reflect a single point in time at maximum capacity and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Complete each of the three charts on this screen according to household types.

Persons in Households with at least one Adult and One Child chart: Enter only persons in households with at least one adult and one child. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and at least one person under the age of 18.

Persons in Households without Children chart: Enter only persons in adult households without children. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children chart: Enter only persons in households with only children. To be listed on this chart, a person must be part of a household with no persons at or above the age of 18, and only persons under the age of 18.

Total Persons: All fields in the “Total Persons” rows will calculate automatically when the “Save” button is clicked.

Describe the unlisted subpopulations referred to above: This field is visible and mandatory if a number greater than 0 is entered into the column “Persons not represented by listed subpopulations.” Enter text that describes the person(s) identified in this column and explains how they do not fall under the other categories in columns 1 through 9.

Instructions:

ALL PROJECTS EXCEPT HMIS

Enter the percentage of project participants that will be coming from each of the following locations: This is a required field. Enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:
- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens (persons coming from TH are not considered to be chronically homeless)
- Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (only applicable to TH and SSO projects)
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the “Save” button is clicked. A warning message will appear if the total is greater than 100%.

6A. Funding Request

Instructions:

ALL PROJECT APPLICATIONS

The fields that must be completed on this screen will vary based on the project type, program type, and component type selected earlier in the project application.

Do any of the properties in this project have an active restrictive covenant: This is a required field. Select “Yes” or “No” to indicate whether or not one or more of the project properties are subject to an active restrictive covenant. As a reminder, any project awarded capital cost funds (new construction, acquisition, or rehabilitation) has a 20 year or if initially awarded under the CoC Program (FY 2012 capital costs and beyond) a 15 year use restriction.

Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project: This is a required field. Indicate if this project previously received funds under either the Samaritan Housing or Permanent Housing Bonus initiative. If yes, then the project must continue to meet the requirements of the initiative, as specified in the Homeless Assistance Grants NOFA for the year in which funds were originally awarded, in order to continue to receive renewal funding under the CoC Program Competition.

Are the requested renewal funds reduced from the previous award as a result of reallocation?: This is a required field. Select “Yes” or “No” to indicate whether the renewal project is reduced through the reallocation process. The response will be compared to the CoC’s Reallocation Forms.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select ‘Yes’ or ‘No’ to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult 2 CFR Part 200.56, Part 200.413 and Part 200.414, FY 2016 NOFA and contact your local HUD office. The following questions become visible if “Yes” is selected:
- Please complete the indirect cost rate schedule below: Must complete at least one row.
- Has this rate been approved by your cognizant agency?: Select “Yes” or “No” from the dropdown menu.
- Do you plan to use the 10% de minimis rate? Select “Yes” or “No” from the dropdown menu.

Renewal Grant Term: This field is pre-populated with a one-year grant term and cannot be edited.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budget for which funding is being requested. The choices available will depend on the component and project type selected on Screen “3A Project Detail.” The following eligible costs may be listed: leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities listed on the CoC’s final HUD-approved FY 2016 GIW.

If you do not see the funding budgets that you expected, you may need to return to Screen “3A. Project Detail” to review the “Component Type” and/or “3B. Project Description” to review the type of project selected. See the FY 2016 CoC Program NOFA for additional guidance.

Instructions:

Complete the following fields related to the funds being requested to lease one or more structures for operating the project.

Structure Name: This is a required field. Indicate the name of the structure for which funds are requested.

Address: Only 1 “Street Address…” field is required. Enter the actual street number and name in the first field. Do not list a PO Box or other mailing address. Use the second field for apartment or subsection numbers. Complete fields for City, State and Zip Code.

HUD Paid Rent (Annual): This is a required field. Enter the annual leasing amount. The amount entered cannot exceed the annual rent for comparable structures.

Grant Term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field will equal the total leasing amount entered above.

6E. Supportive Services Budget

**Instructions:**

Enter the quantity and total budget request for each supportive services cost. The request entered should be equivalent to the cost of one year of the relevant supportive service.

Eligible Costs: The system populates a list of eligible supportive services for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.53.

**Quantity AND Description:** This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity in detail (e.g. 1 FTE Case Manager Salary + benefits, or child care for 15 children) for each supportive service activity for which funding is being requested. Please note that simply stating “1FTE” is NOT providing “Quantity AND Detail” and limits HUD’s understanding of what is being requested. Failure to enter adequate ‘Quantity AND Detail’ may result in conditions being placed on an award and a delay of grant funding.

Annual Assistance Requested: This is a required field. Enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to providing supportive services to homeless participants. The request should match the budget amounts identified on the CoC’s HUD-approved FY 2016 GIW.

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Grant Term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based on total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Are you requesting a 15 year renewal per the FY2016 CoC Program NOFA? This request is only available for Operating Costs budget line items in projects in which the applicant owns the building and needs to provide maintenance. Only 1 year of funding is allowed according to the relevant section of the FY 2016 CoC Program Competition NOFA.

Grant term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based on the total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

A quantity AND description must be entered for each requested cost. Any cost without a quantity and a description will be removed from the budget.

Sources of Match Detail

Instructions:

Match (cash or in-kind) must be used for eligible program costs only and must be equal to or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs. Please review 24 CFR Part 578, the FY 2015 CoC Program NOFA for more detailed information concerning Match.

Will this commitment be used towards Match? Yes is automatically selected and this is a field that cannot be edited.

Type of Commitment: Select Cash ($) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

Type of Source: Select Private or Government to denote the source of the contribution. The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of written commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match/ screen will populate the Screen “6I. Summary Budget.” The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps-guides/coc-program-competition-resources/

Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to field “7. Admin (Up to 10%).”

Admin (Up to 10%): Enter the amount of requested administration funds. The request should match the amount identified on the CoC’s HUD-approved FY 2016 GIW. HUD will not fund greater than 10% of the request listed in the field “Sub-Total Eligible Costs Request.” If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is the total amount of funding the project applicant will request in the FY 2016 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field “Total Eligible Costs Request” minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen “6H. Sources of Match” to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.

Instructions:

Subrecipient Nonprofit Documentation: Documentation of the subrecipient's nonprofit status must be uploaded, if the applicant and project subrecipient are different entities, and the subrecipient is a nonprofit organization.

Other Attachment(s): Attach any additional information supporting the project funding request. Use a zip file to attach multiple documents.

If indicated on Screens 3A and/or 3B, the following additional attachment screens may be visible that should be used instead of Screen 7A. Attachments:

CoC Rejection Letter: Projects that are applying for CoC funds and that have been rejected for the competition by their CoC (Solo Projects) must submit documentation from the CoC verifying and explaining why the project has been rejected.

Certification of Consistency with Consolidated Plan: Each applicant that is not a State or unit of local government is required to have a certification by the jurisdiction in which the proposed project will be located confirming that the applicant’s application for funding is consistent with the jurisdiction’s HUD-approved consolidated plan. The certification must be made in accordance with the provisions of the consolidated plan regulations at 24 CFR part 91, subpart F. For projects that selected “No CoC” on Screen 3A, a form HUD-2991 must be obtained and signed by the certifying official for the applicable jurisdiction, indicating that the proposed project will be consistent with the Consolidated Plan. If the Solo Applicant is a State or unit of local government, the jurisdiction must certify that it is following its HUD-approved Consolidated Plan.

7B. Certification

A. For all projects:

Fair Housing and Equal Opportunity

It will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000(d)) and regulations pursuant thereto (Title 24 CFR part I), which state that no person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives Federal financial assistance, and will immediately take any measures necessary to effectuate this agreement. With reference to the real property and structure(s) thereon which are provided or improved with the aid of Federal financial assistance extended to the applicant, this assurance shall obligate the applicant, or in the case of any transfer, transferee, for the period during which the real property and structure(s) are used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

It will comply with the Fair Housing Act (42 U.S.C. 3601-19), as amended, and with implementing regulations at 24 CFR part 100, which prohibit discrimination in housing on the basis of race, color, religion, sex, disability, familial status or national origin.

It will comply with Executive Order 11063 on Equal Opportunity in Housing and with implementing regulations at 24 CFR Part 107 which prohibit discrimination because of race, color, creed, sex or national origin in housing and related facilities provided with Federal financial assistance.

It will comply with Executive Order 11246 and all regulations pursuant thereto (41 CFR Chapter 60-1), which state that no person shall be discriminated against on the basis of race, color, religion, sex or national origin in all phases of employment during the performance of Federal contracts and shall take affirmative action to ensure equal employment opportunity. The applicant will incorporate, or cause to be incorporated, into any contract for construction work as defined in Section 130.5 of HUD regulations the equal opportunity clause required by Section 130.15(b) of the HUD regulations.

It will comply with Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701(u)), and regulations pursuant thereto (24 CFR Part 135), which require that to the greatest extent feasible opportunities for training and employment be given to lower-income residents of the project and contracts for work in connection with the project be awarded in substantial part to persons residing in the area of the project.

It will comply with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended, and with implementing regulations at 24 CFR Part 8, which prohibit discrimination based on disability in Federally-assisted and conducted programs and activities.

It will comply with the Age Discrimination Act of 1975 (42 U.S.C. 6101-07), as amended, and implementing regulations at 24 CFR Part 146, which prohibit discrimination because of age in projects and activities receiving Federal financial assistance.
It will comply with Executive Orders 11625, 12432, and 12138, which state that program participants shall take affirmative action to encourage participation by businesses owned and operated by members of minority groups and women.

If persons of any particular race, color, religion, sex, age, national origin, familial status, or disability who may qualify for assistance are unlikely to be reached, it will establish additional procedures to ensure that interested persons can obtain information concerning the assistance.

It will comply with the reasonable modification and accommodation requirements and, as appropriate, the accessibility requirements of the Fair Housing Act and section 504 of the Rehabilitation Act of 1973, as amended.

**Additional for Rental Assistance Projects:**

If applicant has established a preference for targeted populations of disabled persons pursuant to 24 CFR 582.330(a), it will comply with this section's nondiscrimination requirements within the designated population.

**B. For non-Rental Assistance Projects Only.**

**20-Year Operation Rule.**

For applicants receiving assistance for acquisition, rehabilitation or new construction: The project will be operated for no less than 20 years from the date of initial occupancy or the date of initial service provision for the purpose specified in the application.

**1-Year Operation Rule.**

For applicants receiving assistance for supportive services, leasing, or operating costs but not receiving assistance for acquisition, rehabilitation, or new construction: The project will be operated for the purpose specified in the application for any year for which such assistance is provided.

**C. Explanation.**

Where the applicant is unable to certify to any of the statements in this certification, such applicant shall provide an explanation.

Dear Applicant:

This modifies our letter of the above date in which we stated that you would be treated as an organization that is not a private foundation until the expiration of your advance ruling period.

Your exempt status under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3) is still in effect. Based on the information you submitted, we have determined that you are not a private foundation within the meaning of section 509(a) of the Code because you are an organization of the type described in section 509(a)(1) and 170(b)(1)(A)(vi).

Grantors and contributors may rely on this determination unless the Internal Revenue Service publishes notice to the contrary. However, if you lose your section 509(a)(1) status, a grantor or contributor may not rely on this determination if he or she was in part responsible for, or was aware of, the act or failure to act, or the substantial or material change on the part of the organization that resulted in your loss of such status, or if he or she acquired knowledge that the Internal Revenue Service had given notice that you would no longer be classified as a section 509(a)(1) organization.

If we have indicated in the heading of this letter that an addendum applies, the addendum enclosed is an integral part of this letter.

Because this letter could help resolve any questions about your private foundation status, please keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number are shown above.

Sincerely yours,

Richard R. Orosco
District Director

Letter 1050 (DO/CG)
Dear Taxpayer:

This is in response to your request of July 23, 2009, regarding your tax-exempt status.

Our records indicate that a determination letter was issued in March 1994, that recognized you as exempt from Federal income tax, and discloses that you are currently exempt under section 501(c)(3) of the Internal Revenue Code.

Our records also indicate you are not a private foundation within the meaning of section 509(a) of the Code because you are described in section(s) 509(a)(1) and 170(b)(1)(A)(vi).

