Committee Purpose

The purpose of the System Impact Committee is to monitor progress against the community's strategic plan (Home Together), including regular review of system-level and provider performance to support more rapid identification of emerging trends and needed changes to policy and programming. The committee will also be responsible for monitoring actual system performance against assumptions used in the Home Together system modeling to support updates to the plan as needed. You can learn more about the Committee Purpose here.

Meeting Purpose / Overview

This month's meeting will focus on reviewing the Home Together Plan Year 2 Update as well as discussion about how to move the plan forward across the CoC committees.
