**Leadership Board Purpose**

The Leadership Board provides overall leadership for our collective impact initiative and serves as the compass for the homelessness response system in Alameda County. It sets the vision, strategic direction and collective goals for the entire homelessness response system and ensures accountability from all subcommittees and workgroups. The Leadership Board ensures that racial equity is at the center of our work to end homelessness and that people with lived experience are represented in decision-making roles throughout the system. The Leadership Board also holds the formal designation as the Continuum of Care (CoC) Board, as required by HUD. Learn more about the purpose of the Leadership Board [here](#).

**Leadership Board Shared Agreements:**

- Have sensitivity and respect for each other's experiences.
- Agree to show up and engage. When meeting virtually, this includes having the camera on when possible and safe, while recognizing there are many valid reasons not to have cameras on.
- When making decisions, prioritize the best interests of the homelessness response system and people experiencing homelessness above the interests of the individual board member/organization.
- Commit to racial equity and justice in decision-making. Participate in training and create space and time for this practice.
- Function as peers instead of a hierarchy of persons with lived experience and others.

- Be constructive, not obstructive; try to offer solutions along with barriers.
- One voice at a time, no interruptions.
- Give people the chance to speak once before you speak twice.
- Share and review the materials in the packet in advance of meetings.
- Prioritize action items near top of agenda to help with time management in meetings.
- Give people the opportunity to process, ask questions, and understand before voting.
- If we stray from these agreements, we agree to pause, breathe, and reset.