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

Sincerely yours,

Michele M. Sullivan, Oper. Mgr.
Accounts Management Operations I
Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps-guides/coc-program-competition-resources/.
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2016 Continuum of Care (CoC) Program Competition. For more information see FY 2016 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2016 CoC Program NOFA and the FY 2016 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2015 Project Application will be imported into the FY 2016 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the FY 2015 post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2016 CoC Program Competition NOFA.

2B. Recipient Performance

Instructions:
The selections made on this screen by completing all of the mandatory fields marked with an asterisk (*), will provide information on capacity of the project applicant. The screen asks the Project Applicant questions about capacity performance as a HUD grant recipient; in terms of: timely submission of required reports, quarterly eLOCCS drawdowns, addressing HUD monitoring and/or OIG audit findings and the recapture of any funds from the most recently expired grant term of the project.

APR Submission: Select “Yes” or “No” from the dropdown menu to indicate whether you have successfully submitted the APR on time for the most recently expired grant term related to this renewal project request. If “No” is selected, an additional question will appear, in which you must provide an explanation in the textbox; as to why the APR was not submitted in a timely manner.

HUD Monitoring Findings: Select “Yes” or “No” from the dropdown menu to indicate whether your organization has any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request. If “Yes” is selected, two new questions will appear, in which the applicant will enter the date of the oldest unresolved finding(s) and explain why the findings remain unresolved in the textbox provided.

Quarterly Drawdowns: Select “Yes” or “No” from the dropdown menu to indicate whether your organization maintained consistent Quarterly Drawdowns from eLOCCS for the most recent grant terms related to this renewal project. If “No,” is selected, one new question will appear in which the applicant must explain, in the textbox provided, as to why the recipient has not maintained consistent Quarterly Drawdowns for the most recent grant terms related to this renewal project request.

Recaptured Funds: Select “Yes” or “No” from the dropdown menu to indicate whether any funds have been recaptured by HUD for the most recently expired grant term related to this renewal project request. If “Yes,” is selected, one new question will appear, in which the applicant must explain why HUD recaptured funds from the most recently expired grant term.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request?  
No

Explain why the APR for the most recently expired grant term related to this renewal project request has not been submitted.

This is still the first year of operations, and the APR will not be due until January 29, 2017, given the start date of November 1, 2015.

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request?  
No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request?  
Yes
4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request?  

No
3A. Project Detail

Instructions:

The selections made on this screen will determine which additional forms will need to be completed for this project application.

Expiring Grant Number: This field is pre-populated with the expiring grant number entered on Screen “1A. Application Type.”

CoC Number and Name: Select the number and name of the CoC to which the project application will be submitted for the local competition review process. This is the CoC that will submit the CoC Consolidated Application to HUD by the designated submission deadline. Applicants with projects that do not belong to a CoC should select “No CoC.”

CoC Collaborative Applicant Name: Select the name of the CoC Applicant, also known as the Collaborative Applicant, from the dropdown. In most cases, there will only be one name from which to choose. The project applicant should choose the name of the CoC Applicant to which they intend to submit this project application.

Project Name: This is pre-populated from the “Project” Form and cannot be edited.

Project Status: The default selection is “Standard,” indicating that the applicant is submitting the application to the Collaborative Applicant for consideration in the FY 2016 CoC Program competition. The selection should only be changed to “Appeal” in the event that the project application is rejected by the Collaborative Applicant (either formally in e-snaps or outside of e-snaps) and the project applicant wants to appeal this decision directly to HUD by submitting a solo application. For additional information on the appeal process, see Section X of the FY 2016 CoC Program Competition NOFA. A full explanation of the process is provided on Screen “8A. Notice of Intent to Appeal.”

Component Type: This is a required field. Select the component type that identifies the renewal project application type. This can be either a PH, SH, TH, SSO or HMIS. The selection of component type will have an affect on what question on subsequent screens are asked of the user.

Title V: This field is required. Select “Yes” or “No” to indicate if one or more properties being served by this project were acquired under Title V.

Additional Resources can be found at the HUD Resource Exchange:

2b. CoC Collaborative Applicant Name: Alameda County

3. Project Name: North County Family Rapid Rehousing Collaborative
4. Project Status: Standard

5. Component Type: PH

6. Does this project use one or more properties that have been conveyed through the Title V process? No
**3B. Project Description**

**Instructions:**

**ALL PROJECTS**

Provide a description that addresses the entire scope of the proposed project: This is a required field. The project description should address the entire scope of the project, including a clear picture of the target population(s) to be served, the plan for addressing the identified needs/issues of the CoC target population(s), projected outcome(s), and coordination with other source(s)/partner(s). The narrative is expected to describe the project at full operational capacity. The description should be consistent with and make reference to other parts of this application.

Does your project have a specific population focus: This is a required field. Select “Yes” if your project has special capacity in its facilities, program designs, tools, outreach or methodologies for a specific subpopulation or subpopulations. This does not necessarily mean that the project exclusively serves that subpopulation(s), but rather that they are uniquely equipped to serve them. If “Yes” is selected, select the relevant checkbox(s) to identify the project’s population focus.

**PH, SH, TH and SSO PROJECTS ONLY**

Does the project follow a “Housing First” approach: This is a required field for PH, TH and SSO projects only. Select all applicable checkboxes that indicate whether or not the project currently follows a housing first approach that ensures that participants are not screened out based on barriers such as income, sobriety, etc. Select “none of the above” if the project does not follow a housing first approach.
- Does the project quickly move participants into permanent housing?: This is a required field. Select “Yes” to this question if your project will quickly move program participants into permanent housing without additional steps (e.g., required stay in transitional housing first) before moving to permanent housing. If you are a domestic violence (DV) program you should select “Yes” if you will quickly move program participants into permanent housing after immediate safety needs are addressed (e.g., a person who is still in danger from a violent partner and would move into PH once the dangerous situation has been addressed). Select “No” if the project does not work to move program participants quickly into permanent housing.
- Does the project ensure that participants are not screened out based on the listed reasons? (Check all that apply): This is a required field and at least one option must be selected. Multiple checkbox selections are provided.
- Does the project ensure that participants are not terminated from the program for the listed reasons? (Check all that apply) Multiple checkbox selections are provided.
- Does the project follow a “Housing First” approach? This is auto-scored based upon the responses to the questions above and “Yes” or “No” will indicate if the project is using the Housing First approach to house program participants.

**PH PROJECTS ONLY**

Does the PH project provide PSH or RRH: This is a required field. Select “PSH” if the project will operate according to a permanent supportive housing model as defined by 24 CFR 578. Select “RRH” if the project will operate according to a rapid rehousing model as defined by 24 CFR 578.

**PH AND TH PROJECTS ONLY:**

Does the project request costs under the rental assistance budget line item?: This is a required field. If requesting rental assistance, select “Yes” from the dropdown menu. If not requesting rental assistance in this project application, select “No”.

**RENTAL ASSISTANCE PROJECTS ONLY**

Is this a CoC Program leasing or SHP project that had been approved by HUD to change the renewal project budget from leasing to rental assistance? (This change must have been listed on
the final HUD-approved FY 2016 GIW. See 24 CFR 578.49(b)(8)): This is a required field. “Yes” should only be selected if HUD approved a change from leasing to rental assistance during the FY 2016 GIW process.

FOR SSO PROJECTS ONLY

Please select the type of SSO Project: Four options are given; Street Outreach; Housing Project or Housing Structure Specific; Coordinated Entry; Standalone Supportive Service. Only Coordinated Entry will have follow up questions.

FOR SSO COORDINATED ENTRY PROJECTS ONLY

Will the coordinated entry process funded in part by this grant cover the COC’s entire geographic area: This is a required field. Yes/ No dropdown question.

Will the coordinated entry process funded in part by this grant be easily accessible: This is a required field. Yes/No dropdown question.

Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance. This is a required field. Explain the outreach strategy of the CE.

Does the coordinated entry process use a comprehensive, standardized assessment process: This is a required field. Yes/No dropdown question.

Describe the referral process and how the coordinated entry process ensures that participants are directed to appropriate housing and/or services: This is a required field. Explain the referral process.

If the coordinated entry process includes differences in the access, entry, assessment, or referral for certain populations, are those differences limited only to the following four groups: Individuals, Families, DV, and Youth: This is a required field. Yes/No dropdown question.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Provide a description that addresses the entire scope of the proposed project.

The North County Family Rapid Re-housing Collaborative will assist 38 families annually to reach out of homelessness to permanent housing and increased stability to nurture and protect their children.

The Collaborative is strategically poised to transform services in Northern Alameda County by providing coordinated access for Oakland based homeless families. The project combines the strength of the grantee, the City of Oakland which provides program oversight and administrative support to Building Futures for Women and Children and the East Oakland Community Project, two high producing CBOs with successful experience serving homeless families via rapid re-housing, shelter and transitional housing, with the rental assistance administered through the Oakland Housing Authority.

The program provides one portal the Family Front Door with an 800 number connecting families to a Call Center to assess and prioritize each family’s need. This program levels the playing field for homeless families by eliminating side doors to services. Each family receives the same assessment and prioritization questions in order to ensure that the neediest families receive highest priority for services. Additionally both programs use a very low barrier, housing first approach to place client families in permanent housing. Placements into
transitional housing and shelter depend only upon need and bed availability for clients who cannot immediately access permanent housing. Program services are strength based, client centered and client informed. Outreach to clients and landlords, case management, and housing search are conducted by professionals from each agency. Similarly, application fees, deposits, subsidy and utility payments, tracking, mediation of client/landlord issues and unit inspections are managed by each agency. The Call Center Services are managed by a Program Director. Bi-monthly, senior management from both agencies meet with the grantee to problem solve and provide oversight and program team members meet in learning collaborative to solve operational challenges and continually improve client services.

As Alameda County implements Coordinated Entry Services, this collaborative will bring the knowledge experience and benefits of effective collaboration to inform and contribute to the process.

ALL PROJECTS EXCEPT HMIS

For all supportive services available to participants, indicate who will provide them, and how often they are provided. This field is required and at least one value must be entered. Complete each row of drop down menus for supportive services that will be available to participants, using the funds requested through the application, and funds from other sources. If more than one Provider is relevant for a single service, please select the provider that corresponds to the highest frequency.

- **Provider**: select one of the following: “Applicant” to indicate that the applicant will provide the service directly; “Subrecipient” to indicate that a subrecipient will provide the service directly; “Partner” to indicate that an organization that is not a subrecipient of project funds but with whom a formal agreement or MOU has been signed will provide the service directly; or, “Non-Partner” to indicate that a specific organization with whom no formal agreement has been established regularly provides the service to clients. If more than one provider offers the service at the same frequency, choose the provider according to the following: Applicant, then Subrecipient, then Partner, and lastly, non-Partner.

- **Frequency**: Select the most common interval of time for which the service is accessible to participants. If two frequencies are equally common, choose the interval with the highest frequency.

Applicants may leave dropdown menus as “—select—” when services are not applicable.

Please identify whether the project includes the following activities:

- Transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs? Select “Yes” or “No” from the dropdown menu.
- Use of a single application form for four or more mainstream programs? Select “Yes” or “No” from the dropdown menu.
- At least annual follow-ups with participants to ensure mainstream benefits are received and renewed? Select “Yes” or “No” from the dropdown menu.
- Do project participants have access to SSI/SSDI technical assistance provided by the applicant, a subrecipient, or partner agency? Select “Yes” or “No” from the dropdown menu. If “Yes” is selected the following question will become visible:

- Has the staff person providing the technical assistance completed SOAR training in the past 24 months. Select “Yes” or “No” from the dropdown menu.

Additional Resources can be found at the HUD Resource Exchange:

4B. Housing Type and Location Detail

Instructions:

ALL PROJECTS EXCEPT HMIS

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

PH-PSH PROJECTS ONLY

How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project’s grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as “CH Beds” on a CoC’s Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter “0.”

How many of the total beds entered in "2b. Beds" are not dedicated to the chronically homeless? This is a required field, but it is Auto calculated. The number that is calculated is the difference between 3a and 2b.

How many of the total beds entered in "3b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number of beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the projects grant agreement for FY 2016 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter “0.”

