MEMORANDUM

To: Applicants for FY 2022 CoC Supplemental Unsheltered NOFO Funding

From: CoC NOFO Committee / EveryOne Home

Date: October 5, 2022

Re: Rating and Ranking of FY 2022 CoC Unsheltered NOFO Applications

Thank you for submitting your local application for funding through the FY 2022 HUD Continuum of Care (CoC) Supplemental Unsheltered Notice of Funding Opportunity (NOFO) process. The NOFO Committee has completed its review process and established the preliminary project list to be submitted to HUD. After the appeals period, which ends on October 12, 2022, the NOFO Committee will forward the ranked project list to the CoC Leadership Board for approval per the CoC's approved policies.

Attached with this memo, you will find the list of all projects being included in the application package, indicating project rank, project types, amount included in the CoC's submission to HUD and total amount of funding available to our CoC. Column 1 shows the rank order of projects as they will be submitted to HUD. As a separate attachment, you will find your project(s)'s total score and the sub-score for each section.

A total of nine (9) projects were received through the local competition process and ranked by the NOFO committee. The NOFO committee selected six (6) projects to include on the Project Priority List, based on their scores. As per the approved [Review and Ranking Process](#), one project applicant has been asked to reduce their funding request in order for their project to fit within the maximum funding allocation for our CoC, which is \$15,061,753. The final project on the list falls outside the maximum funding allocation but will still be included in the application submitted to HUD as coverage for the unlikely event that any of the projects on the list do not pass HUD's threshold review.

This email and attachments are being sent to the direct grantee only. We encourage you to forward the Project Priority List and any relevant scoring information to your project partners.

The full CoC Application, including final Project Priority List, will be posted to the EveryOne Home website at least two days prior to the October 20, 2022, HUD deadline for the Supplemental NOFO.

Questions, comments, or requests for appeal of the NOFO Committee decision should be emailed to: info@everyonehome.org. **Appeal requests, including requests for interviews with the Appeal Panel, must be submitted by 5:00 p.m. on Friday October 7th.**

As stated in the Review and Ranking Process document (page 6), appeals may be made if the Applicant believes that one or more of the following has taken place:

- a. An application was not evaluated according to the published local NOFO process.
- b. There was a scoring error that could not be resolved through the process in 3.b.
- c. An application was evaluated in a way that violates federal regulations.
- d. The adjustment of scores has the possibility of changing whether the applicant is included in the package.

The following are NOT grounds for appeal:

- a. Errors or omissions by project Applicants.
- b. Projects that do not meet threshold criteria.
- c. Dissatisfaction with Project's scores.
- d. Need for funds.

The complete appeals process and policy may be found in the [Review and Ranking Process](#) for the Unsheltered NOFO approved by the NOFO Committee.

A debriefing session of the 2022 NOFO process will be held in the coming months at which time the community will be invited to provide comments and feedback about the NOFO process and results. A notification will be sent out closer to that date with all pertinent information.
