Committee Purpose

The purpose of the System Impact Committee is to monitor progress against the community's [strategic plan \(Home Together\)](#), including regular review of system-level and provider performance to support more rapid identification of emerging trends and needed changes to policy and programming. The committee will also be responsible for monitoring actual system performance against assumptions used in the Home Together system modeling to support updates to the plan as needed.

Meeting Purpose / Overview

The purpose of the September 3, 2025 System Impact Committee meeting is to hear how the HMIS Lead Team is leveraging federal technical assistance to strengthen the CoC's data infrastructure and governance, advance the committee's 2025 work plan by reviewing updates on recommendations to the Standards, Compliance, and Funding Committee, and engage in a

discussion on streamlining the CoC committee structure to improve clarity, effectiveness, and alignment with the Home Together strategic plan.

Agenda

to agendaize and start working through. Homebase will provide an update.

Discussion: Streamlining CoC Committee Structure

- The Leadership Board has asked Co-Chairs to gather feedback on the current Committee structure. In response, Co-Chairs are opening the discussion to the full group. Several CoC members have expressed frustration about the limited impact of committees and confusion around which committees are responsible for different parts of the Homeless Response System. In light of this, the Leadership Board is considering restructuring and consolidating committees to improve clarity and effectiveness. They are asking each committee to reflect on where they have had impact, where they have not, and to suggest potential opportunities for consolidation.