How many of the beds listed in question “3c.” above will be prioritized for use by the chronically homeless? This is a required field. Use the number of turnover beds that are not dedicated to the chronically homeless and that you estimated in field c to estimate and enter the number of those beds that will be prioritized for the chronically homeless as soon as they do turnover.

ALL PROJECTS EXCEPT HMIS

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

5A. Project Participants - Households

**Instructions:**

**ALL PROJECTS EXCEPT HMIS**

In each non-shaded field list the number of households or persons served at maximum program capacity. The numbers here are intended to reflect a single point in time at maximum occupancy and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Households: Enter the number of households under at least one of the categories: Households with at least One Adult and One Child, Adult Households without Children, or Households with Only Children.

Households with at least One Adult and One Child: Enter the total number of households with at least one adult and one child. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Households without Children: Enter the total number of adult households without children. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Households with Only Children: Enter the total number of households with only children. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Characteristics: Enter the total number of homeless that fall under one of the characteristics listed.

Persons in Households with at least One Adult and One Child: Enter the number of persons in households with at least one adult and one child for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Persons in Households without Children: Enter the number of persons in households without children for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children: Enter the number of persons in households with only children for each demographic row. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Totals: All fields in the “Total Number...” and “Total Persons” rows will automatically calculate when the “Save” button is clicked.

5B. Project Participants - Subpopulations

Instructions:

ALL PROJECTS EXCEPT HMIS

*This screen can only be completed once Screen “5A. Project Participants – Households” has been completed and saved.

In each non-shaded field enter the number of persons served at maximum program capacity according to their age group, disability status, and the extent in which persons served fit into one or more of the subpopulation categories. The numbers here are intended to reflect a single point in time at maximum capacity and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Complete each of the three charts on this screen according to household types.

Persons in Households with at least one Adult and One Child chart: Enter only persons in households with at least one adult and one child. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and at least one person under the age of 18.

Persons in Households without Children chart: Enter only persons in adult households without children. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children chart: Enter only persons in households with only children. To be listed on this chart, a person must be part of a household with no persons at or above the age of 18, and only persons under the age of 18.

Total Persons: All fields in the “Total Persons” rows will calculate automatically when the “Save” button is clicked.

Describe the unlisted subpopulations referred to above: This field is visible and mandatory if a number greater than 0 is entered into the column “Persons not represented by listed subpopulations.” Enter text that describes the person(s) identified in this column and explains how they do not fall under the other categories in columns 1 through 9.

Instructions:

ALL PROJECTS EXCEPT HMIS

Enter the percentage of project participants that will be coming from each of the following locations: This is a required field. Enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:
- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens (persons coming from TH are not considered to be chronically homeless)
- Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (only applicable to TH and SSO projects)
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the “Save” button is clicked. A warning message will appear if the total is greater than 100%.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

6A. Funding Request

Instructions:

ALL PROJECT APPLICATIONS

The fields that must be completed on this screen will vary based on the project type, program type, and component type selected earlier in the project application.

Do any of the properties in this project have an active restrictive covenant: This is a required field. Select “Yes” or “No” to indicate whether or not one or more of the project properties are subject to an active restrictive covenant. As a reminder, any project awarded capital cost funds (new construction, acquisition, or rehabilitation) has a 20 year or if initially awarded under the CoC Program (FY 2012 capital costs and beyond) a 15 year use restriction.

Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project: This is a required field. Indicate if this project previously received funds under either the Samaritan Housing or Permanent Housing Bonus initiative. If yes, then the project must continue to meet the requirements of the initiative, as specified in the Homeless Assistance Grants NOFA for the year in which funds were originally awarded, in order to continue to receive renewal funding under the CoC Program Competition.

Are the requested renewal funds reduced from the previous award as a result of reallocation?: This is a required field. Select “Yes” or “No” to indicate whether the renewal project is reduced through the reallocation process. The response will be compared to the CoC’s Reallocation Forms.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select ‘Yes’ or ‘No’ to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult 2 CFR Part 200.56, Part 200.413 and Part 200.414, FY 2016 NOFA and contact your local HUD office. The following questions become visible if “Yes” is selected:
- Please complete the indirect cost rate schedule below: Must complete at least one row.
- Has this rate been approved by your cognizant agency?: Select “Yes” or “No” from the dropdown menu.
- Do you plan to use the 10% de minimis rate? Select “Yes” or “No” from the dropdown menu.

Renewal Grant Term: This field is pre-populated with a one-year grant term and cannot be edited.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budget for which funding is being requested. The choices available will depend on the component and project type selected on Screen “3A Project Detail.” The following eligible costs may be listed: leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities listed on the CoC’s final HUD-approved FY 2016 GIW.

If you do not see the funding budgets that you expected, you may need to return to Screen “3A. Project Detail” to review the “Component Type” and/or “3B. Project Description” to review the type of project selected. See the FY 2016 CoC Program NOFA for additional guidance.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

Rental Assistance Budget Detail

Instructions:

Type of Rental Assistance: Select the applicable type of rental assistance from the dropdown menu. Options include tenant-based (TRA), sponsor-based (SRA), and project-based assistance (PRA). Each type has unique requirements and applicants should refer to the 24 CFR 578.51 before making a selection.

Metropolitan or non-metropolitan fair market rent area: This is a required field. Select the FY 2016 FMR area in which the project is located. The list is sorted by state abbreviation. The selected FMR area will be used to populate the rents in the chart below.

Does the applicant request rental assistance funding for less than the area's per unit size fair market rents: In the FY 2016 CoC Program Competition, eligible renewal projects requesting rental assistance are permitted to request a per-unit amount less than the Fair Market Rent (FMR). If the project applicant wants to request less than the FMR, select “Yes” from the dropdown for this question. The project applicant will then have the ability to enter an amount in the “HUD Paid Rent (applicant)” field that is less than the amount listed in the “FMR Area (applicant)” field. The following question is visible when PRA is selected:

Are you requesting a 15 year renewal per the FY2015 CoC Program NOFA? This request is only available for PH PRA rental assistance projects and 1 year of funding according to the relevant section of the FY 2016 CoC Program Competition NOFA.

Size of units: These options are system generated. Unit size is defined by the number of distinct bedrooms and not by the number of distinct beds.

# of units: This is a required field. For each unit size, enter the number of units for which funding is being requested. The number(s) listed should match the CoC’s HUD-approved FY 2015 GIW.

FMR: These fields are populated with the FY 2016 FMRs based on the FMR area selected by the project applicant. The FMRs are available online at http://www.huduser.org/portal/datasets/fmr.html.

HUD Paid Rent: For each unit size, enter the rent to be paid by the CoC program grant. This rent cannot exceed the FMR amount in the previous column; however, project applicants may request less than the FMR. Once funds are awarded recipients must document compliance with the rent reasonableness requirement set forth in section 578.51(g) of the CoC Program interim rule. (If the applicants select “No” above, this column will not be available for edit). In the GIW, HUD Paid Rent is known as “Actual”.

12 Months: These fields are populated with the value 12 to calculate the annual rent request.

Total Request: This column populates with the total calculated amount from each row based on the number of units multiplied by the corresponding “HUD Paid Rent” and by 12 months. If the applicant selected “No” above, the automatic calculation will be based on the FMR and not the “HUD Paid Rent.”.

Total Units and Annual Assistance Requested: The fields in this row are automatically calculated based on the total number of units and the sum of the total requests per unit size per year.

Grant Term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based on total annual assistance requested multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

6E. Supportive Services Budget

Instructions:

Enter the quantity and total budget request for each supportive services cost. The request entered should be equivalent to the cost of one year of the relevant supportive service.

Eligible Costs: The system populates a list of eligible supportive services for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.53.

Quantity AND Description: This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity in detail (e.g. 1 FTE Case Manager Salary + benefits, or child care for 15 children) for each supportive service activity for which funding is being requested. Please note that simply stating “1 FTE” is NOT providing “Quantity AND Detail” and limits HUD’s understanding of what is being requested. Failure to enter adequate ‘Quantity AND Detail’ may result in conditions being placed on an award and a delay of grant funding.

Annual Assistance Requested: This is a required field. Enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to providing supportive services to homeless participants. The request should match the budget amounts identified on the CoC’s HUD-approved FY 2016 GIW.

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Grant Term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Sources of Match Detail

Instructions:
Match (cash or in-kind) must be used for eligible program costs only and must be equal to or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs. Please review 24 CFR Part 578, the FY 2015 CoC Program NOFA for more detailed information concerning Match.

Will this commitment be used towards Match? Yes is automatically selected and this is a field that cannot be edited.

Type of Commitment: Select Cash ($) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

Type of source: Select Private or Government to denote the source of the contribution. The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of written commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match/ screen will populate the Screen “6I. Summary Budget.” The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snapsguides/coc-program-competition-resources/

6I. Summary Budget

Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to field “7. Admin (Up to 10%).”

Admin (Up to 10%): Enter the amount of requested administration funds. The request should match the amount identified on the CoC’s HUD-approved FY 2016 GIW. HUD will not fund greater than 10% of the request listed in the field “Sub-Total Eligible Costs Request.” If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is the total amount of funding the project applicant will request in the FY 2016 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field “Total Eligible Costs Request” minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen “6H. Sources of Match” to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.

7A. Attachment(s)

Instructions:

Subrecipient Nonprofit Documentation: Documentation of the subrecipient's nonprofit status must be uploaded, if the applicant and project subrecipient are different entities, and the subrecipient is a nonprofit organization.

Other Attachment(s): Attach any additional information supporting the project funding request. Use a zip file to attach multiple documents.

If indicated on Screens 3A and/or 3B, the following additional attachment screens may be visible that should be used instead of Screen 7A. Attachments:

CoC Rejection Letter: Projects that are applying for CoC funds and that have been rejected for the competition by their CoC (Solo Projects) must submit documentation from the CoC verifying and explaining why the project has been rejected.

Certification of Consistency with Consolidated Plan: Each applicant that is not a State or unit of local government is required to have a certification by the jurisdiction in which the proposed project will be located confirming that the applicant's application for funding is consistent with the jurisdiction's HUD-approved consolidated plan. The certification must be made in accordance with the provisions of the consolidated plan regulations at 24 CFR part 91, subpart F. For projects that selected “No CoC” on Screen 3A, a form HUD-2991 must be obtained and signed by the certifying official for the applicable jurisdiction, indicating that the proposed project will be consistent with the Consolidated Plan. If the Solo Applicant is a State or unit of local government, the jurisdiction must certify that it is following its HUD-approved Consolidated Plan.

7B. Certification

A. For all projects:
Fair Housing and Equal Opportunity

It will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000(d)) and regulations
pursuant thereto (Title 24 CFR part I), which state that no person in the United States shall, on
the ground of race, color or national origin, be excluded from participation in, be denied the
benefits of, or be otherwise subjected to discrimination under any program or activity for which
the applicant receives Federal financial assistance, and will immediately take any measures
necessary to effectuate this agreement. With reference to the real property and structure(s)
thereon which are provided or improved with the aid of Federal financial assistance extended to
the applicant, this assurance shall obligate the applicant, or in the case of any transfer,
transferee, for the period during which the real property and structure(s) are used for a purpose
for which the Federal financial assistance is extended or for another purpose involving the
provision of similar services or benefits.

It will comply with the Fair Housing Act (42 U.S.C. 3601-19), as amended, and with
implementing regulations at 24 CFR part 100, which prohibit discrimination in housing on the
basis of race, color, religion, sex, disability, familial status or national origin.

It will comply with Executive Order 11063 on Equal Opportunity in Housing and with
implementing regulations at 24 CFR Part 107 which prohibit discrimination because of race,
color, creed, sex or national origin in housing and related facilities provided with Federal financial
assistance.

It will comply with Executive Order 11246 and all regulations pursuant thereto (41 CFR Chapter
60-1), which state that no person shall be discriminated against on the basis of race, color,
religion, sex or national origin in all phases of employment during the performance of Federal
contracts and shall take affirmative action to ensure equal employment opportunity. The
applicant will incorporate, or cause to be incorporated, into any contract for construction work as
defined in Section 130.5 of HUD regulations the equal opportunity clause required by Section
130.15(b) of the HUD regulations.

