Ground Rules

- 1. The first time you speak, state your name, preferred pronouns, and where you live/organization or agency affiliation.** In a public meeting, it is helpful to know who is speaking as well as where they live in the community and/or what organization or agency they represent.
- 2. One person speaks at a time.** Refrain from side conversations. Pay attention to the person speaking. If you think you will forget an idea that comes to mind, write it down.
- 3. This is a public discussion, not a debate.** The purpose is not to win an argument, but to hear many points of view and explore many options and solutions.
- 4. Everyone is encouraged to participate. You may be asked to share what you think, or we may ask for comments from those who haven't spoken. It is always OK to "pass" when you are asked to share a comment**
- 5. No one or two individuals should dominate a discussion.** If you have already voiced your ideas, let others have an opportunity. When you speak, be brief and to the point.
- 6. Listen to and respect other points of view.**
- 7. Do your best to understand the pros and cons of every option,** not just those you prefer. Be as objective and fair-minded as you can be.
- 8. Seek first to understand, not to be understood.** Ask questions to seek clarification when you don't understand the meaning of someone's comments.

- Ahead of today's meeting, Homebase distributed the meeting minutes (meeting minutes are the written record of our monthly meetings) from the February 6th System Impact Committee meeting for committee members.
- The draft minutes have also been posted in the System Impact Committee's [google drive folder](#).
- This time is held for committee members to let us know if they believe the minutes to do not accurately capture the discussion items from the September meeting and need to be amended.
- You may also email Homebase at jose@homebaseccc.org and matthieu@homebasesccc.org copying alameda@homebaseccc.org, if you see anything in the draft minutes that are distributed following today's meeting that should be amended.
- No roll call vote is needed, corrections not already received by Homebase will be noted and minutes changed accordingly.

Approval of Minutes

Public Comment

- Public Comment will be taken at the beginning of each meeting and is limited to 2 minutes per person.
- Homebase has created a public comment tracker where public comments across CoC meetings will be recorded.
- Comments will be directed to the appropriate CoC committee or County staff.
- You may also email Homebase at jose@homebaseccc.org and matthieu@homebaseccc.org, copying alameda@homebaseccc.org, if you would like to submit written comments.

Icebreaker (Josh Jacobs, Co- Chair)

Before we dive into today's discussions on system data, let's do a quick warm-up. Think about a time in your own work or daily life when you had to use data to make a decision—big or small. It could be anything from reviewing program performance, adjusting a budget, or even tracking your personal fitness or spending. What was the data, and how did it help guide your decision?

- The facilitator calls on a few people to share (or asks for volunteers).
- Each person gives a short response (e.g., “I track how many no-shows we get at outreach events so we can adjust the timing and location to reach more people.” or “I used data on rental prices to decide when to move to a new apartment.”).
- The facilitator connects the exercise to the meeting, emphasizing that the same way we use data in daily decisions, we need to be thoughtful about how we interpret and apply data to improve outcomes.
