Committee Purpose

The primary purpose of the Evidence-Based Solutions Committee is to ensure that the Continuum of Care (CoC) centers and integrates evidence-based data and practices to effectively identify, prioritize and provide solutions to serve the people and populations who are most vulnerable to and disproportionately impacted by homelessness across Alameda County.

The Evidence-Based Solutions Committee plays a key role within the CoC's collective impact model. It fosters collaboration and ensures accountability for all CoC committees and workgroups, including the Leadership Board. The Committee provides oversight to implement and integrate measures, goals, metrics, outcomes, policies, and practices aimed at addressing the systemic and structural root causes of housing disparities. This work focuses on reducing disproportionalities in homelessness response systems that affect the communities most at risk.

Committee Shared Agreements:

- Have sensitivity and respect for each other's experiences.
- Agree to show up and engage. When meeting virtually, this includes having the camera on when possible and safe, while recognizing there are many valid reasons not to have cameras on.
- When making decisions, prioritize the best interests of the homelessness response system and people experiencing homelessness above the interests of the individual board member/organization.
- Commit to racial equity and justice in decision-making. Participate in training and create space and time for this practice.
- Function as peers instead of a hierarchy of persons with lived experience and others.
- Be constructive, not obstructive; try to offer solutions along with barriers.
- One voice at a time, no interruptions.
- Give people the chance to speak once before you speak twice.
- Share and review the materials in the packet in advance of meetings.
- Prioritize action items near top of agenda to help with time management in meetings.
- Give people the opportunity to process, ask questions, and understand before voting.
- If we stray from these agreements, we agree to pause, breathe, and reset.

- c) Discussion:
 - i) The Committee discussed different name options for the Framework. They also read through they also read through the first principle and discussed if it was clear or not. One attendee recommended providing real-life examples of how the principles and guiding questions could be applied. It was suggested that exercise could be part of the training materials.
 - ii) The Committee also discussed that though some folks want more time to read through it, it's also been in the works for several months and people feel ready to approve it as a living document that can always be improved and edited.

- b) Morgan provided a brief overview of this item but it was tabled to the next meeting due to time.

8) Presentation: Discussion & Equity Analysis of Oakland's Homelessness Strategic Action Plan (Sasha Hauswald, Chief Homelessness solutions Officer, City of Oakland)

<p>a) Sasha and Darlene shared that the Oakland Homelessness Strategic Action Plan has been in a process of community input and focus groups with service providers, people with lived experience, researchers, funders, and developers. This is a real-life example of a racial equity analysis driving funding and decisions. It's informative of how equity can work and is particularly relevant for this Committee and its attendees.</p> <p>b) Link to presentation slides here.</p> <p>c) Discussion highlights: Participants discussed challenges in homelessness response, including reliance on housing navigators without consistent client contact, ineffective encampment sweeps, and limited funding that prevents building enough housing. They emphasized the need for more Spanish-speaking leadership to serve Spanish-speaking communities. Questions were raised about the ratio of city vs. county investments in Oakland, with the county contributing less. Frustration was expressed about the lack of progress over the past five years despite repeated analyses. Suggestions included integrating workforce development, criminal justice, and foster care connections into the overall plan. Overall attendees were grateful for the framing of the presentation and the analysis presented.</p>
<p>9) Closing</p> <p>a) Requests for future agenda items can be sent to alameda@homebaseccc.org.</p> <p>b) The next Evidence-Based Solutions Committee meeting will be Thursday, October 9th.</p>