It will comply with Section 3 of the Housing and Urban Development Act of 1968, as amended
(12 U.S.C. 1701(u)), and regulations pursuant thereto (24 CFR Part 135), which require that to
the greatest extent feasible opportunities for training and employment be given to lower-income
residents of the project and contracts for work in connection with the project be awarded in
substantial part to persons residing in the area of the project.

It will comply with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended,
and with implementing regulations at 24 CFR Part 8, which prohibit discrimination based on
disability in Federally-assisted and conducted programs and activities.

It will comply with the Age Discrimination Act of 1975 (42 U.S.C. 6101-07), as amended, and
implementing regulations at 24 CFR Part 146, which prohibit discrimination because of age in
projects and activities receiving Federal financial assistance.
It will comply with Executive Orders 11625, 12432, and 12138, which state that program participants shall take affirmative action to encourage participation by businesses owned and operated by members of minority groups and women.

If persons of any particular race, color, religion, sex, age, national origin, familial status, or disability who may qualify for assistance are unlikely to be reached, it will establish additional procedures to ensure that interested persons can obtain information concerning the assistance.

It will comply with the reasonable modification and accommodation requirements and, as appropriate, the accessibility requirements of the Fair Housing Act and section 504 of the Rehabilitation Act of 1973, as amended.

**Additional for Rental Assistance Projects:**

If applicant has established a preference for targeted populations of disabled persons pursuant to 24 CFR 582.330(a), it will comply with this section's nondiscrimination requirements within the designated population.

**B. For non-Rental Assistance Projects Only.**

**20-Year Operation Rule.**

For applicants receiving assistance for acquisition, rehabilitation or new construction: The project will be operated for no less than 20 years from the date of initial occupancy or the date of initial service provision for the purpose specified in the application.

**1-Year Operation Rule.**

For applicants receiving assistance for supportive services, leasing, or operating costs but not receiving assistance for acquisition, rehabilitation, or new construction: The project will be operated for the purpose specified in the application for any year for which such assistance is provided.

**C. Explanation.**

Where the applicant is unable to certify to any of the statements in this certification, such applicant shall provide an explanation.

Dear Taxpayer:

This is in response to your request of July 23, 2009, regarding your tax-exempt status.

Our records indicate that a determination letter was issued in March 1994, that recognized you as exempt from Federal income tax, and discloses that you are currently exempt under section 501(c)(3) of the Internal Revenue Code.

Our records also indicate you are not a private foundation within the meaning of section 509(a) of the Code because you are described in section(s) 509(a)(1) and 170(b)(1)(A)(vi).

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

Sincerely yours,

Michele M. Sullivan, Oper. Mgr.
Accounts Management Operations I
Dear Applicant:

This modifies our letter of the above date in which we stated that you would be treated as an organization that is not a private foundation until the expiration of your advance ruling period.

Your exempt status under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3) is still in effect. Based on the information you submitted, we have determined that you are not a private foundation within the meaning of section 509(a) of the Code because you are an organization of the type described in section 509(a)(1) and 170(b)(1)(A)(vi).

Grantors and contributors may rely on this determination unless the Internal Revenue Service publishes notice to the contrary. However, if you lose your section 509(a)(1) status, a grantor or contributor may not rely on this determination if he or she was in part responsible for, or was aware of, the act or failure to act, or the substantial or material change on the part of the organization that resulted in your loss of such status, or if he or she acquired knowledge that the Internal Revenue Service had given notice that you would no longer be classified as a section 509(a)(1) organization.

If we have indicated in the heading of this letter that an addendum applies, the addendum enclosed is an integral part of this letter.

Because this letter could help resolve any questions about your private foundation status, please keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number are shown above.

Sincerely yours,

Richard R. Oroso
District Director

501(c)(3) Documentation

Building Futures with Women and Children is the “doing business as” (dba) name for Cornerstone Community Development Corporation, which has been the legal name of the organization since 1999.

All properties and assets are owned and taxes are filed in Cornerstone’s name. For purposes of protecting confidentiality of battered women who stay at Cornerstone’s facilities, the name Building Futures is used for day-to-day business.

Building Futures was originally incorporated as a 501(c)(3) nonprofit agency in 1988 as St. Leander Women’s Refuge, and then in 1992 the name was changed to the San Leandro Shelter for Women and Children. In 1999 the Board of Directors adopted the new corporate name of Cornerstone Community Development Corporation and created the “doing business as” name of Building Futures.
Dear Sir or Madam:

This letter is in response to your organization’s Certified Amended Articles of Incorporation, showing a name change. We have updated your organization’s name in our records.

Our records indicate that a determination letter issued in October 1989 granted your organization exemption from federal income tax under section 501(c)(3) of the Internal Revenue Code. That letter is still in effect.

Based on information subsequently submitted, we classified your organization as one that is not a private foundation within the meaning of section 509(a) of the Code because it is an organization described in sections 509(a)(1) and 170(b)(1)(A)(vi).

This classification was based on the assumption that your organization’s operations would continue as stated in the application. If your organization’s sources of support, or its character, method of operations, or purposes have changed, please let us know so we can consider the effect of the change on the exempt status and foundation status of your organization.

Your organization is required to file Form 990, Return of Organization Exempt from Income Tax, only if its gross receipts each year are normally more than $25,000. If a return is required, it must be filed by the 15th day of the fifth month after the end of the organization’s annual accounting period. The law imposes a penalty of $20 a day, up to a maximum of $10,000, when a return is filed late, unless there is reasonable cause for the delay.

All exempt organizations (unless specifically excluded) are liable for taxes under the Federal Insurance Contributions Act (social security taxes) on remuneration of $100 or more paid to each employee during a calendar year. Your organization is not liable for the tax imposed under the Federal Unemployment Tax Act (FUTA).
Cornerstone Community Development Corporation
94-3100741

Organizations that are not private foundations are not subject to the excise taxes under Chapter 42 of the Code. However, these organizations are not automatically exempt from other federal excise taxes.

Donors may deduct contributions to your organization as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to your organization or for its use are deductible for federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Your organization is not required to file federal income tax returns unless it is subject to the tax on unrelated business income under section 511 of the Code. If your organization is subject to this tax, it must file an income tax return on the Form 990-T, Exempt Organization Business Income Tax Return. In this letter, we are not determining whether any of your organization’s present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

Because this letter could help resolve any questions about your organization’s exempt status and foundation status, you should keep it with the organization’s permanent records.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

This letter affirms your organization’s exempt status.

Sincerely,

C. Ashley Bullard
District Director
Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2016 Continuum of Care (CoC) Program Competition. For more information see FY 2016 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2016 CoC Program NOFA and the FY 2016 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2015 Project Application will be imported into the FY 2016 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the FY 2015 post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2016 CoC Program Competition NOFA.

2B. Recipient Performance

Instructions:
The selections made on this screen by completing all of the mandatory fields marked with an asterisk (*), will provide information on capacity of the project applicant. The screen asks the Project Applicant questions about capacity performance as a HUD grant recipient; in terms of: timely submission of required reports, quarterly eLOCCS drawdowns, addressing HUD monitoring and/or OIG audit findings and the recapture of any funds from the most recently expired grant term of the project.

APR Submission: Select "Yes" or "No" from the dropdown menu to indicate whether you have successfully submitted the APR on time for the most recently expired grant term related to this renewal project request. If "No" is selected, an additional question will appear, in which you must provide an explanation in the textbox; as to why the APR was not submitted in a timely manner.

HUD Monitoring Findings: Select "Yes" or "No" from the dropdown menu to indicate whether your organization has any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request. If "Yes" is selected, two new questions will appear, in which the applicant will enter the date of the oldest unresolved finding(s) and explain why the findings remain unresolved in the textbox provided.

Quarterly Drawdowns: Select "Yes" or "No" from the dropdown menu to indicate whether your organization maintained consistent Quarterly Drawdowns from eLOCCS for the most recent grant terms related to this renewal project. If "No," is selected, one new question will appear in which the applicant must explain, in the textbox provided, as to why the recipient has not maintained consistent Quarterly Drawdowns for the most recent grant terms related to this renewal project request.

Recaptured Funds: Select "Yes" or "No" from the dropdown menu to indicate whether any funds have been recaptured by HUD for the most recently expired grant term related to this renewal project request. If "Yes," is selected, one new question will appear, in which the applicant must explain why HUD recaptured funds from the most recently expired grant term.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? No

   Explain why the APR for the most recently expired grant term related to this renewal project request has not been submitted.

   Program is in Year 1 of operations and the APR will not be due to August 2017.

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes
4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request?  No
3A. Project Detail

Instructions:

The selections made on this screen will determine which additional forms will need to be completed for this project application.

Expiring Grant Number: This field is pre-populated with the expiring grant number entered on Screen “1A. Application Type.”

CoC Number and Name: Select the number and name of the CoC to which the project application will be submitted for the local competition review process. This is the CoC that will submit the CoC Consolidated Application to HUD by the designated submission deadline. Applicants with projects that do not belong to a CoC should select “No CoC.”

CoC Collaborative Applicant Name: Select the name of the CoC Applicant, also known as the Collaborative Applicant, from the dropdown. In most cases, there will only be one name from which to choose. The project applicant should choose the name of the CoC Applicant to which they intend to submit this project application.

Project Name: This is pre-populated from the “Project” Form and cannot be edited.

Project Status: The default selection is “Standard,” indicating that the applicant is submitting the application to the Collaborative Applicant for consideration in the FY 2016 CoC Program competition. The selection should only be changed to “Appeal” in the event that the project application is rejected by the Collaborative Applicant (either formally in e-snaps or outside of e-snaps) and the project applicant wants to appeal this decision directly to HUD by submitting a solo application. For additional information on the appeal process, see Section X of the FY 2016 CoC Program Competition NOFA. A full explanation of the process is provided on Screen “8A. Notice of Intent to Appeal.”

Component Type: This is a required field. Select the component type that identifies the renewal project application type. This can be either a PH, SH, TH, SSO or HMIS. The selection of component type will have an affect on what question on subsequent screens are asked of the user.

Title V: This field is required. Select “Yes” or “No” to indicate if one or more properties being served by this project were acquired under Title V.

Additional Resources can be found at the HUD Resource Exchange:
https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Expiring Grant Number: CA1465L9T021500
   (e.g., the "Federal Award Identifier" indicated on form 1A. Application Type)

2a. CoC Number and Name: CA-502 - Oakland, Berkeley/Alameda County CoC

2b. CoC Collaborative Applicant Name: Alameda County

3. Project Name: North County Homeless Youth RRH
4. Project Status: Standard

5. Component Type: PH

6. Does this project use one or more properties that have been conveyed through the Title V process? No
3B. Project Description

Instructions:

ALL PROJECTS

Provide a description that addresses the entire scope of the proposed project: This is a required field. The project description should address the entire scope of the project, including a clear picture of the target population(s) to be served, the plan for addressing the identified needs/issues of the CoC target population(s), projected outcome(s), and coordination with other source(s)/partner(s). The narrative is expected to describe the project at full operational capacity. The description should be consistent with and make reference to other parts of this application.

Does your project have a specific population focus: This is a required field. Select “Yes” if your project has special capacity in its facilities, program designs, tools, outreach or methodologies for a specific subpopulation or subpopulations. This does not necessarily mean that the project exclusively serves that subpopulation(s), but rather that they are uniquely equipped to serve them. If “Yes” is selected, select the relevant checkbox(s) to identify the project’s population focus.

PH, SH, TH and SSO PROJECTS ONLY

Does the project follow a “Housing First” approach: This is a required field for PH, TH and SSO projects only. Select all applicable checkboxes that indicate whether or not the project currently follows a housing first approach that ensures that participants are not screened out based on barriers such as income, sobriety, etc. Select “none of the above” if the project does not follow a housing first approach.
- Does the project quickly move participants into permanent housing?: This is a required field. Select “Yes” to this question if your project will quickly move program participants into permanent housing without additional steps (e.g., required stay in transitional housing first) before moving to permanent housing. If you are a domestic violence (DV) program you should select “Yes” if you will quickly move program participants into permanent housing after immediate safety needs are addressed (e.g., a person who is still in danger from a violent partner and would move into PH once the dangerous situation has been addressed). Select “No” if the project does not work to move program participants quickly into permanent housing.
- Does the project ensure that participants are not screened out based on the listed reasons? (Check all that apply): This is a required field and at least one option must be selected. Multiple checkbox selections are provided.
- Does the project ensure that participants are not terminated from the program for the listed reasons? (Check all that apply) Multiple checkbox selections are provided.
- Does the project follow a “Housing First” approach? This is auto-scored based upon the responses to the questions above and “Yes” or “No” will indicate if the project is using the Housing First approach to house program participants.

PH PROJECTS ONLY

Does the PH project provide PSH or RRH: This is a required field. Select“ PSH” if the project will operate according to a permanent supportive housing model as defined by 24 CFR 578. Select “RRH” if the project will operate according to a rapid rehousing model as defined by 24 CFR 578.

PH AND TH PROJECTS ONLY:

Does the project request costs under the rental assistance budget line item?: This is a required field. If requesting rental assistance, select “Yes” from the dropdown menu. If not requesting rental assistance in this project application, select “No”.

RENTAL ASSISTANCE PROJECTS ONLY

Is this a CoC Program leasing or SHP project that had been approved by HUD to change the renewal project budget from leasing to rental assistance? (This change must have been listed on
the final HUD-approved FY 2016 GIW. See 24 CFR 578.49(b)(8)): This is a required field. “Yes” should only be selected if HUD approved a change from leasing to rental assistance during the FY 2016 GIW process.

FOR SSO PROJECTS ONLY

Please select the type of SSO Project: Four options are given; Street Outreach; Housing Project or Housing Structure Specific; Coordinated Entry; Standalone Supportive Service. Only Coordinated Entry will have follow up questions.

FOR SSO COORDINATED ENTRY PROJECTS ONLY

Will the coordinated entry process funded in part by this grant cover the COC’s entire geographic area: This is a required field. Yes/No dropdown question.

Will the coordinated entry process funded in part by this grant be easily accessible: This is a required field. Yes/No dropdown question.

Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance. This is a required field. Explain the outreach strategy of the CE.

Does the coordinated entry process use a comprehensive, standardized assessment process: This is a required field. Yes/No dropdown question.

Describe the referral process and how the coordinated entry process ensures that participants are directed to appropriate housing and/or services: This is a required field. Explain the referral process.

If the coordinated entry process includes differences in the access, entry, assessment, or referral for certain populations, are those differences limited only to the following four groups: Individuals, Families, DV, and Youth: This is a required field. Yes/No dropdown question.

1. Provide a description that addresses the entire scope of the proposed project.

The North County Homeless Youth RRH provides Rapid Rehousing services to 60 homeless Transition Aged Youth (TAY) in Northern Alameda County (Oakland, Berkeley, Emeryville, Albany). The project brings together four of the leading local agencies in the field of homeless youth, and provides youth culturally competent services and a Rapid Rehousing model that is specifically tailored to the needs of homeless youth. The project meets an existing gap in the continuum of homeless services currently available for TAY (including youth specific outreach, shelter, transitional housing and permanent housing) as no other TAY specific Rapid Rehousing program is currently in operation in the area. In addition, the project draws on the varied expertise of its partner providers to serve several specific populations of homeless youth including youth who have been trafficked, youth exiting the foster care system, street youth, and youth who identify as lesbian, gay, bi-sexual, transgender, or questioning (LGBTQ).

2. Does your project have a specific population focus? Yes

Applicant: City of Oakland
Project: North County Homeless Youth RRH
2a. Please identify the specific population focus. (Select ALL that apply)

4A. Supportive Services for Participants

Instructions:
ALL PROJECTS EXCEPT HMIS

For all supportive services available to participants, indicate who will provide them, and how often they are provided. This field is required and at least one value must be entered. Complete each row of drop down menus for supportive services that will be available to participants, using the funds requested through the application, and funds from other sources. If more than one provider is relevant for a single service, please select the provider that corresponds to the highest frequency.

- Provider: select one of the following: “Applicant” to indicate that the applicant will provide the service directly; “Subrecipient” to indicate that a subrecipient will provide the service directly; “Partner” to indicate that an organization that is not a subrecipient of project funds but with whom a formal agreement or MOU has been signed will provide the service directly; or, “Non-Partner” to indicate that a specific organization with whom no formal agreement has been established regularly provides the service to clients. If more than one provider offers the service at the same frequency, choose the provider according to the following: Applicant, then Subrecipient, then Partner, and lastly, non-Partner.

- Frequency: Select the most common interval of time for which the service is accessible to participants. If two frequencies are equally common, choose the interval with the highest frequency.

Applicants may leave dropdown menus as “—select—” when services are not applicable.

Please identify whether the project includes the following activities:
- Transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs? Select “Yes” or “No” from the dropdown menu.
- Use of a single application form for four or more mainstream programs? Select “Yes” or “No” from the dropdown menu.
- At least annual follow-ups with participants to ensure mainstream benefits are received and renewed? Select “Yes” or “No” from the dropdown menu.
- Do project participants have access to SSI/SSDI technical assistance provided by the applicant, a subrecipient, or partner agency? Select “Yes” or “No” from the dropdown menu. If “Yes” is selected the following question will become visible:
- Has the staff person providing the technical assistance completed SOAR training in the past 24 months. Select “Yes” or “No” from the dropdown menu.

4B. Housing Type and Location Detail

Instructions:

ALL PROJECTS EXCEPT HMIS

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

PH-PSH PROJECTS ONLY

How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project’s grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as “CH Beds” on a CoC’s Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter “0.”

How many of the total beds entered in "2b. Beds" are not dedicated to the chronically homeless? This is a required field, but it is Auto calculated. The number that is calculated is the difference between 3a and 2b.

How many of the total beds entered in "3b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number of beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the projects grant agreement for FY 2016 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter “0.”

How many of the beds listed in question “3c.” above will be prioritized for use by the chronically homeless? This is a required field. Use the number of turnover beds that are not dedicated to the chronically homeless and that you estimated in field c to estimate and enter the number of those beds that will be prioritized for the chronically homeless as soon as they do turnover.

ALL PROJECTS EXCEPT HMIS

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

5A. Project Participants - Households

Instructions:

ALL PROJECTS EXCEPT HMIS

In each non-shaded field list the number of households or persons served at maximum program capacity. The numbers here are intended to reflect a single point in time at maximum occupancy and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Households: Enter the number of households under at least one of the categories: Households with at least One Adult and One Child, Adult Households without Children, or Households with Only Children.

Households with at least One Adult and One Child: Enter the total number of households with at least one adult and one child. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Households without Children: Enter the total number of adult households without children. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Households with Only Children: Enter the total number of households with only children. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Characteristics: Enter the total number of homeless that fall under one of the characteristics listed.

Persons in Households with at least One Adult and One Child: Enter the number of persons in households with at least one adult and one child for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

Adult Persons in Households without Children: Enter the number of persons in households without children for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children: Enter the number of persons in households with only children for each demographic row. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

Totals: All fields in the “Total Number…” and “Total Persons” rows will automatically calculate when the “Save” button is clicked.

5B. Project Participants - Subpopulations

Instructions:

ALL PROJECTS EXCEPT HMIS

*This screen can only be completed once Screen “5A. Project Participants – Households” has been completed and saved.

In each non-shaded field enter the number of persons served at maximum program capacity according to their age group, disability status, and the extent in which persons served fit into one or more of the subpopulation categories. The numbers here are intended to reflect a single point in time at maximum capacity and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Complete each of the three charts on this screen according to household types.

Persons in Households with at least one Adult and One Child chart: Enter only persons in households with at least one adult and one child. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and at least one person under the age of 18.

Persons in Households without Children chart: Enter only persons in adult households without children. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children chart: Enter only persons in households with only children. To be listed on this chart, a person must be part of a household with no persons at or above the age of 18, and only persons under the age of 18.

Total Persons: All fields in the “Total Persons” rows will calculate automatically when the “Save” button is clicked.

Describe the unlisted subpopulations referred to above: This field is visible and mandatory if a number greater than 0 is entered into the column “Persons not represented by listed subpopulations.” Enter text that describes the person(s) identified in this column and explains how they do not fall under the other categories in columns 1 through 9.

5C. Outreach for Participants

Instructions:

ALL PROJECTS EXCEPT HMIS

Enter the percentage of project participants that will be coming from each of the following locations: This is a required field. Enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:
- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens (persons coming from TH are not considered to be chronically homeless)
- Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (only applicable to TH and SSO projects)
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the “Save” button is clicked. A warning message will appear if the total is greater than 100%

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

6A. Funding Request

Instructions:

ALL PROJECT APPLICATIONS

The fields that must be completed on this screen will vary based on the project type, program type, and component type selected earlier in the project application.

Do any of the properties in this project have an active restrictive covenant: This is a required field. Select “Yes” or “No” to indicate whether or not one or more of the project properties are subject to an active restrictive covenant. As a reminder, any project awarded capital cost funds (new construction, acquisition, or rehabilitation) has a 20 year or if initially awarded under the CoC Program (FY 2012 capital costs and beyond) a 15 year use restriction.

Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project: This is a required field. Indicate if this project previously received funds under either the Samaritan Housing or Permanent Housing Bonus initiative. If yes, then the project must continue to meet the requirements of the initiative, as specified in the Homeless Assistance Grants NOFA for the year in which funds were originally awarded, in order to continue to receive renewal funding under the CoC Program Competition.

Are the requested renewal funds reduced from the previous award as a result of reallocation?: This is a required field. Select “Yes” or “No” to indicate whether the renewal project is reduced through the reallocation process. The response will be compared to the CoC’s Reallocation Forms.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select ‘Yes’ or ‘No’ to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult 2 CFR Part 200.56, Part 200.413 and Part 200.414, FY 2016 NOFA and contact your local HUD office. The following questions become visible if “Yes” is selected:

- Please complete the indirect cost rate schedule below: Must complete at least one row.
- Has this rate been approved by your cognizant agency?: Select “Yes” or “No” from the dropdown menu.
- Do you plan to use the 10% de minimis rate? Select “Yes” or “No” from the dropdown menu.

Renewal Grant Term: This field is pre-populated with a one-year grant term and cannot be edited.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budget for which funding is being requested. The choices available will depend on the component and project type selected on Screen “3A Project Detail.” The following eligible costs may be listed: leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities listed on the CoC’s final HUD-approved FY 2016 GIW.

If you do not see the funding budgets that you expected, you may need to return to Screen “3A. Project Detail” to review the "Component Type" and/or “3B. Project Description” to review the type of project selected. See the FY 2016 CoC Program NOFA for additional guidance.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps-guides/coc-program-competition-resources/

1. Do any of the properties in this project have an active restrictive covenant? No
2. Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project? Yes

3. Are the requested renewal funds reduced from the previous award as a result of reallocation? No

4. Does this project propose to allocate funds according to an indirect cost rate? No

5. Renewal Grant Term: 1 Year

6. Select the costs for which funding is being requested:

### Rental Assistance Budget Detail

**Instructions:**

Type of Rental Assistance: Select the applicable type of rental assistance from the dropdown menu. Options include tenant-based (TRA), sponsor-based (SRA), and project-based assistance (PRA). Each type has unique requirements and applicants should refer to the 24 CFR 578.51 before making a selection.

Metropolitan or non-metropolitan fair market rent area: This is a required field. Select the FY 2016 FMR area in which the project is located. The list is sorted by state abbreviation. The selected FMR area will be used to populate the rents in the chart below.

Does the applicant request rental assistance funding for less than the area's per unit size fair market rents: In the FY 2016 CoC Program Competition, eligible renewal projects requesting rental assistance are permitted to request a per-unit amount less than the Fair Market Rent (FMR). If the project applicant wants to request less than the FMR, select “Yes” from the dropdown for this question. The project applicant will then have the ability to enter an amount in the “HUD Paid Rent (applicant)” field that is less than the amount listed in the “FMR Area (applicant)” field. The following question is visible when PRA is selected:

Are you requesting a 15 year renewal per the FY2015 CoC Program NOFA? This request is only available for PH PRA rental assistance projects and 1 year of funding according to the relevant section of the FY 2016 CoC Program Competition NOFA.

Size of units: These options are system generated. Unit size is defined by the number of distinct bedrooms and not by the number of distinct beds.

# of units: This is a required field. For each unit size, enter the number of units for which funding is being requested. The number(s) listed should match the CoC’s HUD-approved FY 2015 GIW.

FMR: These fields are populated with the FY 2016 FMRs based on the FMR area selected by the project applicant. The FMRs are available online at http://www.huduser.org/portal/datasets/fmr.html.

HUD Paid Rent: For each unit size, enter the rent to be paid by the CoC program grant. This rent cannot exceed the FMR amount in the previous column; however, project applicants may request less than the FMR. Once funds are awarded recipients must document compliance with the rent reasonableness requirement set forth in section 578.51(g) of the CoC Program interim rule. (If the applicants select “No” above, this column will not be available for edit). In the GIW, HUD Paid Rent is known as “Actual”.

12 Months: These fields are populated with the value 12 to calculate the annual rent request.

Total Request: This column populates with the total calculated amount from each row based on the number of units multiplied by the corresponding “HUD Paid Rent” and by 12 months. If the applicant selected “No” above, the automatic calculation will be based on the FMR and not the “HUD Paid Rent.”.

Total Units and Annual Assistance Requested: The fields in this row are automatically calculated based on the total number of units and the sum of the total requests per unit size per year.

Grant Term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based on total annual assistance requested multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

6E. Supportive Services Budget

Instructions:

Enter the quantity and total budget request for each supportive services cost. The request entered should be equivalent to the cost of one year of the relevant supportive service.

Eligible Costs: The system populates a list of eligible supportive services for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.53.

Quantity AND Description: This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity in detail (e.g. 1 FTE Case Manager Salary + benefits, or child care for 15 children) for each supportive service activity for which funding is being requested. Please note that simply stating “1 FTE” is NOT providing “Quantity AND Detail” and limits HUD’s understanding of what is being requested. Failure to enter adequate ‘Quantity AND Detail’ may result in conditions being placed on an award and a delay of grant funding.

Annual Assistance Requested: This is a required field. Enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to providing supportive services to homeless participants. The request should match the budget amounts identified on the CoC’s HUD-approved FY 2016 GIW.

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Grant Term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Instructions:
Match (cash or in-kind) must be used for eligible program costs only and must be equal to or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs Please review 24 CFR Part 578, the FY 2015 CoC Program NOFA for more detailed information concerning Match.

Will this commitment be used towards Match? Yes is automatically selected and this is a field that cannot be edited.

Type of Commitment: Select Cash ($) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

Type of source: Select Private or Government to denote the source of the contribution. The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of written commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match/ screen will populate the Screen “6I. Summary Budget.” The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of written commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match/ screen will populate the Screen “6I. Summary Budget.” The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Will this commitment be used towards Match? Yes

2. Type of Commitment: Cash

5. Date of Written Commitment: 08/12/2016

6. Value of Written Commitment: $8,766

Sources of Match Detail

Instructions:

Match (cash or in-kind) must be used for eligible program costs only and must be equal to or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs Please review 24 CFR Part 578, the FY 2015 CoC Program NOFA for more detailed information concerning Match.

Will this commitment be used towards Match? Yes is automatically selected and this is a field that cannot be edited.

Type of Commitment: Select Cash ($) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

Type of source: Select Private or Government to denote the source of the contribution. The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and

6I. Summary Budget

Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to field “7. Admin (Up to 10%).”

Admin (Up to 10%): Enter the amount of requested administration funds. The request should match the amount identified on the CoC's HUD-approved FY 2016 GIW. HUD will not fund greater than 10% of the request listed in the field “Sub-Total Eligible Costs Request.” If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is the total amount of funding the project applicant will request in the FY 2016 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field “Total Eligible Costs Request” minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen “6H. Sources of Match” to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.

**Instructions:**

Subrecipient Nonprofit Documentation: Documentation of the subrecipient's nonprofit status must be uploaded, if the applicant and project subrecipient are different entities, and the subrecipient is a nonprofit organization.

Other Attachment(s): Attach any additional information supporting the project funding request. Use a zip file to attach multiple documents.

If indicated on Screens 3A and/or 3B, the following additional attachment screens may be visible that should be used instead of Screen 7A. Attachments:

CoC Rejection Letter: Projects that are applying for CoC funds and that have been rejected for the competition by their CoC (Solo Projects) must submit documentation from the CoC verifying and explaining why the project has been rejected.

Certification of Consistency with Consolidated Plan: Each applicant that is not a State or unit of local government is required to have a certification by the jurisdiction in which the proposed project will be located confirming that the applicant's application for funding is consistent with the jurisdiction's HUD-approved consolidated plan. The certification must be made in accordance with the provisions of the consolidated plan regulations at 24 CFR part 91, subpart F. For projects that selected “No CoC” on Screen 3A, a form HUD-2991 must be obtained and signed by the certifying official for the applicable jurisdiction, indicating that the proposed project will be consistent with the Consolidated Plan. If the Solo Applicant is a State or unit of local government, the jurisdiction must certify that it is following its HUD-approved Consolidated Plan.

7B. Certification

A. For all projects:
Fair Housing and Equal Opportunity

It will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000(d)) and regulations pursuant thereto (Title 24 CFR part 1), which state that no person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives Federal financial assistance, and will immediately take any measures necessary to effectuate this agreement. With reference to the real property and structure(s) thereon which are provided or improved with the aid of Federal financial assistance extended to the applicant, this assurance shall obligate the applicant, or in the case of any transfer, transferee, for the period during which the real property and structure(s) are used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

It will comply with the Fair Housing Act (42 U.S.C. 3601-19), as amended, and with implementing regulations at 24 CFR part 100, which prohibit discrimination in housing on the basis of race, color, religion, sex, disability, familial status or national origin.

It will comply with Executive Order 11063 on Equal Opportunity in Housing and with implementing regulations at 24 CFR Part 107 which prohibit discrimination because of race, color, creed, sex or national origin in housing and related facilities provided with Federal financial assistance.

It will comply with Executive Order 11246 and all regulations pursuant thereto (41 CFR Chapter 60-1), which state that no person shall be discriminated against on the basis of race, color, religion, sex or national origin in all phases of employment during the performance of Federal contracts and shall take affirmative action to ensure equal employment opportunity. The applicant will incorporate, or cause to be incorporated, into any contract for construction work as defined in Section 130.5 of HUD regulations the equal opportunity clause required by Section 130.15(b) of the HUD regulations.

It will comply with Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701(u)), and regulations pursuant thereto (24 CFR Part 135), which require that to the greatest extent feasible opportunities for training and employment be given to lower-income residents of the project and contracts for work in connection with the project be awarded in substantial part to persons residing in the area of the project.

It will comply with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended, and with implementing regulations at 24 CFR Part 8, which prohibit discrimination based on disability in Federally-assisted and conducted programs and activities.

It will comply with the Age Discrimination Act of 1975 (42 U.S.C. 6101-07), as amended, and implementing regulations at 24 CFR Part 146, which prohibit discrimination because of age in projects and activities receiving Federal financial assistance.
It will comply with Executive Orders 11625, 12432, and 12138, which state that program participants shall take affirmative action to encourage participation by businesses owned and operated by members of minority groups and women.

If persons of any particular race, color, religion, sex, age, national origin, familial status, or disability who may qualify for assistance are unlikely to be reached, it will establish additional procedures to ensure that interested persons can obtain information concerning the assistance.

It will comply with the reasonable modification and accommodation requirements and, as appropriate, the accessibility requirements of the Fair Housing Act and section 504 of the Rehabilitation Act of 1973, as amended.

Additional for Rental Assistance Projects:

If applicant has established a preference for targeted populations of disabled persons pursuant to 24 CFR 582.330(a), it will comply with this section’s nondiscrimination requirements within the designated population.

B. For non-Rental Assistance Projects Only.

20-Year Operation Rule.

For applicants receiving assistance for acquisition, rehabilitation or new construction: The project will be operated for no less than 20 years from the date of initial occupancy or the date of initial service provision for the purpose specified in the application.

1-Year Operation Rule.

For applicants receiving assistance for supportive services, leasing, or operating costs but not receiving assistance for acquisition, rehabilitation, or new construction: The project will be operated for the purpose specified in the application for any year for which such assistance is provided.

C. Explanation.

Where the applicant is unable to certify to any of the statements in this certification, such applicant shall provide an explanation.

Name of Authorized Certifying Official: Sara Bedford
Date: 08/25/2016
Title: Director - Department of Human Services

Dear Applicant:

We are pleased to inform you that upon review of your application for tax exempt status we have determined that you are exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code. Contributions to you are deductible under section 170 of the Code. You are also qualified to receive tax deductible bequests, devises, transfers or gifts under section 2055, 2106 or 2522 of the Code. Because this letter could help resolve any questions regarding your exempt status, you should keep it in your permanent records.

Organizations exempt under section 501(c)(3) of the Code are further classified as either public charities or private foundations. During your advance ruling period, you will be treated as a public charity. Your advance ruling period begins with the effective date of your exemption and ends with advance ruling ending date shown in the heading of the letter.

Shortly before the end of your advance ruling period, we will send you Form 8734, Support Schedule for Advance Ruling Period. You will have 90 days after the end of your advance ruling period to return the completed form. We will then notify you, in writing, about your public charity status.

Please see enclosed Publication 4221-PC, Compliance Guide for 501(c)(3) Public Charities, for some helpful information about your responsibilities as an exempt organization.

Dear Sir or Madam:

This is in response to your amended articles of incorporation filed with the state on January 29, 2008. We have updated our records to reflect the name change from Tay Central to YEAHI.

Our records indicate that a determination letter was issued in December 2007 that recognized you as exempt from Federal income tax, and reflect that you are currently exempt under section 501(c)(3) of the Internal Revenue Code. Our records also indicate that you are classified as a public charity under section(s) 509(a)(1) and 170(b)(1)(A)(vi) of the Code until the advance ruling period ending date shown above.

Within 90 days from the end of the advance ruling period, you must submit Form 8734, Support Schedule for Advance Ruling Period, in order for us to determine whether you meet the applicable public charity support tests.

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Grantors and contributors may rely on the determination that you are not a private foundation until 90 days after the end of your advance ruling period. If you submit the required information within 90 days, grantors and contributors may continue to rely on the advance determination until the Service makes a final determination of your public charity status.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

Sincerely,

Cindy Westcott
Manager, Exempt Organizations Determinations
Dear Applicant:

This modifies our letter of the above date in which we stated that you
would be treated as an organization that is not a private foundation until the
expiration of your advance ruling period.

Your exempt status under section 501(a) of the Internal Revenue Code as an
organization described in section 501(c)(3) is still in effect. Based on the
information you submitted, we have determined that you are not a private
foundation within the meaning of section 509(a) of the Code because you are an
organization of the type described in section 509(a)(1) and 170(b)(1)(A)(vi).

Grantors' and contributors may rely on this determination unless the
Internal Revenue Service publishes notice to the contrary. However, if you
lose your section 509(a)(1) status, a grantor or contributor may not rely on
this determination if he or she was in part responsible for, or was aware of,
the act or failure to act, or the substantial or material change on the part of
the organization that resulted in your loss of such status, or if he or she
acquired knowledge that the Internal Revenue Service had given notice that you
would no longer be classified as a section 509(a)(1) organization:

If we have indicated in the heading of this letter that an addendum
applies, the addendum enclosed is an integral part of this letter.

Because this letter could help resolve any questions about your private
foundation status, please keep it in your permanent records.

If you have any questions, please contact the person whose name and
telephone number are shown above.

Sincerely yours,

Richard R. Orozco
District Director
Dear Sir or Madam:

This is in response to your request of December 17, 2004, regarding your organization's tax-exempt status.

In November 1991 we issued a determination letter that recognized your organization as exempt from federal income tax. Our records indicate that your organization is currently exempt under section 501(c)(3) of the Internal Revenue Code.

Our records indicate that your organization is also classified as a public charity under sections 509(a)(1) and 170(b)(1)(A)(vi) of the Internal Revenue Code.

Our records indicate that contributions to your organization are deductible under section 170 of the Code, and that you are qualified to receive tax deductible bequests, devises, transfers or gifts under section 2055, 2106 or 2522 of the Internal Revenue Code.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

Sincerely,

[Signature]

Dear Sir or Madam:

This is in response to your request of November 30, 2007, regarding your tax-exempt status. We have updated our records to reflect the name change from THE FIRST PLACE FUND FOR YOUTH to FIRST PLACE FOR YOUTH.

Our records indicate that a determination letter was issued in June 2006 that recognized you as exempt from Federal income tax, and reflect that you are currently exempt under section 501(c)(3) of the Internal Revenue Code.

Our records also indicate you are not a private foundation within the meaning of section 509(a) of the Code because you are described in section 509(a)(1) and 170(b)(1)(A)(vi).

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

Sincerely,

Cindy Westcott

Determinations
Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2016 Continuum of Care (CoC) Program Competition. For more information see FY 2016 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2016 CoC Program NOFA and the FY 2016 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2015 Project Application will be imported into the FY 2016 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the FY 2015 post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2016 CoC Program Competition NOFA.

Instructions:

Is Application Subject to Review by State Executive Order 12372 Process: In this required field, select the appropriate dropdown option that applies to the Applicant applying for homeless assistance funding. Applicants should contact the State Single Point of Contact (SPOC) for Federal Executive Order 12372 to determine whether the application is subject to the State intergovernmental review process.

Click the following link to access the lists of those States that have chosen to participate in the intergovernmental review process: http://www.whitehouse.gov/omb/grants_spoc

If the applicant is located in a state or U.S. territory that is required review by State Executive Order 12372, enter the date this application was made available to the State or U.S. territory for review.

Is the Applicant Delinquent on any Federal Debt: In this required field, select the appropriate dropdown option that applies to the project applicant. This question applies to the project applicant’s organization, not the person who signs as the authorized representative. Categories of debt include delinquent audit disallowances, loans, and taxes.

If “Yes” is selected an explanation is required in the space provided on this screen.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

19. Is the Application Subject to Review By State Executive Order 12372 Process? b. Program is subject to E.O. 12372 but has not been selected by the State for review.

If "YES", enter the date this application was made available to the State for review:

20. Is the Applicant delinquent on any Federal debt? No

If "YES," provide an explanation:
1F. Declaration

**Instructions:**

The authorized person for the project applicant organization must agree to the declaration statement in order to proceed to the project application. The list of certifications and assurances are contained in the FY 2016 CoC Program NOFA, and in the e-snaps Project Applicant Profile.

Authorized Representative: The authorized representative’s information is pre-populated on this screen from the Project Applicant Profile. A copy of the governing body’s authorization for this person to sign the project application as the official representative must be on file in the applicant’s office.

Additional Resources can be found at the HUD Resource Exchange:
https://www.hudexchange.info/e-snaps.guides/coc-program-competition-resources/

All screens, 1A – 1F must be completed in full before the project applicant will have access to the Project Application in e-snaps.

By signing and submitting this application, I certify (1) to the statements contained in the list of certifications** and (2) that the statements herein are true, complete, and accurate to the best of my knowledge. I also provide the required assurances** and agree to comply with any resulting terms if I accept an award. I am aware that any false, fictitious, or fraudulent statements or claims may subject me to criminal, civil, or administrative penalties. (U.S. Code, Title 218, Section 1001)

2B. Recipient Performance

Instructions:

The selections made on this screen by completing all of the mandatory fields marked with an asterisk (*), will provide information on capacity of the project applicant. The screen asks the Project Applicant questions about capacity performance as a HUD grant recipient; in terms of: timely submission of required reports, quarterly eLOCCS drawdowns, addressing HUD monitoring and/or OIG audit findings and the recapture of any funds from the most recently expired grant term of the project.

APR Submission: Select "Yes" or "No" from the dropdown menu to indicate whether you have successfully submitted the APR on time for the most recently expired grant term related to this renewal project request. If "No" is selected, an additional question will appear, in which you must provide an explanation in the textbox; as to why the APR was not submitted in a timely manner.

HUD Monitoring Findings: Select "Yes" or "No" from the dropdown menu to indicate whether your organization has any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request. If “Yes” is selected, two new questions will appear, in which the applicant will enter the date of the oldest unresolved finding(s) and explain why the findings remain unresolved in the textbox provided.

Quarterly Drawdowns: Select "Yes" or "No" from the dropdown menu to indicate whether your organization maintained consistent Quarterly Drawdowns from eLOCCS for the most recent grant terms related to this renewal project. If "No," is selected, one new question will appear in which the applicant must explain, in the textbox provided, as to why the recipient has not maintained consistent Quarterly Drawdowns for the most recent grant terms related to this renewal project request.

Recaptured Funds: Select "Yes" or "No" from the dropdown menu to indicate whether any funds have been recaptured by HUD for the most recently expired grant term related to this renewal project request. If "Yes," is selected, one new question will appear, in which the applicant must explain why HUD recaptured funds from the most recently expired grant term.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? Yes

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? No
3A. Project Detail

Instructions:

The selections made on this screen will determine which additional forms will need to be completed for this project application.

Expiring Grant Number: This field is pre-populated with the expiring grant number entered on Screen “1A. Application Type.”

CoC Number and Name: Select the number and name of the CoC to which the project application will be submitted for the local competition review process. This is the CoC that will submit the CoC Consolidated Application to HUD by the designated submission deadline. Applicants with projects that do not belong to a CoC should select “No CoC.”

CoC Collaborative Applicant Name: Select the name of the CoC Applicant, also known as the Collaborative Applicant, from the dropdown. In most cases, there will only be one name from which to choose. The project applicant should choose the name of the CoC Applicant to which they intend to submit this project application.

Project Name: This is pre-populated from the “Project” Form and cannot be edited.

Project Status: The default selection is “Standard,” indicating that the applicant is submitting the application to the Collaborative Applicant for consideration in the FY 2016 CoC Program competition. The selection should only be changed to “Appeal” in the event that the project application is rejected by the Collaborative Applicant (either formally in e-snaps or outside of e-snaps) and the project applicant wants to appeal this decision directly to HUD by submitting a solo application. For additional information on the appeal process, see Section X of the FY 2016 CoC Program Competition NOFA. A full explanation of the process is provided on Screen “8A. Notice of Intent to Appeal.”

Component Type: This is a required field. Select the component type that identifies the renewal project application type. This can be either a PH, SH, TH, SSO or HMIS. The selection of component type will have an affect on what question on subsequent screens are asked of the user.

Title V: This field is required. Select “Yes” or “No” to indicate if one or more properties being served by this project were acquired under Title V.

Additional Resources can be found at the HUD Resource Exchange:
https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Expiring Grant Number: CA0105L9T021508
   (e.g., the “Federal Award Identifier” indicated on form 1A. Application Type)

2a. CoC Number and Name: CA-502 - Oakland, Berkeley/Alameda County CoC

2b. CoC Collaborative Applicant Name: Alameda County

3. Project Name: North County Women’s Center
4. Project Status: Standard

5. Component Type: TH

6. Does this project use one or more properties that have been conveyed through the Title V process? No
3B. Project Description

Instructions:

ALL PROJECTS

Provide a description that addresses the entire scope of the proposed project: This is a required field. The project description should address the entire scope of the project, including a clear picture of the target population(s) to be served, the plan for addressing the identified needs/issues of the CoC target population(s), projected outcome(s), and coordination with other source(s)/partner(s). The narrative is expected to describe the project at full operational capacity. The description should be consistent with and make reference to other parts of this application.

Does your project have a specific population focus: This is a required field. Select “Yes” if your project has special capacity in its facilities, program designs, tools, outreach or methodologies for a specific subpopulation or subpopulations. This does not necessarily mean that the project exclusively serves that subpopulation(s), but rather that they are uniquely equipped to serve them. If “Yes” is selected, select the relevant checkbox(s) to identify the project’s population focus.

PH, SH, TH and SSO PROJECTS ONLY

Does the project follow a “Housing First” approach: This is a required field for PH, TH and SSO projects only. Select all applicable checkboxes that indicate whether or not the project currently follows a housing first approach that ensures that participants are not screened out based on barriers such as income, sobriety, etc. Select “none of the above” if the project does not follow a housing first approach.
- Does the project quickly move participants into permanent housing?: This is a required field. Select “Yes” to this question if your project will quickly move program participants into permanent housing without additional steps (e.g., required stay in transitional housing first) before moving to permanent housing. If you are a domestic violence (DV) program you should select “Yes” if you will quickly move program participants into permanent housing after immediate safety needs are addressed (e.g., a person who is still in danger from a violent partner and would move into PH once the dangerous situation has been addressed). Select “No” if the project does not work to move program participants quickly into permanent housing.
- Does the project ensure that participants are not screened out based on the listed reasons? (Check all that apply): This is a required field and at least one option must be selected. Multiple checkbox selections are provided.
- Does the project ensure that participants are not terminated from the program for the listed reasons? (Check all that apply) Multiple checkbox selections are provided.
- Does the project follow a “Housing First” approach? This is auto-scored based upon the responses to the questions above and “Yes” or “No” will indicate if the project is using the Housing First approach to house program participants.

PH PROJECTS ONLY

Does the PH project provide PSH or RRH: This is a required field. Select “PSH” if the project will operate according to a permanent supportive housing model as defined by 24 CFR 578. Select “RRH” if the project will operate according to a rapid rehousing model as defined by 24 CFR 578.

PH AND TH PROJECTS ONLY:

Does the project request costs under the rental assistance budget line item?: This is a required field. If requesting rental assistance, select “Yes” from the dropdown menu. If not requesting rental assistance in this project application, select “No”.

RENTAL ASSISTANCE PROJECTS ONLY

Is this a CoC Program leasing or SHP project that had been approved by HUD to change the renewal project budget from leasing to rental assistance? (This change must have been listed on
the final HUD-approved FY 2016 GIW. See 24 CFR 578.49(b)(8)): This is a required field. “Yes” should only be selected if HUD approved a change from leasing to rental assistance during the FY 2016 GIW process.

FOR SSO PROJECTS ONLY

Please select the type of SSO Project: Four options are given; Street Outreach; Housing Project or Housing Structure Specific; Coordinated Entry; Standalone Supportive Service. Only Coordinated Entry will have follow up questions.

FOR SSO COORDINATED ENTRY PROJECTS ONLY

Will the coordinated entry process funded in part by this grant cover the COC’s entire geographic area: This is a required field. Yes/No dropdown question.

Will the coordinated entry process funded in part by this grant be easily accessible: This is a required field. Yes/No dropdown question.

Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance. This is a required field. Explain the outreach strategy of the CE.

Does the coordinated entry process use a comprehensive, standardized assessment process: This is a required field. Yes/No dropdown question.

Describe the referral process and how the coordinated entry process ensures that participants are directed to appropriate housing and/or services: This is a required field. Explain the referral process.

If the coordinated entry process includes differences in the access, entry, assessment, or referral for certain populations, are those differences limited only to the following four groups: Individuals, Families, DV, and Youth: This is a required field. Yes/No dropdown question.

1. Provide a description that addresses the entire scope of the proposed project.

North County Women’s Center (NCWC) provides short-term transitional housing and supportive services to disabled and homeless women and their families. The program focuses on women who are dually diagnosed with serious mental illness and substance abuse, as well as being survivors of domestic violence.

The program provides 17 units of housing accommodating 23 individual women. Seven units are set aside for families and 7 units are set aside for chronically homeless women. The maximum length of stay in the program is 18 months, although the majority of women transition to permanent housing within 6 months.

NCWC provides an array of services designed to move a woman to independent, permanent housing as quickly as possible. The program is staffed 24 hours per day. Assessment focuses on information relevant to the client’s homelessness and its resolution. The goal is to understand Tenant Screening Issues (barriers that may prevent a landlord from wanting to rent to or retain this client; client’s strengths that are attractive to landlords) and Housing Retention Issues (barriers that impact the ability to remain housed; client’s strengths in maintaining housing).
After completing the assessment, the case manager and client create a Housing Case Plan together. The plans are updated every 90 days with the initial goal of moving women to permanent housing within 6 months. Due to the severity of many women’s disabilities, the program anticipates that a small number of women will need longer than 6 months to become permanently housed. The Housing Case Manager connects clients to a cultivated network of landlords and property management companies. Staff accompanies clients to rental viewings, inspects properties, and links clients to move-in assistance.

All clients work with the Life Skills Coordinator on acquiring specific skills that will enable them to obtain and maintain housing. The individualized Life Skills Plan is created with the direct input of the client, Life Skills Coordinator and Housing Case Manager so that there is consistency throughout the client’s work in the Program. Life Skills Plans include a focus on skills such as management of mental health symptoms; medication management; parenting; and relapse prevention.

Diversion from Permanent Supportive Housing (PSH) is a key objective. With the support and skills training offered by NCWC, women who would otherwise have been waiting for years for expensive PSH and long term services are now able to move into independent living without the need for ongoing wraparound services. The relationships that the women forge with staff and peers give them a new support network to use once they are on their own.

On site collaborations within NCWC include primary medical and mental health care from LifeLong Medical Care and parenting groups from Children’s Hospital Oakland.

4A. Supportive Services for Participants

Instructions:

ALL PROJECTS EXCEPT HMIS

For all supportive services available to participants, indicate who will provide them, and how often they are provided. This field is required and at least one value must be entered. Complete each row of drop down menus for supportive services that will be available to participants, using the funds requested through the application, and funds from other sources. If more than one Provider is relevant for a single service, please select the provider that corresponds to the highest frequency.

- Provider: select one of the following: “Applicant” to indicate that the applicant will provide the service directly; “Subrecipient” to indicate that a subrecipient will provide the service directly; “Partner” to indicate that an organization that is not a subrecipient of project funds but with whom a formal agreement or MOU has been signed will provide the service directly; or, “Non-Partner” to indicate that a specific organization with whom no formal agreement has been established regularly provides the service to clients. If more than one provider offers the service at the same frequency, choose the provider according to the following: Applicant, then Subrecipient, then Partner, and lastly, non-Partner.

- Frequency: Select the most common interval of time for which the service is accessible to participants. If two frequencies are equally common, choose the interval with the highest frequency.

Applicants may leave dropdown menus as “—select—” when services are not applicable.

Please identify whether the project includes the following activities:
- Transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs? Select “Yes” or “No” from the dropdown menu.
- Use of a single application form for four or more mainstream programs? Select “Yes” or “No” from the dropdown menu.
- At least annual follow-ups with participants to ensure mainstream benefits are received and renewed? Select “Yes” or “No” from the dropdown menu.
- Do project participants have access to SSI/SSDI technical assistance provided by the applicant, a subrecipient, or partner agency? Select “Yes” or “No” from the dropdown menu. If “Yes” is selected the following question will become visible:

- Has the staff person providing the technical assistance completed SOAR training in the past 24 months. Select “Yes” or “No” from the dropdown menu.

4B. Housing Type and Location Detail

Instructions:

ALL PROJECTS EXCEPT HMIS

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

PH-PSH PROJECTS ONLY

How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project’s grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as "CH Beds" on a CoC’s Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter “0.”

How many of the total beds entered in "2b. Beds" are not dedicated to the chronically homeless? This is a required field, but it is Auto calculated. The number that is calculated is the difference between 3a and 2b.

How many of the total beds entered in "3b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number of beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the projects grant agreement for FY 2016 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter “0.”

How many of the beds listed in question “3c.” above will be prioritized for use by the chronically homeless? This is a required field. Use the number of turnover beds that are not dedicated to the chronically homeless and that you estimated in field c to estimate and enter the number of those beds that will be prioritized for the chronically homeless as soon as they do turnover.

ALL PROJECTS EXCEPT HMIS

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

### 5A. Project Participants - Households

**Instructions:**

**ALL PROJECTS EXCEPT HMIS**

In each non-shaded field list the number of households or persons served at maximum program capacity. The numbers here are intended to reflect a single point in time at maximum occupancy and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Households: Enter the number of households under at least one of the categories: Households with at least One Adult and One Child, Adult Households without Children, or Households with Only Children.

- Households with at least One Adult and One Child: Enter the total number of households with at least one adult and one child. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

- Adult Households without Children: Enter the total number of adult households without children. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

- Households with Only Children: Enter the total number of households with only children. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

**Characteristics:** Enter the total number of homeless that fall under one of the characteristics listed.

- Persons in Households with at least One Adult and One Child: Enter the number of persons in households with at least one adult and on child for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and at least one person under the age of 18.

- Adult Persons in Households without Children: Enter the number of persons in households without children for each demographic row. To fall under this column and household type, there must be at least one person at or above the age of 18, and no persons under the age of 18.

- Persons in Households with Only Children: Enter the number of persons in households with only children for each demographic row. To fall under this column and household type, there may not be any persons at or above the age of 18, and only persons under the age of 18.

**Totals:** All fields in the “Total Number…” and “Total Persons” rows will automatically calculate when the “Save” button is clicked.

ALL PROJECTS EXCEPT HMIS

*This screen can only be completed once Screen “5A. Project Participants – Households” has been completed and saved.

In each non-shaded field enter the number of persons served at maximum program capacity according to their age group, disability status, and the extent in which persons served fit into one or more of the subpopulation categories. The numbers here are intended to reflect a single point in time at maximum capacity and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Complete each of the three charts on this screen according to household types.

Persons in Households with at least one Adult and One Child chart: Enter only persons in households with at least one adult and one child. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and at least one person under the age of 18.

Persons in Households without Children chart: Enter only persons in adult households without children. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children chart: Enter only persons in households with only children. To be listed on this chart, a person must be part of a household with no persons at or above the age of 18, and only persons under the age of 18.

Total Persons: All fields in the “Total Persons” rows will calculate automatically when the “Save” button is clicked.

Describe the unlisted subpopulations referred to above: This field is visible and mandatory if a number greater than 0 is entered into the column “Persons not represented by listed subpopulations.” Enter text that describes the person(s) identified in this column and explains how they do not fall under the other categories in columns 1 through 9.

Instructions:

ALL PROJECTS EXCEPT HMIS

Enter the percentage of project participants that will be coming from each of the following locations: This is a required field. Enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:

- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens (persons coming from TH are not considered to be chronically homeless)
- Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (only applicable to TH and SSO projects)
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the “Save” button is clicked. A warning message will appear if the total is greater than 100%.

Renewal Project Application FY2016 Page 28 09/12/2016
6A. Funding Request

Instructions:

ALL PROJECT APPLICATIONS

The fields that must be completed on this screen will vary based on the project type, program type, and component type selected earlier in the project application.

Do any of the properties in this project have an active restrictive covenant? This is a required field. Select “Yes” or “No” to indicate whether or not one or more of the project properties are subject to an active restrictive covenant. As a reminder, any project awarded capital cost funds (new construction, acquisition, or rehabilitation) has a 20 year or if initially awarded under the CoC Program (FY 2012 capital costs and beyond) a 15 year use restriction.

Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project? This is a required field. Indicate if this project previously received funds under either the Samaritan Housing or Permanent Housing Bonus initiative. If yes, then the project must continue to meet the requirements of the initiative, as specified in the Homeless Assistance Grants NOFA for the year in which funds were originally awarded, in order to continue to receive renewal funding under the CoC Program Competition.

Are the requested renewal funds reduced from the previous award as a result of reallocation?: This is a required field. Select “Yes” or “No” to indicate whether the renewal project is reduced through the reallocation process. The response will be compared to the CoC’s Reallocation Forms.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select ‘Yes’ or ‘No’ to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult 2 CFR Part 200.56, Part 200.413 and Part 200.414, FY 2016 NOFA and contact your local HUD office. The following questions become visible if “Yes” is selected:
- Please complete the indirect cost rate schedule below: Must complete at least one row.
- Has this rate been approved by your cognizant agency?: Select “Yes” or “No” from the dropdown menu.
- Do you plan to use the 10% de minimis rate? Select “Yes” or “No” from the dropdown menu.

Renewal Grant Term: This field is pre-populated with a one-year grant term and cannot be edited.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budget for which funding is being requested. The choices available will depend on the component and project type selected on Screen “3A Project Detail.” The following eligible costs may be listed: leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities listed on the CoC’s final HUD-approved FY 2016 GIW.

If you do not see the funding budgets that you expected, you may need to return to Screen “3A. Project Detail” to review the “Component Type” and/or “3B. Project Description” to review the type of project selected. See the FY 2016 CoC Program NOFA for additional guidance.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Do any of the properties in this project have an active restrictive covenant? Yes
2. Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project?  No

3. Are the requested renewal funds reduced from the previous award as a result of reallocation?  No

4. Does this project propose to allocate funds according to an indirect cost rate?  No

5. Renewal Grant Term: 1 Year

6. Select the costs for which funding is being requested:

- Leased Units
- Leased Structures
- Supportive Services  X
- Operations  X
- HMIS
6E. Supportive Services Budget

Instructions:

Enter the quantity and total budget request for each supportive services cost. The request entered should be equivalent to the cost of one year of the relevant supportive service.

Eligible Costs: The system populates a list of eligible supportive services for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.53.

Quantity AND Description: This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity in detail (e.g. 1 FTE Case Manager Salary + benefits, or child care for 15 children) for each supportive service activity for which funding is being requested. Please note that simply stating “1FTE” is NOT providing “Quantity AND Detail” and limits HUD’s understanding of what is being requested. Failure to enter adequate ‘Quantity AND Detail’ may result in conditions being placed on an award and a delay of grant funding.

Annual Assistance Requested: This is a required field. Enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to providing supportive services to homeless participants. The request should match the budget amounts identified on the CoC’s HUD-approved FY 2016 GIW.

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Grant Term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

A quantity AND description must be entered for each requested cost.

**6F. Operating Budget**

**Instructions:**

Enter the quantity and total budget request for each operating cost. The request entered should be equivalent to the cost of one year of the relevant operations activity.

Eligible Costs: The system populates a list of eligible operating costs for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.55.

Quantity AND Detail: This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity and detail (e.g., .75 FTE hours and benefits for staff, utility types, and monthly allowance for supplies) for each operating cost for which funding is being requested. Please note that simply stating “1 FTE” is NOT providing “Quantity AND Detail” and restricts understanding of what is being requested. Failure to enter adequate “Quantity AND Detail” may result in conditions being placed on the award and a delay of grant funding.

Annual Assistance Requested: This is a required field. Enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to operating the housing or supportive services facility. The request should match the budget amounts identified on the CoC’s HUD-approved FY 2016 GIW

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Are you requesting a 15 year renewal per the FY2016 CoC Program NOFA? This request is only available for Operating Costs budget line items in projects in which the applicant owns the building and needs to provide maintenance. Only 1 year of funding is allowed according to the relevant section of the FY 2016 CoC Program Competition NOFA.

Grant term: This field is populated with the value “1 Year” and will be read only.

Total Request for Grant Term: This field is automatically calculated based on the total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Sources of Match Detail

Instructions:
Match (cash or in-kind) must be used for eligible program costs only and must be equal to or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs. Please review 24 CFR Part 578, the FY 2015 CoC Program NOFA for more detailed information concerning Match.

Will this commitment be used towards Match? Yes is automatically selected and this is a field that cannot be edited.

Type of Commitment: Select Cash ($) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

Type of source: Select Private or Government to denote the source of the contribution. The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of written commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match/ screen will populate the Screen “6I. Summary Budget.” The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps-guides/coc-program-competition-resources/

1. Will this commitment be used towards Match? Yes
2. Type of Commitment: Cash
3. Type of Source: Private
4. Name the Source of the Commitment: Berkeley Food and Housing Project
   (Be as specific as possible and include the office or grant program as applicable)
5. Date of Written Commitment: 08/16/2016
6. Value of Written Commitment: $101,000
6I. Summary Budget

Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to field “7. Admin (Up to 10%).”

Admin (Up to 10%): Enter the amount of requested administration funds. The request should match the amount identified on the CoC’s HUD-approved FY 2016 GIW. HUD will not fund greater than 10% of the request listed in the field “Sub-Total Eligible Costs Request.” If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is the total amount of funding the project applicant will request in the FY 2016 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen “6H. Sources of Match” to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field “Total Eligible Costs Request” minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen “6H. Sources of Match” to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.

Additional Resources can be found at the HUD Resource Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/
